Farmers and Hunters.

Hunters have been very numerous the past two weeks. The woods are the factional fight became attached over-run by dogs, and farmers are to the governor or estranged to him anxious lest their stock might be hit because of his views on election meanxious lest their stock might be hit by a stray bullet or bit by a cur. We cannot help but think the land owners are somewhat to blame as they have allowed themselves to be run over until the hunters teel that they have a perfect right to go where and when they please, and if a farmer should put up a notice warning them to keep off, he is called a miserable hay-seed and given other beautiful titles, but should the same hay-seed happen in the city and chance to disobey the notice to keep-off the grass he would higher taxes and more difficult menot land-owners in the country do like-

We think farmers should unite protecting their property by warning biy. hunters to keep off and at the same voth time work for a better trespass law, say a fine of \$10.00 or \$15.00 for any

WM. A. SCHOLL.

we trust he will maintain inviolate. The election this year has been a pe-culiar one and the results can not be ascribed to the individual efforts of any particular person or to party plat-form or principle. There were stal-

warts, half breeds, Democrats and Populists, but all voted to suit their ideas of who should rule. Local preferance had much to do with local candidates and home pride and personal acquaintance was an important factor in making a choice. Far above this was a deep interest in the question of successor to Senator Spooner, and also as to who would best subserve the interest of the people in state matters. There were those who were in doubt, and others who

DEED OF A DASTARD

Geo. Bowers Kills His Father and is in Jail.

CRIME COMMITTED ON SUNDAY.

Prisoner in Jail and Claims He Was Acting in Self Defense. Full Particulars.

George Bowers, a laborer, living in this city more or less, made an atrocious attempt at double murder Sunday evening at 6 o'clock when he assaulted his aged parents with an ordinary oaken kitchen chair. Mr. Bowers' injuries proved fatal, and Mrs. Bowers will recover although she received a number of serious and painful Mrs. Edward Root of this city. The wounds. Bowers was intoxicated at the time of the assault and pleads self ad to murder article.

murdered man was married twice and to the U. S. Government. It is this defense as an excuse. He is held has several children by his first wife. at the county jail on a charge of murder in the first degree and will morning at 10 o'clock from the residence. have his preliminary hearing in the dence. municipal court Friday morning.

The assault was witnessed by the drunken man's four year old son, Miss Martha Gerlach of this city, who has been visiting at the Bowers' home, and Charles Maves, a farmhand. From the story told by Miss Gerlach and Maves it appears that Bowers has been in a more or less intoxicated condition for week and caused trouble on previous occasions. Sunday morning he came to this city and purchased his little boy a suit of clothes. He returned in time for dinner with a man named Conners. He had been drinking some then.

In the afternon he visited at the home of his half sister. Mrs. Sarah Maduska, about two miles east of the

the low and the murder tree turned flercely upon Miss Gerlach, who was standing near the door. She fled outside, Maves having preceded her. The little boy was still in the room according to a statement made by Miss Gerhouse of Nick Walrabenstein.

formed the sheriff of the trouble.

house in a half fainting condition and district when McKinley was first electcrawled for a distance and was assisted the remainder of the way to John Dey's by Miss Gerlach. When the

Dey's by Miss Gerlach. When the sheriff went out to arrest the son he met her on the road going home.

Bowers was arrested by Sheriff Blair and Deputies Robert and Joseph Boyd at the Walrabensteln home at 8 o'clock and brought to jull here. He made no effort to escape and did not resist arrest. When brought to this city it was found that he was in need of medical attention. Drs. Hodgson and Malone sewed up a cut about tour inches long in his scalp, which Bowers says was inflicted by his father with an iron poker. Bowers claims that he came into the house and stopped the game of cards and his parents objected. They attacked him, he stated, and he used the chair in defending himself

He is said to have threatened his mother's life repeatedly. Last Sat-urday, Miss Gerlach says, he came out to the farm with a livery rig and asked her to go to a funeral with him. She declined and then he flew into a passion and declared that Mrs. Bower's Sr., had set the girl against him. He started in to smash the furniture on that occasion and succeeded in doing some damage.

George Bowers Jr., has the reputation of being quarelsome to an extreme when drunk. He has been married with his wives and other relatives.
with his wives and other relatives.
Last winter he served thirty days in jail for an assault on his sister. He catch the gold fish.

"Oh, ain't it great, just simply "To wipe Wisconsin right off the slate." many other cases before the criminal court, such as assualt and battery and plain drunk and disorderly.

George Bowers' first wife secured a divorce and re-married. Her two children are living with her. The second wife died, and his third wife left. him and is living with her parents in the northern part of the state. He has one son, four years of age, who has been living with his grand parents. Bowers is 38 years of age.

around and George Bowers, Sr., was believed by the attending physician, Dr. E. W. Malone, to be in no danger. Dr. Malone thought that Mr. Bowers might be injured internally, but said that no bones of the skull were fractured. The shock proved too much however for a man of Mr. Bowers' age and he suffered a relapse shortly before midnight Sunday, dying soon af-

SEVENTY-FIVE TONS A MINUTE.

Over 5000 Tons of Iron Ore Loaded in an Hour. All Ore Loading Rec-ords on the Great Lakes Broken.

Iron ore was loaded yesterday at the CATTLE.—Market

Chicago & 'North-Western docks at Ashland, Wis., at the tremendous rate of speed of 5000 tons an hour.

The medium, 950 to 1,300 lbs, 4.75@5.50; fair to medium, 950 to 1,050 lbs, 3.75@4.50; medium, 950 to 1,050 lbs, 3 exact figures were 5202 tons in one heifers, good to choice, 3.25@4.00; do, hour and eight minutes, the ore being loaded into the steamer James H. Hoyt, which is built with a special

view to rapid loading and unloading.

The North-Western Line has two big ore docks at Ashiand, each one of them about 1-3 of a mile long, and it was at one of these large storage docks that the Hoyt received its load in recordbreaking time. Supt. Sampson of the North-Western personally supervised the loading, and several newspaper men witnessed it and corroborated the correctness of the record. The last ore was let into the hold, and the lines were cast off in record-breaking time, in fact, the engineer of the boat hardly found time to get the water bal-

last out of the vessel.

The rapid work is made possible by the exceptional facilities of the North-Western line. Large capacity cars and big docks with large storage capacity have made the handling of tremendous quantities of ore possible. As we FURNISH COMPLETE AGENT'S OUTFIT.
The docks of the North-Western line

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they fil-

ter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.
Pains, aches and rheumatism come from ex-

cess of uric acid in the

blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake

by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases Startling, But True.

INTERNATIONAL LIVE STOCK EX-POSITION.

Union Stock Yards, Chicago, November 29th, to December 6th.

The entries for the third International Live Stock Exposition are all in and General Manager Skinner is happy over the outlook. There are more entries this year than at last year's show in nearly all breeds, showing how earnestly the breeding interests of the country are undertaking to demonstrate the value of their

breeds as meat producers.

Mr. Skinner said: "Having visited a great many of the show yards this season, I am particularly pleased that about all the good things of the year are going to 'Round Up' here. The animals entered are the prize winners at the various fairs, and I am sure that the exhibit will make the most critical judges marvel at its excellence.

SILVER REACHES LOWEST MARK. Price of 47 Cents Per Ounce in or

don Breaks the Record.

Fridays price for bar silver in London, at 23 1-4 pence, or 47 cents, per ounce, is the lowest price on record 23 5-16 pence, the quotation vesterday and the nearest approach to this figure being on April 21 last. The causes for the decline are the world's overproduction and the falling off of the demand. There is sufficient silver coming out as by-product to supply the legitimate requirements, and all other production constitutes a sur

Twenty to twenty-four pages every week. Brim full of the experiences and best thought of the successful and practical dairy farmers of the country. There is no other branch of farming where results vary so widely as in the profits from the dairy. This comes largely from the failure of those who handle cows to take advantage of the knowledge and experiences of others. In the columns of Hoard's Dairyman are discussed freely all questions concerning the crops of a dairy farm; plans and specifications of barns, silos and other farm buildings are one of its leading features. It discusses as no other publication even attempts, the dairy form and dairy temperament in cattle, every issue containing engravings of animals illustrating the relation of form to performance, encouraging an open and free discussion of breeding questions, of much importance and interest to every farmer. It is practically an authority and gives much space to the question of balanced rations,—dozens of rations and questions submitted by its readers are answered every issue. Its market reports are complete and weekly reported from all the leading markets of the country. Its veterinary department is under an experienced and able veterinarian. In fact, its columns are brim full of hard practical dairy sense, making interesting and profitable reading for any farmer.

HOARD'S DAIRYMAN is read by 35,000 dairy farmers from all over the country and they area live wide awake set of farmers. Their experiences and their judgment on the various phases of feeding, breeding and management of the dairy farm that are discussed through HOARD'S DAIRYMAN will help any thoughtful and shrewd farmer into successful ways.

The editor of Hoard's Dairyman, W. D. Hoard, is a practical dairyman, owning and running his own farm.

Every good farmer who earnestly desires to make a success of his dairy business, should be a subscriber.

Subscription price of Hoard's Dairyman is \$1.00 per year, sample copies sent free on application to Hoard's Dairyman, Fort Atkinson, Wis.

ABOUT RAILROAD TAXATION.

An Interesting Discussion of the Question by Prof. North.

Ed. Freeman: -Thousands of mortgagors and mortgagers will be glad that the supreme court has at last decided the matter of the taxation of ntangible property in a sentence of less than half a score of words. "Property shall be taxed where it is found and only once." Never was a subject of such wide reaching scope disposed of in so small a space for although the position taken by the court has been open to the students of fundamental economics, there is no doubt that the opposite view, viz: that bonds and mortgages should be taxed on the first view appears very plausible and so held by a large percentage of the people; and although the late decision settles the matter in the courts it is well that it should be fortified by clear conviction on the part of the people that it is just; and the late discussion will doubtless go a great way to bring about this happy result.

Although it is not far to see that stocks and bonds of railways and other such properties comes under the same law as that of mortgages, it will not be out of place to consider it in connection with a concrete case.

Suppose Mr. Carnegie and Mr. Vanderbilt, or not to go so far from home, as newspaper editors are generally of the multi-millionaire class, suppose the editors of The Freeman and of the Dispatch pool their loose funds and build a railroad straight through from the county seat to Oconomowoc, would be, and ought to be, taxed at its true value just as the farming property through which it runs is taxed.

The proprietors of this railroad finding that railroads are valuable properties when judiciously located see a place where another can be profitably built, issue stock on the W. & O. R. R. These documents are usually of the value of \$100 each and a sufficient number are written out to cover in the aggregate the whole property. These are put on the market and as many are sold as the W. & O. R. R. Co. finds necessary in their new speculation. There is no man of common sense when he understands the matter but will see at the first glance that if the railroad itself, that is if all the shares are taxed once, how it is to tax a certain portion of them a second time and if you come across a person who after the matter has been so presented to him still persists in holding that such documents should be taxed, don't argue with him. Argubuilt in Wisconsin, that was the Milwaukee & Waterton railroad, of which the Chicago & St. Paul is now a continuance, found.

It will be observed that this railroad praised by four different assessors. concerning the rolling stock. this all to be accredited to the town were the other towns to share in its valuation? The next was, how are the assesors to ascertain the true value of its portion in their township and equality among the different towns? But the difficulties did not stop here. There were, perhaps, four school districts and as many road districts in evry township it passed through which had claims upon the railroad for taxes as they had upon other real estate in that district. How were they to determine how much that should be to each and how were they to collect them? You can conceive to sone extends the control of the towns to share in its valuation? The next was, how are the assessors to ascertain the true value of its portion in their township and equality among the different towns? But the difficulties did not stop here. There were, perhaps, four school districts and as many road districts in evry township it passed through which had claims upon the railroad for taxes as they had upon other real estate in that district. How were they to determine how much that should be to each and how were they to determine how much that should be to each and how were they to determine how much that should be to each and how were they to collect them? You can conceive to sone extends the first time assessing to condition, is a fine dairy farm and in equality among the different towns? But the difficulties did not stop here. There were, perhaps, four school districts in evry township it passed through which had claims upon the railroad for taxes as they had upon other real estate in that district. How were they to determine how much that should be to each and how were they to determine how much that should be to each and how were they to determine how much that should be to each and how were they to determine how much that should be to each and how were they to determine how much that should be to each and how were they to determine how much that should be to each and how were they to determine how much that should be to each and how were they to determine how much that should them? You can conceive to some exwas made to the legislature and the present system was adopted. There

> not pay a fair share of the taxes and certainly they escape the mill tax, and doubtless it will come up for discussion at the next session of the leg-I have not given enough thought as to how this matter of the taxation of railroads can be changed so as to secure a manifest equality and if any of the correspondents of The Freeman who have views on this matter would present them through its columns, for our enlightenment, they would receive my sincere thanks. A. F. N.

is a general opinion that railroads do

Beware of Ointments for Catarrh that Contains Mercury.

sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney, & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co., Testimonials free. Sold by drugists, Price 75c per bot

Hall's Family Pills are the best. A New and Destructive Apple Rot.-H. J. Eustace.

An unusual and serious trouble with narvested apples has appeared in Western New York. It is confined entirely to scabby apples. A white or pinkish mildew appears on the scab spots and transforms them into brown, sunken, bitter, rotten spots. On very scabby apples these rotten spots soon coalesce and ruin the fruit.

The damage done is enormous. In Niagara, Orleans, Monroe and Wayne counties, thousand of barrels of apples have been ruined. The varieties most affected are Greening and Fall Pippin.

Upon investigation it was found that the white mildew on the scab spots is the cause of the rot, and that it is a distinct fungus having no connection with the scab fungus. The scab itself will not rot a fruit but it breaks the skin wherever it grows and thereby makes an opening for this other fungus to get into the apple and rot it.

trees, but the greatest damage is done members of the present team will be luring the sweating process, either in back in school. piles on the ground or in barrels. Apples barreled immediately after picking and placed at once in cold storage afternoon by a score of 23 to 0. Sevseem to escape the trouble, but it is eral players were injured. liable to appear later when the fruit is placed upon the market.

A preventive of the rot is much to be desired, but at present none is known. Investigations in this line are now in progress at the New York Investigations in this line Agricultural Experiment Station.

The whole trouble can be traced back to a lack of thorough spraying. Had the apples been kept iree from seab by spraying, the white rot fungus tild do them no harm in storage. However, the past season has been excercionally favorable for scab and sproying has been less effective than usual.

An English Author Wrote: "No shade, no shine, no fruit, no flowers, no leaves—November!" Many one of the most stupendous fights that Americans would add no freedom from ever was fought within the confines Americans would add no freedom from catarrh, which is so aggravated during this month that it becomes constantly troublesome. There is abundant Great agitations prevail a proof that catarrh is a constitutional tana, the treasure state. disease. Hood's Sarsaparilla has shown that what is capable of eradicating scrofula, a constitional disease, completely cures catarrh. We cannot see how any sufferer can put off taking this medicine.

FOOT BALL NOTES.

Various News Notes Respecting the all Important Games of the Day.

Edward Blair of Kansas City, who played left tackle on the University of Wisconsin foot ball team three years ago, has agreed to come back to his home and coach the Carroll college eleven for a week or two to put them in shape for making a strong finish of the season. Manager Welch has been endeavoring for some time to secure some varsity man to coach Carroll, but Phil King has been keeping every man busy in getting 'varsity team in shape for the Michigan game. Carroll is very fortunate in securing Mr. Blair's services.

John Lumb, who played guard for several seasons on the Carroll team has been assisting Coach Nave in perfecting the line on defense and considerable improvement is noted. An effort is being made to get Wright, Steele, and Haylett, who played earlier in the season and then left school back to strengthen the line.

The Carroll College second eleven defeated a team from Pewaukee on ment with such is only a waste of the wind. But how are we to get at a just and practical way of securing a fair taxation of railroads? This is not so first half and made their only score at that time. In the second half Carthau waster as it appears on the face taxation of one of the first railroads team and as they outweighed their built in Wisconsin, that was the Milrunning up a score. Kerr made a 60 yard run for a touchdown and kicked two goals. Dixon, playing fullback, bucked the line in good shape and passed through four separate town-ships in this county and had to be ap-the best work for Pewaukee and he was the only member of the Pewaukee The first question we discussed was team, who succeeded in crossing Car-

ONE DOLLAR PER YEAR.

Election Day at Eagle. Fair Vote. Fair Play.

The day for deciding the issues as presented by the various parties opened with a clouded sky. The political scene was fair. All were quiet and A n discussed the situation calmly and in the most neighborly spirit. No outward signs of vengeance were visible which naturally led to a belief that the warriors had declared an armis-tice and would abide thereby. The Rose's were in evidence but with a united army in front, Dave's chances

were weakening. tance with candidates was a cause for dividing party lines and accounted for several of the split tickets. La Follette's supporters mingled with Follette's supporters mingled with friends of Rose and Spooner's admirters wore Bob buttons. Very little tended the Republican rally last Saturday night.—Charles Gauthie aters wore Bob buttons. Very little was said and the picture presented on the streets and in the hall was that of the lion carressing a lamb in his own den. As is usual a ballot box is full of surprises and shows again and again that we cannot judge men by the clothes they wear or rather the looks of their faces. Two years ago La Follette carried Eagle by ten majority while Bryan for president, was nine ahead. This year Rose had four Bob's boys worked strong and steady and we ask where was the lion and what has he to report. Staf-ford received like support and like opposition.

Under the conditions it seems that stalwarts should be required to renew their promise of allegiance. Their future is certainly very dark unless they be forgiven again. The Demothey be forgiven again. cratic legislative candidates came in for their share of honors and Merton and Tuohy were in great favor. Senator Jones' Eagle speech was answer-

ed and judgment was entered.

The county ticket received a varied support; all being personally known. Scholl, Snyder and Dempsey were in the lead. The polls velosed at 5:41. The counting The polls were quired about one hour in the village and two hours in the town. The defective ballot was discussed and finally the inspectors concluded to preserve all ballots for evidence in case of a contest between Tuohy and Johnston. The county clerk, the printer and both Republican and Democratic county committees deserve criticism for the carelessness in not examin-ing the ballots before issuing and de-livering them. The failure to have livering them. a square under the name of Mr. Tuohy lost him many votes and is evidence that committees are not sufficient to safeguard the interests of a party or candidates.

After results were given the interthrough another election and nothing was done to mar the good feeling existing between its citizens.

A big haul by highwaymen, substitutes and others who steal the good name and fame of Rocky Mountain Tea made famous by Madison Medi-cine Co. J. J. LORGE.

DELAFIELD.

An enthusiastic Republican rally was held in Pocahontas hall last Saturday night, which was tastefully decorated for the occasion by the Stars and Stripes and large sized pictures of the candidates for election. W. H. Stafford, candidate for congress, being a few days at John Thatcher's.—Miss detained in Milwaukee the early part | Carrie Thatcher is at home this week. of the evening, Fred Pynn introduced Hon. Edward Frost, of Milwaukee, who Hanks spent Sunday at Hartland, the ably dicussed national issues followed by Attorney Benj. Poss of Milwaukee. Johnson of West Allis, spent last Sunby Attorney Benj. Poss of Milwaukee, on state matters. Later Mr. Stafford arrived and spoke briefly. He said, it was fitting he should make his closing campaign speech in Delafield which he counted home. Mr. Frost also expressed similar sentiments. Hahn is occupying the Ray premisalso expressed similar sentiments. also expressed similar sentiments. The Hayes quartette from Waukesha, was thoroughly appreciated. Hon Roderick Ainsworth of Merton, can-didate for member of the assembly, together with county nominees for office were present and added to the pleasures of the evening.

McDowell of Pewaukee, Local pride and personal acquain-Local pride and personal acquain-the early part of the week.—A fair proportion of our village ladies cast their first ballot last Tuesday.-Mayor Agnew and Mr. Peacock were among tended the Kells-Schumann wedding at William Kells' last Saturday after-noon.—Avery Kells has rented the W. E. Kunz cottage and will occupy it

BLODGETT.

Edward Schley of Springdale, and Miss Nellie Blodgett were married at the home of the bride's uncle, Mr. and Mrs. Frank C. Loomis, at Waukegan, Illinois, Rev. W. E. Toll of Christ Episcopal church officiating, on Tuesday morning, Oct. 28. The bride is a daughter of our worthy townsman and lived all her life among us. She has a host of friends who wish her success in her future life, and happiness in her New Berlin home. The groom is well known to most of our readers and is to be congratulated, as the lady whom he has chosen as his life's companion is a very estimable young woman and

well worthy to grace his home.
William Murphy of Pewaukee, passed through our town Monday enroute for County Managhan, Ireland, where he will make an extended visit with relatives. Mr. Murphy came to this country seventeen years ago and most of the intervening time has been spent in our county. While a good citizen and an ardent admirer of American principles, his love for the "auld sod" has never diminished, so it is to be hoped that his sojourn in the land that gave him birth will be a most pleasant one.—We regret to note that C L. Putney, who has successfully conducted a general store in our town for the past eight years, has been compelled by ill health to retire from the mercantile field, and closed out his entire stock of merchandise and is now at the Sacred Heart Sanitarium in Milwaukee.—Messrs. George Butcher, and James Ives have disposed of coted ones anxiously awaited news their personal property and will, with from outside. Thus Eagle went their families, soon move to wood Cu. and make their future home on land recently purchased by them. They energetic young men and afraid of a day's work.—They will devote their time to farming and stock raising. Your reporter joins their many friends in wishing them success Your reporter joins their in their new home.—Ducks and geese are going south, which would indicate that cold weather had started up there and was working its way south.

BROOKFIELD.
