The Jericho community P. T. A. will meet at the school house, Saturday, May 3d. All are invited.

Mr. and Mrs. Carl Kalb, Mrs. Anton Kalb and son, George, attended the ordination services at Techny, Ill., Saturday. A class of thirty were ordained. Many were personal friends of Carl Kalb, who was formerly employed at Beulah lake.

Miss Linda Bigelow is now at the Glenna Beauty shop at 4720 Burleigh street, Milwaukee, where she will be pleased to meet her Eagle friends.

Those from away who attended the funeral of Mrs. Floyd Watkins were Mrs. John Areson and daughter, Irmal, of St. Paul; Mr. and Mrs. Russell Knowles, of Brookfield; Mr. and Mrs. William Mead and daughter, Gladys, Mr. and Mrs. A. Werner, Mrs. Edith Huber, Mrs. Peter Lynch, Mr. and Mrs. R. E. Myers, Mr. and Mrs. D. T. Whittaker, Mrs. D. R. Knowles and daughter, Audrey, and the Porth families of Milwaukee.

Mrs. Clifford Pett, of Palmyra, was an Eagle visitor this week. We acknowledge a pleasant call.

Mr. and Mrs. Anton Steinhoff and children and Katherine and Grace Lane visited the Shannon family at Oconomowoc, Sunday.

Mrs. Catherine Fitzgerald, who spent the winter in Chicago, has returned to Eagle.

Mr. and Mrs. Paul Steinhoff, of Milwaukee, spent Sunday at the Joseph Stute home.

Mrs. E. A. Travis and daughter, Lillian, of Waukesha, visited at the Lins' home, Wednesday.

George E. Stead and Walter Lutz spent the week-end at Wau-paca.

Mrs. William Schroeder, of Milwaukee, spent Sunday with her sister, Mrs. Fenton Engbreetsen.

Mrs. Anna Schneider writes from Wymore, Neb., that she is home again after several weeks' treatment at the hospital at Odell.

Monday night Eagle was visited by automobile thieves who were discovered before they could drive away. One was caught that night and the other two were caught the next day. J. V. Atkin and Arthur Stocks served as night policemen.

MARY ANN BURNELL

April 17, 1930

The late Mrs. Burnell was the widow of Henry Burnell of North Prairie, and the daughter of Mr. and Mrs. John Burton.

She was born on Dec. 20, 1848. She was joined in marriage to Walter Downing in 1865 of which marriage there were two children: Annie (deceased) and Cecelia Leddy. This was a marriage which she was not permitted to enjoy for any great length of time. Death paid the home a visit and took the husband from its midst.

In 1885 she joined herself in matrimony to Henry Burnell, of which marriage there were also two children: Mrs. Harry Hurst and Henry Burnell. Nineteen years ago she was again called upon to mourn the loss of a husband. For many years since that passing she has made her home with her daughter, Mrs. Hurst.

She herself was taken sick on the seventh of April. Up to that time, despite her age, she had been able to enjoy life very fully. Her faculties were preserved, her limbs, although halting, were by no means helpless, her spirits were very exuberant, and her gift for conversation very little impaired. Sickness in an acute form visited her on the seventh of April, from which it was impossible for her to rally. She gradually lapsed into unconsciousness, and on April 15th (one week from the commencement of her sickness) God mercifully and beautifully said, "Now the Christian's course is run, Ended is the glorious strife; Fought the fight, the work is done, Death is swallowed up in life. Borne by angels on their wings, Far from earth thy spirit flies. Meet thy Lord, and soar, and sing, Triumphant in Paradise."

And that is how Mary Ann Burnell traveled from earth to Heaven.

Other surviving relatives are Sam Burton of Strum, Wis.; Will Burton of Eagle, Wis.; Mrs. Grace Onyon of Eagle, Wis.; and Mrs. George Harker of Mukwonago, Wis., and a number of grandchildren and great grandchildren.

MRS. FLOYD WATKINS

Relatives and friends alike mourn the untimely death of Mrs. Floyd Watkins which occurred at

the family home near Eagle on Monday, April 14th, after a brief illness. Mrs. Watkins was a daughter of Peter and Elizabeth Owens Mead and was born in Shorewood, Wis., on April 14th, A. D. 1885. Here she attended school and grew to womanhood. In September, 1907, she was united in marriage to Floyd Watkins of the same village and resided there until September, 1927, when the family purchased the Edwin W. Parsons estate and made their home here. Mrs. Watkins was a kind mother and neighbor and gained a host of friends. The funeral took place from the M. E. church at Eagle, Wednesday, April 16th, Rev. Petherick, assisted by Oramel Hinkley and Mrs. Southcott, officiated. Interment was in the family lot in Prairie Home cemetery at Waukesha. Mrs. Watkins was a member of Sunshine Camp 6817, Royal Neighbors of Milwaukee, and also a member of Silver Springs chapter, O. E. S., of Whitefish Bay.

She leaves surviving her besides her husband, four children, Mrs. Carl A. Belling, Floyd Watkins, Jr., Elizabeth Watkins and William Watkins, also one brother, William Mead, of Milwaukee, and one sister, Mrs. Elizabeth Porth, of Los Angeles, who have the sympathy of all in their bereavement.

CARD OF THANKS

We extend thanks to all who so kindly assisted us during the illness and burial of our beloved wife and mother, Eva Jane Watkins.

TO HOLD CAB DEATH INQUEST

Investigation is Ordered by Coroner

Coroner John Schaeffel announced today that an inquest will be held into the death of Gust Leipski, 68, who died Tuesday afternoon from injuries sustained earlier in the day when a taxi cab struck him on Broadway. A jury of six will be summoned to appear Thursday afternoon at 2 o'clock in the court house to hear the testimony of four eye witnesses and the driver of the cab, Roy Wagner.

Edward W. Smith, Fred Boertz, Walter Callow, Herman Poetsch, Patrick McNamara and Jacob Fremmel are the jurymen. The witnesses are Frank Biber, Miss Dorothy Agnew, Victor Furrer, Helen Michael, Drs. Noble and Peterson.

The coroner's report states that Leipski's death was due to internal injuries to the pelvis.

Funeral services will be held Friday afternoon at 1:30 o'clock at his home, 922 Eales avenue, and at 2 o'clock at the Trinity Lutheran church. Rev. P. T. Brockmann will officiate with burial at Prairie Home cemetery.

Mr. Leipski had made Waukesha his home for the past forty-one years and is survived by his wife and twelve children: Otto, of Waukesha; Mrs. Martha Krueger, of South Milwaukee; Mrs. Helen Michael, Mrs. Emma Neu, Mrs. Anna Krueger, Herman Leipski, Mrs. Bertha Schultz, Mrs. Rose Goetz, Gustave Leipski, Jr., Carl Leipski, Misses Emilia and Clara Leipski, all of Waukesha; also by twenty-three grandchildren.

CHEST CLINIC AT COURT HOUSE SATURDAY

"Early discovery; early recovery." This is the motto of the Wisconsin Anti-Tuberculosis association and in following it out the association urges all persons who have reason to believe that they might be suffering from any physical disorder to attend the free chest clinic which will be held in Waukesha at the court house on April 26. The clinic hours will be from 1:30 p. m. to 5 p. m.

Persons in Waukesha county are offered services of this clinic free of charge, the expense being borne by the county board and the W. A. T. A. Funds for the latter organization are raised through the annual sale of tuberculosis Christmas seals.

CENSUS GIVES JOBLESS DATA

Create Bureau to Gather Material

WASHINGTON—(UP)—A separate bureau will be set up in the department of commerce to handle unemployment data gathered in the 1930 census, Secretary of Commerce Lamont announced today. The purpose is to speed up the task of bringing jobs and jobless together.

Lamont made this known today in following up his announcement that public construction contracts for the first quarter of this year total \$303,000,000, a five-year record.

The administration's hope is the new unemployment figures taken in connection with the census now being made will enable federal, state and local authorities to push their public construction programs hardest in localities where unemployment figures appear largest.

To permit fastest possible tabulation of these unemployment figures, Lamont has directed a special bureau be set up. This will permit the figures to be rushed through in advance of the cumbersome routine of the census bureau, which is slow due to the gigantic volume of statistics involved in the 1930 census.

Furthermore, Lamont said he plans to follow the new unemployment figures, the first authentic count ever made by the federal government of the jobless, with "sample" unemployment test counts at frequent intervals to observe labor trends.

REPUBLICANS PLAN CAMPAIGN

First District Members Organize Saturday

At the Walworth county courthouse in Elkhorn, Saturday afternoon, Republicans of the first congressional district effected a permanent organization to take active part in the coming campaign, adopted resolutions endorsing the work of Herbert Hoover president of the United States, and Walter J. Kohler, governor of Wisconsin, and listened to addresses by leaders of the party in the district highly commendatory of the administration of Governor Kohler.

The meeting was called to order by a temporary chairman former Senator Hull of Whitewater, with George W. Rickman of Racine as secretary. On motion, these temporary officers were made permanent officers of the organization. Mrs. Fannie O. Monger of Janesville was chosen vice president and Mr. Rickman was made treasurer as well as secretary.

Speeches were made by several senators and assemblymen present. Senator Walter F. Goodland of Racine, Senator Conrad Scherer, representing Kenosha and Walworth counties; Senator George W. Blanchard, representing Rock county; Assemblyman E. G. Smith of Rock county, Assemblyman R. E. Davies of Waukesha county; former U. S. district attorney, Daugherty, of Janesville and others spoke briefly. All were enthusiastic advocates of the re-election of Governor Kohler and all spoke with highest praise of his character and achievements.

The attendance was excellent at the meeting, all parts of the district being well represented. Among those from this county were F. D. Abell, chairman of Waukesha county and member of the executive committee; Dr. E. M. Caples, George B. Harris, his son, Robert Harris, of Stour City, Iowa. A. W. Jones, Mrs. H. M. Youmans of this city; Mrs. H. G. E. Nixon and Mrs. Parker, Hartland; Miss Helen Moore, Delafield; H. G. Barton, Eagle. A considerable number of women was present from each county.

The message said: "Prisoners of Indians in the region of the Saint Lawrence, 1 elp. Thirty thousand franc ransom. April, Nungesser very sick." The message was turned over to the Mayor of Ver-sur-meri for examination.

4 KILLED WHEN PLANE STRIKES ELECTRIC WIRE

Investigation Shows Fog to Be Cause of Eastern Crash

NEW YORK—(UP)—An unexpected change in weather conditions was cited today as responsible for the deaths of Count Henri De la Vaulx, of aPris, president of the Federation Aeronautique Internationale, and three other persons when a Montreal-Newark monoplane crashed near Jersey City last night.

Earl F. Ward, chief of operations of the Canadian Colonial Airways, Inc., operators of the airline, conducted a preliminary investigation of the accident and issued a statement in which he intimated that there was no actual evidence of neglect.

The occupants were burned almost beyond recognition when the plane, groping through the fog for a landing place, struck a high tension wire and crashed to earth a moment later.

The Dead

Count Henri De la Vaulx, 60, of Paris.

Mrs. Mary E. Williams, 27, of Providence, R. I.

Arthur V. Conklin, 33, of Huntington, L. I.

John Salloway, 37, of Albany, N. Y., the pilot.

Little was left of the Fairchild monoplane when officials extinguished the flames and removed the bodies. The crash severed a wire which supplied power for most of the downtown section of Jersey City, and it was some time before lights could be restored.

The plane, a seven-passenger model, left the Canadian city at 12:15 p. m., yesterday with Salloway, pilot with 2,000 flying hours to his credit, substituting for the regular pilot who was ill.

At that time Count De la Vaulx, noted aviation enthusiast, who was to have attended a dinner in New York last night, was the sole passenger. Fighting headwinds all the way, the plane reached Albany 20 minutes behind its schedule.

There two other passengers boarded the ship. Salloway was advised by telephone from Newark that there was a 900 foot ceiling or level beneath which there was good visibility there, and he took off again.

Late afternoon shoppers in Jersey City heard the droning of the plane's engine just over their heads as the ship arrived. Watchers below saw it careen between the buildings and at one time it appeared certain, it would crash.

Many persons became frightened. One woman reported to police headquarters that the plane had snapped the radio aerial from the roof of her home. Hardly had the report been made, however, when the pilot sighted a beacon atop the Labor Bank building and probably mistaking it for another headed off toward the northwest, instead of the southwest as he should have.

Then Salloway found a "hole" in the fog over the meadows near the plant of the Public Service Gas and Electric company. Swooping down, the plane was headed directly for the dangerous high tension wires when a watchman waved a warning. It was too late. There was a crash, a tongue of flame and the plane fell to earth enveloped by fire.

It was 15 minutes before rescuers could remove the bodies.

School Children In District Meets

Hundreds of county school children will participate this week in county-wide district field days that will be held in various vicinities bordering Waukesha. Contests will be held in interpretative reading, music memory, singing, state fair contests and field events.

The winners of district meets will compete June 7 in this city for county honors.

The athletic meet will include a 50 yard dash, tug of war having 25 pupils on each side, a sack race, baseball throw, high jump and relay race.

Classified under the state fair contest are spelling, arithmetic and achievement. Together the three total 100 points. For achievement the biggest reward is given, 70 per cent.

In the Good Old Days

—when a man got a bill for paint and shinning it came from a builders' supply house. Now it comes from a beauty parlor.

—when a neighbor woman told you how many quarts and pints she had put up you knew she meant fruit.

—a girl's ambition was to be the kind of a person that people looked up to. Now she prefers to be the kind they look around at.

CONTROVERSY ARISES IN SCHOOL QUESTION

(By Mrs. S. W. Bennett)

NEW BUTLER—At a special meeting held in the bungalow school Wednesday evening, April 16, a plan to erect a modern four room building with recreation room in the basement, was rejected by a vote of 97 to 49. The two room brick building now being used by the first four grades was erected about fifteen years ago and when recently examined by a building inspector, was found unsafe and was condemned, according to present day building standards. This building is inadequate for the number of pupils it houses, and will be still more crowded when the 1930 fall term starts. Also another teacher is needed as the number of pupils in the primary grades even now exceeds the limit set by the state for one teacher. The fear of higher taxes and a lack of understanding of the actual facts is thought to be the reason for the opposition, but the feeling on the opposing side ran so high that no opportunity was given the school board and their supporters to fully and clearly explain their plans.

In spite of the rain a goodly number of people attended the sunrise service on Easter morning at the M. E. church and about twenty-five remained for the breakfast which was served after the service.—At the eleven o'clock service, Mrs. Hugh Swofford and Florence Knapp joined the church, and little Dorothy Jean Olson was taken in as a probation member.—Mrs. W. SMALLPOX QUARANTINE PUTS BAN ON SOCIAL GATHERINGS

GENESEEE DEPOT—The family of Mr. and Mrs. Henry Brust are quarantined with small pox. The disease seems to be in a light form, and they were not aware that they had it until quite a number of people had been exposed. However, every precaution is being taken to prevent the spread of the disease, one physician having performed nearly one hundred vaccinations, last Friday, in Geneseee village, and the Depot. The state health department has placed the community under quarantine and will allow no public gatherings until after next Sunday, to avoid any further exposure, although the Brust family are the only ones thus far affected by the disease. The local health officer, Dr. J. H. Evans, is exerting every means to assist the dairy farmers in being extremely cautious in the handling of milk, to prevent an embargo being placed thereon by the city health departments, because of the exposed community.

Not a Chance

Clerk—I'm taking a correspondence course to get more money, sir.
Boss: Ah, too bad! I'm taking one to reduce my expenses.

PREPARE PARKS FOR SUMMER

Grandstand to be Built in Buchner Park

A crew of men is working daily in the parks here, raking leaves and doing painting and repairing in an effort to make the parks of Waukesha even more attractive than they were last year.
Fences and benches in Cutler park have been painted a bright green. Equipment in other parks will be refinished in the same color.
Although the city council this winter appropriated \$1,000 for a baseball grandstand in Buchner park and for the work of improving the diamond, nothing had been done toward erecting such a stand. The baseball season starts here the first week in May. An additional \$1,000 was appropriated for equipping the park with more tennis courts. None of this money has been expended. The park in general must be improved and kept up with \$5,000. This was the amount set aside in the budget for park purposes. The \$2,000 for court and baseball stands is additional.
It will be more than a month before the parks will again become the mecca for children and adults alike although the tennis courts and baseball diamond in Buchner park are already being used. The swimming pool will be opened about June 1.

LAST MAN OF CLUB TO ATTEND RITES

ATWATER, Minn.—Charles M. Lockwood, the "last man" of the famous Last Man's Club of Company B, First Minnesota volunteer infantry, paid a final tribute to his comrades, today.
He came here from Minneapolis to attend the funeral of his comrade in battle, Peter O. Hall, 91, who died Friday. Lockwood made the trip from his Chamberlain, S. D., home, in easy stages, for his years are beginning to bear heavily.
Lockwood's satisfaction at being the last of the 34 members of the club, organized in Stillwater on September 17, 1885, was tempered by knowledge that he would "never see any of the other boys alive again."
Three years ago, the last trio of the original members met in Stillwater, to break the seal of the bottle of burgundy, to drink a toast to their departed comrades. The bottle was sealed again to be opened by the last survivor of the club.
Lockwood said, however, that he would present the bottle to the Minnesota Historical society, after ceremonies next July 21, the anniversary of the battle of Bull Run. Then, for the 45th and last time will the veteran of Company B drink to those who are gone.

PLAN SMALL GOLF COURSE

Will be Located on Westowne Subdivision

Waukesha is to have a miniature 18 hole golf course with all the features of a regular course it was announced today by Ted Morey and Chet Roberts who have started building the links.
The course will be located on the corner of the Westowne subdivision along Highway 18 and it is expected that a large number of local and transient golfers will make use of the facilities.
A variety of hazards will be constructed including water holes and it will provide a variety of putting practice. Such courses have proved popular in the South and there is an increased demand for such in this section of the country.
Not only will the course be available in the daytime but flood lights will make night playing possible and the links will be available until midnight. The grounds will be known as the Bob O' Links course and it is hoped they will be ready for use by next Sunday.

Three Alienists to Examine Sanhuber

LOS ANGELES—The sanity of Otto Sanhuber, who gave up the sunshine and comforts of a normal existence for an attic abode to be heard the married woman he loved, is to be tested by three alienists.
Unless the mind specialists, appointed in Superior court here yesterday, decide that Sanhuber was insane when he shot Fred Oesterreich eight years ago, the meek little man will go on trial on a charge of murder, June 2.
Mrs. Walbruga Oesterreich whom Sanhuber loved, filed a motion for a separate trial when she appeared to plead yesterday. She is charged jointly with the "Garret Ghost" in the slaying of her husband. A ruling on the motion will be made April 30.
The prosecution said the move for separate trials would be contested because they expected to attempt to show conspiracy.

CANNON SEEKS REINSTATEMENT

Claims Suspension Contrary to All Facts

MADISON, Wis.—(UP)—Raymond J. Cannon, who was defeated April 1 for a Supreme court justiceship, today filed a motion with the clerk of the Supreme court here asking for immediate reinstatement as a member of the Wisconsin bar, from which he was temporarily disbarred on June 30, 1929 on charges of ambulance chasing.
Cannon stated in his motion that he was not asking for reinstatement because of the fact that he obtained 96,908 votes in his recent race for the justiceship against Chester A. Fowler who received 198,572 votes, and John W. Reynolds, who received 184,317. In that race, Cannon carried Milwaukee, his home county, with 26,427 votes to 19,218 for Fowler and 11,422 for Reynolds. His victory in Milwaukee was acclaimed at the time as a public vindication for him of the charges upon which the state court ordered his suspension.
The motion for reinstatement filed today charged that Cannon's suspension was "contrary to all facts and all evidence in the record and was a manifest injustice."
The charges against him were "highly prejudicial," Cannon charged, "and the recommendations made by the referee were wholly unwarranted and uncalled for by the evidence."
Cannon contended that he really has been suspended since March 1927 when the ambulance chasing investigation which resulted in his suspension was instigated by three Milwaukee judges whom Cannon called his "political enemies." As a result of the charges, he said, his legal practice was destroyed and his means of supporting himself and family taken away.

PLANS STORE, APARTMENT

Building to be Erected on St. Paul Ave.

A combination store and apartment building will soon be erected on St. Paul avenue, west, not far to the east of the Wisconsin Avenue bridge, according to James I. Primmer, 420 West avenue, north, who said today, as soon as contract is let and the work of excavating is finished actual operations on the building will be begun.
Six four-room apartments will occupy the second floor; on the ground floor will be five stores, all of which have already been rented.
The building will be of cement block construction and will be erected adjacent to the one-story structure occupied by Kramer, the sign painter. The Kramer building will be enlarged to two stories.
Excavating has been begun for the new portion, measuring 30x80 feet in size.

SCHNITZLER IS TO BE TRIED

Hearing is Waived in Shooting Case

Walter Schnitzler, 28, town of Mukwonago farmer, charged with assault, intending to kill Leo Kasper, of Milwaukee, was bound over for trial to the next regular term of Municipal court today when his attorney, Henry Lockney, waived preliminary examination before Judge T. W. Parkinson this morning.
Bail of \$5,000 was continued. It is probable the defendant will remain confined in county jail until his trial which will not be until September.
If it had been the desire of Schnitzler's attorney to have testimony taken today the hearing would have been adjourned in favor of the trial by which the state will attempt to prove Philip Voss, of Milwaukee, guilty of arson. Voss' trial began today with drawing a jury.
Attorney Kerwin, representing Voss, and District Attorney Salen for the state, completed questioning a jury this afternoon.
Because of an affidavit of prejudice filed against Judge Parkinson, he appointed Judge Newton Evans of Oconomowoc to act in his stead.
Voss is charged with burning a house which belonged to him near Geresse Depot. At the preliminary hearing the district attorney introduced a confession in which Voss admits he fired the house in which eleven people were sleeping. The defense claims the confession was obtained by duress.
MILWAUKEE — Edwin H. Adams, 25, is just a plumber's helper, but since he was married four years ago he has bought six high powered automobiles, three motorcycles and a power boat, his wife, Sylvia, charges in a suit for divorce which she filed here today. A mysterious "Dolores M" was named as the person for whose benefit Adams bought the autos.

PLATINUM AND GOLD WORTH \$400 TAKEN

Safe is Also Tamped With but Theft Attempt Fails

Platinum laboratory equipment valued at between \$300 and \$400 and a strip of gold worth \$10 are missing from Science hall at Carroll college today, following a robbery which occurred some time between Saturday night and this morning.
The valuable metals were taken from the desk of Dr. Ward L. Ray, professor of chemistry, on the first floor of the building. Ten days ago Dr. Ray's home on College avenue was entered while he and his wife were out of the city and personal property was seized.
Oscar E. Wallert asserted today, following a hurried investigation, that Dr. Ray's office was entered with the use of a Yale lock key.

133.53 GRAMS OF PLATINUM GONE
A list of the platinum and gold laboratory equipment stolen from the Carroll college chemistry laboratory has been compiled. It is found that 133.53 grams or 4.08 ounces of platinum is gone and one-third of an ounce of gold.
Itemized list:
1 platinum dish 43.192 g.
1 platinum crucible 20.129 g.
1 platinum crucible 20.214 g.
1 platinum crucible 20.000 g.
1 electrode gauze cylinder 13g
1 anode, twisted wire 7 g.
Small piece of platinum 10 g.
2x3 in. gold sheet 1-3 oz.

The work of the thieves was not confined to Science hall. They entered Main hall through an office window, broke the combination from the office safe, but were unable to open it. No explosives were used.
The safe has not yet been opened and it is believed in order to get to the inside it must be cut with an actylepe torch.

The office of Miss Karen Carlson, private secretary of Dr. W. A. Ganfield, president, was ransacked, but all that was found were 200 postage stamps.
"Had the thieves opened the safe," Dr. Ganfield said today, "they could have found nothing of value except a few stamps. It is our policy not to keep money in the office."
First (Doc) Watt, college janitor, discovered something unusual had happened when he entered the office early today and found all the shades drawn. It is not customary for anyone in the office to draw the shades. He did not, however, take note of the condition of the safe.

Miss Irene Krueger, one of the office assistants, first made the discovery at 7:30 o'clock when she found the safe had been tampered with and handle. The rollers took the combination and handle along in order to cover up their identity.
The window used to gain entrance into the office building is directly above the safe.
All indications are that someone well acquainted with the college is responsible. In all instances they went directly to the places they believed the loot would be.
There was no ransacking of Dr. Ray's office as though someone by accident came across the platinum and gold. The "ask in which the metals were kept" was all that was disturbed.

BUSINESS BOOM IS EVIDENT

Auto, Construction Industries in Revival

WASHINGTON—(UP)—First tangible evidence of a spring business revival was advanced today in government trade reports on two pivotal industries — automobiles and construction.
Secretary of Commerce Lamont announced first quarter public construction contracts totaling \$303,000,000, a five year record.
The automotive division of the commerce department reported a 77,360 increase in March automobile production.
Meanwhile, the federal reserve board, in its April bulletin, told of a further easing of the money market—a trend which it said will spread in time "over the other and less sensitive markets."
Lamont interpreted the high first quarter construction figures as the direct outgrowth of the stabilization program initiated after President Hoover's December conference with business leaders.
The \$303,000,000 awarded in public works and utilities construction contracts in the first quarter of 1930 was an increase of 55 per cent over the same period of last year, and was well ahead the first quarter of any of the preceding four years, Lamont said.
Show Increase
Awards for the public buildings alone during January, February and March reached \$2,337,000, an increase of 33 per cent over a year ago, he said.
In the field of strictly private construction, however, the three major types which represent that field were below the corresponding months of 1929, with residential construction lagging far behind.
The automotive production report showed a total March output of 281,374 over December's low level.
He said the industry could not hope to approach the record 1929 levels, but that first quarter figures compare favorably with 1928, which was a "normal" year.
The further easing in the money market, reported today by the federal reserve board is viewed here as a favorable argument for continued expansion in both construction and automotive production.

BLAINE HEAD OF POSTOFFICE PROBE

WASHINGTON—A special senate committee to investigate postoffice leases was appointed today by Vice President Curtis. Senator Blaine, Republican, Wisconsin, sponsor of the investigation, was named chairman.
Other members of the committee are Senators Hastings, Republican, Delaware; Hebert, Republican, Rhode Island; George, Democrat, Georgia, and Hayden, Democrat, Arizona.
The committee was authorized under a resolution passed by the senate last week to investigate charges by Blaine and others that many post office leases have been "conceived in fraud and corruption."
It has been charged that 1,200 leases negotiated by the post office department for buildings all over the country are contracted for at many postoffice leases have been used as a basis for fraudulent issuance of about \$150,000,000 in bonds.

CHARGE DEMOCRATS WITH CONSPIRACY

WASHINGTON—A charge that a conspiracy exists between secretary of treasury Mellon, Chairman Raskob of the Democratic national committee and Henry Curran, president of the association against the prohibition amendment, to elect wet members to the next congress, was made in the senate today by Senator Brookhart, Repn., Iowa.

CHICAGO GANG DEATH BULLETS ARE EXAMINED

Blame Capone's Bid For Labor Control In Triple Murder

CHICAGO—(U.P.)—Two bullets, probed from the bodies of three assassinated gangsters of "Scarface Al" Capone's mob, went under the microscopes of Chicago's crime laboratory today as the only evidence against an executioner, who single-handed put the three to death in two minutes in an Easter morning massacre.

The triple murders, committed in a saloon which has been the scene of other gangland killings, ranks next to the St. Valentine's day massacre, the Chicago crime that was heard around the world, in point of numbers dead and takes its place beside the "little massacre," another mass slaying that took three gangsters' lives soon after the Valentine affair.

In searching for a motive behind the murders, police were inclined to blame "Scarface Al's" bid to control the labor unions, reported to have been started with considerable success.

Capone was to take over the bread, crackers, yeast and pie wagon drivers' union through the efforts of Walter Wakefield, part owner of the saloon and one of those killed, according to a witness the police found but kept under the veil of anonymity. This witness said the attempt failed and that an official was heard to say that Wakefield would "be found dead in an alley."

Besides Wakefield, Frank Delre, 33, the other owner of the saloon, and Joseph Special, a waiter, were the victims of the lone assassin's unerring aim with the traditional weapon of gangsters—a .45 calibre automatic pistol.

From position of the bodies and other evidence, Capt. William Stapleton pieced together the story of the massacre today and told it this way:

Wakefield was counting the night's receipts after the doors had been locked. Delre and Special were the only others in the saloon after the night's business.

Apparently the assassin tapped on the window, was recognized and permitted to enter. He ordered a stein of beer, tending a dollar bill. Wakefield gave him three quarters in change.

Then the killer, apparently without a word of warning, shot Wakefield in the back of the head.

Special, who had been in the backroom, was unarmed and trapped but opened his pocket knife, seized a plaster cast of a saint and started toward the killer. He was shot in the arm and fell.

Delre had fled toward the door and was shot in the head as he vaulted a cigar case.

The assassin turned again on Special and shot him three times as he lay wounded on the floor. His murders done, the assassin fled in a black sedan.

Several squads of police arrived in time to see Special die, but he could not talk and probably wouldn't have for gangsters die silently.

WASHINGTON—The house passed and sent to the senate today a bill authorizing the secretary of the interior to investigate the advisability of establishing a National Park in the state of Wisconsin, to be known as the Apostle Island National Park.

Strange Letter Case

Psychologists are interested in the strange case of Miss Lettie Jourdan, 37-year-old secretary of the Spokane county, Washington, W. C. T. U., who is being held under bond following a confession that she was the author of numerous obscene letters written to herself during the past year which resulted in the indictment of J. M. Rainey and his son, Arthur. They succeeded in establishing their innocence before going to trial. Miss Jourdan confessed that she wrote the letters because she had a secret liking for the sheriff and his deputy and liked to discuss the letters with them, police say.

GREEN BAY WOMAN CELEBRATES 100TH BIRTHDAY SUNDAY

GREEN BAY, Wis.—(U.P.)—Surrounded by the memories of nearly a century in the early Northwest, her home the original mess hall of old Fort Howard, built in 1816, Mrs. Antoinette Scholten celebrated her 100th birthday here Sunday.

Born in Amsterdam, Holland, in 1830, Mrs. Scholten was married there to Rudolph Scholten and came to America in 1857. The couple established their log cabin home in the wilderness that has since become Green Bay and there, surrounded by none too friendly Indians, they lived by hunting, fishing and trading.

When old Fort Howard was abandoned, Scholten purchased the mess hall, moved it several blocks from the river front and established a new home for his family. The building serves such today and is in an excellent state of preservation.

Mrs. Scholten was a charter member of St. Willebrord's Catholic church and was accorded an unusual honor Sunday when the Easter high mass was sung in her honor.

JAPAN OKES 5 POWER PACT

Chief Delegate Instructed to Sign Document

TOKIO—(U.P.)—The Japanese government today approved the entire five-power naval treaty.

Reijiro Wakatauki, chief of the Japanese delegation in London was instructed by cable to sign the document for Japan when it is presented at the plenary session next week.

LONDON—The main sections of the five-power naval treaty were in the hands of the respective governments today, ready for a last minute revision before their presentation to the plenary session of the London conference next Tuesday.

It was learned from American sources today that the formulae for the preable to the treaty have been completed, but absence of the chiefs of the French and Italian delegations resulted in delay in selecting and approving the final form.

France and Italy are anxious, it is said, to have some mention of the league of nations in the preamble, while the United States, Great Britain and Japan favor some simple paragraph like that with which the Washington naval treaty is introduced.

The United States delegation considers that America has scored two minor victories in the drafting of the preamble the United Press was informed from reliable sources today.

In its present form the draft omits mention of the league of nations, but does mention the present parley as the continuation of the work of the Washington conference.

The treaty will continue articles, and will be about the same length as the Washington pact.

FIVE SHOT IN INDIA RIOTS

Insurgents Attack Calcutta Rail Station

CALCUTTA, India—(U.P.)—A sergeant major of the Anglo-Indian forces and four Indians were shot and killed in an outbreak of insurgents at Chittagong, Bengal, last night.

In surrectionary mobs stormed the railway station and police armories in a violent attack, leaving them wrecked. The sergeant-major and his men were killed in a spirited defense of the building. One train was derailed by the mob, and telegraph wires were cut, interrupting communications.

Women and children, endangered by the attack, were hurried to refuge on the docks at the port.

Sir Francis S. Jackson, governor of Bengal, who was on his way to the summer capital at Darjeeling this morning, received a telegram at the Siliguri station explaining the threatening situation at Calcutta and elsewhere through the province, and decided to return to Calcutta immediately.

BOMBAY, India—Jannadas Mehta, one of the leading members of the Indian National Congress, was sentenced to six months' simple imprisonment and fined 200 rupees today for violation of the salt laws.

Mehta was arrested yesterday at Thana, where he was said to have taken part in a salt-making demonstration.

PHILADELPHIA—Four motorcycle policemen and five gunmen in a stolen automobile today fought a gun battle in which nearly 250 shots were fired as they raced at a 60-mile-an-hour rate through the streets of North Philadelphia.

CONFEREES ARE ABOUT THROUGH

Agree on All But Five Duty Schedules

WASHINGTON—(U.P.)—All but five of the rate schedules of the tariff bill were completed today by House and Senate conferees. The conferees agreed to start Monday on the administrative provisions containing such controversial matters as the debenture plan of farm relief and repeal of the flexible tariff provisions.

Four of the five items upon which no agreement was reached are the most important rate schedules of the bill—sugar, lumber, shingles and cement. These were especially reserved for a vote by the House. The fifth on silver was reserved by the conferees.

In the final session on the rate schedule the conferees adjusted the duties on aluminum, increasing them slightly above the low level set previously, but still leaving them far below existing law.

The Senate rate of 3 1/2 cents a pound on crude aluminum was fixed at 4 cents. The duty on aluminum foil, fixed at 3 3/4 per cent by the Senate was boosted to 40 per
