

IN AND ABOUT TOWN

Boys In Service

Dear Editor:

I suppose by now, you think I have forgotten you and your subscribers and friends completely. No, that is not the case by far. Since the 12th Oct. when we were relieved from duty at the hospital, we have been on a rugged training schedule getting us in shape for the little trip which we have so long looked forward to.

Our rainy, foggy season is setting in now and when we go out in the early morning for half an hour or so of Calisthenics, one can't see from one end of the Co. to the other for fog. We then have a lecture up in the large attic or a couple of hours of close order drill. Usually a road march of 8 to 10 miles after dinner. One afternoon we pitched 40 foot tents in the pouring down rain. Perhaps the next afternoon we would be having mass athletics, playing football soft-ball and soccer, so that would even it up a little. Last Tuesday we left at 8: A. M. with helmet, pistol-belt and field pack on a 20-mile march thru wooded country, up and down hill, followed by two ambulances. Was back at 3:30 and only three "soil-bricks" fell out for a ride. The well-licked, jovial Chaplain took the lead Friday afternoon for a 10-mile hike. Didn't feel near so fatigued as when coming in from mass athletics.

As I look out the window I see it is cloudy and misty. Last Sunday the sun was shining so bright and the air so clear, that snow-clad Mt. Rainer, so picturesque and beautiful appeared to be only a couple of miles distant, but is actually 65 miles south east of here. In a way it reminded me of Niagara Falls. Just to stand and admire its greatness and beauty for hours.

Had orders yesterday to send home anything that was not G. I. and the boys who had their sweethearts and families out here, to ship them back or make the necessary arrangements by Wednesday. So everybody is quite thrilled now, hoping it won't be long before we see the blue above and the blue below.

Due to such circumstances, I am at this early date wishing you and all friends and subscribers a very Merry Christmas and a New Year of Happiness 1944. I also want to thank you for the Quill which I enjoy reading and receive regular each week.

Yours for a 44 wind-up,
Richard G. Gibson.

Word received from Floyd Watkins, who formerly lived at Eagle tells us he is in Australia. His address is: Corp. Floyd Watkins, 16050171, 404th G. N. Plat. APO 921, care of Postmaster, San Francisco, Cal.

No doubt some of his friends here would like to write to him. He will be remembered here as Skin Watkins.

Priv. Ray Raduechel is somewhere in England. He writes his mother that he is well.

A letter to the Quill from Headquarters European Theater of Operations, U. S. Army says Priv. John F. Chernevsek of Route 2, Eagle is with the Field Artillery which uses observation posts on wings. Light planes originally designed for pleasure flying serve as winged observation posts for a United States Field Artillery Unit now training in the British Isles. The airplanes Piper Cubs are piloted by highly trained artillery observers and are used to spot targets for 105 and 155 millimeter howitzers. Besides getting used to working with airborne observers, this artillery unit is getting toughening up training preparatory to invasion day. This training includes long route marches, range firing with the guns and firing with small arms which are carried for security purposes. Priv Chernevsek is the son of Martin Chernevsek of Route 2, Eagle.

Mr. and Mrs. Andrew Schroeder have received word that their son, Captain Schroeder has arrived safely in Florida from over seas and will be home shortly. Captain Schroeder has seen active service in Italy, Germany and Africa, making his fifty flights without being wounded. We welcome you home Captain and feel you deserve the honor which has come to you.

Mrs. Raduechel has received a letter from the War department informing her that her son Priv. Robert Raduechel, who is in the hospital, is getting along nicely. Priv. Raduechel was shot in the leg above the knee while in action in Italy and has been in the hospital for some time. We will print his address for letters from home which will help to cheer him during his illness. Priv. Robert Raduechel, 12th General Hospital APO 362 care of Postmaster, New York City, N. Y.

Mr. and Mrs. Charles Ross has sold their place in Eagle to Mr. and Mrs. Frank Perry. They have moved to Wales.

While there they celebrated their 49th wedding anniversary with a dinner given by their daughter Mrs. Hand and in the evening they were invited to the home of Mr. and Mrs. Irving Bell at Wauwatosa where dinner was served and a large wedding cake was presented to the bride and groom. Heartly congratulations Mr. and Mrs. Stocks. Here is waiting for the 50th anniversary and many more after that.

Mrs. Francis Goodby who has been confined to her home these many months following an auto accident spent last Thursday at the Lins home. She was accompanied there by Mrs. Fred Mell.

A Christmas card from Sgt. Laurel S. Stubbs was received by ye Editor from somewhere over across. Was much appreciated. Hope we may have a letter for publication soon.

The correct address of Pvt. Harry J. Arndt 36252628, aBttery B, 251st C. A. APO care of Postmaster, San Francisco, Cal.

The following W. S. C. S. officers have been elected for the coming year President—Mrs. Edgar Yarrington Vice-President—Mrs. Jack Ebbott. Secretary—Mrs. Frank Bigelow Treasurer—Mrs. Ollie Meech Cor. Secretary—Mrs. Marie Foerster Sunshine—Mrs. Victor Meech, Mrs. Shirley Pethick. Pianist—Miss Mary Ebbott

V-MAIL

Mrs. Theresa Jones

Mrs. Theresa Jones widow of the late Michael Jones died at her home in Milwaukee Tuesday following a short illness. Mrs. Jones was the daughter of the late Anthony and Theresa Agathen who lived on the Agathen farm which is now owned by her brother John C. Agathen. Here she grew to womanhood and attended school, where she has many friends who will be grieved to hear of her passing. The funeral services were held at St. Peter and Pauls Catholic Church, Milwaukee, Friday at 9 A. M. with burial in the family lot in St. Theresa's Oak Knoll Cemetery at Eagle. She leaves to survive her one son, Charles and granddaughter Bernedette besides her brother, John C. Agathen of Eagle and several nieces and nephews.

M. Rev. Amphlett officiating. The American Legion of East Troy and Mukwonago took charge of the Services at the grave. Burial was in Oak Ridge Cemetery. Corporal John J. McCarty of Springfield Ill. now stationed at Camp McCoy accompanied the body to Eagle and remained for the funeral. Private Higbie was instantly killed in an auto accident when returning to Camp McCoy Saturday Evening. Two of the soldiers escaped with minor scratches while the other of the party were killed.

The following W. S. C. S. officers have been elected for the coming year President—Mrs. Edgar Yarrington Vice-President—Mrs. Jack Ebbott. Secretary—Mrs. Frank Bigelow Treasurer—Mrs. Ollie Meech Cor. Secretary—Mrs. Marie Foerster Sunshine—Mrs. Victor Meech, Mrs. Shirley Pethick. Pianist—Miss Mary Ebbott

Ellsworth John Higbie

Ellsworth John Higbie, was the youngest son of James and Nettie Higbie, born November 20, 1906 at Sullivan Wisconsin. He attended grade school and 2yrs. high school at Sullivan and 1 1/2 yrs. after his father's death in 1922, came to Little Prairie with his mother to make their home with his sister and brother-in-law, Mr. and Mrs. Harry Edmonds. His mother preceeded him in death 13 years ago. He was drafted in the U. S. Army from the town of Troy on November 20, 1942 on his 36th birthday, and was sent to Fort Sheridan, Ill., and later to Camp McCoy, where his death occurred in an auto accident Saturday night, Dec. 4, 1943. He leaves 1 sister, Mrs. Ruby Edmonds Eagle and 1 brother Ellis W. Higbie, of Grand Army home, King Wisconsin. Also 3 nieces, Marjorie, now Mrs. John Kropetz of Mukwonago and Mildred and Shirley Ann Edmonds of Eagle. Also several relatives and friends. Funeral Services were held from the Mealy Funeral Chapel Wednesday afternoon 2 P.

Aug. Charles Harnick

On Wednesday, Nov. 24th at his home near Palestine occurred the death of August Charles Harnick after a short illness. Mr. and Mrs. Harnick came here from Whitewater about a year ago and purchased their present home from Mr. and Mrs. Bias Levandowski. Funeral services were held from the Mealy Funeral Chapel Saturday afternoon, Nov. 27th, Rev. Amphlett officiating. Burial was in North Prairie Cemetery. He is survived by his widow and one son and three daughters. We extend our sympathy to the surviving relatives

HOUSEHOLD MEMOS by Lynn Chambers

Conserve Sugar, but Satisfy Sweet Tooth (See Recipes Below)

Saving on Sugar

Extensive summer and fall canning has left many a family low on sugar. Homemakers are writing in and asking for recipes which will give their families "just something to satisfy the sweet tooth"—but that something must be sugar-saving.

Now that jellies are rationed you may have to use what sugar you can get for putting up those juices you canned during summer for jelly—and that means there will be less sugar than before left for baking uses. Sugar substitutes can be utilized not only in cakes and cookies but desserts and icings. Many cake recipes, too, can be made with less sugar than they call for.

Fruits-in-season now include cranberries which are perfectly delicious in this steamed pudding:

- Steamed Cranberry Pudding.** (Serves 4)
 2 cups fresh cranberries
 1 1/2 cups flour
 1/2 teaspoon salt
 1/4 teaspoon cinnamon
 1/4 teaspoon cloves
 1/4 teaspoon mace
 2 teaspoons soda
 1/2 cup hot water
 1/2 cup molasses

Mix flour, salt, spices and soda; cut cranberries in two and add to dry ingredients. Combine hot water and molasses; blend with first mixture. Transfer to greased pudding mold; cover and steam 2 1/2 hours. Unmold and serve with your favorite pudding sauce.

Do chocolates satisfy the sweet tooth in your family? Here is a light, lovely dessert:

- Chocolate Puff Souffle.** (Serves 6)
 1/2 7-ounce package semi-sweet chocolate
 1 cup milk
 3 tablespoons sugar
 Pinch of salt
 1 tablespoon vanilla
 3 eggs

Melt chocolate with milk in top of double boiler. Beat with egg beater until smooth. Add sugar, salt, vanilla and unbeaten eggs; beat with egg beater 1 minute. Cover, and cook over boiling water 20 minutes without lifting cover. Remove from heat and serve immediately with cream.

It is possible to make cakes without any sugar at all, but better results can be achieved if some sugar is used in the cake. Too many all-syrup cakes have a coarse texture to which we are unaccustomed after years of light, fine-grained cakes. Here are suggestions which you can be proud to add to your wartime cookery collection:

Lynn Says:

Starve the Garbage Can! Precious vitamins lie right underneath the thin skin of carrots. Don't pare, just scrub the vegetable.

The same is true of potatoes. Scrub well and cook with skins on, then eat skins and all.

Young beets can be cooked as other greens. Season and serve. You'll be delighted.

Tops of spring onions make wonderful seasoning. Celery tops are grand for soups, salads. Coarser parts of celery can be pureed for soup.

Carrot and radish tops are attractive for garnishes. Parsley and lettuce are more than garnish—they're to be eaten.

Check refrigerator every morning—and the bread box, too. Use every bit of leftover in that day's meals.

Lynn Chambers' Point-Saving Menu

- Pan-Fried Liver and Bacon
- Baked Potato
- Apple and Celery Salad
- Bran Muffins
- Beverage
- *Molasses Gingerbread
- *Recipe Given

All-Bran Prune Cake. (Makes an 8 by 8 inch pan)

- 1/2 cup milk
- 1/2 cup bran cereal
- 1/4 cup butter or margarine
- 1/2 cup sugar
- 1 egg
- 1 cup flour
- 1 1/2 teaspoons baking powder
- 1/2 teaspoon nutmeg
- 1 teaspoon cinnamon
- 1 cup chopped cooked prunes

Pour milk over bran cereal and allow to soak for about 10 minutes.

Blend butter and sugar thoroughly, add egg and beat until mixture is light and fluffy. Stir in soaked bran cereal. Sift flour with baking powder and spices; mix with chopped prunes and add to first mixture. Spread in greased cake pan and bake in a moderate (350-degree) oven about 35 minutes.

***Molasses Gingerbread.**

- 1 cup molasses
- 2 tablespoons butter or margarine
- 1/4 cup sour cream
- 2 eggs
- 1 cup flour
- 1/4 teaspoon salt
- 1 teaspoon soda
- 1 teaspoon ginger
- 1/2 teaspoon allspice
- 1/2 teaspoon ground cinnamon
- 1/2 teaspoon ground cloves

Heat molasses and butter. When the latter is melted, remove from the fire; add sour cream and beaten eggs. Mix remainder of ingredients together and sift into liquid mixture. Pour into cake pans lined with greased paper and bake in a slow oven about 30 minutes. Serve hot with cold applesauce or frost with cream cheese-powdered sugar icing, flavored with lemon or orange juice.

Have you enough sugar for a favorite white cake but not enough for an icing? Then here's the answer in a lovely topping which does not require too much honey:

Honey Topping.

- 4 tablespoons butter or margarine
- 4 tablespoons sugar
- 4 tablespoons flour
- 4 tablespoons honey
- 1/2 cup chopped nuts or coconut

Cream butter, add sugar, mixing well. Add flour and honey and beat until well blended. Fold in nutsmeats or coconut. Spread on cake which is still warm from baking and place under broiler until topping bubbles.

A cookie recipe that's low on all ingredients is this delicious wafer which is lovely to look at, too!

Oatmeal Honey Wafers. (Makes 16 wafers)

- 1 egg
- 1/2 cup honey
- 1 cup rolled oats
- 1/2 teaspoon salt
- 2 teaspoons melted butter or margarine
- 1/4 teaspoon vanilla
- 1/2 cup chopped nuts

Beat egg until light; add honey, continuing to beat. Then add remaining ingredients. Drop by spoonfuls, about 2 inches apart, on greased baking sheet. Flatten slightly with a knife dipped in cold water. Bake in a moderate oven (350 degrees) about 10 minutes or until a light delicate brown.

If you want sugar-saving suggestions, write to Lynn Chambers, Western Newspaper Union, 210 South Desplaines Street, Chicago, Illinois. Don't forget to enclose a stamped, self-addressed envelope for your reply.

PATTERNS SEWING CIRCLE

Midriff Frock. HOW the junior crowd loves frocks with well-defined midriff section. This one is so colorful with dramatically placed contrasting details.

Pattern No. 8465 is in sizes 9, 11, 13, 15, 17 and 19. Size 11 takes 3 1/2 yards 39-inch material. 9 yards braid or ric-rac.

Pattern No. 8470 is in sizes 6, 8, 10, 12 and 14 years. Size 8 requires 2 1/4 yards 35-inch material, 3 1/2 yards ric-rac.

School Winner. THE center panel of this dress adds both height and slimmness to the appearance of the girl who wears it. There's the reason why this is one of our most popular school girl patterns.

Army-Navy 'E' Awards

After a manufacturing plant has held an Army-Navy "E" pennant for six months, the company's record is reviewed by a government awards board, says Collier's. If the plant has equaled or exceeded its previous six-months performance, a service star is added to the flag; if it has not maintained both quality and quantity through the fault of either the management or the employees, the flag is withdrawn and has to be earned over again.

When you see news photos of soldiers "off duty" in camp or behind the battle-lines—notice how often you'll see them smoking a cigarette. There's a good reason for that. Army officials say that cigarettes are an appreciable factor in maintaining morale—and the soldiers themselves add that a carton of cigarettes from home is always welcome. What brand? Well, sales records in Post Exchanges and Canteens show that Camels are the favorite cigarette with men in all the services. Though there are Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. S., and to Sailors, Marines, and Coast Guardsmen wherever they are.—Adv.

SNAPPY FACTS ABOUT RUBBER

Military requirements take the major portion of available rubber supplies for tires (for planes, trucks, and other war vehicles), treads for tanks, boats, balloons, raincoats, ponchos, shoes, surgical supplies, and hundreds of other essential military items. That's why patriotic civilians take the restrictions on their rubber use in an understanding spirit.

According to the court historian to Philip II, and recorded in 1615, Columbus was credited with having found natives bounding rubber play balls (1490-1500) and to have brought some back from Hispaniola to Queen Isabella.

DO YOU know the Kaleidoscope quilt pattern? A block is shown here. It is put together so that from every angle it makes a different design. One of these fascinating quilts made in two tones of blue and white started all the sewing and sawing for the attractive bed nook you see in the

sketch. The bed and woodwork are painted white. The built-in closets and book shelves at each side of the bed are connected with a scalloped cornice of thin wood. Widths of blue gingham are stitched together for the full curtain at the head of the bed and for the under spread.

NOTE—Mrs. Spears has prepared a pattern for the Kaleidoscope quilt (No. 200) and for the cornice scallops (No. 207) to be cut with a key hole or jig saw. Patterns are 15 cents each and may be ordered direct from:

MRS. RUTH WYETH SPEARS
Bedford Hills, New York
Drawer 10
Enclose 15 cents for each pattern ordered.

WEEKLY NEWS ANALYSIS

U. S. Forces Advance in South Pacific As New Air, Sea, Land Blows Hit Japs; 1944 Farm Machinery Output Doubled; Germany Stunned by Bombing of Berlin

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)
Released by Western Newspaper Union.

SOUTH PACIFIC: Outposts Crumbling

Less than a week after U. S. forces under Maj. Gen. Holland Smith swarmed onto the shores of the Gilbert islands of Makin, Tarawa and Apamama, the stars and stripes floated bravely over them and most of their 6,000 Japanese defenders lay dead.

Even as U. S. forces were mopping up the Gilberts, from which the enemy once menaced Allied supply lines to the southwest Pacific, American airmen struck another heavy blow at

Maj. Gen. Holland M. T. Smith

Jap naval forces serving their embattled troops on their last Solomons' holding of Bougainville island. Of a force of six Jap destroyers, two were sunk by torpedoes and two more by gunfire by a smaller squadron of U. S. warships.

In ground fighting on Bougainville, U. S. forces expanded their base of operations under support of heavy artillery barrage and bombing attacks of Mitchells and Venturas.

FARM MACHINERY: Doubling Output

Rationing of farm machinery will be reduced to 31 types next year as increased raw material allotments will allow the manufacture of almost twice as much equipment as was made in 1942 and about 80 per cent of the 1940 total. Production of repair parts will be unrestricted.

With sufficient carbon steel available, only uncertainty of supplies of anti-friction bearings, malleable castings and forgings is ruffling farm machinery manufacture. As in all mechanical production, bearings are the chief bottleneck.

Despite the improved outlook for farm machinery, difficulties may arise from the scarcity of hauling vehicles, including trucks, and in acquiring replacement tires for trucks now in operation.

LIVING COSTS: Up 23 Per Cent

While the War Labor board's "Little Steel" formula restricted wage increases to 15 per cent over the January, 1941, level, living costs have risen 23.4 per cent since then, according to figures of the department of labor.

Originally, WLB awards were based on a 15 per cent increase in living costs from January, 1941, to September, 1942. Since September, 1942, however, there has been another 5.6 per cent rise, with labor demanding a corresponding reduction in living costs or higher wages to equalize the present condition.

Further, labor charged that the government figures on living costs were inaccurate, and the President appointed a special committee to look into the subject.

WORKING WOMEN: More Needed

With 16½ million women already at work, another million are needed to round out war production demands.

As of October, only 700,000 people remained unemployed, and with this sharp reduction in the number idle, it has been found necessary to call on women to fill in many jobs, especially in busy war production centers.

The extent to which women have been recruited for industry since the armament program got under way can be glimpsed by the fact that only 10,800,000 were working in October, 1940.

CONGRESS: Ban Subsidies

To the senate for approval went a house bill prohibiting payment of subsidies to reduce or maintain retail food prices and only allowing their use to stimulate agricultural production.

Championed by the administration as a means of keeping living costs down, retail subsidies were attacked in the house as inflationary, in that such savings to consumers only added to their purchasing power, and money borrowed for the purpose increased the national debt.

The administration is now spending approximately 800 million dollars annually on retail subsidies for meat, butter, milk, and other products. Under the house bill, subsidies would be continued only for domestic vegetable oils, fats and oil seeds.

In approving subsidy payments to stimulate production, the house voted to extend the life of the Commodity Credit corporation to June 30, 1945, and maintain its borrowing power at three billion dollars. CCC also was given permission to resell at a loss perishable fruits and vegetables bought to support prices.

Vote for Higher Taxes

Also to the senate went a house bill providing for 2½ billion dollars in additional taxes, far below the 10½ billion dollars requested by Treasury Secretary Henry Morgenthau.

Largest source of new revenue in the bill would be obtained from taxes on goods, such as beer, liquor, jewelry, luggage, bulbs and cosmetics, and from services such as telephones and telegraphs, amusements, transportation and club dues.

Adjustments in individual and corporate income taxes would provide substantial revenues, with approximately 600 million dollars being obtained from additional levies on business.

Local postal rates would be increased to three cents and charges would be raised on money orders and special deliveries.

EUROPE: Fortress Smoulders

With its home front rocked by Berlin's devastation by 1,000 RAF bombers, Germany sought to bolster the southeastern flank of her smouldering Fortress Europe by turning to military maneuvers to influence wavering, neutral Turkey.

While Berlin's populace dug out of its ruins, Germany was reported moving troops through Sofia, Bulgaria, to the Grecian frontier, facing Tur-

German Foreign Minister Von Ribbentrop (at right) greets Bulgarian regent, Prince Kyril (at left), while Hitler looks on in background.

key. The moves closely followed the Nazis' recapture of the strategic Aegean islands of Kos, Leros and Samos, from where they could threaten Turkey's western coast.

The Germans' movements appeared to be their answer to Allied pressure on Turkey to cast her lot with the U. S., British and Russian cause. Under terms of the Turkish-British alliance of 1939, each country promises to come to the assistance of the other if attacked.

In Italy, Britain's 8th army occupied lowlands along the Adriatic coast, in preparation for an assault against the Nazis' mountain positions immediately to the north. U. S. casualties in Italy since September 8 were placed at 1,613 killed; 2,685 missing, and 6,361 wounded.

WORLD RELIEF: Big 4 to Cooperate

In accordance with the principles of the Big Four pact of Moscow, the U. S., Britain, China and Russia will work together in the United Nations Relief and Rehabilitation administration for obtaining supplies for the postwar's needy countries.

The U. S., Britain and Russia will co-operate in estimating the requirements of the different European peoples. To get the necessary supplies as speedily as possible, it was suggested that raw materials be especially allocated to pre-war industrial nations with available machinery for manufacturing goods.

United Nations not invaded are to contribute 1 per cent of their national income toward a fund for financing relief and rehabilitation operations.

Rationing After War

Because of prospective demands on U. S. food supplies for feeding other nations, rationing will not only continue but also may be more severe after the war, Secretary of Agriculture Claude Wickard told a senate committee.

Declaring that the time needed to feed other people will determine how long rationing will go on in this country, Wickard said the severity of the control will depend to a great degree on the supplies we have on hand when the war ends.

All tillable land out of the 20,000,000 acres owned by the government should be returned to farming by sale or lease after the war, Wickard said.

WORLD BANK: For Reconstruction

To join with private capital in reconstruction and rehabilitation in the postwar era, the U. S. treasury has proposed a world bank and laid details before congressional committees for study.

Announced by the treasury's financial wizard, Harry D. White, the bank not only would help in advancing long term credit for rebuilding the shattered economies of nations, but in some cases it would also guarantee repayment of loans made by private capitalists.

U. S. contribution to the bank would amount to 700 million dollars at the start, and possibly 3½ billion dollars in all. Great Britain would advance less than a billion dollars, Soviet Russia's share would be substantially less.

RUSSIA: Counter-Punches

Red armies launched a heavy attack on the northern sector of the 1,200 mile Russian front as German Marshal Fritz von Manstein's troops pecked out new gains in the vicinity of important railroad junctions to the west of Kiev.

In their drive in the north, the Reds took another step closer to the pre-war Polish border, and pressed against the upper section of the railroad system constituting the Nazis' last north-south rail link in Russia.

After recapturing the rail hub of Zhitomir in a whirlwind comeback, the Nazi attack lost some of its impetus against stiffening Red resistance, and although the Germans beat forward for further gains and spread the scope of their drive northward to take in still another section of the rail line previously cut, their pace was slowed by concentrated Russian artillery fire.

U. S. SPENDING: Sees Need

Special advisor to the board of governors of the Federal Reserve bank, Economist Alvin H. Hansen proposed annual government expenditures at the rate of 15 to 18 billion dollars to prevent postwar depression.

Declaring that the last great depression was the result of a drop of 15 billion dollars in private investment between 1929 and 1932, Hansen said it was necessary for the government to develop a program for meeting such crisis, so as to halt big dips in consumer buying and attract capital back into business.

The present war will be followed by a period in which people will spend money for accumulated needs, Hansen said. But unless government stands by with some kind of program to take up the slack in employment that will follow the filling of all these orders, we might well run into another depression, Hansen asserted.

LIGHTING:

A new type of electric light that requires no wires, but obtains its current from a beam of high-frequency radio energy, was demonstrated recently in New York. Experts said that this will be the lighting of the future. Also shown were radiant heat lamps that gave off enough heat to cook food, and a mercury vapor lamp, the most brilliant known. It uses 10,000 watts, and produces a light one-fifth as bright as the surface of the sun, it was reported.

Dinosaur Eggs
The eggs of the great dinosaurs probably were as big as footballs.

YOU WOMEN WHO SUFFER FROM HOT FLASHES
If you suffer from hot flashes, weak, nervous, cranky feelings, are a bit blue at times—due to the functional "middle-age" period peculiar to women—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It helps nature! Also a fine stomachic tonic. Follow label directions.
LYDIA E. PINKHAM'S VEGETABLE COMPOUND

That Nagging Backache
May Warn of Disordered Kidney Action
Modern life with its hurry and worry irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.
You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
DOAN'S PILLS

HIGHLIGHTS . . . in the week's news

SHIPS: Shipyards under management of Henry J. Kaiser have launched 1,087 vessels since January 1, 1941. Mr. Kaiser told the New York Economic club. Of these, 985 are Liberty ships, 40 or more are tank-landing ships, 40 are fast tankers, and 12 are aircraft carriers. "Two or three," he said, "are troop transports with seven decks, carrying 4,000 passengers."

CABLES: The navy will make it possible for naval personnel to receive cablegrams at most shore installations outside continental United States. Service will be expanded shortly after the first of the year. The army has forbidden fixed text holiday greetings to be transmitted to soldiers overseas between December 6 and 25, to prevent overtaxing of facilities.
