Michael Shortell, Sr., came from Milwaukee to spend Easter with his family.

Paul Heinrichs was in Eagle Wednesday.

Nelson Machold and Henry Berhorst were at the county farm recently to visit the mother of the latter. All is fine at the farm.

Today is pension day. The soldiers, the widows, the orphan received their quarterly pay for patriotism and service of the former. Bring your papers to the bank for safe keeping in its vault. Do not allow them to lay loose and in danger of loss by burglary or fire.

All those who help for the good of Eagle did it to make a success. We all did, covers the whole ground.

Palmyra gave a dance Monday night.

Milwaukee's "Rose" continues to blossom in high colors.

We did not look for the defeat of E. W. Delaney for supervisor in Oconomowoc, after so many successful campaigns, and besides he is a member of the building committee.

The Misses Lane have gone to Milwaukee.

The Easter ball arrangements were fully up to expectations as were also the number who joined the festive round. The large opera house was filled with merry dancers both old and young and the fair sex in their gayety were equalled by their male friends in graceful dancing and high deportment. Eagle's dances at the opera house are always a credit to home and society,

a fact which is considered by all who love to mingle in society for pleasure and past time. A drawing card for the Easter ball was the fine music by Ray & Ward's orchestra, whose sweet strains made the art of dancing one of ease and pleasure and also the excellent supper by the young ladies, who have won the name of being good entertainers at banquets. The court of Foresters is not large in numbers because of the religious restrictions on membership but is certainly large in social management. In these modern times all good people are liberal.

Wm. Greening executor of the Nath. Baker estate, was in Eagle Wednesday.

Honest weight and honest prices if you deal with George Cummings.

Farmers are on the farm.

It was always thus. Men seek to govern men with whom they have no common interest. It has been said give them the right to govern and they will become interested. We say let them first become interested and then govern.

Easter services at the churches were well attended.

David W. Agnew was chosen mayor of Oconomowoc over Mayor Meissner, and Eugene Delaney was not returned to the county board.

Not many miles from Eagle a country editor on election day made printing possible without type. The matter of course was not readable but could be seen. Under former base ball rules it took three strikes to make one but in these modern times one "strike" is out.

Wallace Chapman was in Eagle this week.

Miss Inez Lean is sick at her home in Waukesha.

At the Carleton club in Milwaukee Thursday evening the arrangements for the entertainment were in charge of C. J. Lins.

Next Sunday at 7:45 a. m., the Foresters will attend church in a body.

M. J. Bovee of the Commercial hotel has one of the latest registers made by the Hatch Register Co., of Iowa. It is nicely arranged for rates, calls and room record together with ink racks, etc. The book rests on and revolves on a ball bearing writing board and is bordered with cards of Eagle's business men.

James Sweet, wife and daughter, were guests of Mr. and Mrs. C. A. Thompson Wednesday.

It is with pleasure that we announce the elections of J. O. Wilfred to the office of assessor in Baldwin, Wis., Charles S. Vedder, city clerk of Marshfield, Wis., Mr. Charles Snover, mayor of Ft. Atkinson, Wis. Mr. Wilfred is a son of the late Fred Wilfred, who was an early settler of Eagle. Mr. Vedder is a son of the late Sidney H. Vedder, a pioneer merchant of Eagle and late railway mail clerk. Mr. Snover is a son of the late John C. Snover of Eagle. The political program made by Eagle boys in other parts is good news to us and shows that "as goes Eagle so goes the state."

Our mutual friend, Walter A. West, of Elkhorn, was in Eagle Wednesday and regaled us with the news in the enterprising city of Elkhorn of which he is a worthy citizen. Mr. West has large creamery interests in and around Eagle, is interested in the bank as a stockholder, owns the Lakeside farm at Eagle lake and would be admitted to full citizenship here with the greatest of pleasure to all.

Overbeck is Abroad.

The supreme court has thrown the Overbeck ice law overboard on the grounds that the legislature cannot by mere enactment vest title in the state of property which belongs to the people by common law. This removes the financial restriction on shipping ice from Lulu lake to points out of the state.

Onyon-Titus.

On Wednesday evening Miss Florence A. Onyon, daughter of Mr. and Mrs. Henry Onyon, and Charles B. Titus of Mukwonago, were married at the home of the bride. Their future home will be at Big Bend. We wish the young couple much happiness.

Good Cure for Rheumatism.

Last fall I was taken with a severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by J. J. Lorge.

Steamship Passage tickets for sale for all Parts of the World.

Above we publish the portrait of William H. Tuohy, chairman of the Democratic town committee. Every locality has one or more citizens who makes large efforts for good and advancements and as is natural they draw unto themselves others who stand ready to follow. Unconscious of the fact they become prime movers and build up a following which it came thus. Honest methods, and straight forward business the honest thinking man and he arrives at conclusions in the quiet retirement of his family home. When occasion of public importance arises he comes out and with a degree of confidence moves on information honestly gathered from conscientious and known public men to do his duty as a citizen and neighbor. Mr. Tuohy's ability as a leader, his business capacity, and honesty of purpose were noticed in his youth and especially at the little school house in Eagleville in his early manhood which he has helped to make famous by a broad discussion of matters of social and political questions of large interest to the community. As was natural he espoused the cause of Democracy and the principles of Thomas Jefferson and after a few years he was made chairman of the Democratic town committee. This honor came to him like all honors which have been bestowed on him, unexpected, and falling like the dew upon the grass. His ability as a campaigner was first made known outside of his home town when he nominated his friend, E. J. Lins for sheriff in a speech which was the best of the county convention. Later he was the mover of the candidacy of M.

S. Martin to assemblyman and displayed marked ability in getting for him a large support. When he became the head of the Democratic organization in Eagle he has so carried on political affairs that victory crowned his every effort. He is a fair minded young man of excellent business qualities and between elections, successfully manages the finest summer home in Waukesha county on the farm on which he was born and raised and which bears his name.

Town Election.

On Tuesday the voters retained T. J. Brady as chairman, and promoted Charles Worm to the office of treasurer. Supervisor Stute was succeeded by his son, Joseph, and O. H. Bigelow succeeded himself as assessor. For justices, L. E. Hall, John M. Rockteacher and V. Stubbs, and for constables James P. Fardy, George Parsons and Steve Goodman were elected. Robert Piper was elected a supervisor or on the Republican ticket. All others elected are Democrats. Much interest was shown in the contest and evidence of dissatisfaction among Republicans was plain. The chosen few will have the pleasant experience of one year's public service and those who were defeated may rise again.

Village Election.

At the Village election, Ed Bos-singham was chosen President, J. J. Grosse, George Cummings, O. Lewandoske, Harvey Clemens, M. Clohisey, F. V. Vonrueden, trustees; G. A. Sherman, clerk; F. X. Schmid, treasurer; John H. Thiele, Ed. J. Lins, supervisors; Frank Kloppenburg and W. A. Reynolds, justices; Joseph C. Vonrueden, constable; Henry M. Loibl, police justice. There was no opposition, all tickets were straight excepting one which shows unusual harmony in a village of four elections. While there is a patriotic and harmonious sentiment in the annual election, there is also a chastened feeling that something progressive should inspire the board to more aggressive action. The village board are a good set of business men and we look to them for a movement to further advance the interest of the village which bears the name of the American bird. Our columns will be open free to all to discuss village matters. We invite you to use the Quill to this end.

Tullar played a wedding march as the bridal couple entered. The house was beautifully decorated with palm, tulips, carnations, and smilax. About eighty guests were present. Assistants in serving the wedding supper were Misses Bessie Rhodes, Mary Putney, Jean Solbach, Lydia Maughan, and Messrs. Roy, Aaron and George Putney. The bridesmaid was Miss Bessie Price, a sister of the groom, and the best man was John Davis, a brother of the bride. The bride was prettily attired in a mole-colored gown. The ceremony was performed by the Rev. John Davies, assisted by the Rev. William Matthews, Mrs. A. D. Price played the wedding march. The decorations were carnations and ferns. Jones of Wales recited an original Welsh poem. The young couple received a large number of beautiful presents. They will reside on the Price homestead, where the groom will follow the vocation of farming. The groom is the son of Thomas A. Price, and a brother of Archie D. Price of this city. Quite a number of people from here attended the wedding.

Saved Many a Time.
Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure for coughs, colds, grip, bronchitis, and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr, Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. A. C. Estberg.

Fine School Entertainment.
The pupils and teacher of district number two in the town of Pewaukee, gave a very successful entertainment one evening last week. The program included recitations finely rendered by Kate Duckgeishel, Theresa Beyer, Lena Duckgeishel, Mary Matteson, Ruth and Clarence Billings, and amusing dialogue "The School Master Abroad," with Lawrence Weber as teacher; violin selections by Ellsworth Billings and Mr. Williams; the one-act three, "That Wonderful Scholar," in which John Mindeman took a principal part and took it well. The entertainment netted \$12.55 and teacher and pupils feel well repaid for their trouble. Miss Holger, the teacher, was formerly a pupil in the school, which she is now so successfully conducting. The school will give a picnic in June.

Successful Lecture Course.

A large crowd attended the concert given by the Lawrence University Glee and Mandolin club at the M. E. church last Thursday evening. The concert was a great success and made a fitting windup to the Epworth League concert course. Delbert Lean, a former member of the club, gave a couple of humorous recitations. The course was very successful from every point of view. Six excellent entertainments were given at a total expense of about \$300. After paying all expenses the sum of \$75 remains in the treasury of the League.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." A. C. Estberg.

Tired when you go to bed, tired when you get up, tired all the time. Why? Your blood is impure, that's the reason. You are living on the border line of nerve exhaustion. Take Ayer's Sarsaparilla and be quickly cured.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about it, and will be satisfied. J. C. Ayer & Co., Lowell, Mass.

VAN BRUNT FARM SOLD.

Splendid Place of 319 Acres Brings \$19,920. W. A. Van Brunt Purchaser.

The Van Brunt farm located near Dousman, which for years was regarded as the model farm of the county, was sold at sheriff's auction Saturday morning to Willard A. Van Brunt of Horicon, Wis., for \$19,920. The farm consists of 319 acres and is beautifully located, and has a large number of handsome buildings, all in excellent shape. It was popular as a summer resort. The farm was seriously considered by the members of the committee appointed by the county board to select a site for a county insane asylum, and was rejected by them because of its distance from the county seat. The purchaser was the plaintiff in the foreclosure action in which Jane A. Van Brunt, Elva Stewart, Clinton Stewart, Charles J. Van Brunt, Annie L. Van Brunt, and Genie L. Van Brunt were defendants. Mr. Van Brunt after purchasing the property sent a message to his aunt, Mrs. Jane Van Brunt, that she should reside on the farm as long as she desired to make her home there; and he also gave instructions for various improvements.

Shot in His Leg.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from sores caused by a shot gun wound in my leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." A. C. Estberg.

Literary Society to Banquet.

The High School Literary society will give a banquet on Friday evening, April 1, at the high school as a wind-up for the season's work. Eugene Matters will preside as toastmaster, and the following program will be carried out: Our Society's Progress, Timothy P. Buckley; Athletics, J. A. McKell; City Library, Otto Lacher; Advantages of Higher Education, William Johnston; The Jewell, W. H. Hein; recitation, Delbert Lean; address, Prof. H. L. Terry; piano voluntary, Eugene Wilkins.

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Dunlap & Williams.

Current Magazines.

The April National is the most lavishly illustrated magazine of the month. Its text also is of good quality and of present interest. Joe Mitchell Chapple discusses "Affairs at Washington," Edwin L. Sabin, Frank Tracy and Clarence Hawkes contribute excellent short stories; Elbridge R. Anderson writes about "The Gem of the Minneapolis Lakes;" Frank Putnam reviews the visit of "The Gentlemen from Germany;" "Note and Comment" is a new department of crisp chat on a wide range of timely topics; timely books are reviewed with brevity and point; O. P. Austin shows how the apparent decline in exports does not mean that American goods are losing favor abroad; Day Allen Willey tells about "Kipling's Village" in England, and how the poet and his children amuse themselves when at home.

The April Forum opens with an article in which Sidney Brooks pertinently applies to our own problems in the Philippines the lessons to be drawn from "The Example of the Malay States" under British Rule. Among other papers on questions of Japanese Alliance, by A. Muarice, lecturing foreign affairs are "The Anglo-Low," and "Prince Henry's Visit," by Prof. Paul S. Renisch. There figure also, in this month's contents, discussions of various subjects of domestic politics now attracting the attention of Congress; such as "The Amendment of the Interstate Commerce Act, and Railroad Pooling," by W. A. Robertson; "Promotion in the Army," by Major John H. Parker; "Shall the United States Lease its Grazing Lands?" by John P. Irish; and "Proposed Amendments to the Constitution," by Henry Litchfield West.

"The most important archaeological find of thirty years in point of human historical, and religious interest," is the way a member of the National Geographic Society speaks of the discovery in 1898 at Japrahwah, India, of the tomb of Buddha with the family relics contained in it. Though small in quantity, the articles found are said to be of much greater importance even than the Schliemann discoveries. At the death of the Buddha his ashes were separated into eight portions,

and one of these was given to the Sakya clan of which he was the chief, and the tomb that has been found is the one erected by his family over the spot where his body was cremated. The supreme importance of the discovery lies in the fact that it brings to light one of the oldest inscriptions in India and relics of Buddha—in gold and jewels—of undoubted authenticity. An account of the discovery of the tomb, as well as of the birthplace of the Buddha (also recently identified) will appear in the April Century from the pen of Mr. T. W. Rhys Davids, whom the London Times recently pronounced "the greatest living European Buddhist scholar."

"What Women Like in Men," "What Men Like in Women," and "Husbands and Wives," are the titles of a series of very interesting papers by Rafford Pike, the third of which appears in The Cosmopolitan for April. The same number of The Cosmopolitan treats of Prince Henry's visit, with a series of beautifully printed photographs, under the title of "A Clever Emperor and a Confederation of Nations." F. Hopkinson Smith, Israel Zangwill, Bret Harte and Maartens are among the other contributors to this number, which is unusually good in fiction.

Wants to Help Others.
"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. A. C. Estberg.

A MESSAGE FROM THE POPE.

He sets Forth That the World is Facing Many Dangers and Urges All Christian Churches to Combine and Fight Sin.

ROME, March 31.—The most remarkable message ever issued by a pontiff to his people is the Easter encyclical of Leo XIII., published in his Holiness' official organ. The pope, realizing that his days on earth are numbered, states the fact that this encyclical will be perhaps his final word of advice to the clergy and members of the Roman Catholic church. The Holy Father therefore states that the message may be considered as his testament to the people.

A union of all Christian churches to oppose the attacks of atheists is urged and co-operation of other religions than the Roman faith to save society is impressed upon all believers in God.

That the world is passing through a perilous time is insisted by the pontiff, who desires that this encyclical—practically his dying words—will by its warning arouse all Christendom to a sense of the danger that confronts it.

Socialism and Anarchy Fostered. His Holiness views with alarm and sorrow the conditions now extant and declares:

Never has humanity found itself in more miserable conditions than at present.

There is disorder in all social relations, and especially in family relations.

Excessive liberty has been created, which has fostered socialism and anarchism.

Unjust wars are being urged by strong nations against weak and feeble peoples.

There are exaggerated armaments amongst great nations, the effect of which is even more disastrous than war.

All these things have created world-wide disquietude.

Sees Peril for all Rulers. Unceasing troubles and misery have provoked the people to anarchism, which henceforth promises to constitute a formidable party of malefactors leagued against emperors, kings and presidents of all governments.

These governments must adopt decisive measures for the defense of genuine liberty and must enforce the teaching of religion.

CUBA WINS THE FIGHT.

Twenty per cent. Reduction. Sugar Men Fail to Carry out Their Plans.

WASHINGTON, March 31.—The ways and means committee reported the Cuban bill today, the practical unanimity being the surprise of the day. Mr. Babcock had determined to be in no hurry to break the deadlock in the committee and had engaged rooms at Atlantic City on Friday. When he began to look for a pair he found that the Democrats, with the exception of the Louisiana member, were all in favor of the bill. Mr. McClellan of New York had pledged his vote.

The majority side of the house, this left Mr. Babcock no alternative. He told Mr. Payne to call a meeting of the committee and he would vote to report the bill.

The bill provides for 20 per cent reciprocity on the entire Dingley schedule if Cuba adopts our immigration laws.

All Amendments Defeated. WASHINGTON, March 31.—The ways and means committee voted to report Cuban reciprocity bill 11 to 5. Tawney and Metcalfe voted against the bill. All amendments were defeated.

Hopkins was absent. He was recorded as voting for the bill, making the recorded vote 12 to 5.

OCEAN LINER ASHORE.

Passengers Lifted Over Side Into Arms of Life Savers.

NEW BEDFORD, Mass., March 31.—The steamer Indian of Boston is a hopeless wreck on Cuttyhunk, a little island in Vineyard sound. Four passengers, one of them a woman, have been taken off and forty nine remain on board in an extremely precarious position. The Indian in command of Captain L. B. Codwell was making her way through the sound in the night in a dense fog when she went aground on the west end of the little island.

It was not till this morning that the life saving crew on Cuttyhunk discovered the position of the craft. By this time the steamer had been driven so far that only three hundred yards lay between her and the shore, but in the sea then running it was impossible for a boat to live long alongside the vessel. The life savers launched their boat, however, and rowed out to the steamer. One by one the four passengers were lowered into the arms of the life savers. Attempts to take off any of the crew were so hazardous that they were not made.

Late this afternoon the tide lifted the steamer over the outer line of the sand off the island and dumped her inside. This makes it utterly impossible to save the vessel. The next severe storm that comes along will break her up.

CHURCH WRECKED ON EASTER.

In Wild Rush Many Worshipers are Injured...Several May Die.

PITTSBURG, Pa., March 31.—One of the fiercest windstorms ever known in this section struck the city Sunday just before noon and did almost incalculable damage to property and injured many people, some of whom may die from the effects of their wounds. Scores of houses were unroofed, many trees were blown down, mill stacks toppled over and telegraph and telephone wires generally disabled. The most serious accident was the unroofing of the Knoxville Presbyterian church in Knoxville. The

church at the time was filled with an Easter congregation numbering about 600 persons. While the minister was in the midst of his sermon a particularly strong gust of wind blew over the large chimney of the building. The bricks from the chimney crashed through the roof and carried a huge piece of the hardwood ceiling, measuring about 40 by 20 feet, down upon the worshippers in the pews. An indescribable panic ensued and a frantic rush was made for the doors and windows.

At least 400 persons were caught by the wreck and more or less hurt. Of this number five cannot recover. The seriously injured are:

Dr. R. J. Phillips, aged 40 years, may die. Curtis Ray McKnight, 4; probably fatal. Clarence McNulty, 17; may die. Fletcher Byron, serious. Joseph Adams, 21. Albert Schmidt, 14. John Meyer, 17. Thos. Meehlin, 18. Evan Jones, 22; serious. Mrs. Rachel Schultz, 35. David Smith, 32; serious.

The towboat Belle McGowan was blown over in the Ohio river and completely wrecked. Her crew was rescued.

Jones & McLaughlins had fourteen of their furnace stacks blown down, necessitating the shutting down of a portion of their plant for weeks.

Rufino Wants to Surrender.

MANILA, March 31.—Rufino, who spent \$30,000 in his efforts to incite rebellion in the province of Misamis, island of Mindanao, now declares he is tired of rebellion and has offered to surrender, with seventy-five rifles, to the native constabulary. General Chaffee will leave Manila April 10 on a tour of inspection to the island of Samar. He will visit every port in the island and will witness the surrender there April 15 of the insurgent General Guevarra. After this surrender the American garrisons in Samar will be largely reduced.

MILWAUKEE HAS A BOY HERO.

He Rescued a Comrade From a Horrible Death.

Albert Adami, a 10-year-old Milwaukee boy, proved himself a genuine hero recently and by his presence of mind and quickness of action saved a small playmate from a horrible death. While the boy was on his way from his home at 299 Oakland avenue to a store on North avenue, an ear car ran for his mother, he found Wendell Herrick, another boy of about the same age who lives on the same street, with his right foot caught fast between a plank and one of the rails on the Northwestern track just south of where the road crosses North Ave. The Herrick boy had stepped in the crevice while attempting to extricate himself. After struggling for several minutes he became alarmed at his plight and was calling loudly for help when young Adami came in sight. The only other person near at hand was a third boy who had tried unsuccessfully to release the imprisoned Herrick. Seeing his young comrade's predicament, the Adami boy ran to help.

The whistle of the fast Green Bay express. The watchman in the signal tower a block away sounded his gong to warn passersby of the approaching train.

The boy caught on the track heard the whistle and the signal, too, and his voice quickly rose to a scream of terror as he struggled wildly to get free. As the heavy train came in sight around the curve beyond North avenue young Adami reached his playmate's side.

Quickly dropping on one knee beside the Herrick boy, he lost not an instant in untying the shoe, which its owner, in his excitement, had not thought of doing, and in a moment more the prisoner was free.

The boys scrambled off the track with the express not 100 feet away. Both were thoroughly unnerved for some time by the experience.

AGUINALDO TO BE WITNESS.

Will Testify in Libel Suit Against Estate of Senor Val Dez.

MANILA, March 31.—Senor Val Dez, the editor of a local paper who has been sued for libel by two Filipino members of the United States Philippine commission, will subpoena Aguinaldo to appear in court and testify in the case. General Chaffee's permission to this step has been obtained.

Crowds Escape From Burning Theatre.

CINCINNATI, O., March 30.—With fire raging in two floors beneath them and clouds of smoke blinding and almost stifling them, 2,000 persons made their escape from the Pike opera-house this afternoon without the slightest injury to anyone. The slightest confusion would have started a panic that must have been attended with great loss of life. As the crowd reached the open air the excitement, the suppression of which had saved hundreds of lives, overcame several women, who fainted on the street.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

LAKE STILL BLOCKS TRAINS.

Pond is 30 Miles Long and Two Miles Wide and All Traffic is Blocked.

JAMESTOWN, N. D., March 31.—The situation at Sterling on the Northern Pacific is unchanged and will so remain unless the railway company build a new track around this suddenly formed lake. There were no passengers transferred across the lake Sunday because of the danger attending the work. Passengers report the lake thirty miles long and about two miles wide with a depth of about sixteen feet. When the wind blows waves roll so high that no boat at the command of the company can safely cross. It is estimated that three miles of track and six hundred foot bridge must be built before trains can run again.

Transcontinental traffic by the North routes continues to be blocked. The Northern Pacific's efforts to transfer passengers across the lake failed by the overflowing of the sloughs near McKenzie, N. D., have proved futile and but little hope is held out for a resumption of business in the near future. Reports from the Great Northern are to the effect that their transcontinental trains, which have heretofore been able to get through with only slight delay, are now held up by floods in the western portion of North Dakota. Just where the trouble is has not been definitely learned, but telegraphic reports say that the Mouse river is out of its banks at Minot, on that line, and that numerous bridges have been swept away.

He Kept His Leg.

Twelve years ago J. W. Sullivan, of Harfiori, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes: "I used one bottle of Electric Bitters and 1-2 boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For eruptions, eczema, tetter, salt rheum, sores and all blood disorders Electric Bitters has no rival on earth. Try them, R. D. Townley will guarantee satisfaction or refund money. Only 50 cents.

Additional returns from a majority of the counties of Arkansas indicate a victory for ex-Governor James P. Clark for United States senator over Senator James K. Jones, though his majority on joint ballot probably will not exceed twelve. Complete returns are not yet in and in several of the large counties the vote is so close that official count is awaited.

He takes the place to be vacated on April 1 by William A. Rodenberg. Mr. Garfield is a comparatively young man and is engaged in the practice of law with his brother, Harry A. Garfield, in Cleveland.

Reports from the flooded districts of Tennessee emphasize the gravity of the situation. The damage resulting.

Frank Brums, 17 years old while shooting pigeons in the grounds of the Milwaukee Gun club, in the town of Lake, Sunday afternoon was accidentally shot by August Witte of 822 Pryor avenue. Brums was shooting at the pigeons as they escaped from a trap and Wittee was outside the enclosure shooting at the birds which escaped. Just as Witte shot at a bird which had managed to escape from the marksmen belonging to the club the companions of Brums were startled to hear a cry from him and see him fall to the ground. Officer Pratt of the South side station, who was passing at the time, went over to investigate and found Brums writhing in pain. Dr. Charles Graham was summoned and on examining Brums found that fifty-two shot had gone into his body and one had gone through his hand. The wounds were not serious, however, and Brums will recover.

Moritz Fitchenberg returned to Milwaukee a few days ago from Miami, Florida, where for the last six weeks he has been investigating the possibility of draining a part of the everglades and preparing the land for cultivation. He is enthusiastic over the prospect and says that it is only a question of a comparatively short time before the entire everglade district will be converted into well kept farms.

Dreadful Attack of Whooping Cough.

Mrs. Ellen Harrison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Dunlap & Williams.

Sore Feet

Omega Oil is better for Sore, Tender, Tired Feet than foot powders, because it goes inside, where the pain is, while the powders stay outside. The Oil is such a simple remedy, and it is just as sure as it is simple. Bathe your feet at night with warm water and soap, wipe them dry and then rub Omega Oil in. Rub good and hard and often. That's all you have to do to make your feet well. 775
