IN AND ABOUT TOWN

FROM T/S R. G. GIBSON

Dear Editor:

Suppose everyone is feeling quite gay there, now that peace news has come. It does not seem believable, as it has been going on for so long. There will be great rejoicing all over the world and even more so as the ship loads of troops return home.

Those having the longest service will likely be discharged first and it will be a year and a half before some are out of the service. I imagine my brother who is a Provost Marshall in Oslo, Norway will likely be there for some time. To travel in different countries and learn the ways of the people has been a wonderful experience to all. Some of the boys were in the theaters of operation where life was more exciting and gay than others who were in the tropics, but all were in war and tough going for everyone. It will be a great reunion when all the Eagle boys get together to tell their various experiences. I have made another voyage recently too, several miles closer to our appointed destination, now being on Luzon. The heat seems to affect me more here than in Hollandia, N. G.

Best regards, Dick.

Later a card received, dated Aug. 23rd:

Dear Isabel:

Has been raining ever since our arrival. Please discontinue the mailing of the Quill to my army address. I have appreciated this gift by the Village very much. Should be discharged on the age limit soon. Guess most of the Eagle boys will be home before I will. With best regards to all. Dick.

Government Insurance

Insurance for men in service was sold to them by the government without much need of salesmanship, for the danger to come made insurance a necessity. Normally, one has to be 'sold' on it. A late figure states that 80% of the men leaving the service are letting their policies lapse. Perhaps the government should "sell" their product too. Aware of the unusually low rate for the type of policy, its coverage, the man invested in a private company can attest to its merits at low cost. If at all possible to hold on, the veteran should keep up his payments on this insurance, as one of the few assets of service. Ask any oldtime policy holder of government insurance his opinion and his advice will be that the discharged soldier will be glad he has it, some day.

Little Prairie News

By Mae Littlejohn

Mr. and Mrs. Bruno Hitz of Waukesha were Sunday dinner guests of Mr. Albert Wolfe and Mr. and Mrs. John Banyai, Miss Nora E. Wolfe from Milwaukee is convalescing at her home, after submitting to a major operation at Billings Hospital, Chicago.

Strike

FUTURE MARINES ENTER TRAINING NEAR HERE

60 future Marines are in camp on the Harry Berlick farm, formerly the Frank Agathen, Sr., farm located on highway NN and Z, East Eagle. The boys are all from Milwaukee and are under the direction of Col. Ball and Col. Easer, who put them through all the same maneuvers older marines are taught. They have Army equipment, do all their own cooking, camp in the woods and have regular marine regulations and are now receiving their boot training.

This is the first outing since the camp was organized two years ago. All of the boys are in excellent condition. Just the boys parents are allowed to visit them.

SCHOOL OF NURSING ANNOUNCES SCHOLARSHIP FUND

The Sacred Heart School of Nursing, Milwaukee, announces a scholarship fund to assist worthy and qualified young women who wish to enter an accredited school of nursing. For information, write to the Director of Sacred Heart School of Nursing, So. Layton Boulevard, Milwaukee.

County Fairs

September and October brings the annual big event for the enjoyment, relaxation and education of its followers. The effect of the lifting of gas rationing will undoubtedly have a marked difference in the crowds attending. Always anxious to attend, more will plan to keep their yearly date at the fairs. The programs staged for entertainment, the expositions of skill, ingenuity, industry and labor, will continue to captivate our interest. Counties take pride in livestock, poultry farm and home produce. The 4-H Club projects are always worth the trip. With horse racing and time for reunions and of generally appreciating the American way of life.

Stone School News

By Leon Carpenter

Mrs. Edith Welkos of Elkhorn visited our school Friday morning, Aug. 31st.

On Labor Day Gladys Grant went with Ivan Clemons and family to the Waukesha Parade and then to Washington Park at Milwaukee. After that they went to Waukesha Beach.

Pearl Schmidt went to the Elkhorn fair Monday to celebrate her birthday. She went with some of her family and rode on the merry-go-round and some other rides.

We had no school on Monday.

La Grange News

By Mrs. Wm. Thayer

The Misses Elizabeth, Josephine, Eleanor and Frances McGarry and Miss Sarah Manning, Chicago were guests of Mrs. C. M. Hiles Tuesday.

Top for Toy Chest Is a Folding Table

STENCILING the scalloped borders, bright stars and topsy-turvy letters on this toy chest is sure to put you in gay spirits. The chest itself is easy to make from scraps of plywood and it has a

number of special features that will please Mother as well as the youngsters.

The rope handles and wooden wheels make it possible to move a complete assortment of toys to any convenient spot. Then off comes the lid; folding legs are opened up; and Little Miss Muffit has a table just the right height for play. When Mother wants to move, toys and all are trundled along until it is time for dolls and dolls to be tucked away under the star-spangled top for another night.

NOTE—Pattern is available to readers showing how to make this chest and folding table top. Also illustrated directions for decoration with stencils which require no special skill for perfect results. Color guide is included. Ask for Pattern 252 and enclose 15c with name and address. Send to:

Television, Like Movies, Can Create Odd Illusions

Like the movies and radio, television can be made to create illusions, one of the oddest being the blending of two scenes taken simultaneously by two cameras, says Collier's.

For instance, a recently televised act showing a man and a woman dancing in flames higher than their heads was produced by Camera No. 1 photographing the dancers from a distance of 20 feet and Camera No. 2 photographing the flames of some oil-soaked waste from a distance of two feet.

Acid Indigestion

Believed in 5 minutes or double money back. When excess stomach acid causes painful, spitting gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicine known for symptomatic relief—medicines like those in Bell-sans No. 40. No laxative. Bell-sans brings comfort in a 5 to 10 minute relief. Double your money back on return of bottle to us, 25c at all drugstores.

PAZO for PILES

Relieves pain and soreness. PAZO IN TUBESI. Millions of people suffering from simple Piles, have found prompt relief with PAZO ointment. Here's why: First, PAZO ointment soothes inflamed areas—relieves pain and itching. Second, PAZO ointment lubricates hardened, dried parts—helps prevent cracking and soreness. Third, PAZO ointment tends to reduce swelling and check minor bleeding. Fourth, it's easy to use. PAZO ointment's perforated Pile Pipe makes application simple, thorough. Your doctor can tell you about PAZO ointment. **SUPPOSITORIES TOO!** Some persons, and many doctors, prefer to use suppositories, so PAZO comes in handy suppositories also. The same soothing relief that PAZO always gives. Get PAZO Today! At Drugstores!

Famous to relieve MONTHLY FEMALE MISERY (Also Fine Stomachic Tonic!) Lydia E. Pinkham's Vegetable Compound is famous to relieve not only monthly pain but also accompanying nervous, tired, high-strung feelings—when due to functional periodic disturbances. Taken regularly—it helps build up resistance against such distress. Pinkham's Compound helps nature! Follow label directions. Try it! Lydia E. Pinkham's VEGETABLE COMPOUND

HOUSEHOLD MEMOS by Lynn Chambers

Boys Will Welcome This Cake Overseas!

Send It Overseas!

It won't be long now before you can start those Christmas presents on their way to the soldiers overseas. Of course, you can send baked goods at any time to the boys in camp here in this country; and sailors and marines stationed overseas can also receive packages at any time.

For your local service centers, you can bake luscious, frosted cakes, but you will have to reserve cakes that will pack well and travel easily for "over there." It has been found that cakes with fruits and nuts stay fresh longer than plainer ones.

Use frosting that doesn't rub off easily or crack if you are sending the cake to some camp in this country. For overseas, it's best to send unfrosted cakes.

The use of cake flour will give a cake fine grain, and such a cake will not crumble easily during shipment. And do pack both cakes and cookies as tightly and securely as you can to assure their arriving in the best possible condition.

Here are some of the nominations for cakes and cookies that pack well and travel easily. The first is an easily mixed fudge type cake:

- Fudge Nut Cake.**
2 cups sifted cake flour
1 teaspoon soda
3/4 teaspoon salt
1/2 cup vegetable shortening
1 1/4 cups milk
1 teaspoon vanilla
1 1/2 cups brown sugar, firmly packed
2 eggs, unbeaten
3 squares unsweetened chocolate, melted over boiling water
1 cup coarsely chopped nuts

Sift flour once, measure into a sifter with soda and salt. Have shortening at room temperature, mix or stir to soften. Sift in dry ingredients. Add brown sugar, forcing through a sieve to remove lumps, if necessary. Add 3/4 cup milk, vanilla and eggs. Mix until all the flour is dampened, then beat 1 minute. Add remaining milk and blend. Add melted chocolate and beat 2 minutes longer. Fold in nuts. (Count only actual beating time or strokes.) Allow at least 100 strokes to the minute. Scrape bowl and spoon often. Turn into a greased (13x9x2 inch) pan which has been greased lined on the bottom with waxed paper and greased again. Bake in a moderate (375-degree) oven for 35 minutes or until done.

Another good, substantial cake with the flavor of orange, honey and nuts is also a good choice for overseas shipping:

Lynn Says

Try These Tips: Transform yesterday's roast into a scalloped casserole, a quick stew, Shepherd's pie or hash.

Bits of cheese and eggs and vegetables can be ground up, mixed with mayonnaise or salad dressing to make delicious sandwich fillings.

Leftover vegetables are also welcome in soups. Or, add them to meat loaves or mold in gelatin salads.

Leftover sandwiches can be toasted to add new, delightful flavor to them. Call them toast-wiches.

Several kinds of leftover canned or fresh fruit can be a topping for upside-down cake.

Dried out cake and cookies can be used for bread pudding. Leftover rice makes de luxe waffles or griddle cakes.

Lynn Chambers' Point-Saving Menus

- Vegetable Casserole with Cranberry Jelly
Melon Ball-Cottage Cheese Salad
Sour Milk Biscuits Spread
*Orange Honey Nut Cake Beverage
*Recipe given.

- *Orange Honey Nut Cake.
2 cups sifted cake flour
3/4 teaspoon baking powder
1/2 teaspoon salt
1/2 cup butter or shortening
1/2 cup sugar
3/4 cup honey
2 egg yolks
1/2 cup orange juice
2 egg whites, stiffly beaten
3/4 cup nuts, if desired

Sift flour once, measure, add baking powder and salt and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add honey slowly and blend. Add egg yolks and beat thoroughly. Add flour, alternately with orange juice, a small amount at a time, beating after each addition until smooth. Fold in egg whites. Bake in two greased 9-inch layer cake pans in a moderate (350-degree) oven 30 to 35 minutes.

There are any number of cookies which will keep easily and travel well even if they travel far. Here are suggestions for those camp and overseas boxes:

- Honey Chocolate Chip Cookies.**
1/2 cup butter or substitute
1/2 cup honey
1 small egg
1 cup sifted flour
1 teaspoon baking powder
1/4 teaspoon salt
1/2 teaspoon vanilla
1/2 cup semi-sweet chocolate chips
1/4 cup nuts, chopped

Cream butter and honey until light and fluffy. Add egg and beat well. Sift flour, baking powder and salt twice. Add flour mixture to butter mixture; then add vanilla and blend all well. Fold in chocolate chips and nuts. Chill and drop by spoonfuls on a greased cookie sheet. Bake in a fairly hot (375-degree) oven for 12 minutes.

- Honey Pecan Cookies.**
1/2 cup butter or substitute
1 cup honey
1 egg
1/4 cup sour milk
2 cups flour
1/2 teaspoon soda
1/2 teaspoon salt
3/4 cup pecans
3/4 cup each of raisins, candied cherries and dates

Cream butter and honey. Add the egg, sour milk, flour which has been sifted with soda and salt. Add the fruits and nuts. Drop on greased tins and bake at 350 degrees for 15 minutes.

Spicy and sweet are these fruit spice bar cookies. They are easy to pack and they mellow with age:

- Fruit Spice Bars.**
1 cup sifted flour
1/4 teaspoon soda
1/2 teaspoon salt
1/2 teaspoon ginger
1/4 cup shortening
1/4 cup brown sugar
1/2 cup molasses
2 eggs, beaten
1/4 teaspoon vanilla
1 cup raisins
1/4 cup nuts

Sift together flour, soda, salt and ginger. Cream together shortening and sugar until light and fluffy. Add molasses and blend well. Add eggs and vanilla extract. Mix well. Add flour mixture gradually to creamed mixture, blending well. Fold in raisins and nuts. Spread batter into a greased pan 7x11 inches. Bake in a moderate (350-degree) oven. Cut in bars.

Veterans' SERVICE BUREAU

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N.W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Employment of Handicapped

Both as an inducement for industry to hire handicapped veterans and a protection to both industry and the veteran, 28 state legislatures have now enacted second-injury-fund statutes which, in general, require employers to pay workmen's compensation only for specific second injuries.

The fund pays the additional costs of permanent total disability resulting from the loss of a hand, arm, foot, leg or eye, following a previous loss of one of these members or organs. The fund is usually financed by payments of fixed amounts by an employer or his insurance company in the case of death of an employee having no dependents. Freed from the fear of heavy permanent total disability charges in these cases, employers are much more willing to employ handicapped workers.

According to records submitted by the department of labor, the cost of maintaining second injury funds is small, for recent studies show handicapped workers are actually more careful than normal employees and have a lower accident frequency.

Employers had been reluctant to hire these handicapped veterans lest they suffer second injuries, become permanently and totally disabled and cost employers increased workmen's compensation charges.

States which have established these second injury funds include Arkansas, Idaho, Illinois, Maine, Massachusetts, Michigan, Minnesota, Missouri, New Jersey, New York, North Carolina, Oklahoma, Rhode Island, South Carolina, Utah, Arizona, Colorado, Iowa, Kansas, Maryland, Oregon, Tennessee, Washington and Wyoming. Wisconsin, North Dakota, Ohio and West Virginia have equivalent arrangements while California, Connecticut and Pennsylvania have such legislation pending. . . .

Questions and Answers

Q.—Can the mother of an illegitimate child file an application for family allowance, if a soldier is the father?

A.—Yes, the mother may file application for the child, but she must either have a court order declaring the soldier to be the child's father, or she must have a statement from the soldier admitting parenthood. She must also have a certified copy of the child's birth record. The mother herself is not entitled to family allowance.

Q.—Can a dishonorable discharge be changed to an honorable one?

A.—A former officer or enlisted man or woman may request a rehearing or a review of his case before a five-member board in the war and navy departments. The discharge may be corrected in accordance with the facts. However, these boards may not change the sentence of a court martial.

Q.—Is there an artificial hand available that looks like a hand, and different from the ordinary "hooks" which are most common?

A.—Yes, the navy has developed an artificial hand, made of plastic, that looks like a hand and eliminates the necessity of wearing gloves. It has the consistency of pure rubber and is tinted to match the individual skin. It is operated by a one-pound cam mechanism hidden inside the hand, spring controlled and made of duralumin and permits natural movement of the fingers. Mechanism is operated by a tiny cord running up the arm and around the shoulders, controlled by action of the shoulder muscles.

Q.—I was in the regular army before the war and was discharged due to injury in December, 1940. I have since been working in a war plant and I have a pretty good business opportunity. Do I come under the G.I. Bill of Rights or have I waited too long after my discharge to apply for benefits?

A.—As long as some of your service was after September 16, 1940, you are eligible for G.I. benefits. Assuming you had other than a dishonorable discharge, you may still apply for benefits, since the law requires they must be claimed and secured within two years after discharge, or the end of the war, whichever is later.

Q.—When a soldier's wife receives maternity care under the EMIC government plan, must the application be filed with the Soldier's Relief for payment from the war department?

A.—No, the application should be filed with the state health department, through the personal physician or the hospital.

Q.—May a young man marry while he is a cadet in the U. S. Coast Guard Academy?

A.—The navy department says that cadets are not permitted to marry until they have graduated from the coast guard academy.

Pansy and Pineapple Doilies 'Topnotchers'

5711.

5806

THE "pansy" doily with its 1 1/2 inch pansies crocheted in shaded purple and lavender thread is really a beauty and the 20-inch "pineapple" doily is one of the laciest and most delicate looking you could possibly wish to have!

When Angry Llama Spits It Blisters Skin of Human

The llama, common beast of burden in the South American Andes, is an odd creature. It looks something like a camel, but it has wool like a sheep, feet like some huge bird of prey, and a mouth like a rabbit. The llama combines the neigh of a horse with the stubbornness of a mule. When mad it will spit saliva whose acid causes human skin to blister upon contact.

The llama is allied to the camel but is smaller, standing about three feet at the shoulder and is without a hump. It varies in color from black to white.

LIGHTER MOMENTS with fresh Eveready Batteries

"And listen, Honey—here's how you can recognize me. I'll be wearing a tan suit and a tan tie to match."

"EVEREADY" No. 6 Dry Cells continue to provide dependable power for the vital field telephone equipment of our Armed Forces.

But you'll be glad to know they are available in increasing quantities for civilian use—fresh, full-powered, long-lived as always. Ask for them at your dealer's now.

The words "Eveready" and "Ignitor" are registered trade-marks of National Carbon Co., Inc.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try **Doan's Pills**. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

WEEKLY NEWS ANALYSIS

U.S. Moves to Take Over Japan; See Early End to Rationing As Reconversion Pace Quickens

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

JAPAN:

Work Out Occupation

Its huge guns belching smoke and fire and bombarding the Japanese coastline just a few weeks ago, the huge 45,000 ton U. S. battleship Missouri was to become the peace ship of World War II, with the Japanese formally signing surrender papers aboard the vessel in Tokyo bay.

Taking place several days after U. S. airborne troops were to descend on the Atsugi airdrome southwest of Tokyo to spearhead the Japanese occupation along with marines landing simultaneously at the Yokosuka naval base 20 miles below the Nipponese capital, the formal surrender ceremony was to see General MacArthur signing for the Allies as a whole, with Admiral Nimitz countersigning for the U. S. and Admiral Fraser for the British.

In working out the initial occupation plans, General MacArthur and his staff left no stone unturned to assure the safe conduct of the U. S. forces. At the same time, the new Nipponese government headed by Prince Higashi-Kuni strove to prepare the population to accept the American landings peaceably and refrain from riotous outbreaks, imperiling the whole surrender.

Under General MacArthur's plans, the Japanese were ordered to ground all planes and disarm all ships at sea several days before the first U. S. landings. Then, while sprawling Allied fleets moved in close to Nipponese shores, the Japanese were to immobilize all vessels in Tokyo bay and strip coastal guns and anti-aircraft batteries.

As a final precaution, the Japanese were ordered to evacuate all armed forces out of the immediate landing area, to forestall possible attack by fanatical troops. Guides and interpreters were to be furnished to facilitate General MacArthur's control of the occupation territory.

Jap Casualties

In the first full admission of the intensity of Allied air attacks, the Japanese news agency Domei reported that 44 of the nation's 200 or more cities were almost completely wiped out by bombings, with a toll of 280,000 killed, 412,000 wounded and 9,200,000 left homeless.

Of the total, the atomic bombs dropped on Hiroshima and Nagasaki accounted for 90,000 killed and 180,000 wounded, Domei said. Declaring the toll may be even greater, the Japs revealed that many of the burned are not expected to survive because of the nature of the wounds, while persons only slightly touched by the fires later weaken and often die.

Reporting that 2,210,000 homes were completely demolished or burnt down, and 90,000 partly damaged, Domei said that in addition to the 44 cities almost completely wiped out, 37 others, including Tokyo, suffered loss of over 30 per cent of their built-up area. Of 47 provinces, only 9 escaped with relatively minor damage, Domei revealed.

CHINA:

Key Position

Relieved from Japanese encroachment, and pivotal point of the Orient, China has assumed a renewed importance in the far east, with Chiang Kai-shek and his Premier T. V. Soong playing their cards well in the complicated game of international politics.

Backed by the U. S., Chiang's government holds the upper hand in the vast, sprawling nation with its 400,000,000 people, with its position greatly strengthened in dealings with the Chinese communists, Russia and even Britain.

Though the Reds have openly defied Chiang, U. S. financial and material support of his regime, plus efforts of Ambassador Hurley to bring the two dissident factions together, have enhanced his standing. In his dealings with Russia, U. S. and British pressure has resulted in recognition of China's sovereignty over Inner Mongolia and Manchuria, though the

Reds have obtained a 50 per cent interest in vital railways in the latter province, secured Port Arthur as a naval base and been allowed use of the ice-free port of Dairen.

By marching his armies into the crown colony of Hong Kong, which the British wish to retrieve, Chiang even struck up a bargaining position with London.

RECONVERSION:

Pace Quickens

Breathless trying to keep up with relaxation of unending wartime controls, the nation contemplated early removal of meat, tire and shoe rationing, even as the government removed restrictions on industry to permit full-steam ahead on reconversion.

Following a previous announcement that the government had abolished packer set-asides on beef, veal and ham supplies for the army and other federal agencies, an early end of rationing was expected with OPA's revelation that it would reduce meat point values in view of military cutbacks in orders and a prospective heavy fall run of cattle.

With the announcement that tire production would be doubled to 4,000,000 monthly during October,

With industry given the go-ahead signal for civilian production, manufacturers strove for speedy output for the pent-up postwar market. Here, body is being slung on chassis of one of the first cars to roll off of postwar production line.

November and December, unofficial predictions that rationing of cords would be terminated within 90 days were strengthened.

Forecasts that shoe rationing also may be ended shortly were supported by an announcement of the Tanners Council of America that production of civilian footwear may exceed 30,000,000 pair a month for the rest of the year, the highest level ever reached by the industry.

By lopping off most controls and only retaining authority to assure military and other emergency production, and break bottlenecks in scarce materials for civilian output, the government gave manufacturers the go-ahead signal on such a wide variety of items as refrigerators, radios, distilled spirits, trucks, oil furnaces, construction machinery, metal furniture, motorcycles, photographic films, storage batteries, waxed paper, sanitary napkins, machine tools, shipping containers, pulpwood and commercial chemicals.

Removal of all lumber controls except those necessary to fill priority orders assured a speedy resumption of both industrial and home building construction.

U. S. CREDIT: Supplants Lend-Lease

Following termination of the 41-billion-dollar lend-lease program, Foreign Economic Administrator Leo Crowley revealed that the U. S. was prepared to advance six billion dollars in credits to other nations for procurement of material in this country to bolster sagging postwar economies.

At the same time, Crowley said that negotiations might begin within the next year for settlement of lend-lease accounts, which find U. S. contributions of 41 billions offset by only 5½ billions in mutual assistance.

Under plans outlined by the FEA chieftain, the U. S. would furnish 3½ billion dollars in long-term credit to nations wishing to purchase goods already contracted for to fill cancelled lend-lease orders. An additional 2 billion 800 million dollars would be advanced for procuring industrial and other goods.

Marines Tell Pacific's No. 1 Fish Story

Fish stories are generally tall stories, but two marines who landed on Iheya island in the Ryukyus recently have an unusual fish story to tell—and it's true!

Shortly after the unopposed landing on this mile-long island, dwindling food supplies prompted marine officials to permit the island's fishermen to make a fishing jaunt inside the reef which parallels the shoreline, Staff Sgt. Bob Hilburn reports.

Once fairly out in the water, the group divided into two parties. Each pair of craft rigged up a net between them and then the swimmers, stripped to loin cloths, went over the sides.

Then—and this is the fish story part—the swimmers, by their antics actually drove the fish into the nets.

Chieftains Meet

Here to discuss increased financial assistance for rehabilitating France, internationalization of the Rhineland and re-establishment of his country as a world power, Gen. Charles de Gaulle (left) arrived in Washington, D. C., to be greeted by President Truman.

QUISLING: On Spot

Fighting back savagely, big, bulky Vidkun Quisling was hard pressed in defense of his collaboration with the Germans in Norway as the state presented an avalanche of evidence purporting to show that he had co-operated closely with the Nazis in their heavy-handed occupation of the country.

Quisling was first taken back by state presentation of reportedly captured German documents stating that the Nazis had used information supplied by him in their invasion of Norway. The collaborationist also was shaken by charges that he had turned over to the Germans a communist leader blocking his political program and also denied a reprieve to an official sentenced to death for refusal to force Norwegian girls to work for the Nazis.

Throughout the trial, Quisling defiantly asserted that he had played with Naziism in an effort to prevent British establishment of bases in Norway in 1940 and possible invasion of the Scandinavian peninsula by Russia from the north and Germany from the south to thwart the move. He also claimed to have worked fervently from 1918 for the creation of a German, British and Scandinavian bloc to arrest the development of Communism in Europe.

PACIFIC: Ask Bases

Taking a realistic view of the Pacific situation, in which the U. S. looms as the greatest power, the house naval affairs committee demanded that this country be given control over both Allied and former Japanese bases for the construction of a powerful defensive system capable of resisting attack from any direction.

Issued by Chairman Vinson (Dem., Ga.) the congressional proposal urged U. S. domination of the whole Pacific area stretching from the Hawaiian westward to the Philippines and Ryukyus, and including the Marshall, Caroline and Marianas islands. In addition, the house committee said, the U. S. should take over American developed bases in the Manus islands in the Australian Admiralties; Guadalcanal in the British Solomons; Espiritu Santo in the British-French New Hebrides and Noumea in French New Caledonia.

Justifying American control over Pacific bases, the house committee cited "the loss of American lives in taking these bases. The expenditure of vast sums of American money in establishing and equipping these bases. The great dependence of the world upon the United States for maintaining peace in the Pacific and world."

SALARIES: Bar Lifted

With President Harry S. Truman having set the pattern for removal of controls over wages and salaries under jurisdiction of the War Labor board, the treasury announced relaxation of restrictions on salaries of administrative, executive and professional personnel under its wartime supervision.

In both cases, employers will be able to grant raises to workers provided they do not use the increase as a basis for requesting higher ceiling prices. In instances where price changes are involved, government agencies will retain authority over proposed raises.

At the same time, the WLB is empowered to grant wage increases where standard rates are in effect to bring them more evenly in line with living costs.

SKIN TREATMENT:

Establishment of eight centers specializing in the treatment of tropical skin disease was announced by Maj. Gen. Norman T. Kirk, surgeon general of the army.

At the same time the army said that there is no basis for fear of tropical skin infections spreading in this country because practically none of these diseases are contagious and no patient with a transmissible skin disease would be allowed out of an army hospital until he was noninfectious.

Tot's Jumper and Matching Jacket

8910
2-8 yrs.

JUST the thing for a growing youngster—an adorable little jumper and jacket to match. Your young daughter will love the full cut skirt and gay button trim. Make it in a pretty checked or plaid material in her favorite color.

Pattern No. 8910 comes in sizes 2, 3, 4, 5, 6 and 8 years. Size 3 jumper, requires 1½ yards of 35 or 39 inch material; jacket, 1½ yards.

Jap Explains Americans Aren't Jungle Fighters

A Pacific war correspondent reports that a Japanese prisoner, asked who were the best jungle fighters, replied: "Australians."

"Who are next?" an American demanded. "Americans?"

The Jap shook his head. "No—Japanese," he declared.

"But what about the Americans? Aren't they good jungle fighters?"

"Americans no jungle fighters," was the firm reply. "Americans remove jungle."

Save motors!
Save money!

Put FRAM Oil Filters on All Three!

HERE'S how to save a lot of long, costly repairs . . . lengthen the life of your car, truck, tractor or stationary engine. Just install Fram oil filters!

WHY EVERY ENGINE NEEDS FRAM
During normal operation, dirt, dust, grit and other abrasives are sucked into engines. At the same time carbon and sludge are formed within the engines. Unless filtered out, the dirt and carbon grind away moving parts, while the sticky sludge clogs oil channels to hamper lubrication and increase wear.

But with a Fram, these impurities are filtered out, to keep motor oil visually clean! That's why millions of Fram filters and cartridges are used by our armed forces—why Fram is standard equipment on more than 75 famous car, truck, tractor, bus, marine and stationary engines. Experts agree on Fram!

MONEY-BACK GUARANTEE
Remember, a Fram oil filter must satisfy you, or you get your money back. If your equipment is already filter-equipped, Fram replacement cartridges can be put in present filters to step up performance. Remember, Fram oil filters are easy to install and cartridges may be changed in a jiffy. So see your dealer today! Find out "How's Your Oil Filter?" The Dipstick tells the story!

SNAPPY FACTS about RUBBER

"Hard Sponge," a new synthetic rubber product developed by B. F. Goodrich, combines great strength with extreme lightness. Experiments point to its possible use in airplane wings.

A type of vine recently discovered in China, which attaches itself to trees and other objects, has been found to yield latex (natural rubber). Stems grow to 50 feet in length and yield about a pound of latex.

Inner tubes made with a special type of synthetic rubber hold air much longer than tubes made of natural rubber.

Quinn Manning

Betty Hooper spent Friday afternoon with Jeane Hooper.

Miss Betty Frye and Mickey Anderson spent the week end at the Wm. Frye home.

Mr. and Mrs. Edward Janney were Sunday evening supper guests of Mr. and Mrs. Woodrow Willson.

Dean Zweifel returned home Sunday after spending some time with his grandparents, Mr. and Mrs. Henry Blumer at Brooklyn.

Arlene Hooper spent Tuesday afternoon with the Leo Garlock children and Bernice Arndt spent Monday with them.

Joan and Jerry Hooper spent Monday afternoon with Jeane Hooper.

Mary Trewyn spent several days last week at the Hugh Rowlands at Genesee.

Those attending Elkhorn Fair were Mr. and Mrs. William Frye and Mr. and Mrs. A. Blomgren and family on Saturday; Mr. and Mrs. Merrill Pett and family, Mr. and Mrs. Albert Tutton, Mrs. Hein and Mr. and Mrs. Sam Tutton on Sunday; and Mr. and Mrs. Leo Garlock on Monday.

Miss Dorothy Morris returned to Whitewater Tuesday to resume her second year of studies at the State Teacher's College.

Zion school opened Tuesday morning with Mrs. Eileen Calder as their teacher.

TOURIST SEASON IS TO BE EXTENDED IN WISCONSIN The end of the war that suddenly snapped the long restraint on vacationers and is exploding a record late summer crowd of pleasure seekers into northern Wisconsin should be a decided help in stretching the length of the usual Wisconsin tourist season in future years, the conservation department said today.

Normally the Wisconsin tourist business fades away within the coming of September but this year it promises to run well into the fall months. And the late comers will discover Wisconsin at its best -- fishing that far exceeds even what northern Wisconsin has to offer during the warmer months and a zesty Indian summer with its colorful foliage that has few if any rivals anywhere, and this year thousands of people will have direct experience in the advantages of the late season as a background for future vacation planning, the conservation department points out.

The north is expected to reach its all-time peak of visitors over the late season week-ends. For several weeks the north-bound caravan of visitors has been increasing, straining resort facilities everywhere. And in most instances cars are carrying as many people as they can hold.

Most resorts are "filled up" with advance reservations making it difficult if not impossible for transients to get a room or meals in some areas. The great influx is even jamming the hotels along the routes to the main vacation localities. Some of the resorts have posted outdoor signs reading "no slot machines" to obviate the necessity of explaining to guests that there are no games of chance on the premises.

"The advantages of the late season over the midseason in northern Wisconsin have never been a mystery to people who are familiar with all-year Wisconsin conditions," the conservation department says. "But the number of people with an appreciation of the offerings of the late weeks has been limited with the result that the best of the recreation Wisconsin has to offer has remained largely unused. For the first time a great mass of people will see for itself this year."

Rome News

By Mrs. Edw. Holberg Mrs. Ida Rieckman entertained her daughter from Menominee Falls last Wednesday evening.

Mr. and Mrs. J. Tio were up in Stanley a few days.

Mr. and Mrs. Edw. Holberg were in Edgerton Wednesday afternoon.

Mrs. F. Netzel and Teddy were in Milwaukee Sunday afternoon to call on a daughter.

The Netzel family has guests from Chicago and Milwaukee Sunday.

Mr. and Mrs. Al Greves, Milwaukee and R. Krohn, Wauwatosa called at Holbergs Sunday evening.

SPOILED BUTTER REPORTS UNFOUNDED, CHECK SHOWS

Reports that spoiled butter in large quantities has been sold to soap factories and rendering plants are entirely without foundation, a survey just completed by the state department of agriculture reveals.

In response to numerous and persistent reports and inquiries, a check of a large number of Wisconsin soap factories and rendering plants has been made by dairy inspectors employed by the department, Milton E. Button, director, revealed.

Their personal check reveals that receipts of spoiled butter are limited to an occasional pound or two turned in with other waste fats from stores or manufacturers.

In almost every instance the spoiled butter received had been contaminated in handling or as a result of coming in contact with extraneous matter, the inspectors reported. In no case was there any indication of butter in any quantity being turned over to soap factories or rendering plants.

Parents of boys in the Navy burning the midnight oil trying to figure out how and when their boys will be home. The Navy point discharge set-up makes it almost impossible for a boy under 38 to amass points enough for a discharge.

They are hopeful that the Navy will send our young sailors home so that they can finish school. It seems reasonable that they can utilize some of the many who have spent their time in naval training centers and schools, should relieve them now that the final stages of the war are practically over.
