George McCabe was in Waukesha on business Monday.

Miss Gertie Lawless of Little Prairie is the guest of Dr. and Mrs. Fitzgerald.

A. J. Pardee was at Waukesha on Saturday.

On Wednesday occurred the death of Harriet Lander at the home of her daughter, Mrs. Wm. Watson at Little Prairie, Wis. She was born in Bilper, Derbyshire, England, Feb. 22, 1822, where she was married to John Linthwaite Jan. 15, 1843. She came to America and located in Waltham, Mass., and thence removed to Wisconsin locating at Little Prairie where she resided continually with her daughter up to the time of her death. The funeral took place from the family residence on Saturday after-

noon Rev. Lugg of Palmyra officiating. She leaves surviving her three daughters, Mrs. Philo Pharnam, Mrs. Wm. Watson, Mrs. C. D. Olds of Little Prairie, and one son, Sam. Linthwaite of Waltham, Mass.

The weather on Easter Sunday was rather unfavorable. On Saturday it began to rain and on Sunday the clouds moved south-westerly driven by a cold north east wind; occasionally the sun shone through the clouds, but the fine spring weather did not get around in its best array. On Monday it rained also just like in April.

Was the Easter rabbit liberal? Ask the little ones.

Dancing, games, music and refreshments were the order of the evening at the surprise birthday party given to F. A. Betts on Tuesday evening. About forty relatives, neighbors and friends were present and presented Mr. Betts with a writing desk and book case as a token of their friendship and esteem.

The 40 acres of marsh on section 9, better known as the McCormick marsh, are for sale for \$900.

Address H. M. Loibl.

It was enjoyable all around, Monday evening's Easter ball, under the auspices of the Modern Woodman Camp of Eagle at the opera hall, and gave evidence throughout of the strong fraternal spirit, the feeling of brotherhood and sociability that obtains in that honorable order. The attendance was large, more than two hundred merry dancers and visitors participating in the festive round. Supper was served by the Royal Neighbors in the banquet room, it was a bountiful spread indeed, and after all had genially expanded, dancing was resumed and continued until the early hours. Despite the rain and muddy roads the dance was a success socially and financially and all seemed to have a good time. The Woodmen have the ability to get up a successful dance, and are assured of a large turnout on another occasion. The music was furnished by the popular Golden Eagle orchestra, assisted by Prof. Chas. Lurvey of the Wisconsin college of music of Milwaukee.

Mr. Gallagher of Milwaukee was at Eagle Wednesday looking after the interests of the Wisconsin Telephone Co. which is putting on four more wires on the line built last year.

Mrs. Mary Callahan of Milwaukee visited with her Eagle friends this week.

At the meeting of the village board on Tuesday evening, Frank Kloppenburg was appointed street commissioner. The contract for lighting the street lamps was let to P. H. Richart. Owners of property abutting streets will be notified to repair defects in sidewalks in front of their lots. The sidewalk on Jericho street near the livery sign is in a very dangerous condition and ought to be repaired at once.

Bernard Meyer died at Sheboygan, Wis., on Monday, April 9. He was born in Westphalia, Germany, about 65 years ago and came to America in 1854, locating at Eagle where he resided until about thirty years ago. He was a soldier in the late war and was Second Lieutenant in Co. B, 17th Wis. Vol. Inf.

August Agathen went to Sheboygan Wednesday to attend the funeral of Bernard Meyer.

Martin Cramer solicitor for the C. M. & St. P. R'y of Milwaukee was at Eagle Wednesday on business.

## WALES.

The C. & N. W. company have begun work at the gravel pit for the season. The work will be rushed since they expect to improve their line between Milwaukee and Madison this spring. This opening has given employment to upwards of twenty men.—Thos. J. Hughes is doing a lively business with his new lumber yard. Mr. Hughes is kept busy figuring on jobs. It certainly will pay anyone who intends to build to consult Mr. Hughes before buying their lumber elsewhere. An additional lumber shed eighty feet long is to be erected in the near future.—Evan, G. Davis, who has been having his eyes treated at Milwaukee for the last nine weeks, and who was about to undergo an operation, which is the only thing left to give him permanent relief, has concluded not to have it performed at present.—Mrs. Charles Williams, who was taken seriously ill while visiting friends near Zion, was removed to her home at this place somewhat improved.—Mrs. John J. Evans has been quite poorly the past week, but is slowly recovering.—Mrs. Hugh Elias has been very poorly for some time past, but at the present writing is slightly better.—Miss Martha Evans, who was visiting at Milwaukee, was summoned home the latter part of the week to attend to her mother.—Mrs. Zachariah Williams and her daughter Florence are confined to their beds with the grip.—R. R. Davis is recovering after a severe attack of cold.—Wm. C. James made a flying business trip to Milwaukee Tuesday.—Miss Mary J. Jones who has been employed at Milwaukee for some time past made her relatives and friends a short visit before leaving for South Dakota, which she did Monday to make her grandfather a visit.

For coughs and colds there is no medicine so effective as BALLARD'S HORSHOOD SYRUP. It is the ideal remedy. Price 25 cents and 50 cents. Lorge's Pharmacy.

## MARRIAGE LICENSES.

Robert Krause of Milwaukee and Otilie Keske of Milwaukee.

C. H. Osborne of Vernon and Jennie Brimmer of Mukwonago.

Fred C. Jones of Wales and Emma Dillert of Waterville.

Mothers! Beware of those secret robbers of your baby's quiet and health. Those sleepless nights and long hours of tiresome vigil are caused by those terrible enemies of childhood—worms. Destroy and remove them with WHITE'S CREAM VERMIFUGE. Price 25 cts. Lorge's Pharmacy.

## Glimpses Across the Sea

is the charming title of a charming book from the pen of Mr. Sam T. Clover, the well known author and newspaper editor. The "Glimpses" are particularly pertinent just now when so many people are considering a trip to the Paris Exposition, and many people will be glad to know that the Chicago, Milwaukee & St. Paul Railway has purchased an edition of Mr. Clover's work for distribution.

It is estimated that from the side crop of flax alone last year the farmers of this state sold from three and one-half to four million bushels at from a dollar to a dollar and a half per bushel and the price now in Chicago is a dollar seventy three and still going up. Thousands of people there get rich raising flax. Then is it any wonder that many South Dakota farmers have as the saying is "money to burn" and why can't merchants get rich. Much has been said of South Dakota on account of its hot winds. Is there any country where white men dwell where hot winds don't blow. If there is no one has ever come back to tell of it. A country covered with dry grass will generate hot winds from the radiation of the sun's rays, but when all the land is cultivated the earth will absorb the heat of the sun's rays and no hot winds will result from it in South Dakota or any other country. Ignorance is the cause of seven-eighths of the bad stories told of South Dakota.

## SOUTH DAKOTA.

Continued.

Quite frequently the question is asked me "How much of those South Dakota stories is true." The answer invariably is, every word of it, and these are only the outlines of what might be said in praise of this fabulous state. The Chicago Record of March 28th, gave an interesting account of what it called Looking to South Dakota, that the rush of settlers to the cheap wheat lands is greater than any year since the early boom, land going up in price, etc. The letter was dated Sioux Falls, S. D., March 27th, 1900, and goes on to say there is no longer any doubt about the desirability of farming lands in this new and rapidly growing state. Farms that could not be sold a few years ago at any price are now selling freely at from two thousand to six thousand four hundred dollars per quarter section. Colonies from Norway are coming in in large numbers. From all of northern Iowa and western Minnesota settlers are flocking in this spring, in swarms and droves and these are only the advance guard. It is safe to estimate that the influx of population to South Dakota this year will exceed fifty thousand people, all of whom are going there forehanded and not as speculators and adventurers as was the case twenty years ago. And this state is attracting the close attention of the old world. In a recent issue of the London Live Stock Journal there was a long account of raising cattle on the ranges. The opportunities for diversified industries are greater than any other part of the world.

Much is being said all over the west about the "good road movement". This is never mentioned in South Dakota, as all the roads are good. A few years ago when on a western trip, I took one of my sons along, then a little boy. While driving out from Mitchell the first team trip, I noticed him looking down at the road. After we were out three or four miles he turned to me and said, "Pa, are all the roads in South Dakota like this one?" I answered "Yes, about the same, why?" He replied, "why these roads are better than the macadamized roads in Milwaukee." And the child was right. The roads are perfect. Practically all the roads are as good as any race track. If you don't believe it ask John Daly. Bicycle riders frequently make one hundred and fifty miles a day with ease. Seventy-five to one hundred bushels of wheat is common load for a farmer's team to haul to town. One traction threshing machine engine hauled 1000 bushels of wheat into Aberdeen at one load. Ten wagons tied one behind the other with 100 bushels each. There is a laid out road around every section and no diagonal roads except around a ravine or something of the kind.

Going west from here now is the same as going west from New England sixty years ago. The same opportunities are offered there now as were offered here then. Cheap good land and lots of it. As the fellow said "Any one who knows enough to believe in the county, will come out all right."

Manufacturing is yet on a small scale, but merchandising is on a very large one. A man with energy, ability and thrift like your very successful and amiable merchant, Mr. I. L. Grosse could go to South Dakota and do a business equal to the ordinary wholesale merchant of Chicago or Milwaukee.

Sioux Falls, Aberdeen, Yankton, Mitchell, Watertown and half a score of other smaller towns have wholesale merchants doing a thriving business all over the state.

It is estimated that from the side crop of flax alone last year the farmers of this state sold from three and one-half to four million bushels at from a dollar to a dollar and a half per bushel and the price now in Chicago is a dollar seventy three and still going up. # THE CONGRESSIONAL RECORD

Proceedings of Six Days in National Congress.

## PUERTO RICAN TARIFF LAW.

Senator Burrows Urges the Senate to Refuse to Seat Matthew Quay—Resolution for Survey of Illinois and Desplains Rivers—Washington News.

Tuesday, April 10.

Senate committee unanimously declared Clark of Montana secured his election by bribery and should forfeit his seat. Gage estimates surplus for year at \$70,000,000, which would enable repeal of stamp tax, now yielding \$45,000,000. Senate will vote April 24 on Quay case, when he probably will be seated. House will accept senate amendments and vote on Puerto Rican bill. Senate passed bill establishing a buffalo preserve in New Mexico.

Wednesday, April 11.

House passed Foraker Puerto Rican bill, under special rule to prevent amendment, yeas, 161; nays, 153. Crumpacker (Ind.), Fletcher (Minn.), Lane (Iowa), Littlefield (Me.), H. C. Smith (Mich.), Heatwole (Minn.), McCall (Mass.), Lorimer and Warner (Ill.), republicans, voted in negative. Illinois congressmen assured of favorable report on resolution to survey Illinois and Desplains rivers with view to making deep waterway. Lieut. Col. Webb Hayes will leave army, alleging its dignity has been insulted by a Sulu Dato. Senator Davis introduced bill to determine feasibility of establishing national park in Minnesota. Senate passed bill appropriating \$3,000,000 for cable line to Honolulu. Senator McMillan will introduce bill to re-survey great lakes. Condition of Puerto Ricans reported to be worse than ever.

Thursday, April 12.

House rivers and harbors committee decides to report favorably the resolution for a survey of the Illinois and Des Plaines rivers. Archbishop Chapelle finds serious obstacles to "Americanizing" the Catholic church in the Philippines. President McKinley signs the Puerto Rican tariff and civil government bill. Senator Burrows strongly urges the senate to refuse to seat Matthew Stanley Quay.

Friday, April 13.

Ill-health forced resignation of John Addison Porter, secretary to the president. Bill introduced to increase salaries of director of census and his chief clerk. The Mayflower will be the official craft of Gov. Allen of Puerto Rico. Efforts to consider Nicaraguan canal led in house.

Saturday, April 14.

House committee on agriculture denied that there is any intention to pigeon-hole the oleomargarine bill. Republicans of the house have ready a bill to require trusts to publish periodically sworn statements of their capital, earnings, expenses, profits and dividends. Congress may add a commission to investigate public building sites to the many bodies already authorized. March exports broke the record. Increase in exports during last nine months was chiefly in manufactures.

## POLICE SLAIN AND BURNED.

Anti-Plague Measures at Cawnpore Lead to a Riot.

The enforcement of anti-plague measures at Cawnpore, near Bombay, led to a serious riot. A mob attacked and burned the segregation camps and some mills. The police, who attempted to restore order were overpowered, and five of them were killed and their bodies thrown into the flames. Troops were ordered out to suppress the rioters, but they did not succeed until ten of the mob had been killed. Order was then restored, but the populace is sullen and business has been stopped.

Aginaldo May Be in Manila.

"I scarcely doubt the truth of the current rumors that Aginaldo is concealed in Manila. If he were, I do not think that the authorities would make much effort to catch him. To capture and imprison the insurgent chief would be to make a martyr of him and the effect on the natives would be bad. If he is let alone, the Macabebes will assassinate him, for they have no love for him." This statement was made by First Lieut. George H. Knox, who was for over seven months chief of police of the Quapo district. He was also assistant chief of police under Major Tienison of the Sixth artillery.

Cried Three Days and Died.

Frederic Kestermeier of Marietta, Ohio, after a short illness, died Friday morning, aged 83 years. His son, Frederic, Jr., lived with him and they kept house together, all other relatives being dead. Ten minutes after the father died the son, who had cried for three days, went to his bed, threw himself down, and was dead in a few minutes. Physicians say he died of a broken heart.

Does Your Stomach Distress You?

Do you have pain in the side, nausea, sometimes vomiting, distress after eating, belching, constipation, loss of appetite, dizziness, flatulency, moth patches, sluggish looks, pimples and a repulsive complexion? If you have any of these symptoms, you have dyspepsia or stomach disorder. The new discovery, Bailey's Dyspepsia Tablets, brings quick relief, followed by a permanent cure; pleasant to take. W. J. Bailey, written on each package. Price 25 cents post paid. Made by Lakeside Medicine Co., Chicago Sample free. Well informed doctors prescribe them. Sold by Dunlap Williams, Waukesha, Wis.

## FARMERS IN A BIG TRUST.

International Combine to Hold Up Prices.

All other trusts and combines pale into mere trifles when compared with the trust it is proposed to form among the farmers of the world at the agricultural conference to be held in Paris July 9-16. The farmer has heretofore been held up as the especial sufferer from trusts, but the latter-day farmer reads the papers and by observation finds that a trust may be formed that will benefit him. Consequently the wheat-growing farmer calculates that a trust in his business would enhance prices. In order to make the new combine a success it is necessary to get a majority of the wheat growers into it, and this is to be the object of the conference. It is hoped to arrange to restrict the production, reduce the output by perhaps 20 per cent, and then when the actual number of bushels on hand is closely estimated, to hold the grain until the price reaches a figure determined upon. Dollar wheat is the slogan of the farmer. If the present plans go through it will be impossible to buy any wheat under that figure in the course of two or three years. J. C. Hanley of St. Paul, Minn., executive agent of the Farmers' Alliance and Industrial union, the National Cotton Growers' association, the Farmers' Federation of the Mississippi Valley and the National Grain Growers' association, is the chief promoter of the international agricultural trust in America. Prof. G. Ruhland of the University of Fribourg, Switzerland, is the chief promoter of the plan in Europe. Following the Paris conference it is hoped to have established a permanent international grain growers' association.

Million for Road and Land.

A heavy transfer of property in the upper peninsula of Michigan was completed in Cleveland when Attorney John M. Duffy of Chicago, representing several Chicago capitalists, purchased and took over all the interests of a number of well-known Cleveland and New York men, including Secretary of State John Hay, Dan P. Eells, Fayette Brown, C. A. Otis and others, in the Munsing Land company and the Munsing Railway company. One hundred thousand acres of hard-wood land and sixty miles of railroad in operation from Munsing bay to Little lake passed into Chicago hands by the transfer. A large sum, said to be near \$1,000,000, was paid over. No radical change in either the management or policy of the railroad or land company is expected.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Chas. E. Nelson.

James Tuttle Passes Away.

James Tuttle of Atlanta township, near Lincoln, Ill., whose funeral oration Col. Robert G. Ingersoll had promised to deliver, died Sunday evening. He was past 93 years of age and was a native of Ohio, moving to Illinois when 10 years of age. He amassed quite a fortune at farming. In 1847 he was a member of the old state constitutional convention and for several years was a member of the county board of supervisors. In politics he was always a republican. Mr. Tuttle and Col. Ingersoll were close friends, having become well acquainted when Mr. Ingersoll practiced law in that locality. Mr. Ingersoll years ago promised Mr. Tuttle that when he died he would deliver the funeral oration. The men were of the same belief.

Heavy Deal in Zinc Lands.

A great zinc-mining deal was completed at Joplin, Mo., the first, it is said of several big deals to be made by a \$10,000,000 English syndicate. The property purchased was the South Side Mining and Milling company's eighty acres of zinc and lead mineral land at Galena, Kan., containing ten mills and fifteen producing mines, sold by C. C. Moore of Galena to Henry Seeley of London. The consideration is not given, but it is said to be about \$500,000. The purchasers will organize a \$17,000,000 stock company to operate the South Side mines.

Rubber Tire Millionaire Killed.

With words of exoneration for Mrs. Louise Lottridge on his lips Rufus Wright, aged 70, the multimillionaire rubber tire manufacturer, passed away Sunday morning in the same room at the Leland hotel, Chicago, where in company of the woman he was found mortally wounded Saturday afternoon. The affair is a mystery. Mr. Wright's fortune is estimated between \$3,000,000 and \$10,000,000. Three years ago an English syndicate in control of the Dunlop Tire company offered Morgan & Wright \$20,000,000 jointly for their immense plant.

Otto Korb, Grand Chamberlain, K. P., Boonville, Ind., says: "The White Witch Hazel Salve soothes the most delicate skin and heals the most stubborn ulcers with certain and good results." Ulcers, piles and skin diseases. Don't buy an imitation. A. C. Estberg.

Proportionate Height and Weight.

To be perfectly proportioned a man should weigh twenty-eight pounds for every foot of his height.

W. W. Mayhew, Merton, Wis., says: "I consider One Minute Cough Cure a most wonderful medicine, quick and safe." It is the only harmless remedy that gives immediate results. It cures coughs, colds, croup, bronchitis, grippe, whooping cough, pneumonia and all throat and lung diseases. Its early use prevents consumption. Children always like it and mothers endorse it. A. ## THE WAR IN SOUTH AFRICA

Boers Gain Decided Victories Over British.

## BOERS MOVE ON SMITHFIELD

British Troops Kept Busy in Natal as Well as the Orange Free State—Important Battles Expected Soon—Will the Czar Ask Intervention?

Tuesday, April 10.

Three dispatches declare Boers under De Wet killed and wounded 600 British and captured 900 at Meerkatsfontein, near Kroonstad. Report doubted in London. Plumer was within six miles of Mafeking when he was driven back with severe loss, he himself being wounded. Chicago ambulance corps landed at Lourenco Marques and leave for Pretoria on special train today. French press expects America to intervene. Rumors of fighting near Biggersberg. Boers repulsed at Wepener.

Wednesday, April 11.

Boers shelled British at Ladysmith with gun mounted on a Biggarsberg spur, and Buller returned fire; little damage on either side. London papers believe attack was to cover another movement. Lourenco Marques reported 35,000 Boers with ninety guns between Kroonstad and Winburg, forming an almost impregnable line of sixty miles. Fischer, chief of Boer mission, said he hopes to negotiate peace without prejudice to political rights or independence of Boers. Messenger boy sailed from New York with greeting for Kruger from 28,000 children. Boers formally protested against landing of British on Portuguese territory. British casualties were eleven killed and forty-one wounded at Wepener. Col. Baden-Powell reported dead.

Thursday, April 12.

News from South Africa is very meager, but the Boers seem to keep the British troops busy in Natal as well as in the Orange Free State. Roberts' forces are now in good condition, and London war experts expect an important battle at an early date. Paris rumor that the czar has prepared a demand for intervention. Kimberley uneasy owing to Boer activity. Boers moving on Smithfield.

Friday, April 13.

Roberts will send no further troops to Mafeking's relief, depending on Carrington's 5,000 bushmen, who are in that vicinity. London Mail estimates Boer losses to end of March at 12,000. Bloemfontein declares it is in no danger from the Boers. British checked Boer advance at Wepener. Buller holding his own in Natal.

Sunday, April 15.

Capture of Boer besiegers of Wepener rumored. Earlier reports showed British making stubborn resistance, with reinforcements on the way to both armies. Boers destroying all mines in vicinity of Elangslaagte, but unable to get Buller into a genuine fight. Duke of Marlborough appointed assistant secretary to Lord Roberts. Schiel attempted to escape at St. Helena. Boers said to rely on American aid.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Elmhurst, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

# Impure Blood.

Impure blood is a deadly poison. It is blood that becomes charged with the refuse matter and the cast-off products of wasted muscles and tissues. It is blood that is filled with acids, blood that lacks oxygen, and blood that is starved and watery for lack of nourishment. Impure blood clouds the brain, irritates the nerves, disturbs the heart, retards the circulation and clogs up the lungs. It vitiates the appetite, interferes with digestion, destroys the complexion and fills the body with disease.

To cleanse this sluggish stream of contaminating, putrid poison, and transform it into rich, red, bounding life-fluid of health, it is necessary to open up every avenue for the elimination of impurities and force them out of the system. At the same time the appetite should be so stimulated and the digestion so regulated, that the healthful and nutritious substance of the food will take the place of the poisons that are driven out. Nothing yet discovered will do this so thoroughly and so well as

## Dr. Miles' Compound Wine of Sarsaparilla.

Is pleasant to take.

It penetrates to the farthest corners of the system and drives out the last vestige of disease. It makes rich, pure blood and sends it to every part of the body, renewing and rejuvenating every fibre and tissue.

Sold by druggists on guarantee.

Lack of Funeral Carriages.

The body of Harry Keyes, the Indianapolis boy who was killed in the blowing up of the battleship Maine, was not buried at Indianapolis Wednesday, as was planned, on account of a lack of carriages. Thirteen funerals took place in that city that afternoon and the funeral director who had Keyes' body in charge could not secure carriages enough for the cortege. When the coffin was opened for complete identification a skeleton wrapped in a soldier's suit was found. The remains, however, were identified.

Says Preachers Are Accused.

Bishop Hardy, the venerable presiding officer of the Virginia conference of the African Methodist Episcopal church, created a sensation by announcing that he had received letters making charges of drinking, dishonesty and immorality against some of the preachers then on the conference floor. He said that he would place the entire matter in the hands of an investigating committee and that the guilty preachers need expect no quarter.

Girls Want to Raise \$50,000.

The girls of Wellesley college have gone into the flower business in Boston, where they are making a special bid for Easter trade. Miss Lizette Had has made arrangements with a wholesale dealer in flowers, whereby they will be able to sell fresh stock from the greenhouse at a cut rate. The origin of this practical entrance into business was the desire to secure the \$100,000 promised to Wellesley by John D. Rockefeller, provided Wellesley herself raised \$50,000.

Russia Has Plenty to Do.

Russia is reported to have abandoned interference with affairs in the Balkans, yielding to Austria, in order to devote its whole attention to China and the orient. Russia has a big job on its hands just now in taking care of the east.

Kidney or Bladder Troubles.

If you suffer from kidney, bladder or urinary troubles, or from too frequent or scanty urine, Dr. Fessner's Kidney and Bladder Care is what you want. Bed-wetting by children is speedily cured by one bottle of this powerful remedy. Testimonials are disregarded, many people doubting the honesty or sincerity of them. We therefore avoid giving any here, but furnish them in circular. Get one of your dealer.

W. H. Shipman, Beardley, Minn., under oath, says he suffered from dyspepsia for twenty-five years. Doctors and dieting gave but little relief. Finally he used Kodol Dyspepsia Cure and now eats what he likes and as much as he wants, and he feels like a new man. It digests what you eat. A. C. Estberg.

College Plans Complete.

The board of trustees of Western Union college organized by electing the Rev. S. F. Entorf of Naperville, Ill., chairman; the Rev. E. B. Utt of Lisbon, Iowa, as secretary, and the Rev. Emil Mueller of Eckley, Iowa, as treasurer. According to an agreement entered, the LeMars normal school property will be turned over to the United Evangelical church. An endowment fund of \$100,000 will be established.

Fire Destroys Elevators and Grain.

Fire at Lesterville, S. D., totally destroyed the McCall-Webster grain elevator with 6,000 bushels of grain and the Hunting elevator. The latter was rented to Chladek & Kolda for a machinery warehouse. They lost \$400 worth of wagons and 500 bushels of corn. The elevators and the McCall-Webster grain were fully insured. Chladek & Kolda had no insurance.

Fortune for Toledo Woman.

Toledo, Ohio, April 7.—Miss Maggie G. Carmody of this city is preparing to go to Australia, where she becomes the heiress to about \$2,000,000 through an aged aunt, Mrs. G. F. B. Plainsbury. In Mrs. Plainsbury's notice to her niece she included a draft for \$8,000 as "pin money and to get ready to come on."

Spring Tornado in Kansas.

A storm approaching a tornado in proportions is reported near Winfield, between Wichita and Newton, and in the vicinity west of Clearwater. Two deaths are reported and four persons are said to have been injured by overturned houses. The storm area, so far as can be learned, extends over about ten counties and at the southern limit of the state. The cyclonic disturbance seems to have followed the trend of the Arkansas river. At Putnam several houses were blown down and several persons were seriously injured.

De La Torre Talks of Wedlock.

Francisco Sarrano y Dominguez, duke de la Torre, is visiting St. Louis, whence he went from Chicago. He said: "The New York papers tried very hard to marry me to Miss Green, daughter of Mrs. Hetty Green, but they did not succeed."

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by Chas E Nelson.

# A Mother's Duty

It is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men.

## Sutherland Sisters' Scalp Cleaner

# A WOMAN'S MISTAKE

It is a well-known fact that Lydia E. Pinkham's Vegetable Compound has cured more women than any other remedy. It therefore must be the best possible medicine for female ills. But some women make the mistake of thinking that they will try something else, simply because it is new. That mistake is often a fatal one—fatal to the health and happiness of the experimenter.

Is it not foolish to risk the possible results of such experiments? Is it not better to depend upon a medicine which has been tried successfully for thirty years, and which has never been found wanting? Do not therefore let any one persuade you to try something which they say is just as good. It cannot be just as good. Mrs. Pinkham's Compound is the best, and there can be only one best. This is not a mere assertion, but is a positive fact, admitted by hundreds of regular physicians.

Rely on your own common sense, and Mrs. Pinkham's life-long experience, and you will make no mistake. Don't experiment with your health, but take a medicine that you know is good, and is backed by such letters as these to Mrs. Pinkham:

#### Suppressed and Painful Periods Cured by Lydia E. Pinkham's Vegetable Compound.

"I was thin, sallow and nervous. I had not had my menses for over a year and a half. Doctored with several physicians in town and one specialist, but did not get any better. I finally decided to try your medicine, and wrote to you. After I had taken three bottles of Lydia E. Pinkham's Vegetable Compound and three of Blood Purifier, my menses returned, and I feel as well and strong as I ever did, and am gaining flesh."—Miss LENA GAINES, Visalia, Tulare Co., Cal.

"Before taking the Vegetable Compound I was troubled with irregular menstruation, and suffered great agony. My physician gave me morphine, and I remained in bed. I doctored eight years and got no relief, and the doctors told me there was no relief for my trouble. Finally I tried Lydia E. Pinkham's Vegetable Compound. While taking the first bottle I felt that I was improving. I have taken seven or eight bottles, and never had anything to do me so much good. Every month my troubles have grown less and less, and now at this time I am cured."—ELLA QUINNEY, No. 22 Stage Street, Haverhill, Mass.

#### Ovarian Troubles Always Yield to Lydia E. Pinkham's Vegetable Compound.

"I had been in poor health for twenty years, having inflammation of ovaries and womb trouble. Although treated by physicians, I could not gain strength nor do my work, and was so low-spirited and tired of life. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. The first bottle strengthened me, and I wrote to you. After taking six bottles can say that I am well and can even do washing."—Mrs. M. W. MILLER, No. 1033 Canal Street, New Orleans, La.

"For three years I suffered with ovarian trouble, having inflammation and an abscess on right ovary. Had such pain in my back and head, and at times was unable to walk. Had several doctors, but they did not do me much good. One doctor said that I would have to have an operation and have the ovary removed. I became discouraged and gave up all hopes of getting well. I began taking Lydia E. Pinkham's Vegetable Compound. I wrote to Mrs. Pinkham and followed her directions faithfully, and am better than I have been for three years. I have taken ten bottles, and my friends are surprised at my rapid improvement."—Mrs. W. H. WALTERS, Cold Spring Harbor, L. I., N. Y.

#### Backache and Womb Troubles Succumb to Lydia E. Pinkham's Vegetable Compound.

"I have been for ten years an invalid with female weakness, and the torture and pain I suffered no tongue can tell. I never spent one week in the ten years that I was free from pain. My trouble was inflammation and congestion of womb. When I commenced to take your remedy I had been bedfast for some time under the treatment of two of the best physicians in Illinois without receiving any benefit. You can imagine the benefit I derived from Lydia E. Pinkham's Vegetable Compound when I tell you that I have gained forty pounds and am well—a thing I never dared to expect."—Miss C. E. POLAND, Monett, Mo.

"For a number of years I was troubled with backache and leucorrhoea. I became so weak and miserable that I could not attend to my work or studies. The least effort would completely exhaust me. Physicians failed to help me. I felt that my youth was blighted, and the life before me would be one of suffering and misery. Then a friend insisted on me taking your medicine. Before I had used one bottle I was greatly relieved. I had not known a well day for four years, but now I feel better than I have since a child, and it is all due to Lydia E. Pinkham's Vegetable Compound."—Miss MAY B. STEVENSON, Alliance, O.

If you want to know that letters are genuine write to the women.

#### Find Prehistoric Remains.

A great find of prehistoric remains has been made in Macedonia, on the line between Monastir and Safonca. Three hundred and twenty-one tombs have been unearthed, of which four seem to be tombs of kings. The period may have been the last of the bronze or the first of the iron age, weapons and tools of both metals being found in the tombs. The ornaments and pottery show a fairly high state of culture, but no inscriptions have yet come to light.

#### Liver Complaints and Nervousness Cured.

A torpid liver always produces dullness and irritability. You are all clogged up and feel despondent. Perhaps you have treated with physicians or tried some recommended medicine without benefit. All that is no argument against Dr. Fenner's Blood and Liver Remedy and Nerve Tonic which will so readily cure impaired nerves, liver complaints, headaches blood and skin diseases, etc. Get a circular of dealer.

#### Foul-Smelling Catarrh.

Catarrh is one of the most obstinate diseases, and hence the most difficult to get rid of.  
There is but one way to cure it. The disease is in the blood, and all the sprays, washes and inhalant mixtures in the world can have no permanent effect whatever upon it. Swift's Specifics cure Catarrh permanently, for it is the only remedy which can reach the disease and force it from the blood.  
Mr. B. P. McAllister, of Harrodsburg, Ky., had Catarrh for years. He writes: "I could see no improvement whatever, though I was constantly treated with sprays and washes, and different inhalant remedies—in fact, I could feel that each winter I was worse than the year previous. Finally it was brought to my notice that Catarrh was a blood disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try S. S. S., and after a few bottles were used, I noticed a perceptible improvement. Continuing the remedy, the disease was forced out of my system, and a complete cure was the result. I advise all who have this dreadful disease to abandon their local treatment, which has never done them any good, and take S. S. S., a remedy that can reach the disease and cure it."  
To continue the wrong treatment for Catarrh is to continue to suffer. Swift's Specifics is a real blood remedy, and cures obstinate, deep-seated diseases, which other remedies have no effect whatever upon. It promptly reaches Catarrh, and never fails to cure even the most aggravated cases.

**GIFTS FOR FIVE MILLION LADIES**  
The Most Remarkable Offer Ever Made by a Reliable Concern.

Editor Quill:—Please announce that for a limited time we will give, absolutely free, an elegant sterling silver-plated sugar shell—choice of any of our 40c patterns—to every married lady in the United States who will write us a letter stating that it is her first request for one of our souvenir gifts. We will promptly send illustrations from which selections may be made. There is nothing to pay. The gift is absolute.

Our object in making this sensational offer is to get a sample of Quaker Valley Silverware into every home in the land. We believe it to be the most effective advertising that we can do. We will not send these sugar shells to lists of names. This is too expensive a gift to send to persons who don't ask for it themselves. Therefore, each lady will please send her own name only. But one to each family and none to children. Ladies, please write to-day, giving full post-office address.

QUAKER VALLEY MFG. CO.,  
Morgan and Harrison Sts., Chicago.

Those horrid fits of depression, melancholy, low spirits, and sudden irritability, that sometimes afflict even good-tempered people, is due to the blood being permeated with black bile. HERBINE will purify the blood, restore health and cheerfulness. Price 50 cents. Lorge's Pharmacy.

## THE SCHOOL CARNIVAL.

It was Successfully Carried Out. Handsome Sum Realized.

The three days' carnival which was ended Saturday night, was pronounced a success in every respect. The total receipts of the two entertainments and the fair amounted to over \$300, the net proceeds amounting to \$160. This sum will be used for paying outstanding debts and procuring a new outfit for the ball team, which is badly needed. The fair which was held in the gymnasium, where considerably over half of the money was made, consisted of a side show, baby rick fortune teller, shooting gallery, bowling alley, voting contest for the most popular girl and boy in the High school, guessing contest, china auction, candy stand and notation booth. The girl receiving the greatest number of votes in the voting contest was Miss Honsie Land. She is to have the privilege of selecting any hat desired by her from the millinery department of The Enterprise. Richard Jones, who received the majority of votes in the contest for the most popular young gentleman, is to select a pair of shoes from the Robinson & Irving Co's store. These prizes were donated by the above named companies. C. A. Haertel, C. M. Lantry and Estberg & Sons very kindly donated three articles to be used as prizes in the guessing contest, and these were the occasion of considerable friendly strife. The bowling alley was in almost constant use and there was a great deal of rivalry between the bowlers to secure the alley record, which was finally won by Dick Jacob with a score of 262. Judging from the manner in which the baby rick was patronized most of the patrons must have been bachelors. In fact all of the booths had their share of the patronage, and the management is more than satisfied with the results.

"The Noble Outcast," presented Thursday evening, constituted the formal opening of the carnival. With the exception of Miss Edna Terry the cast was composed of amateur talent outside of the High school students. The actors had been under the personal instruction of Prof. H. P. Aldrich of Milwaukee for some time, and his able training was made apparent by the excellent manner in which the play was presented. The work of Miss Edna Terry, Rex A. Warden and Harry Snyder was especially to be commended. The performance was repeated at the Industrial school Wednesday night.

On Saturday evening the mock trial, State of Wisconsin vs Wm. Pouch, tried on the charge of horse stealing, was given before a crowded house, although the weather was so disagreeable that very few were expected. The officers of the court and the attorneys were named to resemble the names of attorneys in the city and the witnesses were attired to represent various humorous characters. The jury was composed of men of every size and condition, and their strange actions did not exactly become a well ordered court room. Roy Pierce as Charles Prowdie, Chas. Neubecker as Mr. Duffenheimer and Judson Hart in the character of Miss Jones were the especial favorites of the audience, although all of the witnesses received a large amount of applause, which was fully deserved. During the play Frank Jackson sang a solo which was enjoyed by the audience and the singer was encored twice. Miss Gertrude Trainor and Miss Grace Terry favored the audience with an instrumental duet at the close of the performance. At the conclusion of the program the audience adjourned to the carnival booths in the gymnasium, where those in charge fairly coined money for an hour longer.

The suits for the base ball team will be

ordered at once and the team will soon be fitted out in new regulation suits, the trousers, caps and jackets of which will be of a bottle green color and the stockings of red. The boys have felt handicapped for some time on account of the lack of good suits, and with this difficulty removed they are prepared to make a grand attempt for the state championship.

## Rapidly Developing Northern Wisconsin.

The settler and manufacturer who have located in the northern portion of the Bager state are developing and improving that immense tract of rich country very rapidly. Tillers of the soil are coming in and new factories are going up. There is reason for this. The quality and quantity of iron ore, clay, kaolin, marl and timber lands, tell the secret. Nature yields its riches to those who toil. Opportunities are still plentiful, for much of the rich undeveloped land is awaiting the settler and manufacturer. It can be obtained on easy terms and at low figures.

THE WISCONSIN CENTRAL RY., the pioneer road of the northern section of Wisconsin, affords cheap and excellent transportation facilities, thus opening the markets of the entire country to the products of that section. Those interested can obtain free illustrated pamphlets and maps upon application to W. H. Killen, Land and Industrial Commissioner; Burton Johnson, G. F. A. Jas. C. Pnod, Gen. Pass. Agent, Colby & Abbott building, Milwaukee, Wis.

A good spring rain visited this locality early in the week and put the ground in good condition for farm work.

## HOMES FOR CHILDREN.

Rev James Goodman of Chicago is at present sojourning in Waukesha and is laboring in the interests of the American Home-Finding Association, a branch of which has been incorporated in Wisconsin, with headquarters at Portage. The efforts of the association cover a wide field and much philanthropic work is done by it. Doubtless Mr Goodman will receive liberal aid from all charitably disposed citizens here.

## SUMMIT CENTER.

Mr. and Mrs. D. Lurvey are rejoicing over the arrival of a bright baby girl, born April 11th.—Miss Lulu Adams began the spring term of school in Battle Creek district last Monday.—Miss Jessie McDonald of Summit Center school is entitled to a diploma of graduation, having passed an examination recently held in Dousman.—Miss Beardsley spent Sunday with her parents at Waukesha.—The families of A. V. Drown and E. F. Genrich visited at Otis Gilbert's at Oconomowoc last Sunday.—The free rural delivery has now been in operation two weeks. Mr. Lyman of Oconomowoc is carrier. The slight inconveniences which at first existed are disappearing and the people in general are highly pleased with the new system.

## DELAFIELD.

Read The Waukesha Freeman and you will get all the news.—Andrew Templeton of Waukesha was seen on our streets Sunday.—J. C. Jones, who has been very ill with pneumonia, is slightly better.—After enjoying a week of vacation Miss Lizet Williams returned to her school duties at Pewaukee.—Mrs. Morgan Williams of Wales spent Thursday with D. D. Morris and family.—Miss Alice Thomas of Madison spent a few days of last week at home.—Milo Muckelstone of Waukesha drove on our streets Sunday.—D. M. Morris, who has been ill with the grip, is reported much improved at this writing.—Rev. Wm. Mathew will deliver an English sermon Sunday evening at 6 o'clock at Zion church.

## OCONOMOWOC.

Capital stock to the amount of \$17,000 for a new cement factory here has been subscribed, and the much talked of project is assured. Application for incorporation papers has been made through the register of deeds at Waukesha, and a company will be incorporated under the laws of the state of Wisconsin with a capital stock of \$25,000. Several pieces of property have been suggested as desirable locations for a factory, the price of land ranging from \$300 to \$1,000 an acre. The Wentworth property on Concord road has been considered as has the land adjoining on the east running down to Oconomowoc river, and belonging to Frank Worthington. There are other locations quite as desirable that the committee is bound to take into consideration, as well as price per acre. The question of acreage is an important one in connection with the enterprise, but it is thought there will be no trouble in securing this when it is thoroughly understood that the project is on its feet and will be a permanent industry.—The Easter Monday concert and ball given under the auspices of Co. M proved a pleasant event and was successful from every point of view. Those having the affair in charge deserve great credit for their management. Clauder's famous orchestra supplied the music and rendered several concert numbers prior to the beginning of the dance.—Rehearsals are held daily for the production of the opera, "Golden Hair and the Three Bears" on Wednesday night, April 25, at the Auditorium.—Attorney William Fleming, who has been an occasional visitor down town of late, is slowly but surely regaining his former good health, after being confined to his residence from muscular rheumatism for several months. Mr. Fleming expects to be at his office about the first of May.—Miss Ida McLeavy, who was employed as stenographer in Milwaukee all the winter, has taken Mrs. D. C. Pettione's place at the Lorberg company's hardware store. Mrs. Pettione is still ill at Racine. James J. Collins of Mapleton recently sold his eighty acre farm to Daniel J. Hanrahan of Washington county for the sum of \$7,600.—Dr. J. W. Quinn and family have moved from Eau Claire to this city and will occupy one of W. S. Dibble's houses on South street.—Two games of basket ball will be played at the Auditorium next Friday night by teams from the High school.
