In a country town a Sunday school teacher related to her class the story of Adam and Eve. How Eve was made out of a rib from Adam. No little surprise was caused to the mother, as her little son, on arriving home from school greeted her with the following words: "Oh, mama I have an awful pain in the side, my ribs pain me so I believe I am going to have a woman."

The rain last week followed by high winds and low temperature made travel very dangerous. On Thursday several roads were made impassible by ponds of water and on the following day a thin cover of ice made it still worse. Our friend John C. Wilton, while coming to town in the morning experienced a swim near Andrew Smith's residence, milk cans buggy and all going down on one side and up on the other. Andrew helped to get him dry and with the aid of neighbor Earle his milk was shipped on the morning train as usual.

Glimpses Across the Sea

is the charming title of a charming book from the facile pen of Mr. Sam T. Clover, the well known author and newspaper editor.

The "Glimpses" are particularly pertinent just now when so many people are considering about going to the Paris Exposition, and many people will be glad to know that the Chicago, Milwaukee & St. Paul Railway has purchased an edition of Mr. Clover's work for distribution.

The War in South Africa.

has demonstrated the great foresight of the Boers, in availing themselves of all the opportunities in times of peace to prepare for war. Similar foresight should lead you to improve the opportunity of securing better farms than theirs in this country. They are on the line of the Chicago, Milwaukee & St. Paul railway in Marinette county, Wisconsin, where the crops are of the best, work plenty, fine markets, excellent climate, pure, soft water, land sold cheap and on long time. Why rent a farm when you can buy one for less than you pay for rent? Address C. E. Rollins, Land Agent, 161 La Salle St., Chicago, Ill.

Mrs. Henry Madigan of Burlington, was the guest of Mr. and Mrs. Frank Draper.

Rev. Nicholas of Elkhorn, was a guest of his friend, Rev. Nickels, of Eagle, on Wednesday.

A beautiful calendar now adorns our office, the gift of John Schwyer & Co., dealer in wines of every kind and quality.

Frank Kloppenburg and H. M. Loibl were Lulu Lake visitors Sunday afternoon and spent a few pleasant hours with Manager Graydon.

John W. Norton and his aged mother took advantage of the pleasant weather on Sunday afternoon and made a trip to Lulu Lake ice house.

Tuesday evening, the Literary society of Eagleville, held an interesting debate in which the best of the village were present. An interesting program was given.

Last Thursday evening, a number of village folks gave Mr. and Mrs. Geo. Wilton a genuine surprise party much to the enjoyment of all in the deal. The evening was spent in games, music and songs. Light refreshments were served.

Closely contested card games are all the go in the north part of town. The men folks, with years of experience, of course have it easy to win when playing against lady friends. The last contest was held at Mr. Agathens' recently in which the village ladies were heavy losers. There are no country jays in that section although their home is on the farm.

Will Tuohy will take part in another debate at the Troy Lake school house this week, Thursday evening. Will is a repent, but we hope he will not repeat the defeat of a few weeks ago. Next week we expect to note for him a victory, of which he was deprived last time by want of notice to prepare for the occasion. Give him a bit of a chance and he will come out ahead. We tell you so.

There is lots of amusement at present for young and old at Eagle this winter. Everybody is treated to a surprise party in which friends and neighbors join. The dancing school comes regularly every Wednesday and entertainments take place on nearly every other evening. No occasion here for being lonesome. That's the way it should be, but the Lenton season will soon begin and then the people will say—Oh dear.

Entered at the Postoffice, at Eagle, Wisconsin, as second class mail matter.

ONE DOLLAR PER YEAR

EDITOR Warden, of The Dispatch, nominates himself for Congress in a very neat editorial, in the last issue. He does it by showing that only a man who "stands in" with the press can be elected to Congress. Mr. Barney committed political suicide by failing to appoint a certain editor as postmaster of Waukesha, and as "no politician ever succeeded without the favor of the press," the Democratic party of this district will not repeat Mr. Barney's failure. What is the meaning of all this? Mr. Barney can not be renominated and it would be unwise to nominate him even if it were possible, hence the handsome Mayor of Waukesha, who stands in with the press, can be nominated and if nominated can easily be elected. Its a bold bid for the nomination but we wonder if it will work? We are not egotistical enough to try to run both parties, but we are sure that "The Press" will be pardoned for saying—"we doubt it."

THE National convention of butter-makers will be held this year from the 19th to the 23rd of this month at Lincoln, Neb., where preparations on a grand scale are being made to accommodate and entertain the hundreds of butter-makers who will go from all parts of the country. Fully three thousand people will undoubtedly attend the convention. Those interested in the butter trade from everywhere are making it more of a point each year to attend, as is shown from the fact that what is known as the official train, made up of the commission merchants and dealers, will leave Chicago on Monday, and will consist of ten sleepers, made up of two from New York city, two from Boston, one from Philadelphia and five from Chicago, which makes in itself an imposing delegation to any convention. Probably but few know that we have as a resident here in Waukesha one of the best known butter judges in the country, S. Edward Davis, of the Waukesha Butter Company who has been one of the official inspectors of the Chicago Butter & Egg board for years, and also the judge at most of the state conventions for a long time. This year he will be one of the three judges at the National convention, the others being William H. Healy, the official inspector of New York city, and L. F. Pierce, an extensive butter dealer of Boston. Mr. Davis is the representative of the Chicago market, the other two representing their respective markets, and together they stand for the three largest butter markets in the country, New York, Chicago and Boston.

It is anticipated that there will be anywhere from seven hundred to one thousand and tubs entered at the convention, and it is the work of the judges to score each tub entered and sift out the best tub of butter in the lot, which for the honor and also the prize money attached, will make a happy day for the buttermaker who succeeds in reaching first place. There will be \$4,500.00 divided in premiums this year, which is sure to bring out every maker who thinks he has a ghost of a show, and we extend our congratulations to the lucky man that wins.

THE Press gave a broadside last week on Waukesha that was appreciated and brought us many words of praise. Waukesha is too fine a city to allow a few non-progressive citizens to injure it. No city in southern Wisconsin has to-day the chance that Waukesha has. The tide has set in toward Waukesha and the solid business men of the city are disposed to take advantage of it. It takes money to do it, but it is money well invested. Every dollar spent now will bring returns in the increase value of all the property in the city. Its for the good of every property holder, and so for the good of the entire city. One dollar spent to draw other dollars to our city is worth more than hundreds spent in driving capital away. We fall in with any scheme that is for the good of Waukesha.

### Deaths.

Wm. Small, an old and well known resident of this county, died at his home in Sussex last Friday. He is survived by a wife and son. The funeral was held yesterday at Sussex, Rev. Robertson officiating. Mr. Small at different times held official positions and at one time was elected a member of the Wisconsin assembly. He was a man of stern integrity and well liked by all who came in contact with him.

Joseph Schects, of Pewaukee, a well known pioneer of this county, died last Wednesday at his home. Deceased was 84 years old and is survived by three children. The funeral, which was largely attended, was held from St. Peter and St. Paul's church at Duplainville last Friday.

Geo. Hartman, a veteran of the Civil war, was found dead at his home on Maria street, under very peculiar circumstances last Tuesday evening.

Some ten or twelve years ago he suddenly disappeared from home and did not show up again until last December. He has lately been much discouraged because of his inability to secure work and it was thought that he committed suicide. The coroner's jury, after an examination, decided that he came to his death from natural causes. The funeral was held on Thursday.

Jacob Overbaugh, a well-known resident of Hartland, died suddenly of heart trouble Thursday morning. Mr. Overbaugh had been a sufferer from heart trouble for some time. A wife and daughter, Mrs. T. M. Champney, of Sussex, survive him.

Mr. Overbaugh was born in Catskill, Green county, N. Y. in 1830, and spent most of his boyhood in that section. In 1852 he married and moved to Wisconsin and settling in North Lake, lived there until 1885, when he removed to Hartland and resided there ever since.

Mr. Overbaugh was a man of good principles and highly respected in the vicinity. The funeral, which was largely attended, was held Sunday from the residence, Rev. A. D. Blakeslee officiating.

### Dr. H. O. Rowlands Lecture.

It was a stormy night and the audience was very small, but both lecture and lecturer were large in the best sense of the word. It was a graceful and handsome tribute that the speaker gave as an introduction to his lecture in his reference to some of Waukesha's great men of former days, men like Gov. Russell and Rev. C. W. Camp. From this fitting introduction Dr. Rowland passed on to his theme, which was an appeal to young people, not to give up the struggle until they win the largest possible success. The failures of the world are largely those that are on the edge of a success which seems to elude and which a little more effort would win. It was a strong appeal to life and a kind of life that is crowned with genuine success. In matter, style and delivery, Dr. Rowlands lecture was one of the best ever given in Waukesha. It was a pity that the audience was not larger, but the weather was at least a partial excuse for the size of the audience.

## The Library.

The members of the library board met last Saturday night. Prof. Hutchins, secretary of the Free Library Commission, addressed the members and gave them good advice for conducting the library.

The library will soon occupy the rooms now used by the Canning Co., the rent being \$150 a year. The work of cataloguing the books will be done by Miss Marvin, of Madison, who will soon begin the work.

## In Memory of Lincoln.

The W. B. Cushing post held an interesting commemorative program for Lincoln last Friday night at their hall. Several speeches were made and were enjoyed by all. It is well to have an organization do as much for the cause of patriotism as does the G. A. R.

## Waukesha Gets Her Share.

Secretary of state has completed the distribution of nearly \$55,000 to the Agricultural societies of Wisconsin. Waukesha county society gets \$1,139 of this amount. Waukesha is always ready for recognition when there is any money in the case.

## Waukesha Gets Pfister Trophy.

Waukesha won the Pfister loving cup in the tournament of the whist association, last Wednesday.

## Change of Firm.

The Spring city laundry has changed hands, Gerken Bros. having sold out to Plummer & Sprague. The Spring city has always turned out first-class work and it will be a satisfaction to its customers to know that it will continue so. E. O. Plummer is a practical laundryman who for some years was in business at Mauston and Keesburg. Mr. Sprague was a printer and a printer can always turn his hand to anything and make a success of it. The Press bespeaks for the new firm a welcome to Waukesha's business industries.

## Farmer's Institute.

The attention of all the farmers in Waukesha county is called to the farmer's institute to be held in Mukwonago, Feb. 27 and 28. This is strictly the farmer's days when ideas and things helpful in their line of work will be discussed. Every farmer should make it his business to attend as he may learn something that will be of use to him and can impart his own experience for the good of others. Mukwonago, Wales and Brookfield will have institutes in this county and at all three places the people are taking hold with a will.

## About Canning Factories.

In view of the following comment, Waukesha is to be congratulated on the fact, that she will have a canning factory that will last.

There are now about fifty towns throughout the state figuring on establishing canning factories the coming season. The Baraboo Republic says it is hoped that the people of the state will not be "canned" to death as they were "hopped" to bankruptcy in 1867-8. The canning business is all right and will remain a profitable industry if the majority of the people do not go into it. It should be remembered that it is easier to kill an industry than to build it up.

## Sunday School Conference.

A Sunday school conference will be held at Sussex next Sunday, Feb. 18th. Chorister Fred Chambers of the M. E. church of Waukesha, will have full charge of the music. A large delegation from Waukesha and other towns will doubtless attend. The following is the program for the two sessions:

2:00—Devotional meeting, led by G. W. Morton.  
2:30—"How to Secure Regular Attendance at Sunday School," J. W. Coursey.  
3:00—"Some Errors in Teaching," Rev. H. M. Cornes.  
3:30—"A Young Man's Opportunity in the Sunday School," Chas. Kolander.  
EVENING.  
7:00—Devotional meeting, led by Henry Jeffery.  
7:30—"Leading Souls to Christ in Sunday School," Rev. F. Roberson.  
8:00—"The Needs," S. W. Morton.

It will be a great day for Sussex and the conference will doubtless be well attended.
