### LEGION AUXILLARY NEWS...

The annual birthday party for the American Legion is being held Monday eve, Mar. 17. A full course dinner is going to be served by the Auxillary at 6:30 p. m. At Sasso's Hall. Please be prompt as a full evening has been planned.

The regular meeting of the Legion and Auxillary will follow the dinner after which there will be entertainment. The committees have planned a big evening with door prize and party favors just for you so you do not want to miss it.

### FINAL IMMUNIZATION

The last immunization dose of whooping cough, diphtheria and tetanus will be given in this area as follows:

Big Bend Graded school Mar. 17 1 p. m.

Mukwonago high school cafeteria. Mar. 17, 9 a. m.

Eagle Graded School, Mar. 17, 1 p. m.

According to Miss Ruby McKenzie, County Nurse, some of the children who should have returned to the second center failed to come. Only those who were receiving "booster" shots were to come once. Those who had not been immunized before need three doses in order to get enough serum to enable them to develop their immunity. Even when the treatments are completed, immunity against whooping cough may not fully develop but partial immunity is valuable in preventing a severe case of whooping cough.

Those who failed to complete their treatments are advised to consult their family doctor.

Quinn, vice-president, Wisconsin Bankers Association, of Northwestern State Bank, Cumberland; O. K. Johnson, president of the WBA, of Whitefish Bay State Bank; Miss Gertrude Jacobs, Marshall & Hsley Bank, Milwaukee; and Robert C. Peck, Chairman, Public Relations Committee, WBA, of the Baraboo National Bank.

### BOWLING

Thanks to some cooperation by Boelter's Insurance in taking three games from the second place Seifert's Tavern, Vista Gardens widened the gap to 4 games by winning two of three from Herrling's Appliances. Herrling's started like a house afire and in the first game could do no wrong. As a result they knocked out Vistas by over 100 pins in the first game and paced by Del Knurr's 202 and aided by Amos' 118 for the so-called opposition. But then as it usually does, good things come to an end and Herrlings began to realize that they had to aim once in awhile. Even Charlie Dewey's strike loaded finish failed to pull them out of it, and Vistas won the second game by 6 pins. Vistas had no trouble taking the last game with Al Stemper's 224, which gave him a 525 and scoring honors. Del Knurr tapered off after his 202 but was still high for Herrlings with 505. Bob Dobyns contributed a nice 501. I had an unusual series of 166, 167 and 168. Might have hit my average with a few more games.

Despite Johnny Rath's 218 first game, Seifert's did no better than come within 6 points of winning a game from Boelter's Insurance. Boelter's just had too much power, with Don Schedler kicking in a 557 series and Lew Meyer a 517, each including a 200 game. Carl Ells threw a 151 game, which considering his average of 95, is more to be commended than 200 for some others.

After splitting the first games, with Country Park, th Granger Coals put on a draft finish to win the rubber game. The scoring generally was low with only Billy Kezman hitting over 500, and he getting 508 by virtue of 213 second game, which incidentally, his team lost by 97 pins. Kenny, Brach had two good games after a shaky start and finished with 491.

The current Giant Killers, C & M Taps, paused briefly while Koefflers won the first game, but then came back to decisively win the last two. John Reining rolled a very creditable 548, but with the exception of Lobdell's 191 was not given too much support. As he kee.

has been doing recently, Lowell Wambold was agin high scorer for C & Ms with 483, but was outscored in the first 2 by Gordie Vick and Bill McGuire.

Phantom Lakers snaked out 2 victories from Stag's Tavern, more because of Stag's failure to hit much in the second game than because of their own prowess. The last game was by a 9 pin margin. Jim Parker, as usual was high with a 515 and was given some assistance by Pop in one game, and by Merle Adams who has been long overdue. Paul Newmann had a 508 to be out in front for Stags, but in the last two games was given only a little support by his teammates.

Guequierre's found that battling the Mukwonago Cleaners with 4 men was rather a hopeless task and dropped all three games. Charlie Kropetz 515 and Ross Bishop 476 put up quite a struggle, but the Cleaners had too much. Bud Brach had 3 good games for 551 and Eddie Brackett came to life with a 212 last game and a 516 series. Ollie Brissette, too, was over 500 with a 507.

Here are the current standings.

	W	L
Vistas	48	27
Seifert's	44	31
Herrlings	43	32
Grangers	39	36
Cleaners	39	36
Boelters	37	38
Koefflers	38	37
Country Park	35	40
Phantom Lake	34	41
C & M Tap	33	42
Guequierres	30	45
Stags	30	45

## HINTS FOR HOMEMAKERS

### PEP UP VEGETABLES WITH SPECIAL SAUCES

by the  
General Electric Consumers Institute

You can give the simplest vegetable a glamorous new lease on life with the addition of a sauce. Try mustard sauce on string beans or cauliflower, almond butter sauce on asparagus or peas, and lemon butter sauce on Brussels sprouts, broccoli or spinach, suggests the General Electric Consumers Institute. Here are the recipes:

#### Mustard Sauce

Tested in the G-E Consumers Institute

1 tablespoon butter or margarine	2 beef bouillon cubes
2 tablespoons all-purpose flour	3 tablespoons prepared mustard
1 cup hot water	1 tablespoon Worcestershire sauce

Melt butter on medium heat and blend in flour. Stir hot water and bouillon cubes into mixture in saucepan and cook until thickened. Switch to low heat. Add prepared mustard and Worcestershire sauce. Heat to serving temperature and serve over vegetables, meat or fish.

#### Almond Butter Sauce

Tested in the G-E Consumers Institute

2 tablespoons butter or margarine	1 teaspoon lemon juice, if desired
1 tablespoon slivered salted almonds	

Melt butter, add almonds and lemon juice, blend. Serve immediately on vegetables.

#### Lemon Butter Sauce

Tested in the G-E Consumers Institute

1/4 cup butter or margarine	Dash of salt
1 1/2 tablespoons lemon juice	Dash of Cayenne pepper

Melt butter. Add lemon juice and seasonings, blend. Serve immediately on vegetables. Makes about 1/2 cup.

## Even Lunch Goes Modern At Mukwonago's New School

Lunch time is as modern as the new building they go to school in for Mukwonago grade school pupils, who now eat a hot lunch. No longer do the youngsters need to plow through the drifts to get a well-balanced lunch. Under the supervision of Clifford Sullivan, grade school principal, the pupils receive a well-balanced lunch at minimum cost of 20 cents a meal.

Tickets are sold on Friday for the next week. Five tickets cost \$1. Any tickets not used because of absence by a pupil are good the following week so they pay only for the meals they eat. The state pays the district six cents for each meal served. Balanced meals are planned for the grade school and high school by Mrs. Johnson a week in advance. Food is bought wholesale. The federal government sells some surplus commodities to the lunch program. At the present time the schools buy only butter from the government for which the school pays the storage and transportation — about 20c a pound.

The school district bought the cupboards, refrigerator, bottle gas stove and vent fan and utensils for the kitchen. There are three cooks to prepare the meals for

AT THE SERVING COUNTER

173 children and eight teachers. Six 8th grade girls assist in the dining room to clear the dishes. Kindergarten pupils attend school only half a day so do not eat lunch at the school. Small tables and chairs are provided for the first graders. Only a few pupils who live in the neighborhood go home for lunch. Band members practice at the high school after

lunch, so most of them who live in the area eat at home.

The day The Chief visited the school for lunch the meal consisted of tuna fish, noodles and pea casserole, egg salad sandwich, milk and cake — with seconds on the main dish for those who wanted it.

Classes are released on a staggered shift so that there is a minimum of congestion at the cafeteria style serving window.

A teacher is on duty each day to preserve order. The classes are dismissed on a changing time each week so that none is favored by eating early all the time.

Because the majority of the pupils eat at the school lunch hour has been shortened 15 minutes and the classes now are dismissed 15 minutes early each day.

Much of the credit for the success of this program goes to Mr. Sullivan, who has the added duties of bookkeeping and supervising the program, and must work through the noon hour to keep the lines moving. Extra hours of work are necessary to fill out forms and records but Mr. Sullivan says it is worth it when the program proves to be a success as this one has been.

## Sportsmanlike DRIVING

A POOR COMBINATION

### DON'T DRINK AND DRIVE

Why don't drinking and driving mix? The answers are no longer guess-work, says the AAA driver training book, "Sportsmanlike Driving." The facts are now known.

Alcohol reduces reaction time. A drinking driver is slow to sense danger. He's slow to react to it. He feels relaxed and confident. He loses normal fear of consequences. He gaily throws caution to the winds.

Oh, maybe he isn't "drunk." Maybe he "had only a drink or two" — like the late George Brown!

"George insisted the left side

of the white line was ours," said his wife—in the hospital after the accident. "He pulled right in front of that big truck."

Attention wanders; eye muscles misbehave; judgment goes bad. Drinking drivers misjudge their own and other cars. They are hazy about critical things—speed, distance, road width, lanes.

There's mighty good sense in the old advice, "When you drive, don't drink; when you drink, don't drive." It's taking a smart detour around hospitals and cemeteries!

### 1952 HEART FUND DRIVE

A total of \$51.79 was collected by the Sargent, Splechter, Schmidt No. 535 American Legion Auxiliary during the annual February Heart Fund Drive, according to Mrs. James M. Gannon, treasurer.

The campaign locally was conducted by means of plastic heart shaped coin containers placed in Eagleville and Eagle retail stores and taverns and 15 pledge card solicitation.

A total of 12 red plastic hearts were in use during the month long drive.

Funds derived from the campaign will be used in a program of research, education and community service to fight heart disease by the Wisconsin Heart Assn.

An estimates of 176,000,000 work days, billions of dollars in productivity are lost each year because of heart and blood disorders.

The state Heart campaign goal is \$150,000; the national goal is \$8,000,000.

The March of Dimes collection in the town and village of Eagle netted \$385.46 according to M. Schmitt, campaign director an increase of \$75 over 1951.
