## "THE UNHOLY THREE" IS GREAT UNDERWORLD FILM

There is no lack of thrills and entertainment in Tod Browning's crook drama, "The Unholy Three," a Metro-Goldwyn-Mayer production, which will be shown at the Eagle Opera House, July 4th.

Indeed, it may be said that Browning has made more than a good underworld picture. He has made a melodrama that will go over anywhere with a bang because it contains real heart interest, plenty of comedy and a lot of drama.

The story is a most unusual one and deals with a trio of freaks—a giant, a midget and a ventriloquist—who forsake their life in a dime museum to pursue a career of robbery and murder.

Miss Busch and Lon Chaney have the outstanding roles but the others take every advantage to give a very fine performance in what may be rightly called the best crook film of the year. 10 and 25 cents.

# CENTRALIZATION OF GOVERNMENT HARMFUL-BLAINE

POLICY IS GRADUALLY DESTROYING SELF GOVERNMENT AND INDIVIDUAL RIGHTS

ALMENA, Wis. (U.P.)—Centralization of power at Washington is gradually destroying our self-governing commonwealths and restricting the inalienable rights of individuals, Governor Blaine charged here today in a speech while on his campaign for the progressive republican nomination for United States senator.

"The designers of our constitution intended that the United States of America should be a union of sovereign states. After the constitution was ratified, in order to more fully carry out the purposes of the founders of the government, there were written into the constitution ten amendments which were to be a guarantee of the individual citizen against invasion by the federal government, to preserve to the state the rights and powers necessary to make them vital factors in the union of states.

"Those guarantees are gradually swept away," Governor Blaine declared. Congressional acts have taken away from the states the right of a state to enact even quarantine laws to protect the products and industry of our people. Our state court decisions are set aside by federal pronouncements. State legislation is made null and void by congressional action.

"Federal espionage laws, injunctions in labor disputes, national prohibition, and other processes, have been used to protect a program of centralization, to serve an oligarchy of wealth in its mad rush of economic subjugation.

"There is a long line of federal laws, federal obligations, and federal administration designed to intimidate, to repress, to restrict, and finally to beat down the aspirations of our citizens, until the forces of centralization, of privilege and wealth, have subjugated the spirit of Americans, whose pursuit of happiness is safe only when liberty and justice find their free expression as was intended by the founders of this nation, through self-governing commonwealths unfettered by a system of paralyzing centralization of a far-off government at Washington.

Conquering privilege knows full well that when America loses her national independence and when the bill of rights and the Constitutional guarantees are set aside, the struggle for economic equality will be a hopeless task.

# SENATE KILLS FESS FARM RELIEF BILL

FARMER SENATORS TO TAKE ISSUE BEFORE VOTERS ON REVAMPED HAUGEN MEASURE

By JULIAN SNYDER (United Press Staff Correspondent) WASHINGTON, June 30—Members of the senate farm bloc will "carry on" with their fight for farm relief back home now that congress has failed to give them the legislation they desired.

Farmer senators made known today they will take the issue before the voters this fall and will revive their Haugen equalization fee bill at the December session.

Three weeks' wrangling in the senate over farm relief came to an end with a tumultuous ten hour session yesterday, featured by the overwhelming defeat of the Coolidge-endorsed, Fess farm loan bill and all other farm bills except a co-operative measure which was passed without a roll call just before adjournment at 9:30 p. m.

The co-operative bill which sets up a division in the department of agriculture to "promote" co-operative marketing, has passed the house. It represents the sum total of what the farmer has received from the present session. Adjournment of congress is now set for Saturday night.

Desert Coolidge Standard The overwhelming defeat of the Fess bill, which had been repudiated by farmer senators as a "worthless makeshift," was brought about when Republican senators in an "amazing stampede" deserted the Coolidge standard. The bout was unexpected as advance polls had showed a close vote. The measure went down to defeat, 54 to 26.

The bill proposed to appropriate \$100,000,000 for loans to co-operative farm organizations.

Following defeat of the Fess bill the senate remained in continuous session until all other farm bills had been disposed of. After the co-operative bill was passed the Dill radio commission measure was made the business for today and the senate adjourned.

# SNAKE BATTLE PROVES TO BE LIKE SOME PRIZE FIGHTS

HOUSTON, Tex. (U.P.)—Like many twentieth century ring battles in which the principals avoid an exchange of heavy punches the much heralded "fight to a finish" last night between Texas rattlesnakes and Missouri black snakes proved a "bloomer."

As a result of the fight between the reptiles which was arranged in real championship style Texans concluded that they would not import 10,000 Missouri black snakes to exterminate the Texas rattle snake herds. The encounter was held "in the interests of science" and drew hundreds to the ringside. It was held to determine the superiority of the two species.

A fierce fight on the Fess farm loan bill began in the senate as soon as it was offered by Senator Fess, Republican, Ohio. The farm bloc, led by Senator Johnson, Republican, California, and Geo. W. Norris, Republican, Nebraska, led the attack.

Senator Wheeler, Democrat, Montana, openly charged Secretaries Hoover and Jardine had joined in a conspiracy to support the measure as part of a scheme to benefit Chicago interests that desired to dispose of a lot of "worthless grain elevators," Wheeler said the Rosenbaum and Armour interests that banked the old grain marketing company would be enabled by the bill to sell the elevators to "co-operatives" which would borrow from the \$100,000,000 fund.

Following defeat of the Fess bill, the senate defeated an amendment of Senator Howell, Republican, Nebraska, to apply the Haugen equalization fee to wheat. The vote was 22 to 55.

The senate then defeated the Robinson farmers export corporation plan, 51 to 26.

Senator Robinson, Democrat, Ark., withdrew his tariff reduction amendment after Senator Curtis, Republican, Kansas, succeeded in changing it into a "protectionist" measure. Senator Reed, Democrat, Missouri, also tacked on an amendment making the use of "political influences" upon members of the tariff commission a felony punishable by a fine of \$10,000 or one year in prison.

Consideration of this amendment caused a tumult. Senator Norris, was defeated on a motion for a recess by a vote of 16 to 60.

Senator Reed precipitated another outburst by moving to take up the rivers and harbors bill but withdrew his motion later.

The senate then successively voted down three bills to lower freight rates. The bills were offered by Senators Mayfield, Democrat, Texas; Harris, Democrat, Georgia, and Howell, Republican, Nebraska.

Finally Senator Neelv asked that debate be limited to one minute and this caused an immediate affirmative vote on the co-operative bill, the last farm bill on the list.

# MUKWONAGO CERTAIN OF NEW TEMPLE

As the result of a recent meeting, the new temple, so long planned for by Laffin Lodge No. 247, F. & A. M., Mukwonago, is to become a reality. During the past week a committee composed of Wm. Kingston, David Hunter and Martin Hanson have been making trips to a number of neighboring towns to inspect their Masonic buildings with a view to gathering ideas that may prove helpful in the task of construction here. A plan has been submitted by a Milwaukee firm, but this is only tentative. Among the places visited by the committee were Pewaukee, Dousman, Palmyra, Whitewater and Elkhorn.

The above mentioned committee is working hand in hand with the finance committee, which is made up of Dr. R. E. Boldt, Dr. J. C. Harland, H. R. Lobdell, Laurel Hause and Chas. F. Hunter. Owing largely to the work of these members of Laffin Lodge during the past weeks the total now on hand amounts to about \$17,500, exclusive of the lots now owned and upon which the proposed temple is to be built. These are valued at \$2,500. The cost of the new building will be in the neighborhood of \$30,000.

# INDUSTRIAL SCHOOL GRADUATES 24

Graduating exercises of the class of Nineteen Hundred Twenty-Six at the Wisconsin Industrial School for Boys were held Friday night in the Assembly hall. At this time twenty-four boys were graduated from the eighth grade. The following program was given: Musical Selection—W. I. S. band. Salutatory—Ben Skudlarek. Vocal Selection "The Storm Fiend"—W. I. S. Glee club. Class Prophecy—Merrill Shaw. Vocal "The Comrade's Song of Hope"—W. I. S. Glee club. Musical Selection—W. I. S. band. Valetictory—Frank Matalik. Diploma presentation.

A deafening shout went up from the galleries as three ferocious rattlers took their corners in a huge glass arena. A challenging black snake entered and the starting gong echoed a ring.

The black snake moved over to the rattlers' corner and clinched with one of the defenders. And then, as if an agreement had been entered before the conflict, all four cuddled up and went into the arms of Morpheus.

Other snakes were produced but with the same result. Finally, Referee Nagel, manifesting great disgust, declared the bout off. His announcement drew a volley of cat-calls from the gallery.

# BUTTER SHOWS IMPROVEMENT DURING WEEK

CHEESE TRADING FAIR WHILE EGGS AT CLOSE OF WEEK MOVED SLOWLY

MADISON, Wis. (U.P.)—Following is the weekly review of markets by the Wisconsin state department of markets:

"BUTTER—The butter markets have shown a decided improvement during the past week. There was a more active demand for consumptive and storage needs, and several fractional price advances took place. Trade was fairly active. Dealers, however, were holding supplies closely. Towards the close of the week there was less demand for consumptive needs and more demand for storage purposes. Supplies were liberal. Centralized car market trading was fair. Butter prices are three cents lower than a year ago at this time.

"CHEESE—Trading was fairly active on fresh and held cheese. In view of favorable weather conditions and a considerable surplus in cold storage holdings over last year, a conservative policy in regard to price advances is favored in some quarters. In others, however, it is stated that the prices being slightly under last year's level, the market could stand an advance with safety. Cheese prices are two cents lower than a year ago at this time. Foreign cheese prices have not changed from last week.

"EGGS—Trading at the close of last week was very dull and it was hard to move stocks. The into storage movement continues heavy and larger than last year. Receipts were lower than the previous week.

"HOGS—Slightly decreased receipts had a beneficial influence on the better grade hog market. Less desirable hogs, however, declined from 10 to 25 cents as a result of larger receipts. Shippers were active buyers of the better grade hogs. A deterioration of the quality of hogs is reported, a liberal percentage of the offerings being of the cleanup variety. Prices are about 90 cents higher than last year at this time.

"CATTLE—The fat steer market failed to show much change during the past week, although receipts were smaller. Weighty steers underwent considerable fluctuations and yearlings increased in price 25 cents. Prices are about \$1.50 lower than last year at this time.

"SHEEP—Receipts during the past week decreased materially largely as a result of a decline in prices during the previous week. Prices during the past week failed to show any change. During the fore part of the week prices on lambs advanced 25 cents, but later dropped to the previous level. Sheep prices are about 80 cents lower than a year ago at this time."

# DRUNK DRIVER LEAVES WRECKS IN HIS PATH

STRIKES FOUR CARS, OVERTURNS ONE BEFORE MACHINE TAKES DITCH

Leaving a trail of wrecked and damaged automobiles in his path Edward Popp of Milwaukee came to grief himself Saturday afternoon on highway 15, one and one-half miles south of Menomonee Falls. Popp was found "dead to the world" in his car which was in a ditch by the roadside. He was arrested by a county traffic officer.

Six months in jail or a fine of \$100 and costs was the penalty meted out by Judge T. W. Parkinson when Popp was arraigned this morning on a charge of driving while intoxicated. According to the traffic officer Popp's car collided with four different machines, overturning one heavy car into the ditch and damaging fenders and hub caps on the others. Two other cars were forced into the ditch by the drunken driver but they were not damaged.

Popp told the officer this morning that he did not remember having a collision.

"It is little short of murder for a man to drive a car in that condition," Judge Parkinson said when told of the incidents leading up to Popp's arrest.

# HAVE NEW DRUG FOR POULTRY DISEASE

MADISON—An effective remedy for ridding poultry of tapeworms has been reported by Doctors Beach and Warren, of the department of veterinary science, at the University of Wisconsin.

The drug is known as kamala, and has been proven, in the experiments of Beach and Warren, to be nearly one hundred per cent effective in ridding chickens from tapeworms.

This is the only remedy, at the present time, known to be satisfactory. Most poultry taeniacides now used cause more or less injury to the chickens, and in addition are not effective in expelling the worms.

Kamala was fed two flocks of 125 birds each, in one of the Wisconsin demonstrations, at the rate of one gram to a bird, mixed with a small amount of moistened white bread. The mixture was placed in a trough to which the birds had free access.

# HAY CROP IS HEAVY SAYS COUNTY AGENT

# KEEPER DIES AFTER CIRCUS FREAK'S DEATH

NEW YORK—(U.P.)—Broken in spirit at the death of his companion for 35 years, the ape-like circus freak Zip, "Captain" O. K. White, circus man and Zip's manager, died at the Coney Island hospital last night.

Heart disease caused his death, doctors said, but they added that death was hurried by the death of Zip in April.

# TWO CAUGHT IN ACT OF STEALING TIRE

Seth Rattle and Francis Brys of Milwaukee decided they needed a spare tire. They appropriated one from a car in Menomonee Falls without the formality of purchase. They were fined \$25 and costs each in municipal court Monday morning. Both pleaded guilty.

The tire which was taken from a car owned by Earl Parsons was returned to the owner. Parsons caught the two men in the act of stealing it from his machine.

When arraigned the men were given the alternative of paying the fine or spending three months in the county jail. They paid the fine.

# TRIAL DELAYS PROBLEM BEFORE BAR SOCIETIES

Delay in court trials, a solution of which has been before the bar association of America for many years, was the question of main discussion at the state bar association convention which was held recently in Kenosha and attended by Judge Harvey J. Frame of this city.

The problem was discussed by several speakers, said Judge Frame, and one method of solution was the English policy which has been adopted by five states of the union. This plan calls for a referee or commissioner who examines all cases placed on the calendar. He investigates as to the merits of the action and if found there is no just cause for suit it is dismissed. If on the other hand, the suit has merit it is given a place for immediate trial.

Another English plan, that of examining all laws as to their value, which when found useless are repealed, was presented as a solution for speedier court procedure.

# GASOLINE PRICE INCREASE IS NOT CALLED FOR

STATE DEPARTMENT SAYS ADVANCE MADE TO "CLEANUP" ON THE TOURIST TRADE

MADISON, Wis. (U.P.)—Recent boost in price of 2 cents per gallon, in Wisconsin, for gasoline, by the Standard Oil company (Indiana) is an indication of the regular policy of the oil company to boost retail prices during the tourist season, above levels justified by the wholesale cost of the product at the Oklahoma refineries, according to a gasoline market review in the forthcoming issue of the Wisconsin department of markets news letter.

"The Standard Oil company (Indiana) in raising the prices of gasoline recently, not only made an unjustified increase of 10 per cent in the summer tourists' gasoline bill, but also is encouraging further waste and duplication in the retail gasoline business," the article declares.

In support of its contention that the recent advances in retail prices were unjustified, the department of markets points to the fact that the refinery market has been declining for the past five weeks, and is now at a level that leaves the local jobbers from 5 to 7 cents gross margin on the various grades.

These wide margins, it is declared, will result in the building of more stations, and a tendency to secret discriminations against the average small buyer. The letter shows that the Standard Oil company's policy of high summer prices has been fortified this year by an advance in the price of crude oil, in May.

This advance, made by Prairie Oil & Gas company, one of the Standard group, is also unjustified, according to the department. It quotes government statistics to show that present stocks on hand and the new production are more than ample for years to come.

In the same connection, reference is made to a recent official statement of the Standard Oil Company of New Jersey, to the effect that present stocks of crude oil are excessive and should be reduced.

# SPEED UP RUNNING TIME TO MADISON

Faster and more frequent transportation service between Waukesha and Madison will be offered beginning on July 8, it is announced by the Electric company and the Wisconsin Motor Bus Lines.

Through bus service over highway 19, between Milwaukee and Madison, will be discontinued, and instead, passengers will be taken to Watertown, on the interurban cars and on to Madison, by bus. This will place Waukesha on the new Milwaukee-Madison route.

Lower fares to Madison will also be made possible by the railway-bus combination, it is announced.

Electric trains making the Madison bus connection at Watertown will leave Waukesha at 8:20 A. M., 12:30 and 6:20 P. M., and returning, buses will leave Madison at 8:15 A. M., 11:05 A. M., and 6:15 P. M.

The running time on this route will be 2 hours and 35 minutes as compared with 3 hours consumed on the highway 41 bus route.

Schedules on the highway 41 all-bus route will remain unchanged except that the two afternoon westbound trips will be consolidated into one, leaving Waukesha at 5:20 P. M.

# FARM HOUSE IS BURNED; LOSS ESTIMATED AT \$10,000

MENOMONEE FALLS.—The farm home of William Liebau, a landmark in Waukesha county, between Lannon and Marcy, was burned Monday morning in a fire which is believed to have started from a defective chimney. The loss is estimated at \$10,000.

# WOULD KEEP BANKS SAFE FROM BANDITS

SHERIFF AND COUNTY AUTHORITIES MEET WITH HEADS OF COUNTY BANKS

Waukesha county bankers will carry out the vigilante plan for the safeguarding of banks and commercial institutions against robbery despite the opposition of Governor Blaine. This decision was reached at a meeting of the county bankers' association at Oconomowoc last week. The protective committee was ordered to take such steps as are necessary to carry out the plan.

A. M. DeVoursney, manager of the protective department of the Wisconsin Bankers association was the principal speaker. He explained the plan in detail and told of the results which have been obtained where it has been carried out.

Practically every bank in Waukesha county was represented. Sheriff Owen Owens, Under Sheriff Phil Herbrand, District Attorney Salen, Charles Jones, chairman of the county board of supervisors and other county officials were present.

Mr. DeVoursney said in his address that the movement is not a reflection upon the conduct of their office by the sheriffs of Wisconsin. In most cases, he said, they have done their best with the equipment and personnel of their offices to prevent crime and to apprehend criminals.

The vigilante plan is simple he pointed out. It places all those appointed under the sheriffs and gives the county officials a force of armed men who will be ready to respond immediately when robberies or other crimes are committed. The effect of such an organization, he pointed out, is to reduce the number of crimes. He cited statistics showing that there have been fewer robberies in communities where vigilantes are operating.

The speaker criticized Governor Blaine for his objection to the plan.

# SPARE THE WILD FLOWERS

These are the days when wild flowers are everywhere seen along the country highways. Likewise, since the automobiles became omnipresent, they are the days when wild flowers are destroyed by tourists of every variety. Thus it is that the coming of the flower season demonstrates the truth of the observation, often made, that one half the world is busy undoing what the other half does. It seems the same signs of spring are interpreted by some as a signal to begin planting, cultivating, building and restoring and by others as their cue to begin picking, plucking, digging and destroying.

During the early growing season one can find most anywhere the anomalous situation of men and women planting shrubs and flowers in their town lawns and gardens and recklessly plucking every wild blossom in sight and tearing greens and plants—root, stem and leaf—out of the soil of fields and hillsides bordering country roads. Must one assume from this that mankind is more anxious to make his cities beautiful than to preserve the natural beauties of the open country?

The time is here when the public must choose between gratifying its present desire to pick the wild flowers and greens and its inevitable future desire to drive along motor highways banked with spring flowers and graceful ferns. It can not have both.

Before the automobile came into general use there was some excuse for those who seldom get beyond where the pavement ends to pick every flower and dig up every plant encountered on their infrequent excursions into the fields and hills. Now that the automobile has made the open country almost constantly accessible to nature lovers, the latter should strive to preserve the wild flowers for future visits instead of plucking them at first sight.

# HUSBAND IS GRANTED DECREE OF DIVORCE

Edward Price of Genesee was granted a divorce from Emma Price, on a cross bill in County Judge David W. Agnew's court, Tuesday. Mrs. Price filed the original complaint. The decree was granted to the husband on the grounds of cruel and inhuman treatment.

Price was ordered to pay \$4,200 as a final division of property owned jointly by the pair. He was also ordered to pay \$45 a month for the support of his three children.

Charges against the wife, made in a deposition by the husband, were not brought out in the hearing.

Price is operator of a soft drink parlor, pool room and dance hall at Genesee.

## DAIRYMEN PLAN EXPANSION OF INDUSTRY HERE

Milk from Waukesha county probably will be transported to the Chicago market, in tank cars, in the near future if plans of the dairymen are carried out. J. F. Thomas, county Agt., says. Interest in dairying is showing constant increase here, and Waukesha County herds are famous throughout the United States.

Guernsey breeders, this week, dedicated a new milk receiving station on North street, where milk is collected by a Chicago company, for shipment to that city. The farmers held a meeting at the Stock pavilion and were addressed by A. J. Grover, editor of Hoard's Dairyman.

Thirty Holstein breeders from Marinette county, this week inspected the Holstein herds of Waukesha county, including the Carnation herd at Oconomowoc. They were accompanied by Charles Drewry, county agricultural agent of Marinette county.

The visitors were well pleased with the registered herds of this county and several intimated that they would return later to purchase breeding stock.

## DEMOCRATS NAME 28 DELEGATES AT CONVENTION

COUNTY TICKET TO BE ARRANGED FOR IN NEAR FUTURE IS BELIEF

Between 50 and 75 Waukesha county democrats assembled in the court house on Saturday afternoon following a call issued by county chairman, George Dwinell, at which time twenty-eight delegates were elected to represent the county at the state convention to be held in Milwaukee on Tuesday.

It was thought likely that a county ticket would be made up at this time but there was no action taken. Another meeting will probably be held following the state convention at which time county candidates will be chosen for the fall election.

Harmony prevailed at Saturday's meeting and the following were elected delegates:

George Dwinell, Morgan R. Butler, C. Holmes Daubner, A. J. Dopp, B. A. Hoffman, Jay Laing, Edward Walsh, A. F. Spillard, Mrs. T. W. Murphy, Hans Frank, Walter Caldwell, R. H. Wilbur, Dr. F. J. Woodhead, Mrs. D. L. Martin, Mrs. Perry Friz, Mrs. R. A. Warden, Mrs. Mitchell Mackie, Mrs. May Ovegton, Waukesha; Judson Hall, Merton; Charles J. Hahn, Delafield; Joseph Linehan, Genesee Depot; Henry Loibl, Eagle; Tim T. Cronin, John Flanagan, Oconomowoc; Asa H. Craig, Mukwonago; Frank Grogan, Sussex; W. B. Leonard, Brookfield.

## CONTRIBUTIONS NOW AVERAGE \$40,000 MONTHLY

WITNESS SAYS ORGANIZATION SPENT BUT \$3,500 IN BEHALF OF VARE

WASHINGTON, June 30 (U.P.)—The association against the prohibition amendment is now raising and spending about half a million dollars a year to agitate repeal of the Volstead Act. Wm. H. Stayton, founder of the wet organization, told the senate primary investigating committee today.

Contributions are accumulating at a rate of \$40,000 a month, Stayton said, and increasing all the time. Last year the average was about \$25,000 a month.

Up to March last year, the organization spent in all about \$800,000.

Stayton with a manifest air of pride said he had started off with nothing in 1919.

Spent Only \$3,500

In reference to the Pennsylvania primary Stayton said he held several conferences with Chas. S. Wood, head of the Pennsylvania wet organization. Wood also enlisted support of John T. Flood, said Stayton, when Flood agreed to help with his political organization.

"We decided to support Wm. S. Vare, the wet candidate," said Stayton.

Wood asked Stayton for \$3,500 to be expended during the primary for mass meetings and posters. "I sent him the \$3,500 and that is the total

amount expended by our organization in the primary," said Stayton. "I understood Mr. Wood held the mass meetings."

"You are preparing for the coming election there?" asked Senator King, Democrat, Utah.

"Well, yes, but we do not intend to spend much money there," the witness replied, "because we would rather put our money into pastures that are not so good."

### Choice of Two Evils

"What literature did you send out during the primary campaign?"

"We sent letters and statements to the effect that while Vare was connected with a Philadelphia organization of which he would have to bear the odium he had the moral courage to state in position on this issue while Senator Pepper did not."

"Your support of Vare then was a choice between two evils?" asked Senator Goff, Democrat, West Virginia.

"Yes, it was." The committee adjourned at this point until 2 p. m. when Stayton will resume the stand.

## TWO INJURED IN WRECK ON HIGHWAY 41

DRIVER THROWN THROUGH WINDSHIELD, BADLY CUT; 16 INJURED AT MILWAUKEE

Two men are in the municipal hospital suffering from severe cuts and bruises as a result of an automobile crash on highway 41 just west of the city Sunday at 5:45 p. m. Harry Wright, driver of one of the cars and Albert Hauge his companion are the two victims of the accident. They live at Stoughton, Wis.

Wright was driving a light coupe. He attempted to pass another car on the highway and his machine crashed into a heavy car driven by Carl Lumberg of Milwaukee. Wright was thrown through the windshield, Hauge was badly cut by flying glass. Occupants of the heavy car were badly shaken up but none was seriously injured.

### Traffic Heavy

Traffic on the highways of Waukesha county was heavier Sunday than at any time this year county traffic officers said. The wreck on 41 was the only serious accident reported to the sheriff's department.

All roads leading to Waukesha and to the lake resorts in the county were crowded with motor vehicles from early in the morning until far into the night.
