CARD OF THANKS

We hereby express our thanks to our many neighbors and friends for their kind assistance during the last illness and at the time of the funeral of our beloved father, George Henderson. We also want to thank those who sent the beautiful floral tributes. THE HENDERSON AND WILTON FAMILIES.

GEORGE HENDERSON DIES AT HOME OF HIS DAUGHTER

George Henderson passed away at the home of his daughter, Mrs. John C. Wilson, of Eagle, on Jan. 30, at the age of 77 years, 7 months and 17 days. He was the eldest son of George and Agnes Duncan Henderson, and was born in Glasgow, Scotland, June 13, 1845, came to this country with his parents in 1850. They settled on a farm now owned and occupied by his son Roy, in the town of Mukwonago, when Wisconsin was yet young as a state, and of course knew something of the privations of those early days. He received a common school education in St. No. 6, Jericho, and was a pupil of the late John V. Ely, William and Charles Morrison and other and a schoolmate of the Shermans, Parsons, Kippes, and Skidmores, many of whom have passed away.

Mr. Henderson was united in marriage to Elizabeth Hill of the town of Mukwonago, on May 30, 1872, and they settled on a farm near Jericho, now owned by John Rockteacher. Two children were born of this union, Ethel, now Mrs. John Wilton, and Roy, of Mukwonago.

After the death of his parents Mr. Henderson purchased the homestead farm where he spent the greater part of his married life, and where the family found much happiness in the companionship of neighbors and friends, to whom their door was always open. After the death of his companion, who passed away May 3, 1913, he resided with his children. He was known throughout the community as a hard-working man and successful farmer. In his early manhood he was a staunch Republican but later in life threw his influence with the Prohibition party, casting his first Prohibition ballot for John P. St. Jun. He was a great lover of music and had a fine voice. In his latter years he spent many hours listening to the voices of artists brought to him through the medium of the phonograph record. He was a great reader and spent much time reading the Scriptures.

For many years Mr. Henderson had been a member of the Eagle Methodist Episcopal Church and gave liberally to all worthy causes, and was regular in attendance at the services until ill health fell upon him.

He is survived by the son and daughter four grandchildren, a sister, Mrs. James Colman of Seattle, Wash., and one brother, Thomas, also resident in the west; besides other relatives and a host of friends.

"We sing of a beautiful land,
A land just over the way;
He has joined in the throng that is passing along
To that land that is fairer than day."

Funeral services for Mr. Henderson were held Thursday, Feb. 1, at the Eagle Methodist Episcopal church, where a large number of relatives and friends assembled to pay a last token of respect to a friend, and with the beautiful floral tribute bespeak the high esteem in which he was held.

The Rev. W. J. Perry delivered a short but very impressive eulogy from the words of the text, "Precious in the sight of the Lord is the death of His Saints."

The remains were laid to rest beside those of his life companion, in the Mukwonago cemetery.

A FRIEND.

BOOTLEGGER REPEATER SHOULD BE IN JAIL

MADISON, Wis.—A bootlegger convicted for the third time should not be allowed to be "farmed out" under the Prohibition commitment law, to his wife or father-in-law, to work on his own farm, he attorney general's department declared in an opinion Friday.

The decision was given to A. L. Devos, Neillsville district attorney of Clark County who declared that Louis Lang, convicted for the third time, of violation of the Severson state prohibition enforcement law, had applied to be "farmed out" to his wife or his father-in-law. Lang is serving a six-month sentence.

The law specifies that the sheriff must farm-out prisoners to "suitable work" in cases where there is no county workhouse. The opinion ruled that the definition of "suitable work" was the point on which the question hinged. To be allowed to work on his farm was not punishment, and therefore not "suitable work" under the provisions of the law, the opinion said.

GEO. M'KERROW RE-ELECTED HEAD OF BUREAU MEN

BOARD REFUSED TO ALLOW MR. MCKERROW TO DECLINE. WAUKESHA WELL REPRESENTED

George McKerrrow, well known dairy and sheep man of Wisconsin and for many years a resident of the town of Pewaukee, was on Thursday re-elected president of the State Federation of Farm Bureaus, by unanimous acclamation after he had decidedly refused to take the position for another term.

Was Not a Candidate

Mr. McKerrrow had notified the board of directors in convention that he was not a candidate for re-election and would not accept the position if elected. The members, however, apparently disregarded Mr. McKerrrow's request that he be not re-elected, and after considerable objections he finally agreed to accept the office.

Mr. McKerrrow has done a great deal for the farmers in the state of Wisconsin as head of the farm organization and further advancement in the farm industry is foreseen with Mr. McKerrrow at the head. It was for this reason no doubt that the board insisted upon Mr. McKerrrow accepting the post.

Whitewater Man Vice President

Other officers elected were George W. Hall, Whitewater, vice president, and C. W. Keys, Fond du Lac, treasurer. The board postponed election of a secretary, several being considered for the position. Ivan Wright of Waukesha county, whose term expires, will very likely be re-elected, by the belief of O. H. Cooley. It is the plan of the board to elect two men to the office of secretary, one to do field and organization work, the other to attend to the clerical work of the office.

Waukesha county was well represented at the convention, said Mr. Cooley, and the women's delegation from Waukesha outnumbered all others. A feature of the women's meeting was the home economics department, Mrs. J. Salberg of Iowa speaking on the subject, while the principal speaker of the men's meeting was J. B. McKenzie of New York. A resolution making the women's organization a part of the Farm Bureau and not a separate organization except in its work and officers, was passed at the convention.

MARKETS WIRELESS BEGINS BROADCASTING

WAUPACA, Wis.—Wireless station LPAH, of the Wisconsin department of markets, today began broadcasting of six radio-telephone calls including all of the latest government markets.

The power sending apparatus, located centrally in Wisconsin, touches every corner of the state. It is estimated that there are 1,500 farms with radio receivers, in addition to from one to 200 in every town in the state. B. B. Jones of the department of markets at Madison is in charge of the service. M. M. Littleton is director of the big set. Any person in the state with a suitable receiving set can receive these reports. Reports on the following products at important markets are sent: Cattle, hogs, sheep, cheese, butter, eggs, poultry, hay, potatoes, cabbage, and other farm produce. Weather reports also will be broadcast daily at 9:30 a. m.

The equipment of the station is of

the latest design. The antenna from which the messages leap into the air is suspended between two steel towers 110 feet high. The transmitting set utilizes ten 250-watt tubes giving it power three times as great as any other station in this district. The transmission of market reports is the main purpose for which the station was erected, but from time to time certain educational and musical broadcasts will be made.

Loops of pipe through which water flows to warm a room next to a kitchen have been invented that can be attached to any coal range to get more use from the heat of the fuel used in cooking.

Radio receiving sets for public places have been invented that operate on the coin-in-a-slot principle.

THE TEST OF CHARACTER

The president of a big corporation gave this reason why his company employed salesmen on a commission basis only:

"It's the best test of character we can apply. If a man hasn't saved enough money to carry himself for a month or so, he's rarely the kind who can measure up to the opportunity we offer." Why not take a fixed amount out of your salary every pay day and put it to work in an interest-bearing account at this bank? It will then enable you to grasp opportunity when it comes.

Pay yourself first—it's the sensible thing to do.

News Notes From Neighboring Places

PEWAUKEE

The attendance at the third annual children's masquerade, which was held in the school auditorium Jan. 30, under auspices of the Parent-Teacher association, proved a popular event. There were nearly 200 masked children representing almost as many different characters, from a tiny kewpie, in the person of the 4-yr.-old Billy Mutchler, to a pirate with dangling sword and glistening dagger, besides many other familiar and grotesque characters. Owing to the generosity of local business and professional men fifty prizes were awarded to the children. Dr. Taylor, Ed. Nash, Harry Koepf, Mrs. Severson of Delafield and the Mmes. Jessie Jones, Hettenbach, Dupe, and Wilson served as judges. St. John's Military Academy orchestra furnished the music. Ice cream cones, balloons, and squawkers were presented to the maskers. There were more than 200 spectators, and the net proceeds from the sale of admission tickets, was \$62. Much credit is due the committee of arrangements, of which Mrs. Schmutzler was chairman. She worked diligently to make the affair successful.

Pewaukee High School basketball team defeated Hartland by a score of 24 to 23, in a fast and clean game on the local floor Friday night. For the fifth time in three years the Pewaukee team has defeated Hartland, and although they did not win by as high a margin as at other times, the results were very satisfactory. The first quarter was very fast and the guarding was very good considering the fact that two of the stars were unable to play because of prior engagements. The first half ended with the score 17 to 12 in favor of Pewaukee. Hartland surprised all by coming back and holding Pewaukee to three baskets. The third quarter ended 19 to 17 in favor of Hartland. In the last quarter Hartland held the lead until there were but 30 seconds to play, when the count stood 23 to 22. Pewaukee made a final winning basket just before time was called. The second teams of the same schools played a preliminary which resulted in a victory for Pewaukee by a score of 14 to 10.

NEW BUTLER

Pupils of the graded school are eagerly looking forward to Friday evening, Feb. 9, for that is the date of the Valentine party planned for them by the Mothers' club, to be given at the Bungalow school. Valentines are being prepared and anticipation of a good time runs high. The young folks are requester to bring cup and spoon. Monday, Feb. 12, is the time of the card party to be given at the same place by the Parent-Teacher association. Awards for high scores will be made and refreshments served. An admission fee of 25 cents will be charged. The school phonograph has been procured and is being enjoyed by all. The sale of articles, both useful and ornamental, provided by residents of the village, goes merrily on, and the sum to be applied toward payment of the phonograph is steadily increasing, for which promoters of the affair are duly grateful to all concerned.—The regular monthly meeting of Pilgrim Ladies' Aid will take the form of a Valentine party at the home of Mrs. Ralph Knapp on February 14 at 2:30 o'clock. Mrs. Knapp and Mrs. M. J. Lepley, jointly, will act as hostesses. A program in keeping with the occasion will be rendered.

Old King Winter is here in all his glory! The snow, which has stayed with us, instead of melting as has been the case during the past few years, has made coasting and sleighing very popular. On Saturday evening Rev. Father Delaney entertained members of the choir and their friends at an old-fashioned sleighride party, which terminated at Wildt's Corner, where a bountiful supper was served. Those present were Messrs. and Mmes. Martin Tilley, Edward Etzel, Marion Berkman, the Misses Maude and Evelyn McDermott, Eleanor Hausfelt, Agnes Clarke, and Messrs. Henry Loew, George O'Connell, Terrance McDermott and Eugene Terry. The Seventh and Eighth grade pupils of St. Agnes school enjoyed a sleighride party Sunday afternoon.

The series of card parties held at St. Agnes church hall the last three Tuesdays was a decided success. The grand prize which was awarded for the highest score for the three parties was given to Mrs. Edward Etz I; Walter Rhiney received the one provided for the man having the highest score. In addition prizes were given at each of the parties. The popularity of the entertainments was demonstrated when appeals were made by those attending to have one more party. This took place Tuesday, Feb. 6. Card playing will be discontinued until after Lent. The St. Agnes Parent-Teacher association under whose auspices the card parties have been given, has now a balance of \$75.00 in the treasury. A Ford sale is being planned, to take place in the near future.

Weather conditions prevented the basketball game between the Crickets and the West Bend girls' team Friday evening. In the game between the Comets and Waukesha, it was easy to see that the latter was outclassed, both in size and age. However, they played a good game, all things considered. The resulting score was 38-14 in favor of the home team. A game between the New Butler Comets and Brookfield has been arranged for February 24, to be played at the Armory, near Shorewood.—The ball given by the Crickets at Eagle hall Saturday evening, though not a financial success, was a pleasant social affair despite the intensely cold weather. Sandwiches and hot coffee were dispensed between dances, in the clubroom under the stage. Though the girls are a good bit out of pocket, they feel that they both had and gave a good time.—On Sunday evening, Miss Clara Green, formerly of New Butler, was tendered a pleasant surprise party in honor of her birthday anniversary, at her home in Milwaukee. There is no question as to their having an enjoyable time, but as a sleigh ride and coasting party it proved to be a Jonah.

SOUTH WAUKESHA

The basketball team met defeat, both on Wednesday evening at Eagle, and Thursday evening at Genesee. The team had hoped to meet Genesee's second team, but this team had a game elsewhere on that evening. None of the Vernon boys, with the exception of Harold Carr, have had much coaching. Herbert Mair and Louis Dresdow have practiced some at high school but William Davis and Stewart Freeman, who both play a good game, are beginners. The team was indebted to John Geiger, last Thursday, for assistance, otherwise the Genesee team would have beaten them by a larger score than was recorded. At Eagle there was a distinct gleam of humor in our crowd, when the Palmyra Girls team, loudly and persistently rooted for "Vernon High School". It is possible that our boys have been a little over-ambitious in challenging teams, but that's all right—"Nothing ventured, nothing have", and they are consistent losers. Stewart Freeman, manager, is sick with influenza, contracted after the Genesee game.

Last Wednesday evening Louis and Ed. Dresdow accompanied the H. Carr family and Miss James when they went to Eagle. While there the new automobile in which they had made the journey backed rapidly down a long hill between trees and stopped a few feet from a large one, after being parked. The car was not damaged. In some way the brakes became released.

There was a very small attendance at the meeting of the L. A. S. of the Vernon Methodist Episcopal church, at the L. Olson home, last Thursday. The next meeting will be with Mrs. A. F. BIRTHS MORE, DEATHS LESS IN YEAR 1922

VITAL STATISTICS FROM REGISTER'S OFFICE SHOW INCREASE IN COUNTY'S POPULATION

Within the year just ended, there were in Waukesha county 833 births. There were within the same period in this county 590 deaths, and 297 marriages.

Allowing for the death-rate of infants, which is larger than for the population-at-large, the increase of births over deaths is still a large percentage. There is apparently no race suicide in this county.

Three Months' Data

For the last three months of 1922, the list taken from the statistics filed in the office of the register of deeds is as follows:

Table with 3 columns: Month, Births, Deaths, Marriages. October: 70, 62, 44. November: 60, 60, 19. December: 79, 47, 17.

Record of all marriages, births and deaths is filed with the county register of deeds. In villages, the village clerk and in townships, the town clerk serves as registrar. In the cities the health officer holds similar position. These registrars make out the original records, send a copy of the original to the office of the register of deeds of the county, and file a copy in their own offices. The original copy is retained in the state bureau of vital statistics at Madison.

Copies sent to the office of the county register of deeds are filed and indexed as a permanent record. Certified copies are obtained there for use by insurance companies and for other purposes.

A Comprehensive Record

When you are born, when you are married, and when you die, the state wants to know all about it. Blank forms are provided to be filled out by certain persons designated for that duty. These blanks are comprehensive. The birth record blank provides for the place of birth, county, township, village or city; the full name of the child, its sex, color, race; twin, triplet, or other; legitimate or illegitimate; details of name, residence color or race, age, birth-place, occupation of both father and mother; the number of children of this mother, number born alive and now living, etc. The blank contains also this question: "What preventative for oph...

ne, why?" This blank is signed by the attending physician or midwife, or in the absence of both, by the father or householder.

Everyone will be welcomed. County Superintendent Rhoads and State Inspector Dick visited our school two weeks ago and were enthused with our new building. Upper grade students are holding a conduct contest, Russell Crawford having been chosen captain of the "Strivers" and Walter Zahnow of the "Industrious Band." The winning side will be given a party. From present indications the "Industrious Band" bids fair to be the winner since they have only half as many checks against them as the "Strivers." First semester finals were given Wednesday and second semester work began Thursday.

STATE DAIRYMEN TO ADVERTISE ON BIG SCALE

MAKE SOME CHANGES IN TENTATIVE PLANS. BANKERS AND DAIRYMEN ELIGIBLE

MADISON, Wis., Feb. 1. — Important changes in the tentative plan of organization of the state-wide dairy products co-operative merchandising and advertising enterprise which will be organized here Friday and Saturday were announced Thursday on the very eve of the meeting.

The tentative name has been changed to "Wisconsin Dairying Incorporated," a revised prospectus showed. A former pamphlet on the same subject two weeks ago stated that the name probably would be the "Wisconsin Dairy Merchandising Association."

The early prospectus announced as a goal the organization of "an efficient commodity marketing organization" to carry on co-operation and advertising of dairy products. The revised booklet advocates the formation of "an efficient co-operative for the same purpose."

Governing Board Changed

The pamphlet, signed by J. M. Smith, Shell Lake banker, who is chairman of the organization committee, announces other changes in tentative organization, most marked of which is the emphasis placed on the organization being co-operative, and working almost altogether through co-operative organizations already organized.

Other changes are as follows:

- 1. The governing board shall be composed of five dairymen and two bankers, instead of four dairymen and three bankers as first proposed. 2. Dairymen and bankers only are eligible to membership. At first it was proposed to open membership also to "businessmen and anyone who pays \$1 or more." 3. Agencies with which the new organization will work all will be "co-operative." The first booklet mentioned only "agencies" and "organizations" but the revised pamphlet specifies they shall be "co-operative" thus eliminating all private parties and persons. 4. The second prospectus announced...

retary, with headquarters at Madison, and an adequate office force, will be employed by the executive committee after the Feb. 2 meeting. 5. The financing plan, instead of being started by a \$25,000 loan from the state bankers' association, to be repaid by pledges of individuals, organizations and dairymen, is changed to read as follows: "By annual membership fees for the years 1923 and 1924, from (1) the dairymen one average day's milk in June, (2) and from the banker members one-tenth of one percent of capital stock." 6. All pledges must be paid. The first prospectus said they were valid only if 10,000 dairymen signed up.

The sessions of the meeting of dairymen and bankers here Friday will be held in Agricultural hall at the university, unless more delegates arrive than can be contained there, in which case the meeting will be taken to the stock pavilion.

DIARY OF LUTHERAN CIRCUIT RIDER

The State Historical society has recently received from Mrs. Theodore Faville, of Madison, the loan of a diary which was kept by her father, the late Reverend Henry Esch, of Sparta, Wis. Mr. Esch was a minister of the gospel of the Lutheran church, who came to Wisconsin as a missionary in 1851 and labored for a time in Sauk county. The Sauk Mission roll, which is the first one in the document contains the names of Bartholomew Ragatz, his wife and six children, Hartzes, von Walds, Donys, Meiers, Kleins, and others of the early Sauk Prairie settlement. The book, which is written in a beautiful German script, fills two volumes and covers events of the years July, 1851, to July, 1855. The missionary's activity carried him over a considerable portion of southern Wisconsin, also portions of Iowa. It promises to be of considerable importance for the history of religious organization. Henry Esch was the father also of Honorable John J. Esch, of the Interstate Commerce commission.

BANKERS AND DAIRYMEN CLOSING NEW PROJECT

MADISON.—Seven dairy leaders and bankers, Saturday, were drawing up incorporation papers for a non-stock corporation which will spend a half million dollars a year to advertise Wisconsin butter and cheese all over the country.

Five hundred farmers in a meeting here yesterday unanimously approved the plans as submitted by a committee of developing, standardizing and advertising Wisconsin dairy products throughout the world. The following committee was authorized to complete corporation forms for the organization: J. M. Smith, Shell Lake; George Milltown; H. A. Moehlenpah, Milwaukee; F. G. Swaboda, Plymouth; D. F. Sheridan, Fond du Lac; John M. Kelly, Baraboo; John Le Feber, Milwaukee. Moehlenpah and Smith are bankers. An intensive drive for membership will be conducted in all the districts in the state. Farm members will pay the value of one day's milk in June, bankers will be asked to pay the value of one-tenth of one percent of their capital stock as a membership fee.

FIREMEN FIGHT TO SAVE WAUKESHA HOME

Waukesha firemen of the two engine houses fought for more than an hour in sub-zero weather on Sunday shortly before 12 o'clock, and succeeded in extinguishing a fire in house owned by a Milwaukee woman, located diagonally across from Henry E. Blair's home on Madison street. The fire with the aid of a strong wind, which swept over the highest point in the city, had progressed with rapidity and the entire upper portion of the three story building was in flames when the department arrived.

A good supply of water was available and with the aid of the truck motors several streams were turned onto the house. The Adam Deldrich and Matt Ross families, who occupied the home, had already moved many of their belongings out of doors although it was too cold to accomplish much. The loss is considerable.

FRENCH EXPEL MORE OFFICIALS IN RUHR AREA

INVADERS TAKE DRASTIC STEPS TO MEET RESISTANCE. REQUISITION STARTED

BERLIN.—Drastic and severe repression of German resistance in the Ruhr and Rhineland followed completion of the first series of Franco-Belgian measures to enforce reparation Thursday. Forty more Ruhr officials were ordered expelled. Requisition of coal was started by French troops at Bochum. Two officials who protested were arrested. The German miners struck in reprisal, whereupon troops fled the mines.

DUESSELDORF, Germany.—Seizure of the Ruhr customs by the French; the low level of coal production reached; the practical disappearance of empty coal cars from the region, threatening a complete stoppage of work at the mines within a few days; the cutting of the Cologne-Berlin trunk telegraph and telephone cables at several places around Essen, completely isolating the city from the outside world, and a more acute scarcity of food—these were the developments of the twenty-first day of the Franco-Belgian occupation.

On the other hand, calm has apparently been restored so far as outward demonstrations are concerned. The infantry, bicycle and cavalry patrols, which have been keeping order in the streets since the outbreaks of last Thursday, have arrested only two men at Essen and one at Duesseldorf, in the last twenty-four hours, and these were charged with minor offenses. The patrols had been averaging fifteen to twenty arrests daily in each of these cities.

Make Customs Report

The taking over of the customs by the French is the most severe economic blow attempted since they entered the Ruhr. M. Filippi, French chief of Ruhr customs, avers that the defection of the personnel of the German customs staff was about 40 per cent. These were immediately replaced and work proceeded normally. The Germans declare that more than 70 per cent of their customs staff walked out and insist that

the French will not be able to handle collections.

A visit to the Duisburg central customs house disclosed little congestion, business was somewhat slower but the French are keeping the doors open for two hours additional, with the French staff and such Germans as volunteer, in order to transact the daily business without undue delay.

Mining Not Active

The coal production on Tuesday fell below 50 per cent of normal, for the first time since the occupation. Only a little more than 100,000 tons were brought to the surface, and owing to the shortage of empty cars about 70,000 tons were loaded and cleared from the pit heads.

Despite the low production, the French admitted on Wednesday night that should the shortage of empty cars become worse the mines may have to shut down in a few days, as the mining operations are already hampered by lack of room at the pit heads, due to the accumulations of the past week.

"Stern measures, including martial law, an early curfew, suppression of the use of automobiles, and censorship of the newspapers will be enforced in a few days, should Berlin refuse to come to terms, and the Reich has been informed of them through diplomatic channels," General Degoutte, allied commander in chief in the occupational zone, stated.

RECEIVERS TAKE OVER SAND AND GRAVEL CO.

Appointment of a receiver for the Wisconsin Sand and Gravel Co., which operates gravel pits near North Lake, has been ordered in circuit court by Judge Lawrence W. Halsey, Milwaukee.

The receivership was asked by four stockholders, L. A. Garrity, Okauchee, former plant foreman of the company; Dr. J. H. Overbaugh, Hartland; E. C. Potter, New Hampton, Ia., and C. H. Wittenberg, Hartland. According to a report made in 1921, the assets of the company are \$174,499, with liabilities of the same amount. The plaintiff stockholders alleged that the assets are grossly exaggerated, and charge that there is a deficit of at least \$7,000 and that the assets are constantly being depleted.

Attorney Samuel G. Ordway, St. Paul, secretary of the company, in his answer admits that no dividends have been paid upon the stock, but says the company is in good solvent condition, and charges that allegations made maliciously.

When everybody minds everybody else's business, things may get done, but it's a great deal more complicated.

COURT IS BUSY WITH VIOLATION OF LIQUOR LAWS

Arthur Mutchler and Paul Vrobrowski, charged with larceny of an automobile, appeared in municipal court Friday, represented by their attorneys, T. W. Parkinson and John Buckley, who waived preliminary examination and Judge Thomas found that an offense had been committed. On motion of Dist. Attorney A. D. Young the charge was amended from that of larceny, to that of operating an automobile without the owner's consent, and on motion of Attorney Parkinson the bail was reduced from \$1,000 to \$500.

Sentence will be pronounced by Judge Thomas probably some time this week. Both boys are alleged to have taken an automobile owned by Thomas Jones, while it was parked on Wisconsin avenue, near the Park theater.

The boys, according to the police, drove the machine to Oconomowoc, where they met two girls whom they took for a ride which lasted well into the night.

The car was abandoned in that city and was recovered two days later.

Mutchler has been charged with a similar offense before, having taken the automobile of the O. D. Sign company.

A number of liquor cases were heard, including those of the state vs. Cashmier Karney, Peter Latoche and William Verbrick. Preliminary examination was waived by their attorneys and the cases were continued until the March term of court.

LaVerne Shield, 16, of the town of New Berlin, pleaded not guilty to a charge of using abusive language to W. Hanna, also of that town. Hanna alleged that the boy refused to keep out of his woods and that he shot the boy's dog when the boy was trespassing. Judge Thomas dismissed the matter after the boy had agreed to remain off the Hanna property.
