AIR AND RADIO LAWS TO COME BEFORE PARLEY

American Bar Association Also to Discuss Educational Requirements

By F. O. Bailey

United Press Staff Correspondent
MEMPHIS, Tenn.—In this picturesque city overlooking the great "Father of Waters" from the commanding Chickasaw bluffs, the American Bar association will meet in its 152nd annual national convention Oct. 23-26.

More than 5,000 members are expected to convene within a stone's throw of where Gen. Andrew Jackson opened his first law office here just 11 years after the Bar association was organized in Saratoga, N. Y. in 1777.

Led by Newton D. Baker, former secretary of war, and Dr. Walter C. Simons, chief justice of the Supreme court of Germany, they will gather from all parts of the United States and many foreign countries.

The setting for the first meeting of the association "Down in Dixie" is an historic one. The spacious and modern Memphis Municipal Auditorium where the meetings will be held is not far from the spot where Hernando De Soto first beheld the Mississippi river 388 years ago and claimed all the waters drained by it for Spain.

Reservations Exceed 4,000
Advance hotel reservations of more than 4,000, weeks in advance of the convention date indicated the largest attendance in the history of the association. Speakers include many of the most distinguished men and women in public life today, both American and foreign.

Baker, who also is a former mayor of Cleveland, O., will be the first of two principal speakers. He will deliver an address on "The World Court." He will speak the evening of Wednesday, Oct. 23.

The second main speaker, whose address will be of international importance, will be Dr. Simons. He will discuss "The Relation of the German Judiciary to the Executive and Legislative Branches of the Government" compared with that of the United States. His address Thursday evening, Oct. 24, will be broadcast over the radio.

Three principal topics for discussion are included on the program for the convention. They are aviation laws, revision of radio laws, and bar entrance requirements. No mention of prohibition is included on the program.

Aeronautical law will be the subject of an address by Chester W. Cuthell of New York. He will be followed by Louis G. Caldwell, Chicago, who will discuss radio laws. William Draper Lewis, Philadelphia, will speak on "Legal Education and Admissions to the Bar."

Among the distinguished visitors who are to be here, but who are not included on the program to speak, are George W. Wickersham, chairman of President Hoover's crime commission, and George Wharton Pepper, noted educator and former senator from Pennsylvania.

Two of the most widely known women barristers in the United States will meet here. Both Mrs. Mabel Walker Willebrandt, former assistant U. S. attorney general assigned to prohibition cases, and Miss Emily Holt, attorney of New York City, will attend. Hardly less widely known is Judge Florence Ellinwood Allen, Cleveland, O., associate justice of the Supreme court of Ohio.

Prior to the national convention proper several individual sections of the association will convene to hear various committee reports.

The legal education and admission to the bar section will convene Tuesday, Oct. 22, the day prior to the opening of the convention proper. "Educational Requirements for a Lawyer" will be discussed. Gleason L. Archer, Boston, will read a paper on "Facts and Implications of College Non-graduation of Legal Education."

The main convention will be opened with the annual address by the president, Gurney E. Newlin, Los Angeles, Calif.

Election of officers and selection of a 1931 convention city Thursday evening will close the business part of the session and delegates will begin a two-day round of entertainments planned for them, including a trip to the famous "Bivouac of the Dead," Shiloh battlefield, in Shiloh National park.

CHILD KILLED BY TRUCK TO PROBE DEATH

Driver Was Backing Truck Out of Driveway at Campsite

Without regaining consciousness, William D. Bryant, Jr., age 2, died in Municipal hospital Thursday evening after being struck by a truck at the Smith campsite on Highway 59. He died from a fractured spine and internal injuries.

Coroner John Schaeffel said today that he had drawn a jury and that an inquest will be held Saturday, Oct. 26. The investigation will be held to determine the responsibility for the accident of Elmer Davis, of Delafield, driver of the truck which struck the child.

According to the driver, he had gotten ice from the Smith ice house and was backing his truck out of the driveway when the mother of the child shouted to the driver that he had struck the child.

The wheels had not passed over the body but had hit the boy a glancing blow. He was thrown out of the vehicle's path.

The Bryant family lives across the road from the campsite. William had been playing in the driveway when Davis' truck, loaded with ice, was backing toward the highway.

The jury drawn to probe the death is composed of William Fepp, Sam Price, Charles Neuffer, Jack Tremmell, Ben Torrison, Peter Behr.

An automobile, driven by Earl Gering, 319 Grand ave., tipped over at the corner of Clinton and Main sts. today when it was struck by a Waukesha Roxo Co. truck driven by Arnold Rodgers. George Ebbert was in the car with Gering. None was injured.

According to police the Roxo truck was going east on Main st. and the automobile was entering the intersection when the crash occurred.

Building Catches Fire Following Blast; Youths Trapped in Bedroom

When attempted rescue failed them, two small boys, who tried bravely to open a bedroom window before flames swept them down, died in an upstairs flat Sunday night at Eagle lake. Their bodies were found in the charred remains of the building after fire fighters worked for an hour to get the burning building under control.

The boys are Stanley and Bert-ram Lehman, 8 and 6 years of age, who were trapped in their bedroom following an explosion which rocked the building at 8 p. m. What caused the blast has not been determined.

Mr. and Mrs. Paul Bittner, parents of the children, were in Michigan City, Ind., and William Linn, an uncle, was the only person in the building besides the two children when the explosion was heard. Mr. Linn was on the lower floor of the Green Lantern Resort which he operates.

Flames Prevent Rescue
When fire broke out he attempted to rescue the boys by means of a ladder but smoke and flames prevented him from saving their lives.

Mr. Linn states that the boys were put to bed shortly after six o'clock and that he was busy in the store just below between 6 and 8 o'clock. Only a few minutes after the explosion flames burst out.

For an hour the building burned and the Eagle fire department, aided by scores of volunteers, worked feverishly to effect a rescue. When it was finally possible to get to the bedroom, the bodies of the children were found lying just below the bedroom window. Suffocation had caused their deaths and then flames charred their bodies.

The Green Lantern resort is on the south shore of Eagle lake, across from Wamboldt's mill. Wendell Kraft, 2526 Lisbon ave., Milwaukee, owns the building. No estimates of the fire loss have been made.

YOUTH'S SANITY IS QUESTIONED

Meyer's Case Taken to County Court

Harry Meyers, 23, who was arrested Wednesday night on Grand ave., carrying a pistol in his coat pocket, will be given a mental examination in County court before Judge David W. Agnew, it was decided today by Municipal Judge T. W. Parkinson.

Meyers, who was charged with disorderly conduct only, appeared sullen in court and refused to answer the judge when asked why he carried the gun.

"I have lived to be 75 years old," the judge said, "and have had no occasion in that long time to carry a gun. Why should you carry one?"

The parents of the youth were in court upon request of the chief of police.

It was reported to police that Meyers was on his way to a girl friend's house and that he had threatened he would kill her. Fearful that he might carry out his threat, police were summoned.

Robbing cabbage patches is a serious offense in the eyes of the court, especially when men come way from Milwaukee to carry out their thievery. Charles Williams and Archie Clifford were fined \$15 and costs each for stealing cabbage valued at about \$5. They were in the patch of Nick Lauer, Menomonee farmer, when a deputy made the arrest.

Icy Blasts Cause Heavy Damage Especially Along Lake Shores

CHICAGO—(U.P.)—Winter's shock troops—lashing winds, snow and rain—had central and western states in their grip today.

Converging on lower Lake Michigan a furious and destructive storm yesterday, icy blasts churned that spread wreckage for 200 miles along the shore. Chicago bore the brunt of the swollen lake's wrath. At least one life was claimed by the angry waters.

Outriders of the storm spread snow and rain over a vast section stretching to the Rockies. There was a thin blanket of snow over parts of Michigan, Minnesota, Wisconsin, Iowa, Illinois, Indiana, Colorado and Wyoming.

The Lake Frugality, with six men aboard, was reported adrift, its engines dead, on Lake Superior last night. Ne rescue had been reported early today although a cutter from Sault Ste. Marie was known to be looking for the drifting craft.

Sea Walls Crumble
Miles of crumbled concrete sea walls, winnows of debris, frame structures reduced to drift wood, sturdier ones undermined and flooded parks and boulevards were in the wake of the roaring waters when it began easing down.

Scores of small craft were battered and many sank at their moorings all along the lake front skirting Chicago and nearby cities. The wind reached a 52-mile an hour velocity at Milwaukee, the highest recorded there.

Vivian Houé, 8-year-old school girl, was drowned when she tried to cross a narrow wooden bridge from Jacob's Island, in Lake Michigan near Kenosha, Wis., to the mainland. Supports of the bridge had been weakened by waves and the structure gave way. She was on her way from school to her home on the island.

Snow flurries followed the lake storm into Chicago last night as the temperature dropped to 34 degrees. Heavy snow and sleet fell over eastern Iowa but was reported melting rapidly.

DAMAGE HEAVY IN MILWAUKEE DISTRICT

MILWAUKEE—(U.P.)—Property damage done by the wind, snow and sleet storm which is sweeping the midwest will amount to thousands of dollars in Milwaukee, it was estimated today.

Yesterday's gale, which reached a velocity of approximately 52 miles an hour here, had died down somewhat today, but the snow storm at times assumed blizzard proportions.

Air travel was suspended and part of Maitland field was under a foot of water. Pilot Melvin Fried, airmail pilot, was forced down at Oshkosh and sent the mail on to Green Bay by train. He made no attempt to return here.

Late yesterday, Lake Michigan waves tore the South Short Yacht club clubhouse from its moorings, tossed it against the shore, swept it 1,200 feet down the beach and demolished it, causing a loss of about \$10,000.

Ten Milwaukeeans were struck by automobiles last night as they stumbled blindly through the driving snow storm at street intersections. Two of them were hurt seriously.

NEWS FROM NEIGHBORING PLACES

TO HOLD METHODIST DISTRICT CONFERENCE

(By M. J. White)

PEWAUKEE — The Methodist Sunday schools of the western part of Milwaukee district will hold a convention at the Pewaukee church, Sunday afternoon and evening, Oct. 27. A fine program of speaking, discussion, and music is planned. At six o'clock, a light supper will be served, after which a fellowship hour will precede the evening devotional service. This evening program will be one of real inspiration. While the whole program is being sponsored by the Methodist churches there will be nothing of a particular denominational nature on the program. Hence, folks from other churches who may desire to avail themselves of this opportunity to get in touch with real leaders in the religious educational line, should feel free to do so, and are most cordially invited. Speakers of the day will include such men as district superintendent, Rev. H. J. Root, our conference director of religious education, Rev. C. J. Lotz, and Prof. Lazenby. Rev. Root will speak at the morning services both at Pewaukee and Brookfield on next Sunday, Oct. 27. It is hoped that a fine large audience will be present at these services to hear the message which our superintendent always so ably brings.

The members of the Brookfield Methodist church are planning on giving their auditorium a complete re-decoration and re-modeling. The expense of the work planned will be approximately \$1,000. At a meeting, Thursday evening, Oct. 17, the plan for re-modeling was settled upon, and the committee authorized to proceed to entertain bids for the work. A committee also began work immediately after the close of the Thursday evening session to receive pledges for the work. This committee, all volunteers for this at times most disagreeable of jobs, is composed of Harold Hart, Howard Haskins, Ernest Ives, and Joseph Spitzer. These four men started off the list of subscribers by totaling \$150 between them.

Rev. Fred W. Smith of Cornell, Ill., will be a special speaker in a series of meetings to be held in the Baptist church, Friday and Saturday evening, and both morning and evening on Sunday next. Rev. Smith is a successful pastor and popular preacher and will be highly interesting. Special music will precede each service. Mr. Grompton, of Chicago, may be present as music director and soloist. Evening services start at 7:45, Sunday school at 10 and church services at 11 a. m. Everyone is cordially invited to attend.

R. Hanes orchard, was stripped entirely during the night time.

It is a huge boulder of the black hard head or niggerhead variety, measuring 13 feet, 4 inches in circumference, stands four and one-half ft. above the ground and is estimated to weigh between seven and eight tons. MADISON LOBBY BILL, \$150,000

Sum Twice Amount Salary Paid Legislators

MADISON, Wis. — (U.P.) — Fully \$150,000 was spent for lobbying in the 1929 Wisconsin legislature, according to an incomplete list of lobbyists' receipts filed today with the secretary of state. This sum is twice the total amount of salaries paid the legislators for a two year term. Every legislative counsel or person representing an individual firm, corporation or organization and receiving pay for such work is required by state law to file a statement showing what he is paid for his services. Cities, church organizations, schools, medical societies and other groups, as well as public utilities, corporations and industrial bodies had their representatives appearing before legislative committees advocating or opposing the bills introduced.

The largest amount spent by any company reporting to date is \$97,726. This expense was reported by the Calumet Baking Powder company, active in the attempt to repeal Wisconsin's present law regarding labelling baking powder containing aluminum compounds. The bill advocated by this company was passed by the legislature but was vetoed by the governor. BELOIT, Wis. — Chester Anderson, 48, prominent clothing merchant of this city, died here today following an illness of over six months. CANBERRA, Australia — The government of Premier Stanley M. Bruce, defeated in the general elections a week ago, tendered its formal resignation today and James Henry Scullin, Labor leader, was asked to form a new cabinet.

Girl Bandit Proves Scratching Wildcat To Police Officials

CHICAGO — (U.P.) — Anna Stroner, 19, Omaha, Neb., who came to Chicago with \$500 to make her fortune and wound up by burglarizing a home, assaulting its owner and attempting to murder a policeman, started serving a year in the house of correction today while officials of the Cook county jail caught their breath.

"The Wildcat," as she was called at the jail, told Judge Immenhausen that she lived at an expensive hotel and posed as a modiste until she was down to her "last dime," then she went to the home of Michael Kralich. Police received a telephone call from Kralich. "There's a girl locked in my bathroom," he wailed. "She just hit me on the head with a milk bottle when I found her stealing my wife's dresses. I want help quick. She's wrecking the fixtures."

Police battered down the door. Scratching and kicking Anna was dragged into the kitchen. There she snatched a butcher knife and lunged at Policeman George Coughlin. Locked up at last she squeezed halfway through the bars of her cell and had to be liberated with a crowbar. "I'm glad she's gone," muttered a badly scratched turnkey. "I'd rather enter a tiger's cage than go into her cell."

FIND BARGE HELPLESS ON HIGH WAVES

Lake Michigan Lashed by High Winds and Damage is Done to Property

CHICAGO — (U.P.) — Two men, adrift all night in a bobbing barge in the first severe Lake Michigan storm of the season, were rescued today, by the steamer Schwab, radio advice to the Chicago coast guard said today.

The Schwab came upon the helpless oil barge shortly after dawn, stood by several hours trying to get a line to the drifting barge, and then rescued the two men when the barge sank under the high waves. The radiogram said the men were picked up by the steamer about 19 miles northeast of the Chicago Light.

An heroic battle in which several members of the steamship crew almost lost their lives trying to rescue the two men from the barge, was described briefly and none too clearly in the message. "We almost turned over ourselves in the heavy sea," said the message, after telling how they reached the barge just as the men were washed overboard and dragged them aboard the steamer with great difficulty.

The message did not state what had happened to the barge, but at the steamship company's office here it was said to be almost a certainty that it had gone down.

The oil barge went adrift last night when a stiff wind whipped the lake to a frenzy of whitecaps and snapped the line which held it to the tug Butterfield. Unable to rescue the two men from the barge, the Butterfield captain put into Chicago for aid and a coast guard crew was sent out to look for the barge.

The Schwab sighted the barge just after dawn but waves were running so high it was impossible to launch a boat. It stood by attempting to cast a line and take the barge in tow but failed in half a dozen attempts.

Then at 7 a. m. the barge suddenly dived into the lake, propelled by a huge wave. The two men, whose names were not mentioned in the short radio dispatches, were thrown into the water and bobbed around with life preservers on until picked up by the Schwab, the largest boat plying on the lakes.

REPORT DISTURBANCE OVER MIDWEST

WASHINGTON, Oct. 22 — (U.P.) — A disturbance of considerable intensity with winds of gale proportion was reported today over Ohio by the U. S. weather bureau. A second storm over western Virginia will cause increasing southeast winds, it was stated. Southeast storm warnings were ordered today from Boston to Westport, Me.

LOW WATER STRANDS BOAT WHICH IS TO CARRY HOOVER

EVANSVILLE, Ind. — Low water in the Ohio river today stranded the flagship on which President Hoover is scheduled to aid in the river celebration next week. The steamer Mississippi was hung up on a sand bar near Mt. Vernon today after just having been freed from a similar predicament last night near Paducah, Ky. Dozens of other boats are held up by the low water along the river and backers are apprehensive concerning plans for the river celebration. Government dam employes are trying to let enough water into the river from dams 44 and 48 to float the stranded boats and insure smooth sailing next week for the celebration steamers.

JURY HEARS OF PANTAGES GOLD

Witness Relates Days of Fortune Hunting

LOS ANGELES — (U.P.) — The great Alaskan gold rush, with its Klondike, its Dawson City and its dance halls, furnishes the background for today's session of the trial of Alexander Pantages, charged with criminally attacking 17-year-old Eunice Pringle, dancer. First to the witness stand will be James Townsend, who took the first "troupe" into the north country and after him will come Pantages, who ran a small Klondike "stake" into a \$20,000,000 theater business.

Among the spectators will be Kate Rockwell, a member of the troupe which Townsend directed, the first Alaskan dance hall queen and finally the benefactor of Pantages. Since the days she and Pantages were close friends in Dawson City they have quarreled bitterly. She came here from Bend, Ore., her present home to testify against the theater man, but the prosecution decided her testimony was unnecessary. She has been at the trial daily.

Townsend presumably will tell about the efforts of Miss Pringle to get Pantages to place her on his vaudeville circuit. He has been stage director for Pantages since the Klondike days.

The defense expects Townsend to support the theory that Miss Pringle claimed an assault was made on her, either to get some of Pantages' wealth or get a place on the vaudeville circuit.

Pantages then will contradict the claim of Miss Pringle. According to defense plans, he is expected to state they were together in the "conference room" only three minutes and that in that time she tore her own clothing and started to scream. The dancer claims Pantages tore her clothing when he assaulted her.

FALL'S LEASE IS DEFENDED

Says Other "Dumb Bells" Drained Resources

WASHINGTON — (U.P.) — "Dumb-bells in public office" were allowing the Navy's stores of oil to be drained before Interior Secretary Albert B. Fall leased the Elk Hills reserve in 1922, the defense told the Fall bribery jury today.

Frank J. Hogan making the defense closing statement, defended the leases as necessary for national defense, and attacked the government prosecutors for "sneering at patriotism."

Hogan also said that President Harding's primary purpose in calling the 1921-1922 naval disarmament conference was to stop Japan's "alarming" activities in preparing for a Pacific war, as reported to the navy in the secret reports of Admiral Albert Gleaves.

The case, based on the \$100,000 which Fall received from E. L. Doheny, the oil king, November 30, 1921, is expected to be given to the jury tomorrow. The former cabinet members lawyers expect an early verdict of acquittal.

Doheny, chief witness for the defense, sniffled, and his wife wept as Hogan told how Admiral J. K. Robinson asked Doheny to bid on the project, and reminded the oil man of the Navy service of his only son, "Red" now dead.

COUNTY HERD WINS AT DAIRY EXHIBIT

The State herd of ten grade Holstein cows, composed of five grades from the Wisconsin Industrial school and five from Thomas & Kern, all with records of over 300 lbs. butterfat in cow testing association, won first prize at the National Dairy show on October 18. The first prize amounts to \$150.

The group of four cows with C. T. A. records of over 400 lbs. butterfat and sired by one registered bull was won by the get of Sir Pieterje Pontiac Creator, owned by the Wisconsin Industrial School for Boys, Waukesha, the second prize going to Thomas & Kern on the get of Nockdair Canary Cande Paul.

The group of five cows from a single cow testing association, all with records of over 300 lbs. fat, was won by Thomas & Kern for first prize, second prize going to the Wisconsin Industrial School for Boys.

The dairy herd of five cows owned by one exhibitor, all with records of over 300 lbs. fat, first prize was awarded to Thomas & Kern and second to the Wisconsin Industrial school.

PARIS — The government of Premier Aristide Briand was defeated on a vote in the Chamber of Deputies today. The Briand cabinet had twice staved off defeat earlier in today's session of parliament which convened this afternoon.

STRIKERS ARE FOUND GUILTY

Will Receive 30 Year Term For Murder

CHARLOTTE, N. C. — (U.P.) — A superior court jury here today found the seven union organizers charged with second degree murder of Chief of Police O. F. Aderholt of Gastonia, in a strike riot, guilty.

With little sign of emotion, the defendants accepted the verdict which may mean a sentence of 30 years in the penitentiary. Beal was slightly flushed when his name was called; Miller appeared to stifle a sob; Cater rather blankly watched a ticking telegraph instrument.

The jury returned while Foreman Todd asked for instructions on the assault charge, which Judge Barnhill re-read for their charge.

After further deliberation, the jury returned a blanket verdict of "guilty as charged in the indictment," which also included assault and conspiracy.

Judge Barnhill, in response to request of defense attorneys, asked the jury to return a poll of their verdict, each members individually indicating his vote on each count.

Frank to Speak at Secretaries Meeting

MILWAUKEE — Dr. Glenn Frank, president of the University of Wisconsin, will speak on "Ring Master of Business" at the second session of a three-day meeting of the national association of commercial organization secretaries here tonight.

The talk will be one of a series of addresses presented to the assemblage of 350 visiting commercial secretaries from all parts of the United States and Canada.

"The Service Ideal" was the topic of discussion today as a continuation of thoughts offered by Charles W. Haensel, Saginaw, Mich., president of the organization.

Haensel said that the service ideal involves the exchange of thoughts designed to promote the maximum community and civic organization development.

Says Doheny Expected to Get Back \$100,000,000

WASHINGTON — E. L. Doheny, oil millionaire, gave Secretary of Interior Albert B. Fall \$100,000 with one hand expecting to get back \$100,000,000 with the other, Atee Pomerene, prosecution counsel, told a jury in the District of Columbia supreme court today.

Pomerene started closing arguments in Fall's trial on a charge of accepting a bribe from Doheny in 1921 when the defendant was a member of the Harding cabinet.

Pomerene sought to convince the jury Fall was influenced by the "loan" to give the Doheny company a valuable lease in the Elk Hills oil field of California.

"It makes little difference whether the \$100,000 was a gift or a loan," Pomerene said. "The effect was the same."

Pomerene emphasized the fact that the \$100,000 was turned over to Fall in cash so that there would be no record of the transaction.

CUBAN SUGAR GROWERS HAVE TARIFF FUND

Willing to Spend \$95,000 to Halt Duty Increase, Probers Told

WASHINGTON — (AP) — Cuban growers were prepared to spend up to \$95,000 to combat proposed increased sugar tariff duties, Herbert C. Lakin, president of the Cuba corporation, told the senate lobbying investigating committee today.

Lakin said his corporation owns 550,000 acres of land in Cuba and had spent \$75,000 this year for propaganda against higher duties, \$24,000 of which went for publicity.

The investigating committee renewed its inquiry into the activities of sugar interests in connection with the pending tariff bill after questioning Joseph E. Wuichet, foreign trade clerk of the Connecticut Manufacturers' association, in an effort to trace the source of "leaks" from the secret tariff hearings to manufacturers throughout the country.

Wuichet denied he had obtained secret facts set out in an office memorandum from Charles L. Eyanon, an executive of the Connecticut Manufacturers' association, who attended the tariff hearings as secretary to Senator Bingham, Republican, Connecticut. He was questioned sharply but was unable to recall where he had obtained his information.

Distaste for Work

Lakin said the work of attempting to influence congress was very distasteful to him.

"I wouldn't have done it for my own company," Lakin said.

Lakin said he was empowered to represent the United States Sugar association and the American Chamber of Commerce in Cuba; those associated with him in his work, Lakin said, included Enoch Crowder, former ambassador to Cuba; John E. Snyder, Hershey Chocolate corporation and "a sugar broker in New York named Pike."

He said he had been informed last year by the president of the American Chamber of Commerce of Cuba that "the Cuban government was much interested in the platform of the Republican Kansas City convention urging a tariff revision and the prospects for an increased sugar duty and that while Cuba could not be officially represented, the government there wanted me to do it."

After the tariff bill containing the sugar increase had passed the house, Lakin said he received word from resident Machado that Cuba did not want to do any damage to the domestic beet sugar industry but did desire that Cuban interests be protected; Lakin sought successfully to persuade Chairman Smoot of the senate finance committee to protect the American industry without raising the rate, he said.

DEFENDANT IS REPORTED SEEN

Man Wanted Here Located on West Coast

Definite word that Lawrence Murphy, Milwaukee loan broker, who is wanted here on three charges of forgery and perjury, is hiding out on the West coast, has been received by county officials. According to Los Angeles, Calif., police, they were but a day behind him there and it was only through a bit of misfortune that he was not seized.

Murphy, who was to stand trial here during the October term of court, failed to make his appearance. Three bonds, amounting to \$3,500, under which he had been placed, were forfeited.

According to Municipal Judge T. W. Parkinson, the jury selected to try October term cases will not be dismissed, pending the possible capture of the Milwaukeean. If he is returned to this county within the next few weeks he will be tried immediately.

Dist. Atty. Herman Salen stated he believes Murphy's return will be a matter of a short time, since cities from Salt Lake City westward to the coast have taken up the search.

Harold Ford, youth charged with a statutory offense, indicated that he would plead guilty today if permitted to be arraigned before Judge Newton Evans, presiding for Judge Parkinson in the case. He had a turn of mind, however, when a sentence was discussed, and asked for a trial by jury. The trial was set for November 18.

Otto Bettin, charged with manslaughter in the fourth degree, has been ordered to appear in court on October 25 at which time his case will be taken up and probably sentence pronounced. He previously entered a plea of guilty.

Nature Club Holds Initial Meeting

The initial meeting of the Y. M. C. A. Nature club was held last night with S. Paul Jones as sponsor. The room was lined with thirty different phases of nature study, and the boys were given pencil and paper and tried to find how much they really knew. This was a very interesting experiment, and proved educational to all. A good showing was made, but there is still room for improvement.

The next meeting is to be held on Monday, Oct. 28, at the Y. M. C. A. Any boy interested in the study of nature is cordially invited to attend these meetings.

BARNHARDT, Mo. — (U.P.) — Twenty-year-old Helen Vachuda, accused of murder, sat calmly at the inquest over the body of her 48-year-old victim, William Zaruba, and told how she killed him.

"Two men came to my road house and told me Bill was quarreling with my mother.

"I got my revolver and put it in my pants pocket (Helen wore blue sailor's pants and blouse) and drove home.

"I saw Bill strike my mother. "Bill," I said, "if you hit mother again I'll shoot you."

"Bill hit mother again and then stretched out his hands and dared me to shoot.

"I fired at him because I thought he was going to attack me."

Kiwanis Show is Given Final Touches

The Minstrel musical revue which is being staged by the Kiwanis club Thursday and Friday evenings, October 24 and 25, the proceeds of which are to be used for the establishment of an "Under Privileged Child Clinic" in the new Waukesha hospital, is being very rapidly whipped into shape, and in the few days that are left for rehearsals the finishing touches and polish will be put on. We are assured by those responsible for the production that it will be one of the finest amateur productions ever staged in this city.

A dancing chorus of 24 girls has been under constant training and rehearsals for the past two weeks, and it is said that they are fast approaching professional performance. Practically the entire membership of the Kiwanis club will be used for the east, and the enthusiasm that prevails on the part of each member taking part together with the wonderful progress made in rehearsals assures outstanding success.

The advance ticket sale promises a complete sell out for both nights. The reserved seat tickets were placed on sale this morning at Trakel's Drug store.

Doney, 53, 312 Randall st., was fatally injured late Tuesday night when he walked into the path of the locomotive. Doney was walking east on Broadway as the train rolled toward the station at a greatly reduced rate of speed. Not willing to wait for the train to pass the man attempted to beat it but was struck and rendered unconscious. Doney might have been blinded by the sleet and snow which was falling at the time.

CHAPMAN'S SERVICE STATION

Two Months to Xmas; Mail Early is Plea

The postal department, according to very recent announcement, has approved plans for a private "shop early mail early" campaign, that were advanced by a large mail order house.

The department has given permission to include "mail early" cards in packages sent to customers in all sections of the country. Such campaigns will relieve the department of the expense of mailing slips and will do much toward expediting the delivery of holiday mail, it was pointed out.

Post offices will be closed as usual on Christmas ay, it was also said.

Friday of this week will begin the last two months' period before Christmas. Not only the postal department but merchants here would be favored greatly if this year people would make it a spec-

ial point to shop early and if presents are to be mailed, to mail early.
