COUNTY PLANS FOR PRESCHOOL CHILD SURVEY

COUNTY NURSE AND HER ASSISTANTS TO MAKE HOUSE TO HOUSE CALLS

The preschool child survey which is to be carried on in Waukesha county the week of June 24 and the week of July 8 will open in Muskego township on June 25, according to an announcement made today by Mrs. Barbara Fletcher, county nurse. This house-to-house survey for the inspection of preschool children will be directed by Mrs. Fletcher and Miss Doris Kerwin, assistant director of the health service training school of the Wisconsin Anti-Tuberculosis association. Eleven nurses of the health service training school will work in this survey.

"We plan to visit the rural homes of Vernon, Mukwonago, Eagle and Ottawa townships, as well as Muskego township, during the first week of the survey," said Mrs. Fletcher today. "As was mentioned last week, this survey is the first of its kind in the country. The Bureau of Child Welfare and the Bureau of Public Health Nursing of the Wisconsin State Board of Health are co-operating in sponsoring the survey for which a subsidy fund has been granted by Dr. Blanche M. Haines, director of the Division of Maternity and Infant Hygiene, children's bureau, department of labor. The request for this subsidy was made by Dr. Cora S. Allen, director of the Bureau of Child Welfare.

"The work of the public health nurse in our schools has shown us that when many children enter school they have physical defects. To develop the healthy adult we must develop the child who is healthy physically, mentally and morally. Rather I should say we must develop the healthy infant. This survey will therefore help to show us just what is the health of Waukesha county preschool children.

"The nurses working in this survey will not administer treatment. They will give physical inspections and will urge parents to take children to their family physician for the correction of physical defects.

"This survey is being carried on in Waukesha county by the consent of the health committee of the county board of supervisors. I am hoping that we may have the co-operation of the parents so that this survey may be carried on as successfully as possible," says Mrs. Fletcher.

SCHAEFFEL HEADS STATE CORONERS

At the first state coroner's convention at Oshkosh last week, John Schaeffel, Waukesha county coroner, was elected president of the association. Mr. Schaeffel is also a member of the executive staff of the national association. Other officers are, William Kassan, Marinette county, vice president; William Stokes, Eau Claire, secretary; George Wahlen, Rock county, treasurer.

The association adopted several planks upon which it will work during the coming year. It will strive for legislation, making automobile insurance compulsory, and at the same time will attempt to keep the rate of such insurance within reach of everyone.

It is also the aim of the association to delay cremation of bodies at least 48 hours after death. In two instances bodies have been cremated and later it was found that a crime was committed and investigation was impossible.

Fox was re-elected treasurer and J. F. Thomas was retained as secretary. The new directors are A. C. Tews, F. E. Fox, Gavin McKerrow, R. L. Baird, Louis Seitz.

The reports of various officers were heard Monday night. Treasurer Fox stated that the balance in the dairy show treasury is \$480.15. Mrs. W. J. Wright reported that the concession stand at the winter show made a profit of \$186.89.

THIEVES ARE ROUTED; TRY TO LOAD SAFE

BELIEVE MEN ARE SAME WHO TRIED GARAGE ROBBERY

The second attempt within the last two years to rob the safe of the J. J. Rees Lumber and Fuel company at Wales, occurred shortly before 11 o'clock Friday night. The thieves were routed, however, before they had opened the 800-pound vault.

According to Officer Emil Boettcher who returned from Wales early this morning, the job was done similar to the attempted robbery at Peterson's garage in Merton a week ago.

Mr. Rees, owner of the lumber company, told a Freeman representative Saturday that he was told of a noise at the office, by the Humphrey Williams family, living across the Northwestern tracks from the office. When he got to the office the safe had been moved outside, but no one was around. The combination was chiseled off and the safe at noon today had not yet been opened.

Take Finger Prints
Deputy Fred Carlstedt and Warren O'Brien took photographs of finger prints found on a side window by which the thieves gained entrance. The prints will serve as an important detail in apprehending the robbers, it was said.

Books and papers in the office were ransacked but to the knowledge of Mr. Rees nothing of value is missing.

Every attempt will be made to put a stop to the general pilfering of property and clues to the two most recent cases of attempted robbery are being linked together. That the marauders attempted to carry off the safe was evidenced by the tire marks in the street in front of the lumber company office. The marks indicated they were made by Goodyear truck tires. The rear tires had a tread of six inches wide with 2-inch diamond nobs. The front wheels had treads measuring four inches with 1-inch diamonds. It was believed the truck would be the size of a dump truck.

At least three men are implicated, Mr. Rees said. The way the safe was handled would indicate that more than two men were in the party.

SIX ARE HURT IN TRAFFIC TANGLES

Six persons were treated at the Municipal hospital over Sunday for injuries sustained in accidents. Dorothy Wendt, 17, Wood St., has a possible fractured right arm and lacerations about the face, caused by an accident Sunday. Garner Robinson, 18, Prospect Court, has a fractured hand.

Mrs. Henry Brown, West Allis and her two daughters, Babe and Janette, were injured on highway 18 when the brakes of the automobile failed to hold, crashing into Dorothy Thompson's car of Chicago, who was also treated for injuries.

Three men appeared in court today and were fined \$5 and costs each, following an accident early Monday near Fussville. They are William Sassebender, Albert Stein and Arthur Klein, all of Cudahy. They were returning from a fireman's convention at Menomonee Falls when they ran into an automobile driven by two deputy sheriffs returning from supervising a dance at Fussville. The three were slightly injured.
