

THE EAGLE QUILL

IN AND ABOUT TOWN

Harvey Wambold of Camp Young, California is home on a 15 day furlough with his parents, Mr. and Mrs. Roy Wambold.

Wesley Wambold and June Mosher were married in Milwaukee last Friday.

Miss Louise Lins was tendered a surprise party last Saturday evening by a number of friends.

Miss Hildegard Mueller of Milwaukee was a visitor at the Hilmer Eirring home at Eagle Springs Lake this week.

Mr. Ray Wickert, who at one time owned the Wm. Burton cottage at Eagle Lake died at his home in Milwaukee last week. He was well known around Eagle.

Miss Mary Sasso has accepted a position with the Hein Warner Co. at Waukesha.

Village Clerk John Skidmore is preparing the tax roll of the Village of Eagle and assured us that taxes this year will be somewhat less than last year the rate per \$1000 will be \$17.15.

Karl Nygren who has lived in his cottage at Eagle Lake for a number of years, died real suddenly at his home here before New Year's. He leaves to survive him two sons. His burial was in Wanderers Rest in Milwaukee.

NOTICE OF PAYMENT OF TAXES

NOTICE is hereby given by the undersigned town treasurer of the town of Eagle that the tax roll for said town for the year 1942, is in my hands for collection, and that the taxes charged therein are subject to payment at my office, at any time prior to the 1st of February, 1943.

That after the 31st day of January, I shall proceed to collect the taxes remaining unpaid in the manner authorized by law.

I will hold my office as follows, viz.: At Dadman's Eagle Elevator Office on January 21, 22 and 29; 9 a. m. to 3 p. m.

Dated this 13th day of January 1943 Sidney Sprague, Town Treasurer.

A Mile of Dimes

Once more citizens of the Palmyra community are privileged to conduct their drive for funds to fight Infantile Paralysis. For the past ten years Palmyra has held an envious position in amounts contributed each year and it is hoped that this year will be no exception.

Mrs. G. C. Nitardy, Chairman of the Palmyra Committee has already laid the groundwork for an active campaign. The little milk bottles with an attractive poster depicting a paralysis victim will be found on every counter in the stores in town. Then you drop your coin in the bottle you can be sure of doing your bit to fight this most dread of all diseases.

WILL HOLD BIRTHDAY BALL

The President's ball usually climaxes this campaign, but this year it is being curtailed to some extent in the larger cities, owing to the war conditions. However, the committee finds that Palmyra would welcome a Birthday Ball for this occasion. Mrs. Nitardy said and the committee has arranged to hold the President's Birthday Ball on January 23 at the high school auditorium. Music will be furnished by Art Mussch's Orchestra of Fort Atkinson. Tickets will be on sale Saturday, January 16. The price of admission will be 35c per person plus tax.

This should prove a very popular event, as gas rationing makes it impossible for the dancing public to go very much to other towns. Mrs. Nitardy expects a very large turnout.

In a letter from Palmer F. Daugs, County Chairman of the Campaign to Mrs. Nitardy he says:

"I want you to know that I am very grateful for your acceptance of the challenge of leadership in this tenth annual appeal for funds to fight infantile paralysis. I know that you and your fellow workers will earn not only the appreciation of those in your community, but that of the nation and its children, who, through no fault of their own, have been disabled by this merciless disease.

As you know, Jefferson County was fifth in the state in funds raised last year and it should be our endeavor to equal that sum and each Chairman will again decide the best method for raising funds in his community.

Although we are in the midst of a war which presents dangers and problems unprecedented in our history, still this fight to defeat infantile paralysis is a part—an important part—of the struggles we are waging on so many fronts. Truly, tomorrow's America will be as strong as today's children. We must—and will—keep them strong.

Sincerely yours, Palmer F. Daugs, Chairman. Jefferson County Campaign to Fight Infantile Paralysis.

Mrs. Roy Knap who died at the Waukesha hospital last week was buried in St. Theresa's Oak Knoll cemetery following services in St. Paul's Catholic church at Genesee last Saturday morning. Mrs. Knapp was a niece of Chas. McCarthy of Genesee.

The W. S. C. S. of the Methodist church held their installation of officers at the church Friday afternoon. Mrs. Ruby Chapman was installing officer. The following were installed: Eria Badinger, President; Alida Reed Vice President; Ella Roe, Corresponding Secretary; Mrs. Leonard Voss Recording Secretary.

Mrs. Geo. Stead entertained the Young Matrons Card Club Wednesday. Jack Graydon of Saulte Ste. Marie, Mich., was a visitor of his Aunt, Mrs. Mary Lins.

Mrs. Rose Weis of Hales Corners had business at Eagle Tuesday.

Florence Pardee entertained the Pioneer card club Wednesday.

Katherine and Mm. Machold were Sunday visitors of Mr. and Mrs. W. G. Bryant at Whitewater.

Mrs. Anna McCarthy was hostess to the Owl Club Saturday evening.

The Mukwonago Mutual Fire Ins., Co., held their annual meeting at the Masonic hall Tuesday afternoon, at which time the officers were elected for the ensuing year. M. W. Bovee was named President; F. F. Kippis, Secretary and Orville Sugden, Treasurer. This will be the 30th year that Mr. Bovee has served as President of the company, an honor which Mr. Bovee justly deserves and shows the high esteem in which Mr. Bovee is held in this community.

Mrs. J. J. Fitzgerald and Mrs. T. A. Lee were Milwaukee visitors Tuesday.

Mr. H. R. Peege who has not been in the best of health has gone to New York to remain with his sister until his health has improved.

Mr. and Mrs. Walter Dahl and children of Milwaukee were Sunday visitors of the F. X. Schmidt family.

Mrs. D. B. Stubbs entertained the Monday night card club.

JERICHO COMMUNITY CLUB MEET

The meeting of the Jericho Community Club which was held on Friday January 8, was opened with community singing, led by Mr. Petzla, with Mrs. Petzla at the piano. After the business session, Mrs. Geo. Jones unveiled the Honor Roll which was a gift from Mrs. Meredith.

The following names are inscribed on the Honor Roll:

- Harriet Jones
Raymond Orisch
Glenn Jones
Harold Marty
Robert Marty
Donald Clinton
Russell Rockteacher.

About 50 were present and enjoyed the following program: Violin Solo—Mr. Petzla, accompanied by Mrs. Petzla, Violin Solo—Jerry Jay, accompanied by Berney Mosher; Flute Solo by La Rue Jacoby. A vocal solo and guitar by Mr. Sheppard.

Dr. Kastner, child specialist from Milwaukee gave an interesting talk on the development of the child. Lunch was then served.

A Denver, Col., bank vault, weighing one ton, went to the city's scrap drive.

Manufacturers of straight razors are turning out commando knives.

Ride sharing groups have organized in all of Connecticut's 469 war plants.

Gasoline Rationing

Earl Jung Fieldman for the Gas Rationing Committee in conjunction with the Chairman, Ed Brewin, of the Farm Transportation Committee of Jefferson county called in all registrars of the local gas rationing offices at a meeting at the Court House in Jefferson on Monday, Jan. 11th to instruct them as to the procedure in filling out applications for additional mileage and gasoline on war service certificates issued for farm trucks.

All members were present from Palmyra, Waterloo, Lake Mills, Sullivan, Jefferson and Johnson Creek.

Any farmer who hasn't enough mileage of gasoline allowance on his truck for necessary driving may now apply to his local gasoline rationing registrar for additional miles and gas. The Committee feels that this new set-up will save many miles of travel, gasoline, and the farmer's time, and wear and tear on the truck. They are pleased that the different agencies are cooperating to make this rationing program a success in Jefferson County.

The Palmyra office has set up new quarters in the Village Hall and Miss Edith Congdon will be in charge on the following days and hours:

Monday: 9 a. m. to 12; 1 to 3 p. m.
Tuesdays from 1 to 5 p. m.
Thursdays from 1 to 5 p. m.
Saturdays from 9 to 12 noon.

War Time Fairs

Madison — Wisconsin agricultural leaders are working on a wartime model for 1943 fairs and will present the blue print of their plans to the Office of Defense Transportation to ascertain the attitude of that body towards the holding of fairs this year.

The new type of fair would be geared entirely to the war effort, it would place more emphasis on educational features, less on competition and include other suggestions made at a meeting of 35 agricultural leaders here January 6th. The meeting was called by the State Department of Agriculture to discuss the feasibility of holding fairs this year and brought together a group representing county agricultural agents, the Wisconsin Association of Fairs, the State Department of Vocational Agriculture, the University of Wisconsin College of Agriculture and the State Department of Agriculture.

From these groups the following committee was appointed to devise a model for 1943 fairs:

College of Agriculture, Prof. Arlie Mucks and Wakelin McNeel; State Extension Workers' Association, Anita Gundlach, county home deconstruction agent, La Crosse, and Ray Pavlak, Green county agricultural agent, Monroe; State Department of Vocational Agriculture, L. M. Sasman, Madison, L. R. Larson, Beaver Dam, and Agnes Anderson, Oregon; Wisconsin Association of Fairs, A. W. Kalbus, Milwaukee, Horace Buri, Jefferson, and J. F. Malone, Beaver Dam and State Department of Agriculture, Gordon W. Crump and Russell E. Frost.

The committee will be guided by the following principles in planning the new type of fair:

- 1. Revise premium lists to bring new emphasis on victory quality food production programs. 2. Develop closer cooperation with governmental war agencies. 3. Work with state defense organizations to create among civilians a greater responsibility for those activities. 4. Improve all agricultural and industrial exhibits and make them effective as morale builders among youth and adults. 5. Arrange for entertainment of a patriotic nature to improve morale and citizenship.

Significant points brought out at the general meeting were that it would be impossible to continue 4-H club work successfully in Wisconsin with out county fairs or a similar medium and that farm youth centers needed encouragement through the county fairs provide for showing the past farm boys and girls are playing in bringing agricultural production to record levels.

The opinion expressed was that most farm families throughout the state favor holding county fairs, developed in accord with wartime restrictions, because fairs are a vital part of their farm programs.

The planning committee for 1943 fairs was divided into two groups, one to make recommendations for streamlining county fairs to the war effort and others to work towards the same objective for the state fair. The county fair group consists of Malone, McNeel, Pavlak, Larson, Miss Andersen and Crump. The other group is composed of Kalbus, Mucks, Miss Gundlach, Sasman, Buri and Frost.

Pearsons Corner

By Mrs. Geo. Peardon

Mr. and Mrs. Ivan Southard and family and Mrs. Elizabeth Hopkins of Waukesha were over night guests on Saturday of Geo. Peardon.

Mrs. Anna Reich was a dinner guest Sunday at Geo. Peardon's. Her son, Harry, called for her in the afternoon. Claude Peardon, Jr., spent from last Thursday until Sunday visiting in Whitewater.

Clarence Southard was a caller at the corners on Monday.

War Production Class

War Production Classes will begin on Monday evening, January 18, at 8 o'clock p. m. in the Agricultural room of Palmyra high school. These classes will be under the supervision of J. W. Griffiths, local Ag teacher.

The classes are open to all farmers and farmerettes and definite subjects will be decided upon at the first meeting. Feeds and Feeding will be the main topic of the evening on Monday. Bring your feeding problems and we will try to help you with them.

There seems to be an urgent need for such classes for farmers and their families during these troublous times.

Electricity Cheap

Madison, Wis.—Users of residential electricity in Wisconsin pay nearly thirteen per cent less for each unit than does the average home in the United States, according to statistics prepared by the rates and revenue department of the state public service commission. The commission also revealed that the average home in Wisconsin communities uses over thirteen per cent more electricity than does the average home in the nation.

The trend of increased use and decreased cost of electricity in Wisconsin as indicated by the fact that in 1930 the average revenue from each kilowatt hour of electricity sold for residential use was 5.61 cents, and that by 1941 the cost had dropped to 3.26 cents. In 1930 the average urban home in Wisconsin used 540 kilowatt-hours; in 1941 consumption had more than doubled to total 1,118 kilowatt-hours.

The commission's figures resulted from a study of the eight largest electric service companies in the state which furnish about 85 per cent of all energy, from small private utilities, which receive 6.4 per cent of the revenue from municipal utilities which amount to 8.4 per cent. The eight largest utilities are Wisconsin Electric Power Co., Wisconsin Power and Light Co., Wisconsin Public Service Corp., Wisconsin Gas & Electric Co., Northern States Power Co., Wisconsin Michigan Power Co., Madison Gas and Electric Co., and Lake Superior District Power Co.

According to the commission, residential service is the most important source of electric utility revenue, nearly 30 per cent of the total being paid by that class of user. Second are large commercial and industrial customers; third are small commercial and industrial users. Revenue from and sales to rural customers of the electric service companies included in the study also show substantial increases.

Equity Has Big Year

Equity has just completed the best year in its entire history reports C. F. Clafin, general manager of Equity Cooperative Livestock Sales Association of Milwaukee. Figures just compiled show that Equity handled and sold 9040 carloads of livestock in 1942 for a grand total of almost 18 million dollars.

This exceeds the 1941 level by 1290 carloads. Equity operates on the Milwaukee market and a branch at Green Bay.

During the past year, Equity sold 71,744 cattle, 208,894 calves, 246,290 hogs, and 47,132 sheep. It had an increase in every department with the exception of sheep in 1942, handling 18,682 more cattle, an increase of 16,599 calves, and an additional volume of 42,043 more hogs over 1941.

This makes the eighth consecutive year that Equity has sold more year calves than any other organization in the United States. This is the first year that Equity has topped the 200,000 mark on calves.

During the year, Equity received 64.6 per cent of all the livestock arriving by railroad on the Milwaukee Market. This is a higher percentage

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feet tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed by the country over. Insist on Doan's. Sold at all drug stores.

DOAN'S PILLS

Point Rationing Brings Equitable Share Food Administration Officials Announce

Enough Food for All U. S. Prom Sub-standard Diets Said Unne

Even though Americans will have to their can opener starting next month frozen fruits and vegetables are rations in the rural section of America their city dwelling friends and For fresh fruits and vegetables and those preserved at home, will not be affected by the rationing of der.

Those who have hoarded goods will have to decide amount of goods they have. But housewives on farms the rural sections of the have always been more "conscious" than those cities will reap their extra hoard past summer a

But, all in all there will be some foodstuffs that are rationed. But, all in all there will be some foodstuffs that are rationed.

work with dried and on farms per than

erent again as a kind of might be given of eight points. The more plentiful a foodstuff, the less point value it will be given. The government will determine the point value of each commodity on the basis of supply and demand. As the supply or demand fluctuates, the point value can be changed accordingly.

The new ration books will have stamps that are designated as worth eight, five, two or one points. Virtually any point value can thus be computed by using this combination of stamps. When purchases are made the appropriate stamps are turned in to the dealer. The stamps besides having the point value designated on them will also be marked with a letter to indicate the period of time in which it may be used.

This point rationing system would be similar to the system that has

will be required, according to Leon Henderson, OPA director.

Food administration officials have hinted that for a while the point rationing plan will be somewhat confusing. They feel, though, that the American people will be able to swing into the point purchasing plan in a minimum amount of time, with but little complaint, and with the same spirit they have shown during the past year of war effort.

Food Rationing List:

Here are the processed foods to be rationed and the exceptions, as listed by the Office of Price Administration:

Canned and bottled fruits and fruit juices (including spiced fruits).

Apples, including crabapples, applesauce, apricots, baby foods, berries, all varieties; cherries, red sour pitted, other cherries; cranberries and sauce; fruits for salad and fruit cocktail; grapefruit, grapefruit juice, grape juice, peaches, pears, pineapple, pineapple juice, all other canned and bottled fruits, fruit juices, and combinations.

Fruit juices in containers holding more than a gallon are exempt.

Canned and bottled vegetables and vegetable juices:

Asparagus; baby foods; beans, fresh lima; beans, green and wax; beans, all canned and bottled dry varieties including baked beans, soaked dry beans, pork and beans, kidney beans, and lentils; beets, including pickled; carrots; corn; peas; sauerkraut; spinach; tomatoes; tomato catsup and chili sauce; tomato juice, all other tomato products; all other canned and bottled vegetables, vegetable juices, and combinations.

Vegetable juices in containers holding more than one gallon are exempt.

Other processed foods:

Canned soups, all types and varieties.

Dried, dehydrated fruits: prunes, raisins, all others.

Frozen fruits: cherries, peaches, strawberries, other berries, all other frozen fruits. Frozen fruits in containers holding more than 10 pounds are exempt.

Frozen vegetables: asparagus, beans, lima beans, green beans, and wax beans, broccoli, corn, peas, spinach, all other frozen vegetables. Frozen vegetables in containers holding more than 10 pounds are exempt.

The following additional items are exempt:

Candied fruits, chili con carne, fruit cakes, fruit puddings, jams, jellies, meat stews containing some vegetables, olives, paste products (such as spaghetti, macaroni, noodles) whether or not packed with added vegetable sauces, pickles, potato salad, preserves, relishes.

Secretary of agriculture, Claude Wickard (l.), and chief of the office of war information, Elmer Davis (r.), as they broadcast to the nation announcing the pending food rationing.

called universal ration book, or war ration book No. 2. This book is designed to handle two or three ration programs simultaneously. Its coupons are numbered to permit the rationing of consumer items by the expenditure of an allotted number of points by each individual, rather than the coupon system as used for coffee and sugar.

OPA officials explained that while the unit-coupon system works well for sugar, it cannot be used for rationing foodstuffs that are diversified, such as meat. Using meat as an example, rationing officials showed how impossible it would be to divide the total supply on a per person basis because there are too many kinds of meat, too many cuts of each type, besides too many grades of each type and cut.

Point rationing, they say, provides an equitable share for each and every one, besides permitting freedom of choice for the consumer.

Different point values will be given

Administrator Wickard, Hoosier State Native, First U. S. Job in '33

Food Administrator Claude Raymond Wickard was born on a farm in Carroll county, Indiana, February 28, 1893. He graduated from Purdue university at the age of 22, with a degree in agriculture. At 25 he married Louise Eckert. They have two children, Betty Jane and Ann Louise. His first important federal job was with the AAA in 1933 as assistant chief in the corn and hogs section.

He has been secretary of agriculture since 1940. Just recently he was appointed food administrator for the nation at the same time Paul McNutt was appointed manpower administrator.

Administrator Wickard is a member of the United Brethren church, a Mason, and Rotarian. His rural home is in Camden, Ind.

Bone, on Algerian Coast, Ranks Third Among Ports

Bone, or Bona, objective of the easternmost landing by American forces on the Algerian coast, ranks third among the ports of Algeria. Like the two larger ports, Algiers and Oran, Bone is the seat of a French naval station.

A modern and typically French commercial port city of 85,000 people, Bone lies on a small bay only 60 miles west of the Tunisian border and 220 miles by rail west of the city of Tunis. It is 270 miles

been in use in England for some time. There the system is used for food as well as clothing. According to OPA officials British housewives learned to welcome point-rationing.

To put the rationing system into effect more than 1,500,000 volunteers

Inescapable Facts Prove Farmers' Job for 1943 Almost Superhuman

Every American farmer is facing one of the most grueling years he has ever had in prospect. He will be expected to produce more in the face of less farm labor than last year and serious shortages in mechanical equipment. 1942's record achievements were, in a sense, merely a "warm-up" for the job to be done in 1943. These facts are inescapable, and the earlier they are accepted, and the sooner every possible step is taken to overcome the handicaps which will be encountered, the better the assurance that the 1943 farm program will be successful, according to L. G. Elliott, president, LaSalle Extension university, Chicago.

No one can deny the seriousness of the worldwide food situation. Millions upon millions of once productive farm lands have been laid waste by the ravages of war in Europe. Wartime drains on manpower, which have created serious farm labor shortages already in this country, have had a paralyzing effect on farm production in Russia and Germany particularly. Countries under the conqueror's grinding heel have been stripped of cattle, swine, surplus food supplies, and even seed grains. Total world production of food is down sharply, while world food demands are up.

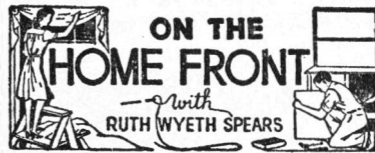

We can no longer think only in terms of this nation's requirements. America has never been able to stand idly by and watch other nations starve, and, regardless of what effort is required, what sacrifices are entailed, we are not going to turn a deaf ear to the world's frantic pleas for food. In food, as well as in arms and munitions, we cannot and will not produce "too little, and too late."

Increases of more than 10 per cent above last year's record peaks are planned for many of the major farm products, including pork, lard, beef, eggs and poultry. They are the products that will be most urgently needed. Farmers who have specialized in these lines have already boosted their output and for the third consecutive year have surpassed even their previously high totals. They will do even more this year in order to meet the larger demand from consumers with higher incomes, from the government to supply the armed forces, and from nations abroad that are fighting with us.

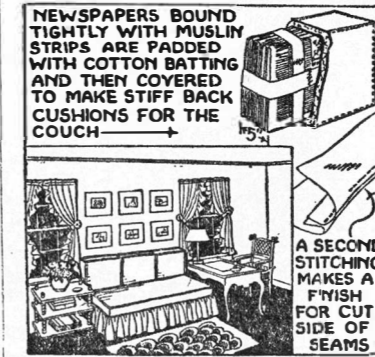

Long before planting time much can be done to insure higher production in 1943. Right now is the time for every farmer who has not already started to do so, to examine every piece of mechanical equipment he owns for wear and correctable defects which, if not remedied now can cause breakdowns at a time when they would seriously interfere with production. Now is the time to do all possible repairing and construction of buildings, and all other work which can be done in advance. During the planting, growing, and harvesting season every hour which is devoted to any other task will rob the world of food.

Even though the 1943 volume of production will cost more than in previous years, the total net income of the farmers will be larger because the prices of what they sell are considerably higher than they have been for many years. They are likely to rise substantially farther during the coming months. Because of the enormously increased demands they are expected to average not less than 10 per cent above present levels.

Larger production and higher prices will add another \$2,000,000,000 to the income received by farmers.

THIS is the story of an old couch that became glamorous and played a conspicuous part in a charming sunny living room. The transformation started with a heavy cotton twill fabric in a soft tan tone to match the background color of the hooked rug that you see in front of the couch. It was decided not to use any contrasting trimming but to accent the clean-

cut box-like edges outlining the hooked rug and cushions with a second seam on the outside.

When the smartly tailored cover was completed it was fastened firmly in place with zippers of the type that come apart at the bottom—one side being stitched to the seam allowance of the cover and the other sewn to the couch pad. Next came the stiff cushions to stand up at the back. These were made with an inside core of newspapers tightly bound together with muslin bands and then padded with cotton batting, as shown.

NOTE: Directions for making the hooked rug in this sketch may be found on page 14 of your copy of Book 5. Directions for making the spool table at the left of this sketch are also in that book. The velvet covered frames for the pictures over the couch are in Book 6, which also contains a description of the series of booklets prepared by Mrs. Spears as a service to our readers. Address:

HOUSEHOLD MEMOS... by Lynn Chambers

Budget That Meat, Serve Delicious Stews (See Recipes Below)

Stretch That Meat!

Today most of you homemakers find the meat situation actually testing your mettle. In your trips to the butcher's you may find many cuts of meat you haven't used often in the past, and less and less of the cuts you know how to use and that your family has eaten rarely. But those are the meats available for your menus, and thus I'm going to give you some first aid in preparing them.

Fortunately, the cheaper cuts of meat, along with liver and kidneys and the other entrails not included in the meat rationing program are as rich in proteins and minerals as their better known relatives. Cooked correctly, they can become as popular.

"Extend the meat" should become the motto of every family for the duration. The way to do it is to include unrationed cuts plentifully through the menus, use cereals and meat extenders such as oatmeal and bread crumbs on rationed cuts, and substitute fowl and cheese in the menu for steaks and chops as often as possible.

Veal kidneys combine with beef in this especially delightful and nutritious stew—and stretch that beef to serve eight people. It's a colorful main dish with bright carrots and button mushrooms:

*Beef and Kidney Stew. (Serves 6 to 8)

- 3 veal kidneys
- 1 pound beef, cut in strips
- 1 cup sliced carrots
- 1 cup sliced onion
- 1 cup cubed potatoes
- 1 cup sliced or button mushrooms
- 2 tablespoons Worcestershire sauce
- 1 tablespoon salt
- 2 tablespoons chopped parsley

Remove skin and fat from kidneys; soak in cold, salted water for 1 hour; cover with cold water; bring slowly to boiling point. Drain; cut into small pieces. Roll beef strips in flour; brown in hot fat. Add 4 cups stock from kidneys and cook 30 minutes. Add kidney vegetables, sauce and salt. Cook 45 minutes. Add parsley. Thicken as desired.

Have you done much with liver? Then you know it is a dish of distinction, worthy of being served even on special occasions:

Lynn Says:

The Score Card: Citrus fruits, apples, Hubbard squash or acorn squash offer bargains during the cool crisp months. Include them in your menus.

What to do about those recipes calling for whipped cream? You can use a little of the cream off the top of the bottle, if you chill it well for a day or so, and chill the bowl which you use for whipping... and the beaters too. Some of the brands of canned milk will also whip, if they're well chilled, along with the bowl and beaters.

If you're unable to obtain chocolate or cocoa sometimes at the grocer's, use victory type of cookies utilizing honey, corn syrup and the wheat flour for darker cakes.

Inexpensive delicacies to help you on the slender meat-rationed days: boiled, baked tongue with raisin or cranberry sauce; pigs feet; oxtail soup; hocks; brains; tripe with broiled mushrooms.

This Week's Menu

- *Beef and Kidney Stew
- Waldorf Salad
- Rye Bread-Butter
- Orange Tapioca
- Honey Brownies
- Beverage
- *Recipe Given

Liver Loaf. (Serves 6 to 8)

- 1 pound of beef liver
- 1 onion, chopped
- ½ pound pork sausage
- 1 cup dry bread crumbs
- 1 teaspoon Worcestershire sauce
- 1 tablespoon lemon juice
- 1 teaspoon salt
- ½ teaspoon pepper
- 1 teaspoon celery salt
- 2 beaten eggs
- ½ cup liver or chicken stock

Cover liver with hot water and simmer 5 minutes. Drain liquid to use for stock. Force liver and onion through food chopper. Add remaining ingredients. Form into a loaf in a pan and bake in a moderate oven (350 degrees) 45 minutes. Serve with broiled bacon or tomato slices, if desired.

Rice With Pork Liver. (Serves 6)

- 1½ pounds pork liver, sliced
- 4 strips bacon
- ¾ cup rice
- 3 tablespoons chopped parsley
- 2 or 3 sliced carrots
- 2 sliced onions

Fry the liver with the bacon until brown, then add rice which has been soaked in water for a half hour. Cover with hot water or chicken stock, add parsley, carrots, onion, salt and pepper to taste. Simmer slowly until tender, about 40 minutes.

Oatmeal is an excellent source of the B vitamins and proteins and therefore makes an excellent meat extender. Here it's used to make that meat go further:

Meat Loaf. (Serves 8)

- 1½ pounds of beef or beef and pork combined
- ¼ cup onion, minced
- 1 cup oatmeal
- 1½ teaspoons salt
- ½ teaspoon pepper
- ¼ cup catsup
- 1 egg, beaten
- 1 cup water
- 1 teaspoon poultry seasoning

Combine all ingredients and blend well together. Pack into a loaf pan. Bake in a moderate oven (350 degrees) about 45 to 50 minutes. Serve with the following sauce:

- 2 tablespoons butter
- 2 tablespoons brown sugar
- ½ teaspoon dry mustard
- ½ cup catsup
- 1 teaspoon Worcestershire sauce

Melt butter in skillet, add remaining ingredients, heat through, and pour over meat loaf when baked.

Some time ago shortening was unintentionally omitted in the list of ingredients for the following cookie. Here is the corrected recipe:

*Oatmeal Drops

- 2 cups 3-minute oats
- ½ cup shortening
- 1 cup corn syrup
- ½ cup flour
- 1 teaspoon soda dissolved in 4 tablespoons boiling water
- ½ teaspoon nutmeg
- 1 cup chopped raisins

Bring to a boil in a saucepan, the corn syrup, shortening, and raisins and cook for 5 minutes, then add soda. Mix in oats, flour and nutmeg. Blend well and drop by spoonfuls on a greased and floured baking sheet 2 inches apart. Bake in a hot (375-400-degree) oven for 10 minutes.

Have you a particular household or cooking problem on which you would like expert advice? Write to Miss Lynn Chambers at Western Newspaper Union, 210 South Desplaines Street, Chicago, Illinois, explaining your problem fully to her. Please enclose a stamped, self-addressed envelope for your reply.

ASK ME ANOTHER? A quiz with answers offering information on various subjects

- Questions
1. How many countries have a larger population than the United States?
 2. Why does an owl stare?
 3. What gives the color to the so-called "red" snow?
 4. What is the average life of a dollar bill?
 5. What is the oldest living thing in Florida?
 6. Is Sirius, the dog star, brighter than our own sun?
 7. What continent receives the most rainfall?
 8. If the hairs of your head are very flat you have what, curly or straight hair?

The Answers

1. Three (China, India and Soviet Russia).
2. Because its eyes are immovable in their sockets.
3. Microscopic plants.
4. The average dollar bill is in circulation but nine months.
5. "The Senator," a cypress tree near Orlando, 3,500 years old.
6. Sirius is more than 30 times brighter than our sun.
7. South America receives nearly twice the average rainfall of any other continent.
8. Curly hair.

★ IN THE ARMY ★ they say:

SNAPPY FACTS ABOUT RUBBER

In Calcutta wealthy natives with cars invariably point their tires red because of the superstition that this will obviate motor trouble.
The rubber tapper, or seringueiro, in Brazil, lives partly off the forest he ranges in search of wild rubber. A shotgun and machete are his traditional equipment.
Superstitious negroes of Georgia believe that the best cure for rheumatism is to sleep with an old tire around the waist.
When dual tires are mis-used, the larger tire carries most of the load, wears off its tread abnormally and tails early due to the generation of excess heat in the cord carcass.
It is estimated that the average tire loses 12 per cent of its weight in use and yields about 3¢ of its original weight in reclaimed rubber.

 The Main Street Card Club met at the home of Mrs. Dora Hopkins last Wednesday evening.

DEAR FRIENDS.....

We are all cautiously entering a new year of our lives, which will present many new and strange experiences and problems for us to master. In spite of all the uncertainties that the New Year, 1943 might present and hold in store for us, we are still anxious and hold enough to want to wish each and every one of our many loyal friends a healthy, happy, prosperous and victorious New Year.
 The present war economy has forced an entirely new and different merchandising program upon us, which makes us wonder sometimes just what the outcome will be, however, we are still desirous and hopeful of being able to successfully continue the operation of our furniture, appliance and service business for the duration of this global conflict, which we think will depend entirely upon the length of the war and the loyalty and indulgence of our many patrons because of merchandise limitations during this emergency.
 Practically everything that is made from metal has disappeared from the consumers market, with the exception perhaps of farm machinery and this will be manufactured in limited quantities. We are still fortunate enough to still have prewar living room suites, studio lounges, all wool rugs, lounge and pull-up chairs, floor lamps, Spring Air Inner Spring mattresses, Bed Room Suites, metal beds, breakfast room suites, burlap back Inlaid Linoleum and felt base congoileum, although most of these items are in limited quantities and when they have been sold, we will be unable to replace them. Since we Americans must spend less time in our automobiles, we are going to be compelled to remain in our homes more during our leisure moments, for this reason may we suggest that you devote more attention to home furnishings and still invest 10% of your income in Defense Bonds, which will defend the amount you have invested in your home and "The American Way of Life."
 Electrical appliances which we find so necessary in our every day life are now in the hands of the users. For this reason, may we caution you to give them the very best of care and have them serviced regularly, for they must last for an indefinite period of time. We still have two late model refrigerators that have been used but they are in fine working condition and should give several years of satisfactory service. We have three electric ranges that can be sold under certain conditions set up by the War Production Board. Your home must be wired for an electric range and your present range must be worn out or beyond repair, or that you do not have a range at all. We also have one double unit Deep Freeze for frozen foods that can be sold to farmers without a priority rating. It is our good intention to render prompt service on all makes and type of appliances that we sell and have sold to you in the past, but we cannot promise service to you on appliances that we did not sell.
 With your loyalty, cooperation and patience we will all be able to see this world catastrophe brought to a victorious conclusion.
 Cordially yours,

Smith's Furniture Store

COD FISH DINNER
 TRY THIS YANKEE DISH

- Cream of vegetable soup.
- Boiled codfish with egg sauce.
- Broccoli or fast frozen peas.
- Whole wheat bread with butter.
- Applesauce and cookies.

Codfish With Egg Sauce
 Clean codfish and freshen if salted. Put in sauce pan with 1 cup water and bring to boil and then cut heat to simmer until tender. Cover with cream sauce to which a chopped hard cooked egg has been added. Sprinkle top with a bit of paprika.

EC-49P

A Week of the War

Washington, Jan. 8 — President Roosevelt will soon send to Congress information and data on his proposal that social security be extended to cover every American "from the cradle to the grave." He told reporters there is no controversy as to the objective of the program, but it will be up to Congress to work out the method for achieving that objective.

In his state of the Union message on January 7, the President had spoken of the third freedom-freedom from want—and of what the young men and women of America want beyond the winning of the war. In addition to the opportunity for employment, the people want assurance against the evils of all major economic hazards, an assurance that "this great government can and must provide." It is possible, he continued, that this will loom very large as a task of America during the coming two years—a task for the nation to study sympathetically and to work out with fairness to all and with integrity to none.

Production
 The President said the U. S. has a reason to be proud of the war production accomplishments of 1942—48,000 planes, 56,000 combat vehicles such as tanks and self-propelled artillery, and 670,000 machine guns, 21,000 anti-tank guns, 10,250,000,000 rounds of small arms ammunition and 181,000,000 of artillery ammunition—the arsenal of democracy is making good.

A joint statement issued earlier in the day by the WPB, the War Department and the Navy said the revised 1943 war production program anticipates munitions production double that of 1942, with heavy emphasis placed on air craft, merchant shipping, and naval escort and combat vessels. As revised and adjusted to fit our actual strategic battle plans, the program provides for about twice as many planes as built in 1942, more than twice the merchant ship tonnage of 1942, and considerable increases in naval escort and combat vessels. These are, for the most part, items difficult to make, items requiring big quantities of material, parts, skilled manpower and special facilities.

As for merchant shipping, President Roosevelt said the 1942 goal of 8,000,000 tons was exceeded by almost 91,000 tons. The present rate of shipbuilding is 14,400,000 tons a year, and as things look now the 1943 goal of 16,000,000,000 tons may even be exceeded.

The War Front
 Although Nazi submarines sank far fewer ships in December than in previous months, the U-boat menace, according to OWI Director Elmer Davis, is still very serious. Reports also indicate, he said, that the Japanese are massing a large armada near the Solomons, presumably for another drive on the islands.

According to the Navy's information there have been no Japanese landings or reinforcements and supplies on Guadalcanal in recent weeks. None of the 10 destroyers which were headed toward the island and intercepted on January 2 by U. S. airmen and torpedo boats succeeded in getting thru the American defenses. On January 6, American warplanes in the South Pacific attacked a Japanese transport in the Shortland Island area of the Solomons and reported a possible ... on the stern of the ship.

From Secretary Stimson comes the word that on all fronts the outlook is favorable. In North Africa, the British first army has scored gains in the north toward Bizerto, the French have ably fought off German attacks in the southern sector, and allied aerial activity against enemy shipping has been highly effective. Mr. Stimson interpreted the German position in Russia as grave and pointed out that in the Caucasus a German withdrawal appears to have begun. Turning to the Pacific, he said American and Australian forces have virtually completed ejecting the Japanese from New Guinea Island, and in the Solomons American forces have been reinforced and supplied and their positions are strengthened. He pointed out, however that the Germans and Japanese have suffered few major reverses, and cautioned against underestimating their offensive capabilities.

A U. S. fifth army, to be commanded by Lt. Gen. Mark Wayne Clark, is now being formed to fight in North Africa. This will make Lt. Gen. D. D. Eisenhower supreme commander of two allied armies, the other being the British first army commanded in the field by British Lt. Gen. Kenneth A. N. Anderson.

The Cost of Living
 An OPA report on three typical months of residential rent control has given complete details of how the nation's \$8,000,000,000 annual rent bill has been held in check. Covering the period of August 1 to October 31, 1942 this is the first detailed analysis of the operation of rent control. At the end of October there were 191 defense-rental areas under maximum price regulations, but since October rent control has spread over 356 areas, and now covers more than 76 million Americans. Tenants in these areas are assured of stable rents in 1943 and freedom from fear of evictions.

Moving toward simplified and standardized retail food prices, the OPA has established uniform retail and wholesale margins on nine food commodities—coffee, canned fish, cooking and salad oils shortening, corn meal, canned citrus fruits and juices, evaporated and condensed milk, pure maple and corn syrups, and flour and

flour mixes. The principal pop- ers will now know exactly per pack- age and per pound, selling prices on these items in her food budget. This is only the initial step, said OPA broader action later on will cover a wide range of products including meat and many staple groceries.

Food Distribution
 The Food Distribution Administration is establishing machinery to deal with widespread local food shortages. Since national food supplies are not inadequate, these local food shortages are almost entirely the result of maldistribution, and the war program is intended to obtain more equitable supplies of foods until such time as rationing begins.

To handle these critical supply problems, Food Administrator Wickard has directed the FDA to organize at once local committees, such committees to be composed of government representatives and representatives of the food manufacturing and distributing industries for the territory concerned, including a representative of each of the food retailer groups and of each type of general line food wholesalers of dairy products and of poultry products and meats. Public officials with marketing functions will be invited to serve as advisors and FDA officials will serve as chairmen.

The plan of purpose and procedure as outlined by FDA administrator Mr. Hendrickson, provides for the committees to establish publicly announced headquarters, to receive and investigate food shortage complaints from consumers, dealers, institutions and organizations. The aim will be to give one-day service to verify complaints, such verification to determine whether actual critical shortages of essential foods exist.

If the situation cannot be corrected locally, it will be referred to the FDA state chairman who will try to obtain supplies elsewhere within the state. If it cannot be corrected within the state or at the regional level, it will be reported to FDA headquarters in Washington. FDA headquarters will then deal with appropriate national trade or industry associations. And in view of the success of recent arrangements with the American Meat Institute and the offers of similar cooperation by other industries, the FDA believes it can be an effective means of meeting the more critical problems of shortages.

Meanwhile manufacturers of creamery butter have been directed to set aside for direct war requirements 30 per cent of their monthly production, beginning February 1. Purpose of the order—food distribution order No. 2—is to obtain sufficient supplies of butter for the needs of the armed forces and for minor export to allied nations.

—V—

LEGAL NOTICE
 STATE OF WISCONSIN; COUNTY COURT, WAUKESHA COUNTY; CHRISTENA JOHNSON, Plaintiff, vs RACHEL BAYLESS, MADELINE KENNEDY LINN, formerly Madeline Kennedy, and ATLANTA KEESEE, Defendants.

By virtue of a judgment of foreclosure and sale made in the above entitled action and perfected on the 1st day of December, 1941, the undersigned Sheriff of the County of Waukesha, State of Wisconsin, will sell at the east door of the Court House in the City of Waukesha, on the 1st day of February, 1943, at ten o'clock in the forenoon on that day, the real estate and mortgaged premises directed by said judgment to be sold and therein described as follows, to-wit:

Commencing at the Southwest corner of land described in deed recorded in Register of Deeds Office, Waukesha County, Wisconsin, in Vol. 196 of Deeds on page 586, July 1, 1926, document No. 144582 which point of commencement is 12 rods 12 feet south of the northwest corner of the Southwest Quarter of the North East Quarter (NE¹/₄) of Section thirty-six (36) Township Five (5), North, Range Seventeen (17) East, thence Southerly along the County Highway known as County Trunk "E", to a stake designated Southern; thence East Thirteen (13) rods to southern stake; thence North Fifty (50) feet to stake; thence West Thirteen (13) rods to place of beginning, Waukesha County, Wisconsin.

Said property will be sold subject to any outstanding taxes; the terms of said sale, cash.

Dated this 2nd day of December, 1942.
