WAR PICTURE TO BE SHOWN  
HERE SATURDAY NIGHT, MARCH  
21ST AT EAGLE OPERA HOUSE

The famous war picture entitled "Wisconsin in Action" will be run at the Opera House, Saturday night, March 21st, show to start at 8:00 o'clock.

This picture has already been shown in many other prominent Wisconsin cities and is strictly a war film, consisting of actual photographs of scenes at the front taken during the World War, which have only been recently released by the government for the benefit of the movies.

Everyone should be highly interested in seeing this picture, since it tells of the great part our own state of Wisconsin played in helping to win the world war.

A comic feature will also be run which will provide everybody with a good laugh.

This may be your only chance to see "Wisconsin in Action" so do not fail to come. Remember the date, Saturday night at 8:00 o'clock at the Eagle Opera House. Admission 25 and 40 cents.

### PEWAUKEE

Herbert Liedtke, Long Beach, Calif., son of Gustav Liedtke, Waukesha, was recently married to Miss Virginia Burge, in the bride's home at Long Beach, by the Rev. Leroy Boswick, pastor of the East Long Beach Methodist church. A California newspaper item states that spring flowers formed a charming setting for the nuptial ceremony. A large number of guests attended the wedding dinner after which the newlyweds left on a motor trip to San Diego. Mr. Liedtke is a native of Duplainville and has only a few years since located in California. Mrs. A. W. Scheele was pleasantly surprised last Sunday noon to find herself guest of honor at a fine turkey dinner in the home of her son, Dr. Frank Scheele, and his wife, in Waukesha. The dinner was in celebration of her birthday anniversary which was due two days later, March 17. The dining room and table were prettily decorated in honor of St. Patrick's day. Mr. and Mrs. T. C. Woolley, who have been living with Mr. Woolley's sister, Mrs. J. R. Shannon, and family for a year, have moved into the new house Elmer Schmutzler had built on the lot which was part of the Ella Donahou estate. There will be no school between March 27 and April 6, this being the annual spring vacation.

Mr. and Mrs. Alex Hayes and daughter, Miss Jessie Hayes, visited in the home of Joseph Hayes, in Milwaukee, Sunday. Aircroft farm has contributed eight head of cattle to the Dairy show in Waukesha this week. Miss "Tony" Arnold was a guest in the Emma Peffer home last week. Despite the snowstorm which prevailed here Friday evening, more than a hundred folks attended the moving picture show of "Peter Pan" which was given in the school auditorium under the auspices of the

Dr. Doran is a regular graduate in medicine and surgery and is licensed by the state of Wisconsin.

He does not operate for chronic appendicitis, gall stones, ulcers of the stomach, goitre or other chronic diseases.

He has to his credit many wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bedwetting, catarrh, leg ulcers and rectal ailments.

Below are the names of a few of his many satisfied patients in Wisconsin.

Mr. Arthur Scoles, Route 2, Osseo, ulcer of the stomach.  
Mrs. E. C. Cook, 701 So. Hazel St., Glenwood, Ia., ulcers of the leg.  
Mrs. G. C. Tilleson, Route 8, Menomonie, Wis., gall bladder trouble and high blood pressure.

Mrs. Peter Laager, 197 Chamber St., Monroe, Wis., hayfever and nervous breakdown.

Mr. Geo. H. Gould, Angus, Wis., 8-year-old son John, enteritis and inflammation of the bowels.

Miss Lena Johnson, Deforest, Wis., goitre.  
Mrs. Ed. Trickle, Browntown, Wis., bronchial asthma.

sewing class of the high school. As the film is a very expensive one there was no profit in the venture, but those who saw the film appreciated the privilege and regretted that more could not see it.

Mrs. J. R. Shannon, her mother, Mrs. Mary Woolley, and Mrs. T. C. Woolley, who are living in the Ely homestead, were hostesses to the Ladies' Aid society of the M. E. church last week. This was a guest day and there were about 25 ladies present. The society is making preparations for a bazaar to be held this summer. The Pewaukee Parent-Teacher meeting Monday evening was well attended and interesting as usual. The moving pictures showing the manufacture of films by the Eastman Kodak Co., were highly interesting and educational, but much to the regret of the entertainment committee the film, "Mill On the Floss," did not arrive here from Madison as expected. The association presented the school with a small electric heater and a pair of army blankets, for the rest room. A committee of men served excellent coffee, rolls and hot wieners. Dudley eBaumont, son of Mr. and Mrs. ley Beaumont, son of Mr. and Mrs. sick for several weeks with a complication of diseases, but is now recovering. In this column last week through a typographical error the statement was made that T. M. E. R. & L. Co., would run a bus line on the Sussex road. The company will run an electric light cable, not a bus line.

### OTTAWA

The annual every-member canvass of the Ottawa Presbyterian church will take place on Sunday morning. The canvassers will meet at the church before starting on their rounds. Word has been received of

## NEW BUTLER

The following letter has been received by Mrs. E. Williamson, school clerk: "On March 4, state graded school supervisor, G. H. Landgraf in company with county superintendent, G. B. Rhoads, visited the New Butler school and I am glad to say has made a very satisfactory report on the building and teaching staff to this office.

"He reports the school, housed in one good two room brick building and in two wood barracks, all of which are in good repair, very neatly decorated; with good heat, light, and ventilation, excellent janitor service and comfortable and attractive rooms. He was particularly pleased at the very clean condition of the building; showing excellent janitor service and good house keeping on the part of your teachers. He also noted the fact that the school ground is very completely equipped with high grade play ground apparatus.

"The supervisor was well impressed with the work your teachers are doing. Your principal, especially, is a very able woman and is managing her own room and her school in a very satisfactory manner. All of the other teachers, however, were doing work that ranked from very fair to good. All are using modern methods with good results; with their school rooms orderly and well at work. He ranks your school as rather better than the average of state graded schools. Your school appears to be well supplied with the necessary equipment.

"Wishing you continued success with your school, I am,

Yours very truly,  
JOHN CALLAHAN,  
State Superintendent."

The public library, which has been given space in the Green drug store, is being well patronized. Most of the books (about fifty in number, belonging to the state) are in constant use. They may be drawn on Thursday evenings, from 7 to 8 o'clock. Starting a library of our own is being considered. It may behoove us to scan our book shelves. Duplicates may be found when a single copy is all one cares to keep. School books, though out of date, still have an educational value; works of standard authors as well as modern fiction; history, and art; all will help to form a nucleus whose growth and power we can only guess at. Those who are interested may communicate with Mrs. Ralph Knapp, president of the P.-T. A.

The committee appointed to represent the P.-T. A., in the purchase of a picture to be hung in the new bungalow school house, chose a very good likeness of President Calvin Coolidge.—A meeting of the Ladies' Aid Society of Pilgrim church, was held in the church parlors, on March 11. A quilt was tied prior to the business meeting which was followed by a tray-lunch served by Mmes. B. N. Brokaw and Martin Vanstorm. Plans were made for a supper to be given on Saturday evening, April 4. The food will be prepared by the ladies and served in family style.—The T. E. C. girls met with Mrs. A. F. Fulz, at the home of W. R. Little, on March 10.—Quite a number of villagers have been enthusiastic spectators at the basketball tournament in Hartland, the latter part of last week.

One day last week, in the "Old orchard" near W. J. Lepley's, appeared two robins, and while being observed by members of the family a flock of twenty-two joined the first two.—The T. E. C. girls are working on a magazine subscription contest. St. Agnes' boys are helping to dispose of a boiler set.—One hundred and fifty snow shovelers were busy clearing the C. & N. W. Ry. tracks here, on Saturday.—Mrs. Deforest Ingersoll entertained for her sister, Miss Hilda Olson, at her home on Burling Avenue, Milwaukee, Thursday evening. Those who attended, from here, were Mrs. Henry Olson and the Misses Maude and Evelyn McDermott. Miss Maude McDermott received first prize in bunco.—Miss Louise Voit, departed from New Butler, Saturday evening, for a trip to California.—S. W. Bennett was in Green Bay during the past week.—Ren Greeley is ill with the gripp.—P. D. Shipley, Wilmette, Ill., was a Sunday visitor, here.

Miss Helen Graham gave a birthday surprise party for Thomas Clarke, Monday evening. Games and dancing proved pleasant pastime. Among the young folks present were Misses Jean Clarke, Evelyn Litcher, Geraldine Spowart, Helen Graham, Ethel Davis, Gladys Cooper, Mary Hess, Gladys McDermott, Lorraine Baggs, Esther Widt, Genevieve Dorneck, and Vera West, and Messrs. Thomas Clarke, Inglis Spowart, Wilson Pluckhahn, Charles and John Graham, Miles McDermott, Forrest Dwyer, Phillip Stevens, Marion Moranty, Frank Koffler, George Hoye, Lester Wildt, Hollie Lepley, and John Wross.

Despite the storm, Friday evening, a number of schoolmates of Agnes Stevens remembered her birthday anniversary by arranging a party in her honor. The venturesome ones who braved the storm to attend, were Neta Roderick and Sterling West, Thomas Lepley, Beulah Hill, Julian Bennett, Dorothy, Agnes, May, Clayton, and Phillip Stevens.

Mrs. Edward Troyen entertained at a party, Saturday evening, when her sister, Miss Ellen Fagan was guest of honor. It was the latter's birthday anniversary. Those who participated were the Misses Gladys McDermott, Mary Hess, Lorraine Baggs,

Evelyn Litcher, Ethel Davis, Jean Clarke, Geneva McCuen, Anna Lackovic, Gladys and Lucile Cooper, Ursula Vanstorm, Mildred and Ellen Fagan, Helen Graham, and Messrs. Inglis Spowart, Charles Graham, Forrest Dwyer, Miles McDermott, Wilson Pluckhahn, Marion Moranty, George Clarke, Marlon Fagan, Harold Coen, Harvey O'Connell, and C. Pelter.

Mr. and Mrs. Ralph Knapp and daughter, Florence, spent the week-end with their daughter, Mrs. Leonard Wilgrubs, in Milwaukee.—Miss Laura Wetzel, West Allis, was a week-end guest, here.—Miss Lucile Knapp, of Platt, spent a short time in New Butler, recently.—Mrs. Edward McKinney and daughter, Mrs. Richard Hazeltine, visited at Des Moines, the past week.—Mrs. William Hazeltine is making an extended visit in Jefferson, Iowa and in Omaha, Neb.—Little Earl Whippert, son of Mrs. O. Whippert, who became ill soon after accidentally swallowing a steel ball, has recovered and is again attending school. Troyen home, on Saturday.—Sunday visitors in the William Pluckhahn home were Mr. and Mrs. J. J. Lenken and Edward Burmeister, Milwaukee.—Miss Maude Halmrest and Fred Bell, Milwaukee, were New Butler callers, on Sunday.—Rev. A. F. Fulz, Evanston, Ill., made several calls during his brief sojourn in New Butler, recently.

## GENESEE

Many from here are planning to attend the Dairy Show in Waukesha.—Arlin Turkotskie has been appointed as best speller in the Genesee state graded school and will enter in the spelling contest at the Dairy show.—The seventh and eighth grades of Genesee school are sending booklets on the subject of Dairying, to the Dairy show.—Edw. Price saw a robin on Thursday.—Fred Schwinn is installing electric lights in the residence of Mr. and Mrs. F. Zimmerman.—William Frank, of Saylesville, had a run-away on March 11, when his horse became frightened, broke the harness and smashed the buggy.—Herman Ludtke, while loading milk cases at the station, fell and broke a rib.—George Norrie is expected home from Los Angeles, soon. Miss Olga Freudenstine has recovered from an attack of the "flu".

Herbert Rehberg operated the Green motor bus between Milwaukee and Janesville, on Friday. On account of the heavy fall of snow, the buses were not operated between Milwaukee and Janesville, on Saturday and Sunday. The county snow plow cleared highway No. 59 on Sunday. Many of the Morey Condensery milk trucks were stalled on Saturday. Milk was hauled by the farmers, with teams.—Joe Ziner, of Pleasant View farm, was thrown between the two horses of his team, when they became frightened. He had a narrow escape from injury.—Venn Jeffery of Milwaukee spent the week-end with Mr. and Mrs. J. Zimmerman.

Carolyn Mills, Verna Sayles, and Norma Keppen were in Waukesha on Sunday.—The Ladies' Aid will meet at the home of Mrs. Carl Olson, on Thursday afternoon.—Lenten services will be held at the home of Mrs. Carl Olson, on Thursday, at 7:30 o'clock.—Children's services will be held at 7 o'clock.—Gordon Matters spent Monday in Milwaukee.—Charles Craig-mile, Jr., took a trip to Port Atkinson, on Sunday.

## MUKWONAGO

Mr. and Mrs. Elmer Andrews, who have been spending the winter in Florida, returned home on Sunday evening, in time to see the heavy fall of snow.—Mrs. J. C. Harland and Louis Schultz have been on the sick list, the past week.—Forest Lobdell attended the Carroll College class party on Saturday evening.—Mrs. Ernest Rentelman entertained relatives, at dinner, on Sunday.—Early last Friday morning, fire was discovered in John Mundschaus dwelling house. The house was badly damaged by the blaze, especially the interior portions. Walls and roof were very little damaged.—The Sewing class, under direction of Miss Sadie McNulty, met on Thursday, in the home of Mrs. John West.—Mrs. J. J. Devlin, of Milwaukee spent Thursday with her sister, Mrs. Fred Jacobs, and attended the meeting of the Catholic Ladies' Aid society.

Miss Eleanor Huenig spent the week-end with her people, at Watertown.—Mrs. Arthur McAdams entertained the following relatives, on Sunday: Mr. and Mrs. J. Olson, Mr. and Mrs. Paul Mundschaus, Nicholas Mundschaus, of Dousman, and Jack and William Kroegge, of Milwaukee.—Mr. and Mrs. Charles McCarthy, A. Prasser, and son, Allen, of Milwaukee, were Sunday guests of Mr. and Mrs. R. Prasser.

Mrs. Edith Green and her mother, Mrs. Emily K. Smart, returned home on Saturday, from a two-weeks' stay with friends and relatives in Brodhead. They were summoned there by the illness and subsequent death of Mrs. Green's uncle, P. W. Brewer.—Mr. and Mrs. Eric Borhahl, of Muskego, spent March 10 with their

daughter, Mrs. Paul Nawatske.—Clifford Stickle and Max Nawatske have rented the E. S. Kellogg farm.—The I. Edwards family will remove to a farm near East Troy.—The Ladies' Aid Society of the Congregational church met on Wednesday afternoon. Mmes. Elmer Austin, Thomas Carroll, George Gerity, and Joseph Bowd will serve as hostesses.—A number of residents of Mukwonago attended the ladies' minstrel entertainment at the East Troy Opera House, on March 10 and 11.—Mrs. M. W. Clefton entertained friends at dinner, on Friday.—Little Miss Cornelia Smith has been sick the past week.—Mr. and Mrs. William Box, of Lake Beulah, spent Sunday afternoon with Mrs. Lena Box.—Emery Porter, of Milwaukee, has been sick for the past two weeks. He is at the home of his parents, Mr. and Mrs. John Porter.—Postmaster Martin and wife have removed from the Maloney residence to the John Goetsch residence on Milwaukee avenue.—Lee Lobdell, who has been seriously sick the past two weeks, is much improved in health.

## MERTON

The Methodist Aid society met on Tuesday at the church, on account of the illness of Mrs. Venter. Mrs. W. Kunz will be hostess for the next meeting on April 1.—The Evangelical Aid society met on Thursday. Lottie Venter will be hostess for the next meeting on April 16.—Mrs. Paul C. Hahn gave a recital and party for the younger pupils of her music class, on a Saturday afternoon.—Mr. Richards, principal of the school, was given a surprise on Friday evening by his pupils, in honor of his birthday anniversary.—Mrs. Herman Venter recently made a visit to relatives at Fort Atkinson.—Mrs. Ernest Beckman has returned home from the hospital.—Mrs. Koepke is confined to her bed with neuralgia of the nerves.—On Saturday afternoon, March 21, the Methodist Aid society will hold a bake sale at Frank Pritzliff's store.—On Friday evening, March 20, the young people of the Baptist church will give a social in the church parlors.

# WAUKESHA IS BEHIND GAME IN AREA TEST

## INDIVIDUAL FARMERS KEPT COUNTRY IN LEAD IN EARLIER YEARS

About a year ago a movement was started in Waukesha county to see what could be done about an area test. This committee appointed local solicitors in practically every school district. A number of these solicitors have reported, but in a few cases they have not, and a number refused to circulate a petition, which has made it doubly hard to get results. Eight meetings were held in the county during the year where the area test plan was discussed. The results so far are that four out of the 16 townships have sufficient signers, namely, Waukesha, Pewaukee, Genesee, Ottawa, with Eagle, Muskego, Lisbon and Delafield close to the 60 percent mark. Poor results were secured in Menomonee, Summit, Brookfield, New Berlin and Oconomowoc.

New solicitors will be appointed in a number of these townships later to see if the work cannot be cleared up. Even though the signers are secured at once, it will be two or three years before Waukesha county will get an area test because there are eighteen counties on the waiting list to be tested. Twenty counties have completed the test, twenty-one are circulating petitions and only fourteen counties have taken no action. The men who are opposing the test, say its proponents, should stop to consider what the livestock interest means to Waukesha county.

## Individuals Made Tests

The Waukesha county cattle breeders have been testing their herds for tuberculosis for a number of years, in fact, until the area test work was started, Waukesha county always stood at the head of the list as far as tubercular testing is concerned. The number of cattle tested in the county during recent years is shown below:

July 1, 1916, to July 1, 1917.....	8,899
July 1, 1917, to July 1, 1918.....	10,155
July 1, 1918, to July 1, 1920.....	29,143
July 1, 1920, to July 1, 1921.....	9,042
July 1, 1921, to July 1, 1922.....	12,299

These figures will prove that the farmers of Waukesha county believe in the area test, but few do not practice testing regularly, which is partly responsible for the comparatively large number of reactors found in Waukesha county, although the percentage will run lower than for the majority of Southern Wisconsin or Northern Illinois counties. The percentage of reactors is growing less each year, and by the aid of one complete area test, tuberculosis should be almost eliminated.

**Began Fight Against T. B. in '82**  
The struggle against tuberculosis in domestic animals dates from the discovery of the tubercle bacillus (the germ of the disease) by Koch in 1882, and the discovery in 1890 of a

means of diagnosing the disease in the living animal—the tuberculin test. The fight against the disease has varied greatly in different parts of the world, not only in intensity but in methods employed.

The extent to which farmers have made use of the tuberculin test depends upon the attitude of the state, as expressed in its laws or lack of them, and upon the work done by the respective boards and institutions whose duty it is to protect the livestock interests and to promote agricultural education. Thank goodness, the state of Wisconsin has promoted this work in every way possible, although other states are beginning to lead. Wisconsin was the first state to pass an area test law, and now a good many states have such a law, taken from the Wisconsin law. Among them are Iowa, Indiana and New York. The last legislature voted \$550,000 for tuberculin testing in Wisconsin. New York state voted \$2,500,000 for 1924 and 1925. Already thirty counties have completed the area test and ten more will be added by the middle of the summer. Obviously, if Wisconsin is to maintain her lead in this work, testing will have to be pushed with renewed vigor.

## Yearly Tests Pay U. of W.

Does continued testing pay? In 1893 the dairy herd at the University of Wisconsin was tested and twenty-five out of thirty animals were found to be tubercular. The herd was destroyed, a new herd built up, and in spite of constant changes by purchase of animals, a healthy herd has been maintained for twenty years by a yearly test. Many Waukesha county herds have followed the same practice and these herds are free from tuberculosis, but very frequently we hear of some farmer losing the majority of his herd because he has failed to test for a number of years and because he has been careless about preventive measures such as sanitation, purchasing tubercular cattle, hogs or poultry.

## Business Going Out of County

Waukesha county is known as one of the greatest dairy counties in the world. She has always shipped a large number of dairy cattle to other states. The breed associations developed this business through their organizations by advertising the facts about Waukesha county cattle to the outside world. In 1922, Waukesha county shipped 4,795 cattle to other states. In 1923, only 3,972 cattle were shipped out of the county. In 1924, 3,934. In 1922 the whole state of Wisconsin shipped out 42,000 cattle for breeding purposes. In 1923, the state shipped 55,000 cattle. Consequently, Waukesha county did not receive its share. The sixteen northern counties that are tuberculosis free according to the area test increased their sales 122 percent. Barron county increased its sales from 1,170 in 1922 to 2,005 in 1923, and in 1924 to 3,105. These facts alone ought to convince the Waukesha county farmer that it pays to test.

## Cost of Tuberculosis in Hogs

Six Wisconsin packing houses killed during the year ending December 31, 1923, 1,978,129 hogs, of which 481,458 were retained by the government inspectors, because they were infected with tuberculosis. Every hog retained represents a loss to every farmer who raises hogs, for the packer is obliged to charge this loss back as part of overhead expense to all the hogs he buys. That the packing trade will pay better prices for clean hogs is evidenced by the fact that in markets where the percentage of infection of tuberculosis is low, a higher price is paid. In addition, there is an offer from the packers in the northern states, of ten cents a hundred over and above the market price on all hogs raised in counties that have cleaned up tuberculosis in cattle and are certified by the U. S. Department of Agriculture as modified accredited areas. The loss by tuberculosis in 1923 was close to \$800,000.

## A Matter of Health

In addition to financial losses, the matter of health should be considered. It is a known fact that people, especially young children, contract tuberculosis from milk obtained from tubercular cows. This does not mean that all tuberculosis comes from milk, as the greater part comes from contact with tubercular people. A strong, healthy person will resist the germs, but an individual who is constitutionally weak or of lowered vitality cannot repel them and they multiply until some part of the body is infected. Neither age, sex nor race is exempt, but more persons contract tuberculosis between the ages of twenty and forty than at any other age. Fresh air, clean, wholesome food and rest are the best things to prevent the spread of tuberculosis.

## What Will Area Test Cost?

If the farmer's herd is tested by the state, it will not cost the farmer anything. If the farmer prefers to have a local veterinarian do the work, he will have to pay the expense. As long as all herds are tested the same year, the county can be placed on the Tuberculin Free list.

**PRINCE GEORGE UNDERGOES REMOVAL OF TONSILS**  
LONDON—Prince George, youngest son of King George, today underwent an operation for removal of his tonsils. The prince's condition was described as satisfactory.

# SUMMER HOME THIEVES SENT TO GREEN BAY

KLUG AND HENNIG PLEAD GUILTY TO ROBBING COTTAGES ON PEWAUKEE LAKE

Alfred Hennig and William Klug, arrested at Mauston last week on a charge of robbing cottages on Pewaukee lake during the early part of winter, were sentenced to serve 4 years in the reformatory at Green Bay when they pleaded guilty before Judge Newton Evans, Oconomowoc on Thursday. The two youths were taken to Green Bay by Sheriff Owen Owens and Deputy Peter Wolf today, making the trip by automobile.

Frank Premus was fined \$250 and costs by Judge Evans when he was found guilty of possession of home brew.

Several cases were scheduled to be heard before Judge Harvey Frame in court here today including the trial of Victor Furrer charged with selling intoxicating liquor. Vera Kumbera held, charged with larceny at the East Side meat market where she was employed as a bookkeeper, pleaded guilty to the offense. Since entering the plea, District Attorney Herman Salen has issued a warrant charging the defendant with embezzlement and the preliminary is scheduled to be heard today.

The case against Fay Cusick, West Allis, charged with mistreatment of his cows on a farm located in Waukesha county, was continued to April 1 and Peter Dentino was placed on probation for six months on a charge of liquor possession.

# MR. MEININGER COMMISSIONED AS POSTMASTER

DELAYED ORDER FOR HIM TO TAKE OFFICE ARRIVED THIS MORNING

Louis Meininger, on March 12th, received his somewhat delayed commission as postmaster at Waukesha. His appointment came a month ago but the commission did not follow immediately for some reason. This entitled Mr. Meininger to go directly into the office, but he found that he had a number of reports to make in his former capacity, which would keep him engaged until Monday.

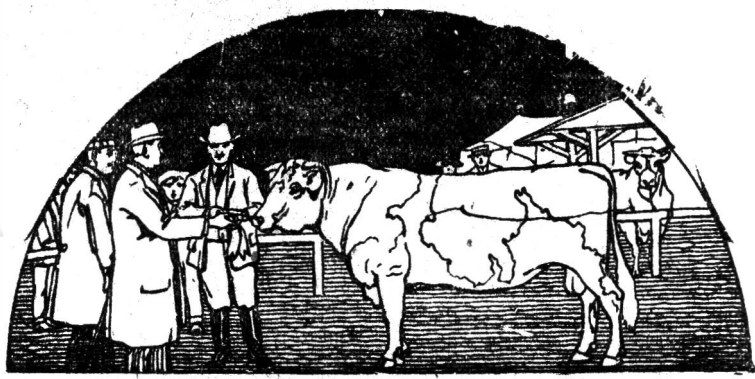

Present Clerks Promoted  
Mr. Meininger's first official act when he became postmaster, was to forward his list of appointees for the different positions in the postoffice. According to civil service regulations, all of these appointments will mean promotions from the rank of those now serving under him, but as to how these promotions will be made is a matter of his personal decision. His list is forwarded to the postoffice department in Washington for confirmation, but this is usually a mere matter of form as it is unprecedented for the postmaster's wishes in this regard to be ignored. Mr. Meininger's commission is signed by President Coolidge and Harry S. New, the postmaster general.

# WOULD RID CITY OF DOGS, CATS, SAYS RESIDENT

In support of the better cities contest which is being conducted, a reader of the Freeman, M. C. Stuhr, has suggested in a communication several things which he believes would result in the betterment of Waukesha. Of the objectionable features Mr. Stuhr cites the number of dogs and cats which, he says, destroy plant life and birds. The following is the communication:

Being very much interested in the movement for better cities that is now attracting the attention of the people of Wisconsin, and in which each and every citizen of his or her community should take a personal pride, and giving expression to our thoughts and calling attention to the facts and existing conditions.

Some good results may come through this movement that will prove of great benefit to the city and state in which we live. Almost from the very beginning Waukesha became famous through its springs and through its water has built up some of its large industrial plants. In later years with the coming of the automobile a new industry sprang up, that of the Waukesha Motor Works, through which our city has become prominent both in this and foreign countries. Waukesha has also become well known for its many institutions, hos-

AGRI-GRAMS

## Dedicated to a Better Understanding Between City and Country

By W. A. FREEHOFF

A great deal of interest in the subject of sweet clover as a pasture crop was evidenced by the farmers attending the ten-day course at Madison, recently. Professor Morrison said he believed alfalfa was a better pasture for hogs, but there were many who believed that for dairy cows sweet clover was the coming crop. Expert opinion is divided on this question, which will undoubtedly continue to receive the serious attention of the scientists at the experiment station.

The fact was also brought out at this short course that the number of hogs in Wisconsin has been greatly reduced, and that the number may continue reduced for at least another year. Prices over a five-year period averaged highest in the month of September, indicating that the March farrowed pig is the most profitable, as it may be pushed upon the market at a time when the run is not so great. By the time April, May, and even June farrowed pigs come upon the market, the food is at its height, and prices react accordingly. It is the early hog that catches the premium.

When the program for the farmers' course is made out the women are not neglected. Such questions as promotion and protection of the family health by means of proper foods, proper preparation of them, bodily hygiene, and household sanitation, as well as the saving of labor for the same ends, were the chief subjects discussed. Good home conditions are essential to the highest measure of happiness and prosperity.

A great deal of confusion is resulting from the baby chick embargo laid down by the Wisconsin authorities. This is most unfortunate but the action can be pardoned on the plea that it is wise to be cautious. In another year the officials will know more about the poultry plague which is threatening the industry, and will have the matter in hand. At least, we hope so. In the meantime, everybody had better co-operate with the department of agriculture, obey the rules, and buy only from hatcheries which are given a clean bill of health. The situation doesn't seem to be serious enough to worry about.

We have had a good deal to say about the farm orchard. Now we are given some cost estimates by a practical horticulturist, who declares that it costs about \$500 an acre to get an orchard into good bearing condition. He also declares that unless these orchards are pruned properly that all the spraying in the world will not insure the best fruit. Pruning and spraying are handmaids and should go together. Better no orchard than a rank fizzle, is his slogan, and it is a good one.

The Breeders' Gazette continues its campaign for a better tenant farming system. "The word tenant should not be a term of disparagement. The time is coming when the owner of a good lease is going to be in better position than the owner of the land covered by that lease. The men who are going to conduct the best farming of the future on our most fertile lands are going to be brainy men operating under fairly executed lease-holds. The non-resident farm owners of the middle west are combing the country all the time for capable, industrious, well-posted farmers to take charge of their lands. Thousands of discouraged men, now dragging along under a steam roller of debt, trying to own their land and work it also, would do well to look into this subject." While this kind of philosophy may not sit well with those who believe in the small home-

pitals, college, schools and churches, and for its beautiful homes, but there is more to be done in order to have Waukesha take its place as one among the best cities in the state. We must remove and clean up all the ugly and unsightly places around us, we must co-operate in the enforcement of the laws of our government.

We must rid the town of the stray dogs who are a nuisance and destroy the plants and flowers with which our homes are surrounded; and the family cats who have become a menace to the bird life of our city.

Who would care to live in a city without beautiful trees, plants and flowers, or in a place that is desolate and without the song of the birds? And yet there is great danger of this. Let us co-operate in this and remove as far as possible the objectionable features and strive to add to its honor a city beautiful. M. C. STUHR.

stead owned by the operator, there is a lot of food for thought in it, nevertheless.

The Wisconsin college of agriculture, as is its custom, "honored" five men who had performed significant work in agriculture. I believe it was very fitting that one of these men should be Frederick Crane, who has been an influence for constructive effort in Wisconsin horticulture, for many years. Crane, as secretary of the Wisconsin Horticultural society, has been in a position to build up the state's horticulture. He believes in the fall apple for Wisconsin, and in the commercial orchard. He also believes in the farm orchard provided the farmer takes care of his trees and fruit.

Another man to be honored was N. E. France, one of the best known beekeepers of the country. The men who have been doing good work in agriculture do not often receive recognition outside of their own ranks. But the little busy bee is a potent power for good in the whole agricultural program, and such men as France deserve all the credit they get for their good work.

Without in any manner wishing to reflect upon the many tax bills which have been perpetually before the legislature of Wisconsin, I wish to call attention to the fact that Florida has amended her state constitution, placing a clause therein prohibiting income and inheritance taxes. Florida knows that she has climate on her side; rich men gravitate naturally to those zones where climate is favorable. If these men are given a guarantee that neither income nor inheritance taxes will be levied by that state, a good many men will undoubtedly establish residence under the shadow of "The Glades." It would almost seem to me that a more general effort towards economy rather than the frantic search to find new sources of revenue from taxation is the crying need of this state.

The impress which electricity is making upon rural life is startling. While the radio is the latest, and is capturing rural America almost in its completeness, the development of commercial power lines is of greater significance. Light in the homes and barns, convenient and cheap power, electricity is transforming modern farm life. Whether in the form of individual plants on the farm, or by means of transmission lines, electricity is the most potent factor today in compensating for some of the hardships of farm life, by substituting a few conveniences.

# CHECK PASSERS ARE SOUGHT BY LOCAL POLICE

REPORT COMES BACK "NO FUNDS" FROM CHIPPEWA FALLS BANK, IN TWO CASES REPORTED

A woman who it is believed was accompanied by a male accomplice, is being sought by the police, following information which has reached here that two checks negotiated by an unidentified woman in the purchase of goods from local merchants, were returned here as uncollectable, and countersigned "no account". The checks were issued on March 4 and one of them was cashed at the Liberty Store and the other, at McCoy's. Both were drawn in the amount of \$14. Police believe that other checks against banks where no funds are on deposit to meet them, will be returned, and it is thought that the person or persons who negotiated the checks have already left the city, probably following a single day's "work" here.

According to David Dobrick, of the Liberty store, a tall, slim, well-dressed woman came into the store a few days before presenting the check and asked for some samples of silk. She returned and bought \$1.14 worth and then presented the check on a Chippewa Falls bank, made payable to her by one August Schmidt.

The check cashed at the McCoy store was identical in hand-writing and was also drawn on the Chippewa Falls bank. Mr. McCoy did not see the customer and is unable to say whether a man or a woman presented the check. The check in this case was made payable to a man and was signed by one C. E. Hanson. Police believe the "check shovers" are making the rounds of the cities of Wisconsin, negotiating worthless checks, and leaving for new fields before the checks are returned from the bank on which they are drawn, and pronounced worthless.

# JOHN HAYFORD, NOTED ENGINEER, PASSES AWAY

FAMOUS MATHEMATICIAN AND UNIVERSITY PROFESSOR WAS BROTHER OF B. B. HAYFORD

Word was received here March 11 of the death of John Fillmore Hayford, brother of B. B. Hayford of this city. He was recognized as one of the world's greatest mathematicians, says an article in the Chicago Tribune this morning giving an account of his death.

In the dawn of his latest recognition as one of the world's greatest practical mathematicians, John Fillmore Hayford, director of the Northwestern university college of engineering, died early yesterday morning at his residence, 1124 Judson avenue, Evanston.

He had been ill since last December of partial paralysis and heart trouble, and had not been expected to live many days. Death came at the moment his latest triumph, the acceptance of his earth measurements by the International Geodetic and Physical union at Madrid, was being broadcast in the newspapers.

Professor Hayford was born in Rouse's Point, N. Y., May 19, 1868. He was graduated as a civil engineer from Cornell university and in 1885 became an instructor there, resigning to go out as a computer with the United States coast and geodetic survey. In 1909 he was appointed head of the engineering school at Northwestern. In 1912 he was appointed chairman of the commission to settle the boundary dispute between Costa Rica and Panama. He was also made chief of the commission that investigated the cause of landslides in the Panama canal. He was appointed national adviser for aeronautics by President Wilson.

World Accepts Measurements  
"It was while he was with the geodetic survey that he obtained the data upon which he figured the values of the equatorial and polar diameters. He believed his result to be within 100 feet of absolute reckoning. Now all the nations of the earth will use his figures for computations in territorial boundaries, and his work will reach into the higher fields of astronomy.

The late President McNair of the school of mines of the University of Michigan said of him:

"In such mathematical work John F. Hayford has not an equal in the entire world, for when ordinary methods of mathematics fail his methods find the way."

Given Victoria Medal  
"He shared with the late Commodore Peary and Alexander Hamilton Rice, South American explorer, the honor of the Victoria medal of the Royal Geographical Society of Great Britain. This was given him for his research in the theory of isostasy in which he spent thirteen years. He demonstrated the existence of a force beneath the surface of the earth that tends to equalize pressure at all points and that the earth is virtually solid throughout."

# BIG BOY INN PROPRIETOR IS SENT TO WAUPUN

LUTHER THOMAS PLEADS GUILTY TO OPERATING ILL FAME HOUSE IN LANNON

Luther Thomas, charged with keeping a house of ill fame in the village of Lannon and also held on a charge of selling intoxicating liquor, pleaded guilty to the first charge, before Judge Harvey J. Frame last week Wednesday, and was sentenced to serve one year in the state penitentiary at Waupun. The prohibition law violation charge was dismissed.

Thomas operated the Big Boy Inn at Lannon, which figured so prominently in the death of a young man in that community when the car he was driving went into the ditch after the driver had left the inn. Later the place was raided by county deputies at which time a Milwaukee girl was taken into custody. She was released following the preliminary hearing after testifying in behalf of the state.

The sentence imposed affected Thomas, who wept when it was announced. Thomas is a widower and has one child, 14 years of age, living in Canada. Thomas will be taken to Waupun Thursday by county authorities.

The case against Phyllis Fraccaro was continued over the term when Judge Frame granted a motion in which it was stated the defendant could not be given a fair trial by a jury which had just found her husband, Albert Fraccaro, guilty of selling liquor.

# HIGH RECORD MADE BY 104 COWS TESTED

In the Genesee-Eagle Cow Testing association there were 521 cows tested, and 104 of them produced more than 40 lbs. butter fat. The Association average for the month was 30.9 lbs. fat.

A pure-bred Holstein owned by Roy Henderson produced 2936 lbs. milk, containing 101.7 lbs. fat, on thrice a day milking. This is the highest record for all associations in Waukesha county, for the month of February.

The second highest record in the Genesee-Eagle association was made by a grade Guernsey owned by Evan Roberts, which produced 1736 lbs. milk, 86.8 lbs. fat. Third, fourth, and fifth February records were made by cows owned by Roy Henderson, as follows, respectively, 1975 lbs. milk, containing 68 lbs. butterfat, 1665 lbs. milk, containing 66.6 lbs. butterfat, and 1962 lbs. milk, containing 62.5 lbs. fat.

Roy Henderson's herd of ten high-grade and pure-bred Holsteins made the highest herd record for the month, averaging 1791 lbs. milk, 58.3 lbs. fat. For second place there is a tie between Charles Cruver's and Thomas Muhasky's herds, both averaging 39.9 lbs. butter fat. Herd with third highest record is composed of grade and pure-bred Guernseys, is owned by Evan Roberts, and averaged 39.1 lbs. butterfat.

# FURRER FOUND NOT GUILTY BY JURY

Victor Furrer was found not guilty by a jury in municipal court on Friday charged with violation of the liquor laws. Two other defendants recently arrested following a raid pleaded guilty. They were: Hans Nelson, Menomonee Falls; and Alfred Hausman, North Prairie. Both paid fines of \$100 and cost.

MRS. RALPH VERY ILL

Mrs. Ralph, wife of the Rev. W. J. C. Ralph, who has been in poor health for so long, suffered a serious relapse and was taken to Milwaukee hospital on Saturday. Mrs. Ralph has been in a state of coma the past ten days. The very best doctors and specialists have been summoned into consultation and everything possible done to restore her. Mrs. Callow, the aged mother of Mrs. Ralph, arrived here from Duluth Sunday.

# STORM OVER; DAMAGE DONE HERE SLIGHT

COUNTY ROADS PILED HIGH, ARE BEING CLEANED BY HIGH-POWERED MOTOR PLOWS

The sun broke through the clouds during the forenoon, Saturday, and the worst snow storm in this section, this winter, blew itself out after filling the roads with many high drifts, which delayed transportation for several hours.

Snow began falling early Friday morning and continued sporadically throughout the day and night, accompanied by high velocity winds which drove the flakes into drifts at points where passage was obstructed. Wire communication suffered but little in this section, both telegraph and telephone companies reporting operating service at practically 100 per cent of normal.

Trains on the steam railways were running late of schedule time as were the interurban trains, but before 10 o'clock a. m., Saturday Waukesha-Milwaukee service was being maintained on schedule. Motor bus transportation was discontinued at least up until noon, Saturday, but was resumed during the afternoon.

Bob-sleighs which had made their appearance in the early part of the winter, were in evidence again and those residing in the rural districts who had reached the city reported many high snow banks along the country roads. The county highway commission announced that the two rotary plows and a V-shaped scraper were at work, as well as the standard scrapers and that within a short time all country roads will be opened to automobile traffic.

# DR. FRANCES JANNEY WILL RESIDE HERE

Dr. and Mrs. Francis R. Janney have returned to Waukesha to make their home and have taken the residence at 530 Grove street. Although trained for general practice Dr. Janney will specialize in children's cases. Dr. Janney spent two and a half years as assistant physician on Dr. Byron M. Caples' sanitarium staff, and for the past seven months has been in the children's department of Presbyterian hospital in New York city.

# IOWA SHELVES THE CHILD LABOR AMENDMENT

DES MOINES, Ia.—Ratification of the proposed child-labor amendment to the federal constitution, was permanently shelved by the Iowa legislature, when the lower house voted, 82 to 24 in favor of indefinitely postponing action on the proposition.

# STATE BOARD FIXES BINDER TWINE PRICES

Prices of Badger binder twine, the product of the Wisconsin state prison, have been fixed by the state board of control and Warden Oscar Lee of the Prison, at 107-8c per lb. for standard twine, and 133-4c per lb. for Climax Manila twine. These are the prices for the 1925 harvest season and will be maintained until about August 1.

In fixing the prices of the binder twine for this season, the state board of control has adopted a new policy. The board made the price at the lowest possible figure. Instead of endeavoring to make a large profit to go into the general fund, it determined that benefit of the low cost production should go to the farmers. The price will cover all production and selling costs, depreciation and a fair margin to protect against unforeseen market or other conditions. While protecting the state against any possible loss, the aim has been to give the farmer binder twine at the lowest possible price.

MR. DAUBNER was born in Brookfield, February 12th, 1867; attended the district school and taught school; graduated from Carroll College in 1890, and later received his degree of Bachelor of Laws from the University of Wisconsin in 1893. In February, 1894, he began the practice of law in the City of Waukesha, where he has practiced ever since; was associated with the late William A. Pierce and R. L. Holt, under the firm name of Pierce, Daubner & Holt. Mr. Pierce being a Justice of the Peace, and in 1900 Mr. Daubner having also been elected Justice, he severed his connection with the firm and ever since has been practicing law alone. From 1909 to 1913 he represented the Sixth Ward in the City of Waukesha in the Common Council. In 1913 he was appointed by Mayor Wilbur as a Commissioner at Large on the School Board for a term of three years, resigning the office when he was elected City Attorney in the spring of 1914, and is now serving his sixth term as City Attorney.

## NO DEBT NOW; ALL CLEARED OFF MASONIC TEMPLE

CELEBRATION FRIDAY EVENING  
FULL OF INTEREST. FINE  
PROGRAM PRESENTED

Celebrating a great event, the clearing of indebtedness on the Masonic Temple, nearly 300 Masons came together, to make merry, at the Temple Friday evening.

A fine program, with a historical paper by Worshipful Master Edward E. Lubnow, an address by Leo F. Nohl of Milwaukee and plenty of music, was presented.

Past Master Rex A. Warden presided. A smoker and refreshments followed.

### Indebtedness of \$20,000

The Masonic Temple was constructed in 1904, the indebtedness incurred at that time being in excess of \$20,000. This has been paid off at an average of more than a thousand dollars every year since.

Worshipful Master Lubnow made a cordial address of welcome in which he mentioned the growth of the lodge to a membership of 550. He also gave much interesting historical data gathered from the past records of Past Master Owen L. Jones in 1919.

Established in '51

He said in part: "On January 20th, 1851, Deputy Grand Master M. M. Cothern issued a dispensation to a number of Mas-

ons in the town of Waukesha to start a Masonic lodge. The first meeting, however, was not held until the 23rd day of May, 1851, at the Odd Fellow's hall, now occupied, I am told, by the Miller block, about where the Big Barber Shop stands. Those present at that meeting were Lemuel White, D. W. Reed, George Hyer, W. L. Hawkins, W. D. Baker, I. L. Delano, H. L. Palmer, S. I. Daggett, Charles P. Clap and Samuel E. Foot, all of whom have answered the summons of death and been gathered to the place where the Supreme Architect of the Universe presides. It is interesting to know that that sincere and loyal pioneer of Wisconsin Masons, Henry L. Palmer, was the first brother to preside as Worshipful Master, acting in that capacity as the representative of the Grand Lodge of the State of Wisconsin. The first officers to serve the lodge were Lemuel White as Worshipful Master, W. D. Baker as Senior Warden, and Warren Van Vleck as Junior Warden. At the first meeting the petitions of William H. Farmer, Henry W. Sherman and Miles L. Reid were received, and under special dispensation granted by the Deputy Grand Master, all were balloted upon, initiated and passed on the same evening. Henry W. Sherman was the first candidate to be raised to the Sublime Degree of Master Mason and he enrolled as a member of Waukesha Lodge U. D.

### Where the Chapter Met

"For a number of years the lodge meetings were held in the Odd Fellows' hall, later the third story in the Gove building of which the first floor is now occupied by Brother Nehs' shoe store, still later the third floor in the Putney block.

### Cornerstone Laying

"On July 16th, 1904, at 2:30 P. M., the Grand Lodge of the State of Wisconsin convened in the City of Waukesha for the purpose of laying the cornerstone of the new temple. Brother W. W. Perry, the one brother who is loved by every Mason in the State of Wisconsin, acting as Grand Master. Brother Perry and Brother Milton S. Griswold delivered addresses on that occasion. Brother Griswold passed to that Celestial Lodge above November 10th, 1921. The chapter of DeMolay for boys was called the Milton C. Griswold Chapter, Order of DeMolay, in his honor.

### Golden Jubilee

"In September, 1919, a Golden Jubilee celebration was held to honor six members of the lodge who had been members of this lodge for fifty years, and who were made life members. Brothers Fred Wardrobe, A. J. Frame, Austin A. Hill, Charles B. Coleman, Van H. Bugbee and John K. Randle."

The program also included invocation by Rev. C. E. Bovard, vocal solos by Charles E. Trakel, Paul Ferris, C. G. Callow, Herbert M. Halverson, and numbers by an orchestra composed exclusively of members, C. W. Bronson, W. S. Bunker, William Koehler, Earl Korn, Ross Gerken.

The lodge stood with bowed heads in memory of Brother Bert Fisher, who passed away suddenly that day, and Mr. Bovard offered prayer.

### One "Wonder" Remains

Only one of the "Seven Wonders of the World" survives, that being the pyramid of Cheops at Gizeh.

# CARROLL GLEES PREPARE FOR ANNUAL TOUR

THIRTY-TWO MEMBERS OF CLUB  
TO TOUR WISCONSIN BE-  
GINNING MARCH 27

Thirty-two strong, the 1925 Carroll College Glee club is making preparations for the annual tour of the state. Rehearsals are being held regularly under the direction of Professor Alexius Baas who has successfully directed the club for the past two seasons. Manager Tom Stine has mapped out a great itinerary.

The 1925 Carroll songsters will present a varied and versatile program to state audiences, including music, readings, drama and other entertaining numbers. A cast of five men is working on "The Rising of the Moon," by Lady Gregory, this year's Glee club play. The leads are taken by Ben Weinke, '26, and Erwin Huenink, '25. They are to be supported in this sketch by Harold Blahnik, '27, Eli Winch, '28, and William Siebecker, '26. These "Pioneer Players" are working under the direction of Professor May N. Rankin of the dramatic department.

### Boortz on Program

This year will be the first in many years that a co-ed pianist and readers will not accompany the club. Professor Harvey Boortz, who has attained great success both as a pianist and as an organist, is accompanying this year's club. He is a musician of unusual ability and his work will undoubtedly add greatly to the success of the Pioneer songsters.

Ben Weinke, '26, and Erwin Huenink, '25, will act as readers. Tom Y. Stine, '25, will be the soloist. The quartette is composed of Charles Damp, '25, Waukesha; Erwin Huenink, '25, Cedar Grove; Maurice Moon, '25, Reedsburg, and Leonard Larson, '28, Marshfield.

The 1925 Carroll Glee club is the largest that has ever traveled from Carroll, and is one of the best balanced organizations ever representing the Pioneer college. Intense interest and enthusiasm on the part of all the members of the club have put spirit into the affair and the 1925 program will be by no means an amateur performance. From all reports, this year's songsters will be quite on a par or better than Carroll has ever sent out. People all over the state are looking forward to hearing this group of thirty-two boys who sing as they go.

### The Itinerary

The towns that are thus far included in the Pioneer schedule are as follows: Janesville, Madison, Baraboo, Reedsburg, Elroy, Portage, Pardeeville, Horicon, Fond du Lac, Oshkosh, Neenah, Manitowoc and Milwaukee. Manager Stine is arranging for the Pioneers to broadcast from a Milwaukee radio station. Definite reports are not yet available on this as arrangements are not yet completed. Without a doubt, however, the world will have an opportunity to "listen in" on the great concert.

The date for the home concert has been set for Wednesday, April 22, and will thus be a feature of Prom week. The board of education for the city of Waukesha has granted permission for the use of the high school auditorium for this home event.

Ineligibility, which hampered the club last year, is not affecting the organization this season. It is reported that two men are suffering from scholastic difficulties and these will undoubtedly have their work in condition by the time of the tour.

## MRS. OTT DIES IN NEW YORK HOME

Word is received by friends in this city, of the death of Mrs. Morgan Ott, years ago a well-known resident of Waukesha. Her death occurred at Ballston Spa, N. Y., where the family home has been for several years. Mr. Ott survives her and she leaves one daughter, Mrs. Mabel Ott Hood, whose husband is rector of an Episcopal church in Round Lake, N. Y. She leaves also one sister, Mrs. E. W. Griffith of Schenectady.

Mr. and Mrs. Ott were resident here a quarter of a century ago, when Mr. Ott was connected with the old Wisconsin Central Line and Mrs. Ott was active in women's organizations. She was one of the early presidents of the Ideal club, serving for several years, and was the first worthy matron of the Waukesha Eastern Star chapter, when it was organized thirty-one years ago. The family lived for a number of years in Neenah, after leaving Waukesha, and later took up their residence in New York state.

### Would Have Added Weight

"The theory of evolution would have a lot more supporters," said Mr. Growche, "if Great-great-grandpa Chimpanzee had been in a position to make a will transferring real estate and personal property."

## VERNON CENTER

Mrs. L. D. Austin and daughters, Maryon and La Verne, spent a day with friends in Milwaukee.—Owing to the storm which was in the order of a blizzard, Friday night, there was not a large attendance at the March meeting of the Vernon Community association, but all who were fortunate to get there had one good time. Hoffman and Hilliar's orchestra of Mukwonago furnished the music. A luncheon of coffee and sandwiches was served.—Mr. and Mrs. Henry Carr and son, Harold, were Waukesha visitors Monday.—Mrs. Robert Mann will assist at the lunch counter at the Waukesha Dairy show on Wednesday.—Mr. and Mrs. John Austin, Mukwonago, were recent guests of their son, Paul, and family.—A number of our young people attended the St. Patrick's ball at Mukwonago.—A large number of Vernonites are in attendance at the Waukesha County Dairy show, held in the Sales pavilion at Waukesha this week. Among the exhibitors are Harold Carr, Holsteins; John Freeman and sons, Stewart and John, Jr., sheep and pigs; Robert Green, sheep and cattle.

Mr. and Mrs. Henry Stanz and their daughter, Madeline, spent the week-end at Waukesha.—Mr. and Mrs. Jack Fletcher have the foundation for their new residence well under way.—Mr. and Mrs. Ephraim Wolf and children were recent guests of Mr. and Mrs. James McAleny.—George Wessner was a recent Milwaukee visitor.—Earl Arndt and Jamie Lavin of Milwaukee were recent visitors of the George Lavin and William Arndt families.—Edward Carlson of Rome, Wis., was a recent visitor at the Mitten home also with old friends in Mukwonago.—The "Be Square" club of the United Presbyterian church society was entertained last Saturday by Miss Ethel Raht at her home.—Miss Hazel McKenzie has returned to her home after a week's visit with her sister, Mrs. Clarence Rolfs, and family at Wind Lake.—Mrs. Jennie Lobdell and little son, Martin, were recent guests of relatives in Mukwonago.—The United Presbyterian church society held its annual dinner and business meeting at the church parlor Wednesday night, a good crowd attending.—Mrs. Roy Lyons was hostess at a meeting of the Junior society of the U. P. church last Friday afternoon.—Owing to the bad condition of the roads our rural carriers were unable to make quite all of their routes last week-end.

## CALHOUN

School sessions were resumed on Monday, after being discontinued for two weeks on account of the prevalence of measles.—Mrs. Henry Zeimert spent Sunday with her sister, in Lannon.—Julius Mueller, who has been convalescing at the home of his sister, Mrs. Amelia Muller, returned to his home in Minneapolis, on March 10.—Mr. and Mrs. Tony Stigler welcomed a baby girl one day last week.—The Ladies' Auxiliary of the American Legion met at the home of Mrs. Faulkner, in Brookfield, on Wednesday afternoon.—The B. M. C. club will meet at the home of Mrs. Wallace on Thursday afternoon.—Mrs. Fred Burbach, Sr., spent Tuesday at the Burbach home.—Miss Mae McNulty was at the Kueper home, on Friday, giving demonstrations on the cutting of patterns.—Cleve Tanner spent the week-end with friends in the village.—The Mueller family spent Sunday with relatives in Wauwatosa.—Louis Tesch, of West Allis, spent the week-end with friends here.—Mr. and Mrs. John Salentine were Sunday visitors at the Simon home.

## GENESSEE DEPOT

A baby girl was born to Mr. and Mrs. Howard T. Greene, on Thursday, March 12.—Twin baby girls were born to Mr. and Mrs. G. W. Pundsack, on Monday, March 2.—Miss Jennie Erickson, Milwaukee, Miss Sophia Konkin, Pewaukee, and Mrs. Harding, of Waukesha, enjoyed several days, last week, as guests of Mrs. Harriet Senherholm.—A circus will be held at Genessee Depot Amusement hall, on Saturday afternoon.—Much interest is being manifested in the Waukesha County Dairy show, being held at the Waukesha Sales pavilion, this week, and it is expected Genessee will be well represented, with a large attendance.

## FIRST PRIZE FOR OCONOMOWOC CHURCH

The Women's Foreign Missionary Society of the Methodist Episcopal Church of Oconomowoc was the winner of the prize of \$25, given for the largest percentage of increase in membership of any W. F. M. society in the Milwaukee district. The funds will be expended in sending a delegate from the society to the convention, this summer, at Winona Lake, Ind.

## New Animal Snare

A rubber compound has been marketed by a firm in Singapore which when heated and spread on a board will ensnare any bird, insect or beast of reasonable size, once it steps on it, exactly as the modern fly paper catches the fly. The product has aroused the interest of inhabitants in those sections where it is necessary to fortify the home or camp against wild animals and insects which are pests.

## SOCIALIST PARTY TO CARRY ON AS BEFORE

MILWAUKEE, Wis.—That the Socialist party will remain an individual organization and will put forth its propaganda as such, was the message of Eugene V. Debs, veteran leader of the Socialist movement, here, last night, in his address before the Open Forum.

Debs declared he favored a Socialist party for Socialists only and with other political affiliations or election alliances such as the recent supporting of La Follette Progressives.

## MACHINE AT DAIRY SHOW ATTRACTS MANY

One of the feature demonstrations at the Dairy show, now being held in the Sales pavilion, is the "Hum-dinger" feed grinder which is attracting large crowds of visitors who stand in amazement and watch the mechanism devour rocks, wood, tin cans, glass, wire and etc., which are fed in, to demonstrate its cutting ability and strength.

The machine is especially adapted to grind hay, feeds, small grains, corn, and mixes as well as grinds. The machine is run by a Fordson or equivalent power and is useful in making a perfect dairy ration. J. B. Sedberry, inventor of the device, is attending the show and personally supervising the demonstration.

## Epitaphic

Sufficient epitaph for most of us:  
"He meant well."—Duluth Herald.

## Tobacco for a Wife

In 1620 Virginia planters gave 120 pounds of tobacco each for a wife when 100 women were brought over from England as helpmates. The tobacco paid the cost of the women's passage.

STATE OF WISCONSIN—WAUKESHA COUNTY—In County Court. In the matter of the estate of Mary Vonrueden Agathen, deceased.

On reading and filing the petition of John C. Agathen, administrator of the estate of Mary Vonrueden Agathen, deceased, representing that he has fully administered said estate and paid all the debts of said deceased, and the expense of administration, and praying that his account of his administration be examined and allowed, and that the residue of said estate be assigned according to law, and that the cash value of said estate be determined and the amount of inheritance tax or legacy tax be assessed, if any:
