COUNTY NURSE'S WORK PLEASES COUNTY BOARD

CONVINCED OF IMPROVEMENT IN CONDITION AND BETTER CHILD HEALTH

Conditions among the children in Waukesha county were much improved and many of the children themselves were physically benefited during the last year as a result of County Nurse Miss Minnie Mae Matts, who on Thursday afternoon submit ted her annual report to the board of supervisors. The latter were well pleased with the results and it is port submitted to the County Board meeting of the supervisors. At without doubt that Miss Matts will be engaged to continue with her work for another year.

Be3sides visiting schools, attending and supervising at health clinics numbering more than 500 Miss Matts has also done much work in assisting the teachers in the county in the matter of health education. Many of the visits were made in the most severe weather. Mis. Harvey J. Frame, member of the health committee also appeared before the board and gave a splendid talk on the work of the committee and Miss Matts. Her arguments in favor of such continued action convinced the board of the necessity of the work. In her report to the board Miss Matts said:

Make Children Fit

tine inspection of each child for de- death by a bull. fects of teeth, eye, nose and throat onlooker. We may go on from time to time apparently not observing cer- 1923. tain minor defects; but a record is kept and the next inspection is made with this defect in mind, which if not improved, is then reported to the family for attention. Of course major defects are reported at once. We feel that if an average of one case is corrected in each school per year that the work is really worth while, but as you know the average is greater than that.

Any physical defect handicaps a child. This defect being brought to light through these periodical examinations at an early stage and in this manner, lessen the expense to the parent and the community. To illustrate: In one certain school a little girl was not making her grade. Nothing seemed to be wrong but a slight eye defect. No home notice was sent but her older brother was told about it asking that he report it is functioning in close co-operation to the family. The next year we with the White House to avert the found her in school wearing glasses difficulties of the last session and and one of the best pupils in her adopt speedily all possible construcgrade.

As a result of investigating cases of delinquency, neglect, and dependency of juveniles, speech, eye, ear and mental defects, a speech clinic was held which brought wonderful results. One case referred to us (from Dodge county) by a state worker of the educational department, was brought to the clinic. Advice for home treatment was given, but we have no follow-up report on this case as Dodge county has no nurse. We do know, however, that the parents left very gratified with the knowledge gained at the clinic. Many Waukesha county the result that the postal salaries incases are vastly improved. Waukesha city in consequence has a speech teacher which was sadly needed. Another child was found to have defective hearing which was due to inrected tonsils, causing a speech defect. The teachers are very co-operative in this work reporting cases of pre-school children as well as school children. In one particular instance a home school call was made this summer regarding placing a child in the school for the blind in Janesville. only to find the work already done by the teacher. Due to the dire necessity for further instruction it was our desire to hold another speech psychologist had accepted a position

COMMITTEE OF BOARD IS IN-STRUCTED TO MAKE REPORT AS TO METHOD

A resolution providing for a report as to the advisability of fixing the salary of the county sheriff in lieu of all fees was introduced at the meeting of the county board on Thursday by Supervisor Breidenbach.

Chairman W. C. Jones has appointed a committee which will report to the board not later than the January Of this number present as in the past the county would, it is believed, eliminate further controversy between 'the board for fee work.

Waukesha county will be assured of snow-free roads this winter with the passage of a resolution providing an appropriation of \$3,000 for snow removal and an appropriation of \$1.100 for the erection of snow fences along the county highways. The county has already placed its two rotary snow plows in the Watertown factory where they will be remodelled with the latest improvements.

Mrs. Nellie Kedzie Jones, state leader of the Home Economics Extension division, appeared before the appeal in behalf of providing a county woman demonstrator for the com-\$2,400 to support the work. next Wednesday.

GETS THOSE WHO NEGLECT AND ABUSE CHILDREN AND ANIMALS, PUNISHED

Mrs. Florence George, Waukesha County Humane officer, has made board, and as has been the case in esting.

It demonstrates that even in this

Mrs. George devotes hours and hours each week to the searching out punishment for the offenders.

Unbellevable Conditions

The cruelty which she finds practiced in regard to domestic animals is almost unbelievable, she says. She has found at least a dozen cases in the past year, of farmers and others driving horses whose feet were lunshod, even when roads were slippery and the animals' frantic efforts to get a foothold had torn the hoof to the quick making it extremely painful for them to step. In each case reported she had compelled the owner to have the horse properly shod and to not use it until its feet had healed. In the severe blizzard of last spring one man left his old was found, slowly starving, standing out doors during storms.

MUSKEGO

There was a goodly attendance at the Farm Bureau meeting, Friday Govern and Winfred Zabel tried the evening, people coming from Caldwell, Denoon, Big Bend, and Hale's Corners. An excellent program was Mr. and Mrs. Fred Southcott were presented. The Ladies of the Farm Mr. and Mrs. Edw. Drews, Wednesday jury held both parties to have been

eral cases of immorality which were astonishingly vicious. One case, the details of which are too nauseating to print, was discovered on Madison street of this city, and corrected. In another instance three young girls were found harbored in a saloon, the owner of which made them serve drinks to intoxicated men and otherwise subjected them to indignities. The oldest of the girls was but 17 and the other two were 13 and 14, respectively. In another case it was found that ten children and the par-

ents were living in a single room. Wankesha Mother Brutal

A woman in Waukesha was found to be brutally beating her two little her annual report to the county children of 7 and 4 years. Another woman with three little children was leaving them at home half-fed and neglected, while she went to gay parties with men visitors. age of supposed civilization and was found neglecting his small chilbeat his wife. A boy of 5, who was on our own street, are cases of sav-sent to school unfed, and who often did not go home at night but slept in sheltered doorways or other nooks, was cared for.

Mrs. George has also ministered to suffering dogs, hogs, cats, and other animals. The summary of her report shows 103 cases involving children; nineteen involving adults; sixty-three, horses; forty-one, cattle; eight, dogs; one, cat. Fourteen cases were taken into court for settle-
