PUERTO RICAN TARIFF STILL UP

Various Amendments Thereto Introduced -Senator Davis the Author of a Provisional Free Trade Measure-Routine Matters in House and Senate.

Tuesday, March 27

The senate agreed to the conference report on the pension appropriation bill. Devoted the rest of the day to the debate on the Alaskan civil service code bill and the Puerto Rico problem.

In the house there was lively debate during the consideration of the army appropriation bill. The charge that the Puerto Rican tariff bill was the result of a deal for raising a republican campaign fund was again referred to by Mr. Pierce (Tenn.), but Mr. Hull declared the anonymous author of the charge would never dare to avow himself and be branded as a falsifier. Mr. Sulzer (N. Y.) made an appeal for the extension of official sympathy to the Boers in their struggle for independence, and Mr. Lentz of Ohio delivered a scathing denunciation of militarism and the war in the Philippines. This attack aroused the indignation of Mr. Marsh (III.). who declared Mr. Lentz's speech was a disgrace to congress.

Wednesday, March 28.

The senate agreed to vote on the Puerto Rico bill Tuesday afternoon, April 3. Listened to a speech by Mr. Davis in support of free trade. Amended the Alaskan civil code bill by declaring void all permits heretofore given to mine for gold in tide waters under the jurisdiction of the United States and allowing all citizens of the United States to do such mining under regulations imposed by organized mining districts. Defeated the Morgan free-coinage amendment to the Puerto Rican bill by a vote of 15 year to 33 nays. In executive session the democrats.broke a quorum and prevented confirmation of the appointment of William D. Bynum as a member of the board of general appraisers at New

The house devoted the day to consideration of the army appropriation bill. Several minor amendments were adopted, and about half the bill was considered.

Thursday, March 29.

The senate agreed to the conference report on the diplomatic and consular appropriation bill. Heard an extended speech by Mr. Beveridge in support of free trade with Puerto Rico. By a vote of 13 yeas to 32 nays refused to strike out the committee amendment to the Puerto Rico bill imposing a duty of 5 cents a pound upon coffee imported into the island. By a vote of 16 yeas to 33 nays refused to strike out the provision for a duty of 15 per cent of the Dingley law rates on products of Puerto Rico imported into the United

The house passed the army appropriation bill in a form only slightly modified from that in which it came from the committee. One of the amendments adopted opens the soldiers' homes to the officers and men of the volunteer and regular armies incapacitated by service during or since the Spanish war. An incident of the day was a defense of the war department against the charge of reckless extravagance in the fitting up of the transport Sumner, made by Mr. Driggs of New York Wednesday. Mr. Parker (N. J.) produced the itemized expenses furnished by the war department to show there had been no extravagance. Vincent Boering's right to his sent from the Eleventh Kentucky district was confirmed without opposition. His seat was contested by Mr. White, another republican.

I'rida , March 30.

The senute heard Mr. Proctor in support of free trade with Puerto Rico and Mr. Pottus on the constitutional phases of the problem. During the latter's speech he convulsed his colleagues with humorous sallies at the expense of Schators Gallinger and Beveridge. Devoted the rest of the day to consideration of the Puerto Rican subject.

The house devoted the day to war claims, taking no action of importance thereon. Adopted the conference report on the diplomatic and consular appropriation bill.

March 31.

House passed coast defense appropriation calling for \$7,000,000. Senator Fairbanks of Indiana addressed senate in behalf of Puerto Rico bill.

Duke of Orleans Thrashed.

The Journal states that the report that the duke of Orleans was injured by a wild boar is untrue, and the Aurore asserts that the duke's indisposition is really due to a sound thrashing he received from an Englishman on account of his letter of congratulation of M. Willette, the artist who caricatured the queen in Le Rire.

the relations between Germany and Great Britain, which, it is supposed, was also the subject of confidential communications which Foreign Minister von Buelow made to the committee Tuesday. Herr Bebel, the social democratic leader, contended that the bill was chiefly aimed against Great Britain, and he argued against Great Britain, and he argued against Germany trying to rival that country as a naval power. In the contention he had the support of Herr Richter, the radical leader. The conservative members, on the other hand, supported the measure, while Premier von Buelow, while asserting the kaiser's pacific intentions, pointed to the American policy as his precedent and justification.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected

kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries, It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty

cent and one-dollar sizes. You may have a es. You may have a sample bottle by mail Home of Swamp-Root. free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Great Success of American Diplomacy in World's Politics.

On Tuesday Secretary Hay sent to congress the correspondence had with and formal pledges received from the governments of Great Britain, Germany, Russia, France, Italy and Japan as to the maintenance of the "open door" in China. The negotiations extended from Sept. 6, 1899, to March 20, 1900, and cover the following points: 1. That each within its "sphere of influence" or leased territory in China should pledge itself not in any way to interfere with any treaty port or vested right within the "sphere" or territory under lease. 2. That in all ports within the "spheres of influence" except free ports, all merchandise landed or shipped, irrespective of nationality, shall pay the Chinese treaty tariff for the time being, and the duties shall be paid to the Chinese government. 3. That in ports in the "spheres of influence" the government controlling that sphere will levy no greater harbor dues on vessels of any nationality than are levied on vessels of its own nationality, and that on railroads built, controlled or operated within those "spheres" the citizens of other nationalities shall be required to pay no higher charges for the transportation of merchandise than are paid by the citizens of the powers controlling such "spheres"

An Invitation To Women

All the world knows of the wonder-ful cures which have been made by Lydia E. Pinkham's Vegetable Compound, yet some women do not realize that all that is claimed for it is absolutely true.

If all suffering women could be made to believe that Mrs. Pinkham can do all she says she can, their suffering would be at an end, for they would at once profit by her advice and be

To all doubters Mrs. Pinkham extends a warm invitation to come to Lynn and learn for themselves these facts: First-Lydia E. Pinkham's Vegetable

Compound holds the record for the largest number of absolute cures of any remedy for female ills ever known

in this country.
Second—Mrs. Pinkham has on file millions of letters from women who have been restored to health by the use of her Compound, and all that she claims can be verified by an examination of her records in Lynn.

She, therefore, invites every woman to come and judge for herself, and having judged, to profit by what she has learned. Mrs. Pinkham makes no statements but what are absolutely true, and is only too glad to have women see for themselves

Three Letters from One Woman, Showing how She Sought Mrs. Pinkham's Aid, and was Cured of Suppression of the Menses, and Inflammation of the Ovaries.

"DEAR MRS. PINKHAM-I have been in bed a year. Doctors say I have female weakness. I have a bad discharge and much soreness across my ovaries, bearing-down pains when passing urine, have not menstruated for a year. Doctors say the menses will never appear again. Hope to hear from you."—MRS. J. F. BROWN, Holton, Kans., April 1, 1898.

"DEAR MRS. PINKHAM-I received your letter. I have taken one bottle and a half of your Vegetable Com-pound, and used two packages of your Wash, and feel stronger and better. I can walk a few steps, but could not before taking your Compound. I still have the discharge and am sore across the ovaries, but not so bad. Every one thinks I look better since taking your Vegetable Compound."—MRS.J. F. Brown, Holton, Kans., Aug. 13, 1898.

"DEAR MRS. PINKHAM-I think it is my duty to let you know the good that Lydia E. Pinkham's Compound has done me. After I took three bottles nenses appeared, and I began to feel stronger and all my pain was gone. Yours is the only medicine that ever helped me. I am able now to work around the house, something I did not expect to do again. I am still taking your medicine and have recommended it to others."—Mrs. J. F. Brown, Holton, Kans., Jan. 25, 1899.

Three More Letters from One Woman, Relating how She was Cured of Irregular Menstruation, Leucorrhœa and Backache.

"DEAR MRS. PINKHAM—I am suffering and need your aid. I have pains in both sides of the womb and a dragging sensation in the groin. Men-struation irregular and painful; have leucorrhea, bearing-down pains, soreness and swelling of the abdomen, headache, backache; nervousness, and can neither eat nor sleep."—Mrs. Car-RIE PHILLIPS, Anna, Ill., July 19, 1897.

"DEAR MRS. PINKHAM-I want to thank you for what you have done for When I wrote to you I was a total wreck. Since taking your Vegetable Compound, Liver Pills and Sanamy backache and those terrible pains are gone. Before I took your medi-cine I weighed less than one hundred and thirty pounds, I now weigh one hundred and fifty five pounds. better than I have for a good many years. Your medicine is a God-send to poor weak women. I would like to ask you why I cannot have a child. I have been married nearly three years."-Mrs. Carrie Phillips, Anna, Ill., Dec. 1, 1897.

"DEAR MRS. PINKHAM-I did just as you advised me, and now I am the happy mother of a fine baby girl. I believe I never would have had her without your Vegetable Compound." MRS. CARRIE PHILLIPS, Anna, Ill., Jan.

"TEAR MRS. PINKHAM—I have taken three bottles of Lydia E. Pinkham's Vegetable Compound, but I have a bad discharge and write to ask if I had better not use your Sanative Wash also? Your medicine is helping me." CORA L. PAYTON, Ogontz, Pa., July 1,

"DEAR MRS. PINKHAM-I write to tell you of the benefit I have received from the use of your remedies. Before using them I was feeling very bad. used to go to the hospital, but it did me no good. Your remedies have done wonders for me."—CORA L. PAY-TON, Ogontz, Pa., Feb. 25, 1899.

SAWYER IS NO MORE,

Former United States Senator from Wisconsin Expires.

Oshkosh, Wis., March 30.-Former United States Senator Philetus Sawyer died at 9:15 o'clock at the residence of Mr. Sawyer was a native of Whiting Vt., and was born Sept. 22, 1816. When he was about a year old, his father, who was a blacksmith and farmer took his family to Essex county, New York, and settled there. It was amon3 the mountains and the woods of the Adirondacks that the future senator struggle for the education he determined to win. But by thrift and toil. he succeeded. He was bound to his father as an apprentice, but by infinite industry and self-denial, when he was 17 years old, he had saved enough money (specifically, \$100) to buy his time from his master. So successfully did he employ himself in the next few years, that in 1847 he was able to leave his home and come west for a broadhe came to Wisconsin with a capital of \$2,000.

For years Mr. Sawyer was identified with the lumber trade and the lumber manufacture of Wisconsin. Latterly he was president of the Sawyer-Goodman Company, with large mills at Marinette and extensive yards in Chicago.

The public life of Mr. Sawyer extends over a period of forty years and is full of success and honor. He served in the Wisconsin state legislature in 1857 and 1861, and in 1863 and 1864 was mayor of Oshkosh.

Army Transport Service.

The house committee of the whole on Wednesday resumed the consideration of the army appropriation bill. In connection with the discussion of the items for the quartermaster general's office, Mr. Driggs (dem., N. Y.) vigorously criticised the policy which at present spent as much as a quarter million an the equipment of army transports, when soldiers, during the war with Spain, were carried to and from their destination in vessels that were a disgrace to the service. Responding to Mr. Driggs, Mr. Hull said that when the war broke out the government had to take the best ships it could find for transports, and their condition justified some of the criticism regarding them. But now the government had organized the best transport service in the world.

Carnegie Company Elects Officers.

The stockholders of the Carnegie company have chosen the following board of directors: Charles M. Schwab, George Lauder, Andrew M. Moreland, James Gayley, Lawrence C. Phipps, Henry Phipps, William H. Phipps; secretary, Andrew M. Moreland; treasurer, William W. Blackburn; general counsel, Knox Reed and James B. Dill. H. C. Frick, it is declared, refused a directorship. His suit, as a matter of fact, has not vet been withdrawn.

Another Arrest—Powers Held. rapher in the republican auditor's office, and at one time private secretary to Gov. Bradley, was arrested Friday, charged with being accessory before the fact to the murder of Goebel. A motion to release Powers on bail was denied, Judge Moore saying: "I do not believe that Powers fired that shot which killed Senator Goebel, but I do believe, from the evidence, that he was in the conspiracy which resulted in Senator Goebel's death, and I therefore hold him without bail to await the action of the grand jury which meets next week."

TAYLOR TO BE ARRESTED.

Plans to Arrest Governor of Kentucky

For Goebel Killing. There has been much anxiety and excitement throughout Kentucky over a report, which has gained wide circulation, that Gov. William S. Taylor is to be arrested on his way back to Frankfort after the funeral of his sister, at Morgantown, on the charge of having been a participant in the plot to assassinate Mr. Goebel. It is the general belief that such a step on the part of the democrats would plunge the state into war. Detective Doe Armstrong, whose work on the case has brought about nearly all the arests made, admits that Gov. Taylor was marked for arrest, and it was said by one of the democrtic leaders that the governor would be taken into custody just after the gubernatorial suit has been decided.

Democrats Repudiate Bynum.

The senate on Wednesday, in executive session, spent more than an hour in a fruitless effort to confirm the nomination of William D. Bynum of Indiana, nominated early in the session, to be a member of the board of general appraisers of New York. When an attempt was made to take a vote the democrats engaged in filibustering tactics, refused to answer to their names and broke a quorum.

Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their preparing to seize Delagoa bay, but mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is Scotten tobacco plant of Detroit to close May 1, throwing 1,000 men out of the cause of the disease and forces it from the system.

I was afflicted with Blood Polson, and the best doctors did me no good, though I took their treatment faith

fully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they didnot seem to reach the disease, and had no effect whetever I was disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease to return.

Soldiers in Antelope Skins.

Only the members of the Staats artillery in the Transvaal army wear uniforms. The peasant soldiery on horseback is a bewildering and motley array, thousands of the burghers being attired in home made clothing, cut from the skins of antelopes. They are probably the most rugged and picturesque set of rough riders in the world.

South Dakota.

(Continued.)

In telling of South Dakota the one thing most important to be especially mentioned should be-the extreme richness of the soil, chiefly caused by ages of and has since resided in Palmyra village grass growth and decay. These vast prairies were uninhabited even by the Indians. The buffalo and the antelope and other herbiferous animals roamed around at will. Prairie fires, set by a strong lightning flash occurred at irreggrass into a bed of ashes. This process ing the coming summer. being repeated times beyond the comprehension of man until the soil is as rich feet. When these western plains were first crossed, buffalo bones covored the ground in every direction, and thousands if you knew Dicky as well as I do. of car loads have been picked up and shipped to fertilizing factories by the present inhabitants. In fact, this was they first went there. By giving this subject a little thought, it is easy to understand why the soil is so fertile and so easily tilled.

Another advantage of South Dakota is its newness. The advantages of a new and growing country as compared to an older and more settled one are many and good. Opportunities are constantly offered for new and prosperous enter prises. There is no limit and end to advancements. There is room for all Pharmacy. and always room to grow.

The variety of products which can be successfully grown here exceed any other known country on earth. With a wide range of temperature and long hours of sunshine almost everything will mature. It is needless to enumerate but sufficient to say that at grain palace held at Mitchell in 1892, there were more and a greater variety of necessities and luxuries of mankind shown and exhibited than ever state. Quantity and quality, flavor and coplete maturity being considered. Grains of all kinds, vegetables of all descriptions, fruits of all variety and flowers of all colors in profusion. Horses, hogs, cattle, sheep, turkeys, chickens, geese, ducks, (and even drakes) were in evidence on every side. Trunks of trees of eleven years growth were 13 inches in diameter and so I might go on until | Wednesday at the home of Mrs. Wm. Edthe reader was tired telling of the wonderful wealth of this wonderful country at the home of Mrs. A. C. Longley.-Mr. and when we stop to cousider that it has land Mrs. George Miller of Jefferson arjust begun to grow, no wouder we are lost in bewilderment when attempting to tell what its future may or can be. Forty years ago practically all the country west of the Mississippi river was a wild wilderness. What is it now, and what it will be forty years from now, I leave for the reader to say.

Dakota is better considering the time operator here for several months, will they have been there than it is in any other state. The farm buildings are substantial and comfortable, farms are as Mrs. C. Moyer and daughter, Adelia, big as they are here or any where wind visited last Sunday at her uncle's, E. mills as high, wells are as deep and Meracle's. water as pure and plenty. Money is abundant and banks are constantly being built to hold more.

The magnitude of the grain markets may be mentioned, At Eureka, sixty-live miles northwest of Aberdeen there is frequently during the fall of the year 1000 teams a day in town with wheat and flax. Thirty-two elevators and warehouses are often unable to unload all the teams by dark and the work continues far into the night. A fall train of wheat cars is shipped ont every day, and often extra Gernon's the past week.—Arthur Sayles trains to relieve the overburdened eleva- from Iowa called on friends last week. tors and this does not last for a day or two or a week or two or a mouth or two but half a year and all the year is what | large attendance is desired next Sunday to ordinary towns would be called a rush of business. I often think if your genial grain buyer and elevator proprietor. Mr. | three the last three months. Harvey Clemons, was settled in the center of the grain gardens of this prolific state, he could do more business in one year than can be done there in a generation.

South Dakoa is not alone famous in agriculture but is equally great for its gald production having the largest gold mines in the world "The Home Stake." and "Hely Terror" in the Black Hills are the largest gold producers yet discovered. Its artesian wells throw a stream of water 75 feet high and with force enough to run gristmills and factories of many kinds. Hunting and fishing furnish sport for those who love the rod and gun. Prarie chickens abound everywhere. Ducks and geese in the Chas. Cannon of Chicago is home on a fall and spring infest the slough and lake. | few weeks' visit -- Constable Clist made A half dozen hunters go out and kill them by the wagon load. Some seasons when the freshets are frequent in the spring of the year it is a novel sight to see the farmers with a fork pitching fish out of the shallow narrow streams out on to the prairie and picking them up and carrying them away and salting them down for future use. All the little inland lakes are full of fish and furnish sport and profit for farmer boys in dull part vigor and vitality. days. I sometimes think that possibly cents. Lorge's Pharmacy.
