Mr. Jones was at one time a resident of Eagle when his father conducted a store here. He married Emily Bovee and moved to Philadelphia where he was a telegraph operator and later became train dispatcher. Ervin Piper, of Burlington, visited at Eagle Saturday and Sunday. Walter McWilliams came up from Palmyra one day to visit with old time friends. Mrs. John M. ## "DON'T" IS REAL COMEDY CLASSIC

After seeing "Don't," Alf Goulding's production, based on a story by Rupert Hughes, which will be shown at the Eagle Opera House, July 18th, the old question is reviewed in the reviewer's mind as to which is the greater, a comedy drama filled with real humor, or a great tragedy. Remembering "Don't!" so clearly, one is almost inclined to choose the comedy. "Don't!" is a well-knit story of the "goings on" of the younger generation, this time not among the New York smart set, but in a small town in New Jersey. The particular town does not matter, for it might be any in the United States. Alf Goulding, who directed "Excuse Me," has directed the picture with a fine understanding of the small-town complex, realizing the difference between that and metropolitan existence, and yet bringing out the points that have universal appeal. Bert Roach, the well-known comedian, again scores in "Don't!" in a role somewhat similar to the one he played in "Excuse Me," but one which offers him much greater opportunity. If it weren't for the extremely clever work of Sally O'Neil as Tacey Moffat in the leading role, he would "steal" the picture. Other members of the cast whose work stands out are John Patrick, popular young juvenile, James Morrison, Estelle Clark, DeWitt Jennings, Ethel Wales, Johnnie Fox, Dorothy Seay, Evelyn Peirce, Brinsley Shaw and Helen Hoge. It is a Metro-Goldwyn-Mayer picture adapted to the screen by Agnes Christie Johnston, from a story by Rupert Hughes. If you liked "Mike" come and see this. 10 and 25 cents.

The coming season it is proposed to clear the lake from weeds and stock it with fish from the state hatchery. Dr. J. J. Fitzgerald was elected president; W. E. Bieck, vice-president; D. W. Pardee, secretary; H. M. Lojil, treasurer.

## SAMUEL BOWEY

On Thursday morning, July 1st, Samuel Bowe and his son, Fred, were hauling in hay on the farm north of Eagle, the load tipped over and Mr. Bowe fell to the ground on his head, sustaining injuries from which he died that evening. Mr. Bowe was born in Curry Mallat, Summersetshire, England, March 1, 1852, came to America in 1873 and located at Genesee, where he was employed as herdsman by Mr. Meeham, which occupation he followed for nearly twenty years. He was employed by several of the leading Short Horn cattle breeders of that time. Was married in 1880 to Mary Engel of Whitewater and after farming in various sections of the state located at Eagle where he purchased the Richard Wilton farm, which he made his home. He leaves besides his widow, Fred at home; Harry in Detroit; Percy in Los Angeles; Mrs. E. J. Little, Tulsa, Oklahoma; Mrs. W. E. Hill Wauwatosa. We all extend our sympathy to the bereaved family.

Oliver P. Carpenter, of Cambridge, dropped in on us last week to renew acquaintances with the boys of forty years ago when he resided in the Brewin house opposite Julius Amann and in the Murdoch tenant house near Buelow's farm. He indulged in pioneer reminiscences and his mind was keen on the early happenings in Eagle. Oliver had an audience with all and left again on the evening train for his home in Cambridge.

## SHERIFF FORCES HUNT MISSING BOY

Sheriff's forces are combing the county in an effort to locate 12-year-old boy of Mr. Benda residing on the Big Bend-Mukwonago road. The boy left home early Sunday and has not been seen since. At the time of his disappearance the lad was clad in gray suit and cap, and brown shoes. He is described as about five feet tall, has blue eyes and light brown hair. According to his sister the child is thought to have been a victim of wanderlust. He was last seen going across a field near the Touissant farm.

## ARREST DRIVER OF DEATH AUTOMOBILE

FOND DU LAC.—Kirk Reddeman, driver of the car in which Herbert Colbach, 26 year old city editor of the Hartford Times was killed Sunday morning, was arrested yesterday as he left the Hartford hospital by Sheriff Rhodé of Dodge county on a charge of manslaughter and reckless driving. Preliminary hearing will be held next Tuesday at Juneau. Reddeman was released on \$3,000 bond.

## MAN FINED \$50 FOR ILLEGAL FISHING

Charged with leaving his fishing line unattended Steve Wadina was fined \$50 and costs in municipal court by Judge T. W. Parkinson this morning. Wadina and Andrew Kopeka were arraigned on Tuesday. Kopeka plead guilty and paid his fine. Wadina plead not guilty. He was found guilty by the court. Following the arraignment of 23 law violators on Tuesday the number of cases in municipal court dwindled to almost zero this week. Police officers and deputy sheriffs are anticipating a busy week end if the hot wave continues. Automobile traffic to the lake resorts in the county will probably reach the peak Saturday evening and Sunday traffic officers predict.

## WAUKESHA RESIDENTS INJURED IN ACCIDENT

Three Waukesha residents, Josephine Feiffer, Grace Saunders, and Leo Lowmich, were injured late yesterday afternoon when the motor bus in which they were riding tipped on its side in a ditch along the Blue Mound road at Sixty-eighth street, Milwaukee. All suffered slight sprains and abrasions and were treated at Emergency hospital at Milwaukee. The accident happened when the driver of the bus, an Electric company bus, attempted to avoid a collision with an auto coming from the opposite direction. The auto had passed another machine going in the same direction and was attempting to get back into line. In doing so it crossed in front of the bus. In order to avoid a crash, the bus driver swerved his car into the depression along the concrete road, where the bus slowly tipped over on its side.

## NEW UNION OF SCHOOLS TO NUMBER 7 PROPOSED

NEW BUTLER.—The regular annual school meeting took place Tuesday evening, July 6. It was decided to make the school year nine months long, non-resident pupils will be charged three dollars per month tuition. William Pluckhahn, whose term of office as director of the school board had expired, was re-elected. It was suggested that six of the schools in the surrounding districts be invited to join with Joint District No. 10 of the towns of Brookfield and Menomonee, in building and maintaining a free high school to be erected at a centrally located point. This it is believed would enable many children to further their education, who otherwise would get no further than the eighth grade. Apparently it becomes more difficult as time goes on to place our children in city high schools and the sponsors of this plan believe this would be a solution to the problem which confronts us. The school board comprising Mrs. M. J. Lefley, clerk, William Pluckhahn, director, and Auust Kietzman, treasurer was authorized to present the matter to the various school boards concerned.

## COOLIDGE HAS HOPES FOR LESS FACTORY DEATHS

### BELIEVES THERE IS GREAT ROOM FOR IMPROVEMENT ALONG INDUSTRIAL LINES

By HERBERT LITTLE (United Press Staff Correspondent) WASHINGTON, July 14.—Hope that the annual toll of industrial accidents in the United States can be lowered from the present 23,000 lives and 2,500,000 injuries, was expressed by President Coolidge in a message to the opening session of the Industrial Accident Prevention conference here today.

The President's letter, read by Chairman Ethelbert Stewart, Labor Statistics Commissioner and chairman of the conference asserted that there was great room for improvement along safety lines "if those who hold that 85 per cent of these accidents are preventable are even approximately right."

Twenty-one states and several scores of industrial organizations were represented at the conference, called by Secretary of Labor Davis, to devise plans for cutting down the accident ratio as the iron and steel industry has done. In 15 years fatal accidents in that industry have decreased sixty per cent and non-fatal accidents 85 per cent.

Collection and analysis of statistics to determine the causes of accidents and means for their prevention is the way to solve the problem, Davis, Stewart and other labor department leaders told the conference. What the labor department has done for the steel industry it can do for all industries, they said.

The number of lives saved is 46,000, Stewart said. The number of injuries averted is 322,000.

The labor department plan for a "clearing house" of industrial safety information was given to the last session of congress is a bill providing for a separate bureau of safety, but it was not finally acted upon, and will be taken up again at the next session.

Two sessions of the conference will be held daily today, tomorrow and Friday.

## WILL DISINTER BODY OF MURDERED MAN

FRIENDSHIP, Wis.—Indications were, today, that the body of an unidentified man, found in a clump of bushes near here Sunday, will be disinterred.

District Attorney Fulton Collipp of Adams county declared he expected to make this move in order to have experts examine the body with the hope of finding additional evidence, which may lead to the man's identity.

A coroner's jury returned a verdict of "murder by an unidentified party."

The body when found was clothed in a well tailored suit, but all the pockets of the clothes had been ransacked, indicating, authorities said, the man had been murdered and robbed.

## "MADISON RING" REACTIONARIES -ZIMMERMAN

### CLAIMS THEY WERE BACKSLIDERS TWO YEARS AGO AND NOW SEEK ADMITTANCE

OSHKOSH, Wis.—The candidates of the "Madison ring" progressive republican state are the most reactionary group of office-seekers that ever went before the people of Wisconsin, Secretary of State Fred Zimmerman declared in a campaign speech here Tuesday night. Zimmerman is a progressive candidate for the nomination for governor in the September primaries.

### Had Left Party

"Let us see who are the backsliders," Zimmerman said. "Two years ago they left the Progressives and joined a new party, now they desert it and its principles and come sneaking in at the back door of the party they denounced two years ago. Isn't that reaction? And with such a record of disloyalty to their departed leader and the party he organized they have the audacity to call me a backslider and to label themselves the only genuine Progressives. Can you beat it?"

Zimmerman said they opposed him two years ago because he refused to be their cat's paw when the emergency trouble came up as a direct result of Governor Blaine's threat that he would veto appropriation bills for the university and the normal schools unless his pet measure, known as the Blaine tax bill, was enacted.

"On account of the Moran abduction scandal, the Governor was afraid to call a special session of the legislature to do its duty and concluded that the emergency board, created by Governor Philipp and criticized in our platform of 1920, could be invoked to take the necessary money out of the state treasury and thereby save the administration some embarrassment.

### Was Not Safe

"But I had taken an oath to administer and obey the law, not the Madison Ring, so they concluded I was not a safe Progressive and they substituted another candidate for Secretary of state who was more sympathetic with their ideals, which he expressed when he said, 'What the hell do we care for La Follette.'"

Zimmerman called attention to the platform of the ring which, he said, had not a forward-looking plank in it.

"Reaction," he declared, "means going back, and these candidates have gone back 25 years from the position which Senator La Follette took when he was candidate for president two years ago."

## TREES NEED WATER IN DRY TIMES

WASHINGTON.—A plea to save the lives of trees by sufficient watering during the warm season was made today by Congressman Martin L. Davey, of Ohio, who in private life is head of a famous company of tree surgeons.

"It is just as important and as humane a deed to give sufficient water to our good friends, the trees, in summer as it is to feed the birds in 'winter time,'" said Congressman Davey. "Trees are living things and are even more helpless than birds. Lacking the power of locomotion, they cannot go where water is. They must depend entirely upon human beings for their supply."

"The average householder keeps his lawn well sprinkled because the results of his failure to do so are, soon evident. He pays less attention to his trees because the results of neglect are slow appearing. A parched lawn may be renewed within a growing season, but a stately tree not within a generation."

Sprinkling the lawn for a brief period in the evening does not help the trees, Mr. Davey explained. In fact it may harm them by attracting the roots too close to the surface of the ground. An effective way, he said, is to perforate the soil beneath the spread of the tree with a spading fork to a depth of 8 inches. Water should be run into these holes for several hours at least once every two weeks, depending upon the amount of rainfall.

The importance of water to a tree is evidenced, he said, by the fact that an average sized tree with a spread of 50 feet of foliage, under normal conditions, throws off 5 barrels of water a day in the form of vapor. This vapor is attracted to the clouds and returns to the earth as rain.

## COUNTY RECEIVES 4 CARLOADS OF TWINE

The shipments marks the third successive year that twine has been purchased from the state for local farmers at reduced prices.

Mr. Cooley left today for Madison where he will attend a two day conference with seed dealers throughout the state.

## LENROOT SORRY BLAINE WILL NOT DEBATE

### POSITION TAKEN BY GOVERNOR EVIDENT HE HAS NO CASE SAYS SENATOR

WAUTOMA, Wis. (U. P.)—Regret that Governor Blaine, his opponent, has declined all invitations to debate the question of the world court with him was expressed here Tuesday night by Senator Irvine L. Lenroot, Republican candidate for re-election to the United States senate.

"I am very sorry," Senator Lenroot declared, "that Governor Blaine has seen fit to decline all invitations to debate with me upon the subject of the world court."

### Would Welcome Chance

"In as much as he has insisted that it is a major issue in this campaign and is discussing it in all of his speeches, one naturally would think that if he was sincere in the position he has taken he would welcome the opportunity to debate it with me."

Senator Lenroot said he understood Governor Blaine recently said he is getting good crowds and does not wish to divide his time with anyone.

"I am talking to as large audiences as he is, but if he will accept an invitation to debate with me, I will guarantee him a larger audience in one meeting than he will speak to in a week in his regular campaign."

### Not New Thing

"Joint debates," Lenroot pointed out, "upon public questions are not a new thing in the United States. President Lincoln did not decline to debate with Douglas over the great slavery issue, but it must be added there is at least one difference between Lincoln and our friend, the Governor, for Lincoln had the facts and justice on his side, while our Governor has neither. If a man has both justice and facts on his side, he need fear no man, but if he has neither facts nor justice, he is very likely to be afraid of his own shadow. The people of Wisconsin will draw their own conclusions from the Governor's refusal to debate this question with me."

## BORAH TO MAKE CAMPAIGN FROM COAST TO COAST

### WILL SPEAK ON WORLD COURT AND PROHIBITION. TOUR BEARS OMINOUS IMPORT

PAUL R. MALLON (United Press Staff Correspondent) WASHINGTON, July 14.—Senator William E. Borah, prominently mentioned 1928 Republican presidential nominee, in a few days will begin a coast to coast campaign tour that bears an ominous political import.

World court and prohibition will be the chief subjects of discussion, and since these two issues are uppermost in important pending primaries and congressional elections, Borah's tour will be closely watched by political leaders in both parties here.

Because of his activities with the senate irreconcilables who fought futilely against adoption of the resolution pledging American adherence to the International Hague Tribunal, Borah is hailed as spokesman for that senate group. More recently his public statements for the eighteenth amendment and the Volstead Act caused many anti-saloon league leaders to endorse him as prospective presidential candidate.

Borah went into Illinois to aid the Anti-World Court fight of Col. Frank Smith, who thereafter won the Republican senatorial nomination chiefly upon his anti-court stand. The court also has been a leading issue in Indiana, Iowa and North Dakota primaries thus far held and probably will be an issue in Missouri, Oklahoma, Ohio, California, Massachusetts, Wisconsin and Colorado. It will be an issue in an even greater number of states when Democrats and Republicans meet at the polls in November.

## WISCONSIN IS ALIVE WITH CANDIDATES

### STATE AND UNITED STATES OFFICE ASPIRANTS AND LOCAL CANDIDATES ARE ACTIVE

### By J. E. HELFERT

(United Press Staff Correspondent) MILWAUKEE.—Wisconsin was alive today with campaigning candidates, who are conducting speaking tours through the state in an effort to get a favorable vote at the primary election this fall.

While candidates for United States senator and state offices are now in the field in large numbers, the candidates for legislative and county offices are cropping up in every section and are starting their campaigns.

Senator Robert M. La Follette, who arrived in Madison yesterday, is expected to confer with Progressive leaders today in preparation for his "stumping tour" through the state which he is expected to start Friday.

### Ekern is Quizzed

G. M. Sheldon, Tomahawk, candidate for the Republican nomination for attorney general, became active in the campaign yesterday when he sent an open letter to Herman L. Ekern in which he asked a series of 37 questions regarding state matters and politics.

Frank J. Kelly, Hales Corners, who several weeks ago created considerable interest with his announcement of his candidacy for United States senator on an out and out "wet" platform, has opened campaign headquarters here and intends to open an active speaking campaign next week.

After speaking on "Americanism" before the Wisconsin Dental society in convention here yesterday, Senator Irvine L. Lenroot motored to Wautoma, where last night he spoke to a gathering and repeated his challenge to Governor J. J. Blaine for a debate on the world court.

Fred R. Zimmerman, Progressive candidate for the Republican nomination for governor, continued his speaking campaign with an address at Oshkosh last night, in which he attacked the "Madison ring," declaring "the Madison ring Progressive Republican state is the most reactionary group of office-seekers that ever went before the people of Wisconsin."

Governor John J. Blaine, Progressive candidate for the Republican nomination for United States senator, and Herman L. Ekern, are expected to spend most of today in Madison in conference with Senator La Follette.

Milwaukee county Democrats have started their campaign and at a meeting here last night selected a list of candidates for county offices and made plans for an active speaking program.

## YOHANEK TAKES STAND IN OWN DEFENSE TODAY

### DR. C. H. BUNTING TESTIFIES WIFE CAME TO DEATH BY BLOW ON HEAD

MANITOWOC, Wis.—(U.P.)—John Yohanek, 80, charged with murder in connection with the death of his wife, whose charred remains were found in the ruins of the Yohanek home at Kellnersville on the morning of February 22, is expected to take the stand in his own defense here today.

The aged man, who has denied ever since his arrest, that he had anything to do with the death of his wife, will take the stand in an effort to refute testimony of state witnesses that he killed his wife.

Ever since his arrest several weeks ago and throughout the trial, his son and three daughters have stood by him. They could understand all that was being said, but he couldn't, because he doesn't speak a word of English, despite the fact he has lived here many years.

The state's case was virtually completed yesterday when court adjourned, after Dr. C. H. Bunting, Madison, and Dr. Edward Miloslavich, Milwaukee, pathologists, testified. These men, who had examined the exhumed remains of Mrs. Yohanek, testified the woman had died from a blow on the head and that from all indications, she was dead when the fire, which destroyed the home, started.

After calling a few more witnesses today, the state is expected to rest its case. Yohanek is then to be called to the stand to tell the jury through an interpreter what happened on the night of the fire.

WASHINGTON.—Major James C. Waddell, New York, today was appointed supervisor of brewery control in the treasury department, to replace Thomas A. Stone, resigned.

**IS WANTED IN MILWAUKEE FOR ALLEGED HOLDUP**

RECOGNIZE ONE OF SUPERIOR GANG AS MATTHEW McNEIL. ALL ARE RUM RUNNERS.

SUPERIOR, Wis.—(U.P.)—Thomas Barone and John Welch, two of the five bandits captured during an attempted raid on the Bank of Commerce here, are wanted in Minneapolis, it was learned today.

Barone has been sought by Minneapolis authorities in a highway robbery charge and Welch, alias Charles Henderson, alias Frank Paterson, is wanted on other charges. The automobile in which the bandit gang traveled was stolen in Minneapolis, Superior police learned.

SUPERIOR, Wis.—One of five men who were arrested Tuesday when they attempted to raid the Bank of Commerce here has been identified as Matthew McNeil, wanted in Milwaukee, Wis., for alleged complicity in a \$300,000 bank robbery there.

The five bandits were questioned again today.

Police are seeking to learn whether the other four have any criminal record and the finger prints and descriptions of the men are being compared with records on file in headquarters here.

From two of the men whose names were not revealed, the officers declared they obtained admissions they were "whiskey runners". All five gave St. Paul as their home address.

Road maps of Kanabec, Isanti, Chicago, Ramsey, Carlton and Washington counties in Minnesota were found in their possession.

The five were captured without a shot being fired Tuesday when they parked their automobile in front of the bank. In the possession of the men, police found shot guns, rifles and revolvers.

They gave their names and occupations as:

John Welch, 28, Machinist.  
 Fred Brown, 45, Machinist.  
 Frank Long, 34, Laborer,  
 Frank Smith, 30, Laborer,  
 Thomas Baron, 31, Laborer.

A sixth man is being sought.

When the six men arrived in Superior Monday, they were spotted Monday, they were "spotted" by detectives who had been warned that a bank raid was to be attempted. The bandits were kept under surveillance continuously until their capture.

The Northwestern National Bank of Milwaukee was robbed Dec. 8, 1924 of \$287,000 in bonds and \$9,200 in cash by a bandit gang of which McNeil was suspected to have been a member and he has been sought by authorities ever since.

McNeil also has a criminal record in other cities. He was accused of a murder committed in Minneapolis July 28, 1920, for which he was arrested, and on January 18, 1921, he was convicted and sentenced to 20 years in the Stillwater (Minnesota) penitentiary. John O. Simon, superintendent of police at Duluth, Minn., said McNeil has a record as a pickpocket in several cities.

McNeil gave the name of Fred Brown when arrested here and also is known as Thomas Lynch and Jim Murphy. He is believed to have been the leader of the gang. When cornered, yesterday, he tried to draw a gun, but was overpowered.

Superintendent Simon identified McNeil through comparison of his finger prints with those in records at Duluth.

Frank Smith, another of the bandit gang, was identified by Simons as Frank Devers, alias William Underwood, wanted for escaping from the Utah State prison on October 29, 1925.

Thomas Baron and John Welch, other bandit captives, have minor police records. Frank Long is not believed to be a regularly qualified member of the gang.

**FARMER FALLS FROM HAYLOAD, DIES LATER**

John Melville, 55, prominent Lisbon farmer, died Saturday night as a result of injuries sustained when he fell from a load of hay and was hit by a passing motor truck.

Death occurred five hours later. He had spent his entire life on the farm near Lisbon.

Melville suffered severe lacerations about the body and head.

The horses which he was driving became frightened and ran away it was reported.

Coroner F. J. Woodhead and Under Sheriff Phil Herbrand investigated the accident.

Mr. Melville is survived by his wife, one son, Willard and four brothers and also a half brother and half sister. Funeral services will be held on Tuesday at 1:30 p. m. at the residence and at the United Presbyterian Church in Lisbon. Interment at Lisbon Central cemetery.

**HAY CROP GOOD IN MOST PARTS THIS COUNTY**

"The hay crop in this county is good though some fields in the southern and western parts of the county are not so good," according to O. H. Cooley, secretary of the Waukesha Farm bureau, interviewed this morning by a Freeman representative.

"I suppose the lighter crop is the result of lighter soil and it is also the result of less rains in the southern and western parts of the county than right about here," continued Mr. Cooley.

He also stated that on the whole the crop is heavy and that more than half of it is already cut and cured. Haying is three weeks late, he said.

Small grains are fairly good, some fields showing heavy, some not so good, according to the Farm bureau representative. Some fields of oats are reported to be light. Corn is way behind, very slow.

One crop grown on a few Wisconsin farms is phenomenally heavy this year and that is the cherry crop. Every cherry tree in the county appears to be heavy laden, weighted down with its burden of fruit. The theory held, by some people that Waukesha cherry trees had about run out is absolutely disproven by the crop this year.

**MILWAUKEE HOLDS WARRANT FOR McNEIL**

MILWAUKEE—(U.P.)—Milwaukee police hold a warrant for Matthew McNeil, believed to be one of the five men arrested at Superior yesterday. The warrant, which was issued December 16, 1924, charges assault and robbery. According to the bureau of identification of the Milwaukee police department, McNeil is wanted for questioning in connection with the robbery of the Northwestern National bank here December 8. McNeil is believed to have been one of the gang of bandits who raided the Northwestern National bank here and escaped with \$300,000 in cash and securities.

Mr. and Mrs. John Wendtland, Pewaukee, had nearly their whole flock of chickens stolen from the roost recently. Seventeen hens were taken and only three setting hens left. The rooster disappeared likewise a few days earlier.

**RESORT NEAR DELAFIELD IS RUINED BY FIRE**

RIVERIA, FORMERLY GOLDEN PHEASANT BURNED TO GROUND SUNDAY

Fire early Sunday destroyed the Riviera, formerly the Golden Pheasant, a roadhouse one-half mile east of Delafield, forcing eleven employees, who were sleeping on the second floor, to leap to safety from bedroom windows and the roof. All were scantily clad.

Two waiters were severely burned about the arms, and Miss Nelda Moll, 23, checkroom girl, sustained a fractured leg when she leaped from the roof. She was taken to St. Mary's hospital.

John Teggelman, 38, and William Weber, 26, waiters, were treated by a Delafield physician. Origin of the fire is unknown. Damage is estimated at \$40,000.

The roadhouse was purchased this spring by Angelo Guardalabene, of Milwaukee, and extensive improvements were made, making the place one of Wisconsin's most beautiful resorts. According to Mr. Guardalabene the fire broke out about 5 o'clock in the morning after everyone in the building had retired. He stated that the fire in the kitchen stoves were out and after the guests had dispersed he and the employees spent some time in cleaning up but there was no evidence of any blaze.

The building he said seemed to take fire in all portions and the origin is hard to determine. Neighboring village fire departments responded but were of no avail. Included in the loss were the instruments of the musicians, and all that remains standing are three brick chimneys.

Mr. Guardalabene will begin at once to rebuild the resort.

**STRUCK BY PASSING TRUCK AFTER FALL ON SATURDAY AFTERNOON**

John Melville, 55, prominent Lisbon farmer, died Saturday night as a result of injuries sustained when he fell from a load of hay and was hit by a passing motor truck.

Death occurred five hours later. He had spent his entire life on the farm near Lisbon.

**SOME FIELDS THIN. SMALL GRAINS IN GOOD SHAPE, CORN VERY LATE**

"The hay crop in this county is good though some fields in the southern and western parts of the county are not so good," according to O. H. Cooley, secretary of the Waukesha Farm bureau, interviewed this morning by a Freeman representative.

"I suppose the lighter crop is the result of lighter soil and it is also the result of less rains in the southern and western parts of the county than right about here," continued Mr. Cooley.

**REV. C. E. BOVARD SAYS FLORIDA IS IN GOOD SHAPE**

FORMER PASTOR HERE RETURNS FROM SOUTH WITH FAITH IN PENINSULAR STATE

"The speculation in land, the selling of lots, was nothing at all in our part of the state, as it was further south," said Rev. Charles E. Bovard, who, with Mrs. Bovard, has just returned from Rockledge, Florida, where he has been pastor of a church, since last September.

Mr. Bovard said further: "The boom about Rockledge and Cocoa did not start until much later than in some other parts of the state. Our section is not over-built—in fact building is going on at the present time.

"In general, the laying out of subdivisions and the selling of lots, in a purely speculative way, is at an end in Florida. It will, of course, cause some grief in the immediate future to those who invested money in property, making only one or two payments, and expecting to sell quickly.

"General conditions in Florida at the present time are good. Two weeks ago I heard a state senator, J. J. Parish, say there was more money on deposit in Florida banks than there was a year ago, though there have been some bank failures. Men of means are making substantial effort to develop the natural resources of the state.

"The citrus crop was heavy, the past year, and prices were good, too. Indications are that next year's crop will not be so heavy. In order to cope with the heavy expense of marketing, a plan is on foot to build a harbor at Canaveral, on the coast east from Orlando, and it is expected that the first unit of this undertaking will be started next January. To send fruit to New York, by water, is expected to reduce the cost of transportation from 60 to 90 cents a crate. Three hundred thousand crates of citrus fruit were shipped from Florida, the past season.

"A rubber company is being promoted at Rockledge, for the manufacture of tires. The raw rubber will be imported but turpentine and other ingredients used in tire-making are produced locally.

1,450 Miles in Four and Half Days  
 Rev. and Mrs. Bovard made a record trip to Waukesha, by automobile, in the distance of 1,450 miles between Rockledge and Waukesha in four and a half days. They found good roads all the way, even the clay roads of Georgia.

They will remain in Wisconsin all summer, part of the time in Waukesha and part of the time in the northern part of the state. Mr. Bovard will preach in this city, tomorrow, and will preach in a number of other cities, among them Milwaukee and Wausau, during the summer. They expect to return to Florida for another year.

They are now guests at the home of Mr. and Mrs. R. L. Benjamin, McCall street.

**TRAIN HITS BREAD TRUCK DRIVER UNHURT**

Bread and rolls scattered about the street when a Soo line passenger train crashed into a bakery truck at the East Main street crossing at 5:30 a. m., Friday. The driver of the truck escaped without injury but the car was badly damaged.

The truck was the property of the Jaeger Baking Co., Milwaukee, and was bringing a load of supplies to Waukesha.

Numerous railroad crossing accidents here within the past few weeks have led the city officials to start a movement for better safeguards at all grade crossings. Negotiations are under way with the Soo line, the Northwestern and the St. Paul lines to have warning signals and gates placed at all railroad crossings within the city.

At the annual school meeting Mr. Carmichael was re-elected clerk. It was also voted to have the school wired before the opening in the fall. The Kackler club was entertained at the home of Miss Anna Needham, Sunday.—A number from here attended a miscellaneous shower at the home of Mrs. Otto Rupnow, Wauwatosa, in honor of Miss Clara Theisenhusen, whose marriage will take place in the near future.—Mrs. J. Dechant went to Jefferson, Tuesday, where she will spend two weeks.—Miss Julia Stallman is visiting at the Needham home.—Ned Heglund is enjoying a week's vacation.—The Mothers' club has indefinitely postponed its annual picnic which was to have taken place this week Thursday at Washington park.

**TWO NEW RURAL SCHOOLS TO BE READY IN FALL**

Arthur Tews, county superintendent of schools, has returned from Mukwonago, where he attended the board meeting of the Joint District school No. 6. The purpose of the conference was to determine its qualifications as a first class school. Twenty-six students attend the school. Mrs. Roy Henderson is the clerk in charge. Miss Beryl Meredith is teacher.

Two schools will be completed before the September term, according to Mr. Tews. They are the Melvaly joint district school at Muskego and Joint school No. 6 at Menomonee.

Approximately 175 are expected to enroll for the two-day summer session which will be held at the school on August 23 and 24. Superintendent Banting will be in charge. The course will be a general one and will include work covered by teachers during the first two months of the school term. Sectional meetings will be held throughout the year in order to enable the teachers to continue the course, it was said.

**VICIOUS BULL KILLS FARMER AT BIG BEND**

BENJAMIN PEACOCK, 68, MEETS DEATH AT HIS FARM THIS MORNING

Benjamin Peacock, 68, prominent Big Bend farmer, was killed by a bull Saturday morning, at his farm. Mr. Peacock was leading the animal when it attacked him from the rear, knocking him to the ground. The bull then trampled and pawed the aged man, staying in his chest and fracturing his pelvis.

Two boys, John A. Bartlett and Charles F. Bartlett, Jr., of Chicago, who were staying at the Peacock home, saw the attack. They summoned Dave De Fant, a farmhand, and hastened to the rescue and drove the bull from the prostrate man. They arrived too late, however, as the unfortunate man was dead when they reached him.

Mr. Peacock was returning the animal back to the stall in the barn, from which the bull had escaped. He succeeded in getting a lead rope on the bull and was leading him back to the barn when the enraged animal attacked him.

Sheriff Owen Owens and Coroner F. J. Woodhead were summoned and investigated matters in connection with Mr. Peacock's death.

The Peacock farm lies along Fox river, just across the bridge from the village of Big Bend. Benjamin Peacock and his only son, Benjamin, Jr. are well-known cattle-breeders. Mrs. Peacock also survives her husband.

**EAGLE FARMER DIES AFTER BAD FALL**

EAGLE:—Samuel Bowey and his son Fred were hauling hay on their farm when the load tipped over and Mr. Bowey fell to the ground, striking on his head. His injuries were so serious that he died within a few hours. He was born in England, in 1852, and had, for more than 20 years, resided on a farm in Eagle. He leaves surviving his wife, three sons—Fred, at home; Harry, in Detroit; Percy in Los Angeles; and two daughters—Mrs. E. J. Little, of Tulsa, Okla.; and Mrs. W. E. Hill, of Wauwatosa. All came home to attend the funeral, which was conducted by Rev. John Wilcox, in the M. E. church at Eagle. Interment in Oak Ridge cemetery.
