The school teachers and children stayed in the school house all night. Some farmers lost all the cattle they had. Railroads and wire lines were interrupted."

Now that the spring election excitement is over and all have had an opportunity to express themselves by ballot, let us all get down to business and forget that those who were defeated also ran.

The Easter ball was the greatest ever held by St. Theresa Court No. 998. The attendance was larger than usual, the music fine, the supper grand and all who attended were pleased.

A pretty wedding took place at the home of Mr. and Mrs. Frank Faestel, at 3 o'clock Thursday afternoon, March 18, when their daughter Ruth was married to Fred Annis. Mrs. Clemans played the wedding march as the bridal couple, attended by Mary Rockteacher, cousin of the bride, and Arthur Annis, brother of the groom, marched under a large, white arch, where the ceremony was performed by Rev. B. G. Clemans of Troy Center, after which a fine wedding supper was served. The couple left Eagle on the 6 o'clock train, for a short wedding trip to Milwaukee.

The bride wore a neat suit of navy blue serge and carried a bouquet of white carnations, and the bridesmaid also wore a blue serge suit and carried pink carnations.

The bride has lived around here most of her life and is highly esteemed by every one who knows her.

The groom also has spent several years in this neighborhood and is an industrious young man, highly respected by all who know him. He served several months in Uncle Sam's army, seven months of which were spent in France with the A. E. F.

Alma Rubens
IN
"A Man's Country"
Produced by Winsome Star Corporation

Released by Exhibitors' Mutual Corporation

"A Man's Country," starring Alma Rubens, is a rip-roaring drama of the West of the days of '49, when men played hard and fought harder—lived fast and died faster.

It was made under the direction of Henry Kolker, one of the most notable actors and directors of the legitimate stage, for Robertson-Cole and is distributed by Exhibitors Mutual. It conforms faithfully to that picturesque period of the West which has furnished material for every noted writer from Bret Harte to Alfred Henry Lewis.

The character of Kate Carewe, the dance-hall wanton of Huxley's Gulch, is one which is admirably suited to the dramatic temperament and exotic beauty of Miss Rubens, and she throws herself into the character with the reckless abandon the role demands.

Kate was wise in the ways of men. Young, beautiful, with an unbridled temper, sophisticated and somewhat alluring, she was without a doubt a real character.

The dance scenes played upon the weaknesses of man, appealed to his brutish instincts, but had only pity and love for the helpless children who were deserted by their more "virtuous" mothers when the plague swept through the valley.

Kate was no saint, but her charity and innate goodness redeemed her when she found herself alone with the man—the preacher—whom she had at first despised for his preachy morality, but who had proved himself a real he-man when he fought to the death to protect her. Her slumbering conscience was awakened and she learned the language of real love.

Lake Has Given Up Its Dead

BODY OF CAPTAIN HILL FOUND FLOATING IN LAKE WINNEBAGO

Clad in the clothes he wore when he started out on a hunting expedition on the fourth of last November, Captain J. Milton Hill was laid to rest in Rieni cemetery at Fond du Lac last Thursday afternoon.

The body was found floating in Lake Winnebago near the shore by Michael Emery and Harrison Shaver. It was floating face downward, with the shoulders above water, about fifty feet from the shore line.

Realizing that the body was probably that of Captain Hill, Shaver notified the authorities while Emery remained on the shore to keep watch. When the coroner arrived the body was dragged ashore and taken to local undertaking rooms. Funeral services were private and were held at the residence of Captain Hill's parents in Fond du Lac, Rev. Henry Clay Miller officiating. Among those who attended from this city and Milwaukee were Mrs. J. Milton Hill and her daughter, Mrs. T. E. Ryan, Josephine and Edward Ryan, Mrs. McDonald, Dr. and Mrs. W. B. Campbell, Mr. and Mrs. Ed. Bannon.

The body was found in an excellent state of preservation. It was in an area which had been dragged over many times in the long search, which was continued for weeks. It is believed to have rested on the bottom of the lake for a period and to have been brought to the surface by the recent high winds.

Capt. Hill was duck hunting with W. E. Tack on November 4, in a bad storm. He was out in a boat when it was overturned by the wind. When found he still wore his hunting outfit, with hip rubber boots. Only his trench coat was missing, probably cast aside before the accident.

Capt. Hill was son of Mr. and Mrs. J. M. Hill and as a boy resided in this city. He married Miss Kathryn Ryan and they had one daughter. Capt. Hill served with distinction in the army in France. Mrs. Hill is now living with her mother, Mrs. Ryan, in Milwaukee.

Gov. Frank B. Willis Will Tour Wisconsin

Ex-Governor Frank B. Willis of Ohio will tour Wisconsin from March 16 to April 11, under the auspices of the Citizens Council for Constitution. In Waukesha he will be tendered a complimentary banquet at the Methodist church tomorrow (Friday) evening, and will address the guests. al-Order.

He couples the experience of a lifetime with the enthusiasm of youth. As governor of Ohio, he was called upon to restore order when radicals had incited a revolutionary strike and the torch was applied to a great manufacturing city. From that day he has been a close student of radicalism in America. He knows the subject as few men do, and backs his words with documentary evidence.

Radicalism has been growing in Wisconsin. The radicals themselves confidently predict that the next election will see their leader in the gubernatorial chair.

Governor Willis spices all of his addresses with the homely illustrations of a Lincoln, and an abundance of Lincolnian humor. He is one of the most popular men on the American platform today.

MISS ROSKE TO WED

The public schools of Waukesha mourn the departure of Miss Eva Roske. She is to leave this week-end, bidding farewell to pedagogy and entering the realm of matrimony. No one that knows her but will miss her, especially the pupils and teachers in the Union school, where she has been principal this year. Miss Roske's emphatic optimism and winning personality have made her extremely popular in all of the three principalships which she has held since coming to Waukesha, that is, in the Blair, Park and Union schools. Miss Roske's education was attained at Oshkosh Normal and supplemented by extensive study at Columbia university, New York.

The gentleman who has won Miss Roske is Captain Oscar L. Gruhm of the Regular army, now on duty with the 6th Field Artillery at Ft. Sill, Oklahoma. Captain Gruhm is a graduate of Northwestern university and St. John's military academy. He was an instructor at St. John's and is consequently well and favorably known at St. John's and at Waukesha.

CAME NEAR DEATH

William Fieldhack met with a most painful accident and came near burning to death Wednesday noon at his farm just north of Hartland. His home is on a farm near Powaukee, but he went to his farm near Hartland to bale hay. At noon he proceeded to his shack to prepare dinner and poured oil or gasoline on the fuel to facilitate matters. An explosion followed and his clothing was ignited. He was badly burned about his body and limbs, and but for the prompt assistance rendered by the other men he would have been burned to death. The shack was completely destroyed, also a strawstack nearby.

Mr. Fieldhack was brought to the municipal hospital at Waukesha. It is expected that he will recover.

Many Cattle Shipped From Wales

The village of Wales in the western part of this county is becoming a point for the shipment of fine cattle second only to the county-seat. Last week forty-eight head of milch cows were shipped to the state penitentiary at Atlanta, Georgia. Charles Rohloff and Gus Parsons went with them as care-takers.

Another large shipment including ninety heifers, sixty Holsteins and thirty Guernseys, was consigned to Hanold and Holcomb at Brighton, Ill. Mr. Rohloff together with members of that firm purchased them from farmers in that part of the county. The 138 head in the two shipments paid the farmers who owned them about \$21,000.

COMMISSION EXPLAINS CHANGE IN ROAD PLANS

As there seems to be a misunderstanding in regard to the concrete road work to be done in the county, we believe that it would be well to explain the situation.

The counties of the state had planned on building a total of about 400 miles of concrete roads this season. This would require, in round numbers, about one and a half million barrels of cement. During the early part of the year, five different counties called for bids on the amount which would be required. Not one bid was received by any of the counties.

This situation was made known to Mr. Hirst, State Highway engineer, and he went to Chicago to make arrangements with one of the leading cement companies, whereby they agreed to permit a total of 750,000 barrels for road work in Wisconsin. This will build about 200 miles of road, one half of what had been planned.

The State Highway commission then made out a list of roads which they considered the most important and the most necessary to build, and apportioned out the 750,000 barrels of cement to these roads.

Under this arrangement, Waukesha is to receive cement for the following roads:

Watertown Plank road from end of present concrete, west about three miles. (19).

Arcadian Ave., from Milwaukee County line to Waukesha, about 8 miles. (41)

Genesee road from Waukesha to Genesee Village, about 7 miles. (59)

On March 23, bids were received for the three miles on the Watertown Plank road. The lowest bid received, was \$93,791 for whole job, including grading and culverts, made by Froemming Bros. of Milwaukee.

This amounts to about \$31,200 per mile which is a very good price and we have no doubt will be accepted.

At the present time, surveys are being made on both of the other roads and it is expected that plans will be ready to let contracts about the first of May.

WAUKESHA COUNTY HIGHWAY COMMISSION.

A Final Warning to Potato Handlers

The Division of Markets is issuing a final warning to all potato handlers in the state that the potato grades and regulations issued on October 7th, 1919, became effective April 7th, and that the division intends to enforce the grades as announced.

Dealers and shippers are being advised that the law requires tagging of all sacks, the tags to show the grade of potatoes being sold or shipped and that all stock so tagged must meet the grade requirements.

Consumers are advised to demand potatoes of the "United States No. 1" grade if they want a good commercial grade of potatoes. "U. S. No. 2" potatoes generally run small and sell for a lower price. "Ungraded" potatoes are field potatoes of all sizes with fancy, goods and cull grades all mixed together. A special fancy grade is provided for what is known as "Badger Brand" potatoes. A majority of the potatoes sold, however, are U. S. No. 1's and when buying potatoes consumers should see that they are not sold "No. 2" or "Ungraded" potatoes and charged a No. 1 price.

LAWRENCE KOEHLER IS FOUND DEAD

Lawrence Koehler was found dead in his home in the town of Ottawa Monday evening, by neighbors. It is not known how long a time previously death had ensued but he had been seen the Sunday evening before. Dr. W. R. Notbohm was summoned but could render no assistance. The coroner was notified and on examination decided that no inquest was necessary.

The deceased was born in Ottawa about 67 years ago and always lived here. For a great many years he lived alone. He was a carpenter by trade and his work on many buildings in the past forty years, in this community, is his monument.

He is survived by three brothers: Henry, of Dousman; Godfrey, of Mapleton and C. N. Koehler of Woodruff. He was a member of St. Bruno's church, where funeral services were held on Thursday afternoon, Rev. O. Haertel officiating. Burial was in the parish cemetery.—Dousman Index.

Mr. Bryan is said to be putting on his war paint and getting ready to fight against Wilson control at San Francisco. Instead of wasting any time putting on war paint, Mr. Bryan should cultivate postmasters and federal officials.—Poughkeepsie (N. Y.) Eagle-News.

Rockefeller Couldn't Afford to Buy Wisconsin Gas & Electric 7 Per Cents, But for the Small Investor They Are a Mighty Good Investment

IF JOHN D. ROCKEFELLER BOUGHT \$10,000 OF Wisconsin Gas & Electric Company's 7 per cent preferred stock, or \$10,000 of our 5-year, 7 per cent gold notes, his gross income from the \$10,000 would be \$700 a year. But after he paid a 76 per cent U. S. income tax (Otto Kahn, the New York banker, says John D. pays that rate), his NET income from the \$10,000 would be only \$168 a year.

THIS EXPLAINS WHY RICH PEOPLE GENERALLY have quit buying taxable securities. It explains why the big business corporations have lately been obliged either to pay extra high rates for new capital when they got it from rich investors, or have had to go to the small investors to get new capital at a fair rate.

MOST OF US WHO PAY U. S. INCOME TAXES pay only 4 per cent on most of our income and perhaps 8 per cent on a small part of it. One of us, buying \$10,000 of Wisconsin Gas & Electric 7 per cents, would draw the \$700 a year gross income, pay Uncle Sam 4 per of that, or \$28, and have \$672 left. AFTER PAYING BOTH U. S. AND STATE INCOME TAXES WE WOULD HAVE OVER \$600 left as NET INCOME, or more than 6 per cent.

THE STATE, AUTHORIZING WISCONSIN GAS & Electric Company to issue \$500,000 of 7 per cent gold notes, and \$500,000 of 7 per cent preferred stock, to finance plant growth in the public interest, required the Company to sell both issues at par. The State believed 7 per cent to be a liberal rate for this business to pay, and it evidently believed Wisconsin people would be glad to buy these issues at that rate.

WE EXPECT TO SELL THE \$1,000,000 WORTH OF notes and stock to not less than 1,500 small investors—maybe as many as 2,000.

YOU CAN BUY THE NOTES IN \$50, \$100, \$500 and \$1,000 sizes. Their 7 per cent interest is payable March 1 and September 1. They come due March 1, 1925. On any interest date to September 1, 1924, you can exchange them at par, if you so desire, for shares of the Company's 7 per cent preferred stock.

THE PREFERRED STOCK IS SOLD IN \$100 shares. Its 7 per cent dividends are payable quarterly—April 15, July 15, October 15 and January 15—to stockholders of record March 1, June 1, September 1 and December 1.

PRICE, EITHER ISSUE, PAR FOR CASH. BANK draft, certified check or postoffice money order should be sent with mail orders.

IF IT IS NOT CONVENIENT FOR YOU TO CALL, please telephone or write to our nearest sales office, and one of our men will visit you at your convenience and take your order, if, after investigating, you wish to buy a part of either issue.

Two Good Books for Women

We have them both—we can supply you with both on your request—and each one of them will help the other. The first is a bank book—every woman should have her own, for the butter-and-egg dollars grow quickly into big sums when they're put away carefully. And the second is THE COUNTRY GENTLEMAN—the weekly book of farming. It's a farm paper for the women and the men, the girls and the boys—full of how-to-make-money ideas for the whole family. This bank wants the women as well as the men to read

THE COUNTRY GENTLEMAN

From all parts of the United States comes the testimony of more than 600,000 farmers who regularly read THE COUNTRY GENTLEMAN, that this Great National Farm Weekly is helping them constantly to make more money. It will help you—for every farmer hereabouts. It will help both farmers and their wives to build bigger bank accounts each year. We are making it easy for our neighbors to subscribe for THE COUNTRY GENTLEMAN because we believe in it. We want you to know it as we do. If you have an account with us, we'll charge it only \$1.00, on your instruction, for 52 big weekly issues. And if not, we'd like you to get both those books.

Good Citizenship for Women

WOMEN VOTERS IN FLORIDA

The immediate political future of the women of Florida, providing the federal amendment is ratified by thirty-six states within a few days or weeks, is the subject of much controversy in the newspapers of that state, and among the political powers that be.

The county judge of Hillsborough county, whose office is at Tampa, the county seat, assured me that while the federal amendment undoubtedly gives women of that state the right to vote for president, vice-president and other national officers, it does not give them the right to vote for state and local officers. Only the Florida legislature, he declared, could do this.

Far be it from me to argue with a lawyer and a judge concerning Florida law, of which I know nothing. But it occurs to me that the position of the county judge concerning the federal amendment abolishing sex as a qualification for voters hardly squares with the situation in Florida and other southern states in relation to the federal amendment abolishing race, color and previous condition of servitude as a qualification for voters. I have never heard either that the fifteenth amendment gave colored men only partial franchise, or that the southern legislatures enacted legislation to complete that franchise, or that the whole or main trouble with the colored voter in the mind of the white voter is his possible influence at the general elections. I had supposed the "grandfather" law and all the other legislation which has been enacted to keep the colored brother from voting was due especially to fear of his domination locally. Surely the eighteenth amendment is exactly like the fifteenth in the particulars under consideration.

Two United States senators from that state, N. P. Bryan, a former senator, and D. U. Fletcher, who is still in office, have given out interviews which contain nothing in support of the contention of the county judge.

Senator Bryan declares that "the federal constitution is the supreme law of the land and all state constitutions and statutes yield to the supreme law. There is no necessity for any action to be taken by the legislature of Florida or any other state to put into effect the federal amendment."

He thinks it desirable for the state committee of the Democratic party to make provision for woman members, but says they can vote anyhow, both at the primary and the general election.

Senator Fletcher, who has steadily opposed the passage of the federal amendment in the United States senate, is of the same opinion.

Senator Fletcher deprecates the passage of the eighteenth amendment and thinks it is likely to make possible. Still he hopes...

Official declaration comes from George P. Raney, chairman of the State Democratic Executive committee, that the committee has already taken action which will make it possible for Democratic women to vote on the same basis as Democratic men. Here is the resolution adopted by the committee:

"Be it further resolved by the State Democratic Executive Committee of Florida, that in the primary election to be held on the first Tuesday after the first Monday in June, 1920, those legal electors, and only those legal electors, shall be declared and taken as proper members of the Democratic party of Florida, and entitled to vote in the aforesaid primary election as members of said Democratic party, who, in addition to the qualifications provided by law, possess the following qualifications, to-wit:

- (1) That they are white.
- (2) That they are members of and believe in the principles of the Democratic party.
- (3) That they will vote for all the nominees of said primary election in the general election to be held on the first Tuesday after the first Monday in November, 1920."

Florida voters are paying the poll-tax and registering at this time and the registration period lasts several days longer. Even though the federal amendment does not go into effect in time to allow women to pay poll-tax and register, there is still chance for them to vote at the primary in June if the amendment becomes law before that time. The state has a law which provides that the youth coming of age between the close of the registration period and the election may swear in his vote without the payment of the poll-tax or registration. Some people believe that the votes of women could be received under that law. Ordinarily of course the woman voter must pay a poll-tax as the man voter does.

The ratification of the federal amendment finds Florida women less prepared to exercise their new rights as citizens than the women of some other states, because outside of a little group of small municipalities where they have lately been given right to participate in local elections, they have heretofore exercised no form of suffrage, and have held no public office, even as members of school boards or other civic bodies. Further, southern sentiment lags behind northern sentiment in this as in other progressive movements. States rights sentiment opposes the federal amendment, and popular sentiment opposes the entrance of women into public affairs.

"I wonder if the crackers will let the women vote if the federal amendment gives them the right to vote" said a northerner, recently come to Florida to reside. "Seems to me they are likely to prevent women, voting just as they prevent niggers, voting without any regard to the law." And

then he went on to tell me that the "cracker," as the old-time Florida resident is invariably called, has a firmly founded conviction that he is the head of the house, not only as far as the women folk are concerned but also including his sons even though they be middle-aged. "On one occasion I got lost up state," said my friend "and seeing a man across the fence asked if he could go with me a short distance to show me the way. He said he would have to see his father. He looked to be 45 years old."

Of course Florida women are going to vote, whether they get permission from the crackers or not. The little woman's club at Lake Hamilton is preparing a program on citizenship for its work next year, and all through the state are small groups of women who will serve as leaders. I sincerely hope their entrance into politics will promote the growth of the Republican party. The South needs many things but most of all it seems to me, the South needs two political parties. T. W. TO DIVORCE DR. NEWELL

Burlington Standard Democrat:—In the circuit court in Racine last Thursday Marie A. Newell filed suit for divorce from Dr. F. F. Newell. In the complaint Mrs. Newell alleges that the defendant has threatened her with bodily harm, that he is addicted to the use of liquor, that he has wrongfully accused her of unfaithfulness and that he is of a sullen and morose disposition. She also names a Burlington woman in the complaint in connection with a charge of infidel-

ity against her husband.

In a hearing before Court Commissioner Benson in Racine Saturday Dr. Newell was ordered to pay his wife \$125 a month temporary alimony, \$200 attorney fees, \$50 court costs and Mrs. Newell was given the right to occupy the homestead in this city pending the outcome of the action.

Attorneys for Dr. Newell stated an appeal would be taken as they considered the amounts awarded to be excessive.

Dr. Newell has been three times married.

I Chose the Tractor Built by the Farmers

HART-PARR COMPANY KNOWS THAT A TRACTOR THAT WORKS ALL RIGHT ON THE FACTORY FLOOR MAY ACT DIFFERENTLY WHEN IT IS HITCHED TO THREE PLOWS, CUTTING THEIR WAY THROUGH MOTHER EARTH. THEY KNOW THAT CONDITIONS VARY IN DIFFERENT SECTIONS, AND THEY HAVE BUILT THE HART-PARR 30 TO MEET THE ACTUAL CONDITIONS. THEY HAVE DONE GETTING THE FARMERS' VIEWPOINTS.

The Hart-Parr chief engineer and assistants travel throughout the farming communities of all America, making notes, incorporating new ideas, asking advice, watching the Hart-Parr 30 perform in the field under all conditions. RESULT: the Hart-Parr 30 IS A TRACTOR BUILT BY THE FARMERS, through the constructive brain of one of the nation's foremost tractor engineers.

The most important thing that the farmers want is POWER and the Engineers work into the construction of the Hart-Parr 30 every practical engineering device to accomplish this end.

Accessibility to various parts of the Hart-Parr 30 is another feature much appreciated by tractor users; the convenience of the Belt Pulley—the fact that the Hart-Parr 30 burns kerosene as successfully as the other tractors burn gasoline—abundant power for three plows—the solid cast steel frame—are all details incorporated because the farmer insisted upon them—

When you hear a Hart-Parr owner say, "I chose a tractor built by farmers"—you know it's true.

The Hart-Parr 30 is a tractor built for the farmer, by the farmer.

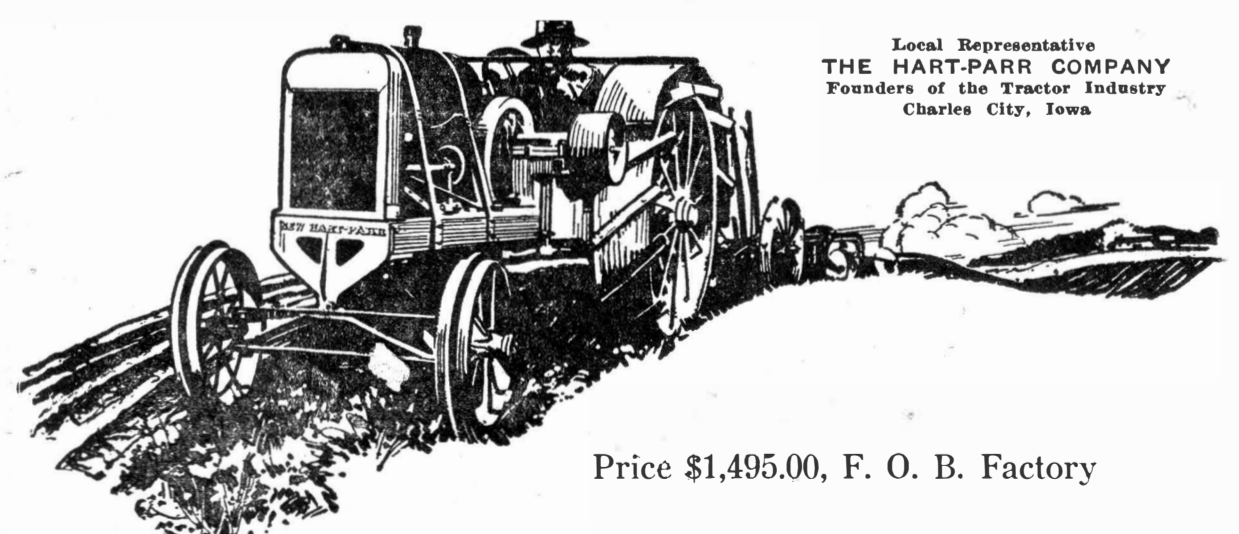

Many of the old Hart-Parrs that plowed the virgin prairies of the Northwest are still in use today, after 10 to 16 years of service.

LA FOLLETTE DEL- EGATES IN LEAD

THIS COUNTY RETURNS TO SEN- ATOR'S SUPPORT

COUNTY BOARD LITTLE CHANGE

Country Districts Especially Show Return to La Follette Banner

Nearly complete returns from the various precincts of Waukesha county—28 of the 32—indicate that the La Follette delegates-at-large to the national Republican convention have a majority.

But of the district delegates, Messrs. Henry Lockney and John M. Whitehead have received a much larger vote and have probably carried the county, although the margin will be less than hoped.

The result of the vote shows a decided swing back to the LaFollette progressive element on the part of Waukesha county Republicans and makes it certain that it will be necessary in future to take it into account in general elections.

James Thompson, of LaCrosse, who it is well understood will oppose Irvine L. Lenroot in the November election for U. S. senator, leads his ticket largely. On the other hand Governor Philipp is in the lead among the uninstructed delegates.

The totals on Republican delegates at large, with four precincts missing, are: Uninstructed—Philipp, 1,353; West, 1,129; Bosshard, 1080; Hatton, 1,029 LaFollette—Thompson, 1,520; Blaine, 1,383; Gross, 1,126; Krumrey, 995.

Others—Schultz, 670; Strange, 558. For District Delegates—Henry Lockney (uninstructed) 1,699; Whitehead (uninstructed) 1,287; Baker (LaFollette) 1,035; Gilman (LaFollette) 909.

The following precincts gave decided majorities to the La Follette slate: Brookfield, Genesee, Lisbon, Menomonee, Menomonee Falls, Merton, Mukwonago Town, New Berlin, Oconomowoc, Pewaukee, Waukesha 2nd ward.

The Referendum The county dealt mercilessly with the two referendum questions, although there was evident a greater disposition to increase number of circuit judges than to give the lawmakers a "raise."

The only townships in the county which supported the amendments were Delafield, Menomonee Falls and Merton.

NATIONAL GUARD UNIT SURE—LIEUT. BUELL

Lieut. Bruce Buell, in charge of recruiting a Waukesha National Guard company is very optimistic that not only the necessary number of members, 65, which will ensure state recognition, but the larger number, 90, which will ensure national recognition, will be secured for the Waukesha company.

A lively advertising campaign through the newspapers, handbills, posters, etc., is producing results. Four men came to the office and enlisted, as a direct result of the advertising Tuesday afternoon.

Besides the advertising, speakers are appearing every evening at the Auditorium theatre and will appear at the high school play and at other affairs in town during the week. These speakers include Judge D. W. Agnew, Henry Lockney, E. R. Estberg, Dr. F. J. Woodhead, and Holmes Daubner. A huge banner swings at the five points bearing this inscription: "Watch Waukesha Degree of Patriotism Grow." There is also at that point a huge thermometer sixteen feet long and four feet broad the red center of which rises as the number of enlistments increases.

The drive lasts during the week.
