The Boys in Service

JOHN BREIDENBACH TO SCHOOL
Lt. Col. Carlton Hill, Commanding Officer of the Marine Aviation Detachment, Navy Pier, Chicago, has announced that Marine Private John F. Breidenbach, of Eagle, has reported to the Pier to begin a 21 week aviation-machinists course.

He will be prepared by a highly specialized course for the important job of keeping Marine fighting planes in the air and ready for battle. The course covers extensive and thorough instructions in class rooms and shops.

In addition to instructions in Machinists work, he will be given a combat conditioning course. Upon graduation from this class he will be assigned to one of the Marine Aviation units.

John is the son of Mr. Michael Breidenbach, Eagle. He is a high school graduate and in addition attended four years of night school and Marquette University and Yale for short terms. He was also employed in drafting and engineering with the United Aircraft Corp and Vought Sikorsky. He enlisted in Milwaukee in February this year and took his recruit training in San Diego, California.

Mr. and Mrs. J. Mealy have had word from Kenneth of his change of address which is:
Tech. Med. Sgt. Kenneth Mealy,
36242302 Med. Dept. 339 Inf. A.P.O. 85
c/o Postmaster, Los Angeles, Cal.

Another change we received is that of Laurel W. Markham S 1/c; Disbursing Office, Armed Guard Center, U. S. Naval Training Sta., New Orleans, La.

Dear Editor:
Even though it is quite chilly sitting here in the barracks tonight, I am going to let you know I am still residing in the picturesque Northwest. We are apparently having similar weather here as you are there and in the extreme East from all the reports, with the exception of the rainfall. We have not had any more than the average, let alone raging floods like I read about at Sparta.

The Station Hospital at Fort Lewis is divided into six different sections; two being added during the last six months. Section one or the main hospital is a fine brick building, while the rest are all frame structures. Nearly every section has 24 wards with about an average of 45 patients to each. Many of these are injured on the drill field here, as there are numerous infantry and tank companies. There are a few casualties from active service. Some who have been here for quite a while and nothing more can be done for them here are sent to Barnes General hospital at Vancouver, Wash. There are also wards full of men waiting for their (C.D.D. conditional disability discharge.) It usually takes a month or so after they go before the examining board that they are finally discharged. They, of course are required to take up some kind of defense work. As most of the 1907 Sta. Hosp. men are shipped out, the 27th General and the 203rd Gen. Hosp. are the two main units who are doing the work. The 203rd haven't got any nurses, whereas we have 105 mostly all from Pennsylvania.

Our 60 surgeons are mostly all from the Dutch state too. Having been a patient three different times and working in different wards, I have made the acquaintance of several nurses. Many of those who are unattached to any special unit are from Montana and are by far the most beautiful and attractive girls. Oh yes, we the 27th, have some too!

I am working in Section 3 now, about 2 miles from the main hospital. This is where Dick Schroeder and all those appendectomy cases are sent to convalesce. I was in an Orthopedic Ward in Section 4 for several months only 3 blocks from Section 1. There the Sulpha drugs are used exclusively for bone treatment. Although we about 60 or 70 of us in number are somewhat separated from the rest of our company, we have beautiful scenic surroundings. In the rear of our barracks is a forest of evergreens and towering pines. Half a mile through this dense foliage by a winding road American Lake is reached. Bath houses, PX, and a nice sandy shore line. It is beautiful! Yes, just like Northern Wisconsin, only more picturesque. Oh yeah!! It is 1/2 mile to the theatre, Post Office and PX or canteen. Went to a stage show Saturday night, sponsored by the Shell Oil Co., which reminded me of Archie Gale; not the show, the Oil Company. Being attached to 1907 Sta. Hosp. over here, we get only one 36 hour pass a month, whereas it used to be weekly. I work days 7 to 7 and every other afternoon off. Can have an 8 hour pass then. My plan I made three trips to British Columbia and one to

Mrs. Mike Breidenbach and Mrs. Elta Piper and Mrs. Jack Lovell spent Monday afternoon with Mrs. Charles Stocks.

Nancy Piper is staying with her grand-mother, Mrs. Mike Breidenbach this week.

Mr. and Mrs. Roy Piper spent Friday with Mr. and Mrs. Erwin Piper of Burlington, the occasion being Roy's birthday.

Mr. and Mrs. Jack Lovell spent the week end in Burlington with Mrs. Lovell's parents, Mr. and Mrs. Erwin Piper. While there Mrs. Lovell attended two bridal showers in honor of her sister, Miss Maude Piper, who expects to be married soon.

Mrs. William Hicks of Milwaukee, reports receiving both a picture and letter from her nephew, Harold Piper who is a Sergeant in the air corps in North Africa. Harold is fine and we wish him the best of luck.

Mrs. Meta Koelke of Wapun spent the wee-end with Mrs. Lillie Stewart. Jeanette Mitchell of Waukesha spent a few days this week with Mary Lou Stead.

Mrs. Harriette Fischer and Mrs. Donald Shaughnessy and daughter, Margaret of Pontiac, Mich., were the guests of Mr. and Mrs. M. J. Frandy. Mrs. Shaughnessy's husband is a captain in Guadalcanal.

A daughter was born at the Waukesha hospital this week to Mr. and Mrs. Henry Markham.

Mr. and Mrs. Wm Morris of Nashotah were Eagle visitors Wednesday and called on Mrs. John M. Von Rueden.

Mrs. Leland Bluett of Granton called on friends here Monday. We acknowledge a pleasant call.

Katherine and Mrs. Macholdt visited at the Bryant home at Whitewater on Sunday.

Mrs. Wm. Schroeder, Milwaukee returned Monday evening from a few days visit with her mother, Mrs. Addie Wambold.

Mrs. Lee Thomas received a letter from her son, Private Benjamin Frank Thomas from north Africa saying that he receives the Quill and is glad to hear from home.

Mrs. Stella Thomas visited her daughter Mrs. Otto Rennemo at White water Tuesday.

Mrs. D. B. Stubbs entertained the young matrons Wednesday afternoon. Miss Lena Von Rueden has been visiting relatives in Milwaukee the past week.

Miss Beatrice Schroeder and Jean Bigelow are attending summer school at Whitewater.

Between 60 and 70 children from Palmyra and Eagle are attending the Sisters School being conducted at St. Theresa's Parish hall.

S. W. Ottawa

By Mrs. H. W. Aplin
Don't forget the Siloam Anniversary supper and program Wednesday, June 16. The usual good ham supper will be served, beginning at 5 p.m. followed by children's program at 8. Adults 60c; children 30c.

Mr. and Mrs. Charles Hoffhine, Jr., left Sunday afternoon for Rahway, N. J., after spending a week with their folks, the Harvey Aplins and the Sr. Hoffhines at Madison. A large gathering of relatives and friends enjoyed a picnic in their honor at Juneau Park in Milwaukee, preceding their departure.

Mr. and Mrs. Al McCaffery and son of Waukesha visited her folks, the Wm Smart family on Sunday.

Mr. and Mrs. Geo. Peardon and David were recent visitors at Great Lakes, where they enjoyed seeing Claude Peardon, Jr., who is in training there.

Seaman 2/c and Mrs. Wilbur Swift were callers at Harvey Aplin home Friday afternoon.

On Sunday night little Ronna Jean Swift and Mary Lou Uglow were baptized at Siloam church. A fine crowd enjoyed the Anniversary sermon given by Rev. Amphlet of North Prairie.

Warren Aplin and Bill Lean accompanied the Palmyra ball team to play Stoughton. Palmyra defeated Stoughton by a score of 17 to 2.

Our 4-H club met at the home of Jr. Leader Corine Bloomer Wednesday afternoon. Cleobel Pease gave the demonstration.

Victoria by boat when I did.

See by the Quill (which I receive regularly) that Frank Mich took a quick jump to sage brushes of Wyoming. Appreciate the Quill very much. Best wishes to you and the subscribers and good luck to the boys in service. The boys over there are doing fine.

Yours with a V, Dick.
P.S. The food here is very good and plenty of it. Milk to drink every meal, besides coffee once or twice. Butter at least once and sometimes twice a day; otherwise jam, maralade, or peanut butter. All the oranges and apples you want. Never seems to be any shortage of meat.

Borrowed Time Square

John M. Von Rueden

Wednesday morning the entire community was saddened by the news of the passing of John M. Von Rueden, whose death occurred Tuesday evening at St. Joseph's hospital, Milwaukee, where he had been taken a little over a week ago. His entire life has been spent around Eagle, being the elder son of the late Mr. and Mrs. Joseph Von Rueden.

He leaves surviving him besides his widow, two children, John Jr., and Mary Ann, three sisters, Mrs. Anna Agathen, Mrs. C. L. Shearer, Mrs. Ed Kuetter and one brother, George, who have the sympathy of all in their sad bereavement. Funeral services were held Friday morning from the Mealy Funeral home at 8 a. m. to St. Theresa's Catholic church at 9 a. m.

A more complete notice will appear next week.

FISHERMEN'S LUCK

Arnold Stoecker and Fred Schmidt had a cold experience Sunday when the canoe in which they were fishing on Phantom lake capsized, throwing them into water 15 feet deep. The men swam to shore and went to the Y. M. C. A. camp where they dried out a bit and enjoyed a hot cup of coffee before returning home.—Mukwonago Chief.

Notice!

There will be a meeting of the Town Board of the Town of Eagle on the evening of June 23 at 8 p.m. in the Masonic hall for the purpose of issuing beer and liquor licenses for the year 1943.

John Lidicker, Town Chairman.

LITTLE PRAIRIE CHURCH CELEBRATES ANNIVERSARY

On Sunday and Monday the Little Prairie Methodist Church celebrated their Anniversary. Rev. Arthur Edwards addressed the group on Sunday evening. He urged the acknowledgement of Eternal powers basing his thoughts on the Pentecost story.

On Monday evening following a delicious supper, Mr. Irvin Young related many interesting experiences he had had. He stressed the importance of keeping the home fires burning. Mr. Young stated that whatever the changes that are made in the post-war world, one essential would remain—the Home.

The folks at the Prairie wish to express their gratitude to all who helped to make their Anniversary Days a success.

La Grange

FEDERAL WITHHOLDING TAX MEETING WEDNESDAY, JUNE 23

Don V. Smith, Vice Chairman of the County Board, and in charge of the Assessment Office at Jefferson has asked Mr. Frank Gilberts, Supervisor of Federal Income Tax for this district to speak to all Town, City, and Village officials and employers of labor on the new 20% withholding income tax law which has recently been passed by Congress and is to take effect July 1. Anyone else interested in this problem is welcome and urged to attend.

The matter will be fully discussed and Mr. Gilberts will gladly answer any questions and explain the new law.

Bossy Branches Out

The dairy cow should have first priority on livestock feed supplies. That is the opinion expressed by the National Council of Farmer Cooperatives, an organization representing 26,000 cooperatives and 2,300,000 farmer members, which has been studying means of meeting the food needs of the nation.

Dairy cows make the most efficient utilization of feeds given them, states E. M. Harmon, Director of Public Relations of the National Dairy Council. They return much more human food per pound of grain fed than any other kind of livestock. Furthermore they utilize pasture and roughage very effectively, converting feeds which it would be impossible for humans to use otherwise into the best of protective foods. Without livestock and particularly dairy cattle, most of the roughage and pasture feeds would be wasted. It is essential to the food economy of the nation that roughages be utilized in the production of human foods continued Mr. Harmon.

Where this roughage is combined with reasonable amounts of grain the dairy cow returns far more human food for the same amount of grain and roughage than any other type of livestock.

Studies by the U. S. Department of Agriculture, indicate that on an average more than 72 pounds of digestible protein and 712,000 calories of energy per acre of feed are provided when that feed is fed through dairy cows.

Mr. and Mrs. Cedric Stetler held a picnic at their home on Spring Lake Sunday. Their guests were Mr. and Mrs. Vivian Janney, and Mr. and Mrs. Ed Janney and family.

P.F.C. Robert Link of Chicago spent Sunday and Monday at the home of his parents, Mr. and Mrs. George Link.

Mrs. Florence Bingham, Chicago, spent Wednesday evening at the home of Mr. and Mrs. Vivian Janney.

Mr. James LaChance, his son Gene, Floyd Tutton and Ozzie Holcomb took a trip last Friday to Great Lakes and Chicago where they took in the great sights of the Naval Training Station. They had the privilege of seeing the Admiral's Staff break out the colors in the morning and heard the National Anthem played by the Great Lakes Band, led by Eddy Peabody.

They visited the administration building and were impressed by the absence of the male yeomen who formerly manned that building. They have been replaced by the WAAVES. From there they went to Chicago and the boys took in the Chicago Theater show, while Mr. LaChance called on Chief Yeoman Harry Smith of the Naval Officers Procurement Office, and Commander Weaver, Chief Recruiting Inspector of the Chicago District.

At the Great Lakes Training Station they found only one Chief left of the crew of two years ago at the print shop. The others, including Chief Thompson, having been sent to sea.

All three boys were definitely decided on the question of which branch of the service to enlist in. Ozzie will wait his draft call and then will be given his chance to get into the Navy. Floyd has had his examinations both physical and mental and will have to wait his call. He went to Milwaukee on Saturday, Monday and Tuesday of this week to be sure to be ready. A spirit of that sort is what makes this the Grand Old Country it is. There will always be an Army and Navy as long as we continue to raise boys of that kind. Gene of course has a few more years before Uncle Sam will let him join.

Miss Ada Oleson, who is staying with Mrs. Maude Williams of Whitewater attended the lecture at the Lutheran church Sunday evening.

The gorgeous Oriental Poppies that Mrs. Edw. Holberg of near Rome brought to the Gift Shop Friday has caused much comment—usually it was "are they real?"

Mrs. Fred Parsons spent Sunday afternoon and evening with friends in Hebron and Little Prairie.

Mrs. William Propp of Sullivan was shopping in Palmyra on Tuesday.

Lt. and Mrs. Kenneth Elwood, were dinner guests Wednesday evening of Dr. and Mrs. G. C. Nitardy.

Mr. and Mrs. Ed Jordan and Lt. and Mrs. Kenneth Elwood, were dinner guests Saturday evening of Mr. and Mrs. Erving Jordan.

Mr. and Mrs. Ed. Jordan entertained at Sunday dinner for Mr. and Mrs. Ervin Jordan and Shirley Ann, Lt. and Mrs. Kenneth Elwood, and Mr. and Mrs. Ervin Rowe and Betty Jean.

Mr. and Mrs. William R. Jones received a telephone call Saturday from their son, Owen from New York City. They had just reached Hudson Bay 1 hour before he called up after a trip to an island 60 miles off the coast of Venezuela. His new address is Owen A. Jones, S. S. Cornell, 330 Rockfellow Plaza, New York City, c/o Dietz Co.

Mrs. Eli Sires left today for San Diego, Cal., where she will join her husband, Ensign Eli Sires.

Fifty-seven men from Jefferson county have received their induction notices and will be given two weeks time to report for training service.

Ozzie Holcomb and Russell DeVitt are the two selectees from this community who are to be inducted this month. The July quota was said to be smaller in number and will include most of the stragglers.

Pvt. Donald Leach has been given a furlough and is on his way home, according to word received by his parents here Monday morning. He will have a ten day furlough.

One Whole Chicken Can Be Made Into Two Meals

You're the clever homemaker who saves on chicken by using only half a chicken for roasting. You can have the stuffing, too, by mounding it under the chicken when you roast it in the pan to get all the wonderful flavor of the meat in it.

Most families are so reduced that few homemakers find it necessary to stew or roast a whole chicken for their meals. Instead, it's much smarter to use one half of the chicken for stewing, the other half for roasting, or perhaps in making numerous and delicious dishes using cut up chicken.

Chicken is a good source of protein and we can use it in place of meat dishes regularly. In addition it's a delicious food that combines well with many other types of food, and goes with most vegetables and fruits in the menu.

Consider, for example, many of the chicken salads which can be made up with fruits or vegetables, and for sandwich fillings. Then, too, you can serve chicken either warm or cold with many vegetables and fruits, as a good start on getting what you need of the seven basic food groups necessary to health.

You probably have your own way of stewing and roasting chicken, but instead of using one whole chicken for either of these methods, split it, use one half for stewing, the other for roasting.

Cut the fowl in half, lengthwise, and cook one half with several carrots, celery, parsley, onion, and seasonings in enough water to cover until tender. Make dumplings, if you like, to go with the stew.

For roast chicken, cook stewing hen split in half lengthwise until tender. Mound 4 to 6 cups of well-seasoned dressing in bottom of shallow pan, well greased where dressing is placed. Arrange dressing to keep outline of chicken. Press cooked half of chicken cut side down over dressing. Brush chicken with melted fat. Bake uncovered in a hot oven (400 degrees) until chicken is nicely browned, about 1/2 hour.

A few leftover pieces of chicken either from the roast or from stewing can go into a salad. You'll like this combination with fruit:

Chicken and Fruit Salad Bowl. (Serves 4 to 6)

- 1 cup diced chicken
- 1/2 teaspoon salt
- 1 1/2 cups seedless grapes
- 2 oranges, peeled and sectioned
- 1/2 cup blanched almonds
- French dressing

Add salt to chicken. Cover salad bowl with shredded lettuce. Arrange grapes over half of top, oranges over other half. Pass french dressing.

Still another way of stretching your meat, or chicken, if there is absolutely enough to go around is to serve it with potato salad. You may like it hot or you may like it cold. Here's one that's hot:

Lynn Says:

The Score Card: Ceiling prices have been announced on many rationed foods, and it's a good idea to consult the lists when you go shopping. It will help you in buying and budgeting.

Most of the times we're concerned with buying foods in season, but it's more important to buy in season now when you're preparing to put up foods for the fall and winter.

In case you don't have your own garden, you might be of help in picking vegetables and fruits to some farmer who does not have enough help. If you are canning, this is a splendid way of getting fresh produce.

Those of you city dwellers who can neither have your own Victory garden or help pick produce should get to the market early to get as fresh produce as possible.

Lynn Chambers' Point-Saving Menus

- *Roast Half of Chicken
- Bread Stuffing
- Fresh Asparagus
- Parsleyed Potatoes
- Lettuce-Watercress Salad
- Strawberry Shortcake
- Iced Drink
- *Recipe Given

Hot Potato Salad. (Serves 6)

- 6 potatoes, diced
- 3 slices bacon
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 3 tablespoons chopped parsley
- 3 tablespoons chopped onion
- 6 tablespoons bacon fat
- 3 tablespoons vinegar

Cook potatoes in jackets until tender. Peel and dice. Cook bacon over low flame until crisp. Remove from pan and break into small pieces and add to hot potato cubes. Add seasoning, parsley and onion. Combine fat and vinegar. Pour over potato mixture and serve hot.

There are still a number of unrationed foods which may fill in nice gaps in menu-making. For example, cottage cheese is an excellent source of both calcium and protein, and you'll enjoy using it in this salad with summer greens:

Cottage Cheese Salad. (Serves 4 to 5)

- 2 cups cottage cheese
- 1/2 cup sour cream
- 1/4 cup chopped chives
- 1/2 cucumber diced
- 1 tablespoon chopped watercress
- 1 1/2 teaspoons salt
- 1/2 teaspoon pepper
- 2 hard-cooked eggs, chopped

Mix cottage cheese and sour cream lightly with a fork. Add vegetables and diced eggs, and season with salt and pepper. Serve in mounds, garnished with watercress or lettuce and tomato wedges.

Here's the way to stew chicken and bring out all its delicious flavor. Simmer gently until tender in seasoned water with onion, carrot, parsley and salt.

Cottage Cheese Salad Mold. (Serves 8 to 10)

- 3 cups cottage cheese
- 1 cup crushed pineapple, drained
- 5 tablespoons mayonnaise
- 1 teaspoon salt
- 1/2 teaspoon mustard
- Dash of cayenne
- 2 tablespoons lemon juice
- 1 1/2 tablespoons unflavored gelatin
- 1 cup pineapple juice

Mix cheese, pineapple and mayonnaise. Mix salt, mustard, cayenne and lemon juice; add to cheese and mix lightly. Soften gelatin in pineapple juice and dissolve over hot water. Stir carefully into the cheese mixture. Turn into mold and chill until firm.

A cool, delectable dessert that does not consume points and takes it easy on the sugar is this:

Frozen Apricot Shortcake. (Serves 6)

- 1 cup dried apricots
- 2 1/2 cups water
- 1/2 cup sugar
- 1/4 teaspoon salt
- 1 teaspoon unflavored gelatin
- 1 tablespoon cold water
- 1 teaspoon vanilla
- 1 egg, beaten
- 1 cup heavy cream, whipped
- Sponge cake

Cook apricots until tender, about 25 minutes. Add 1/2 of sugar and salt. Heat to boiling, remove from heat and beat to a mush. Soften gelatin in water and add to apricots. Cool. Add remaining 1/2 cup sugar and vanilla to beaten egg and beat until thick. Fold in whipped cream. Arrange layer of sponge cake cut about 1/4 inch thick on bottom of refrigerator tray. Spread with apricots and cover with whipped mixture. Freeze. Cut in squares and serve cream side up.

PATTERNS SEWING CIRCLE

Real Charmer.

PANTIES to match—as if Miss Sweetie-Pie wouldn't take the cake in pinafore and open crown bonnet alone!

Pattern No. 8371 is in sizes 1, 2, 3, 4, 5 and 6 years. Size 2 pinafore and bonnet take 1 1/2 yards 35-inch material; panties, 3/4 yard. 3 yards ric-rac.

Flattering Lines.

FOR so many reasons this button front frock is slated for wide popularity this spring. It has a softly tailored, distinguished look and if done in one of the new prints, should be most flattering.

ASK ME ANOTHER?

A General Quiz

1. What is a dactylogram?
2. Who wrote: "The old order changeth, yielding place to new"?
3. What two cities are the terminals of the Lincoln highway?
4. A pentad represents how many years?
5. What is a pseudonym? An autonym?
6. Why was William H. Harrison nicknamed "Tippecanoe"?
7. PT boats are known as the navy's deadliest vessels. Where did they get the name?
8. Of what substance is glass principally made?

The Answers

1. A fingerprint record.
2. Alfred Tennyson.
3. New York and San Francisco.
4. Five years.
5. Pseudonym is an assumed name; autonym is a person's real name.
6. Because of his defeat of the Indians near the Tippecanoe river.
7. From "patrol torpedo" boats.
8. Sand.

In the Navy a floor is a "deck," doors are "bulkheads," downstairs is "below," and a cigarette is a "Camel." At least, Camel is the favorite cigarette among Navy men, as it is among men in the Army, Marines, and Coast Guard. (Based on actual sales records from service men's stores.) And a carton of Camels is a favorite gift. Though there are now Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. S., and to men in the Navy, Marines, and Coast Guard wherever they are.—Adv.

Long Trousers Adopted During French Revolution

Wartime services of many kinds undertaken by women account for the fact that there are more wearing trousers today than ever before.

It was during a period of great national stress that men adopted the fashion of wearing long trousers. Before the days of the French Revolution well-dressed men favored knee breeches, while the poorer people wore blue linen pantaloons. When the French monarchy fell, anyone whose dress suggested that he might be an aristocrat went in danger of his life. Consequently, men of all classes began to wear long trousers.

In 1812 Cambridge university decreed that students attending hall or chapel in long trousers should be considered absent.

Lefthandedness

While lefthandedness occurs in only about 7 per cent of persons born singly, it is found in 21 per cent of those born as fraternal twins and 26 per cent of those born as identical twins.

A Closet for Your Sewing Equipment

MANY women who have learned to sew for the Red Cross are also sewing for themselves. They are thinking of sewing as a craft and taking pride in their tools. Many who do not have space for a sewing room are planning efficient closets to house equipment.

Here is a model sewing cupboard from my new book Better Dress-making. There have been many requests for dimensions and here they are.

The cupboard is six and one-half feet high; four feet wide and twenty inches deep. The dress form compartment is five feet six inches high and twenty-four inches wide. The ironing board compartment is four feet ten inches high and eight inches wide. This leaves ample space for shelves for the pressing cushions shown at the top; the sleeve board; iron; water pan and sponge; stout slide-in boxes for findings; notions and patterns; and a lower shelf for fabrics. The construction throughout is of half-inch plywood.

NOTE: If you are in need of more closets and storage space you will find directions in BOOK 7 for a linen closet built into waste space. Also in BOOK 6 there are directions for making door pockets to use every inch of space in your clothes closets. Booklets are 15 cents each. Send requests for booklets direct to:

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

WEEKLY NEWS ANALYSIS

French Unity Speeds Victory Plans; Mediterranean Under Heavy Attack by Allied Naval and Air Concentrations; Chinese Crush Jap Yangtze Offensive

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)
Released by Western Newspaper Union.

Gen. Henry H. Arnold, chief of the U. S. army air force, delivers a diploma to his son, Cadet William Bruce Arnold, a member of the 1943 graduating class at the United States Military academy at West Point.

FRENCH UNITY: Worth Waiting for

Although General Giraud and General DeGaulle at first could not agree any better at close range in Algiers than they had at long range between Africa and London, Allied leaders were confident that factional gulfs would be hurdled and long-hoped-for French unity would be consummated.

This optimistic view was justified when a "French committee of national liberation," headed jointly by Generals De Gaulle and Giraud, was formally established to "pursue the war at the side of the Allies until total victory over the enemy powers."

Comprising a seven-man group which eventually will be expanded to nine, the new liberation committee will direct the French war effort until France is freed and able to elect its own government. In addition to the co-presidents, Giraud and DeGaulle, the committee includes Gen. Alphonse George and Jean Monnet, named by Giraud; Rene Massigli and Andre Philip, appointed by DeGaulle; and Gen. Georges Catroux, designated by both presidents.

That the new committee meant business was immediately apparent by personnel replacements that eliminated French-African officials with former Vichy ties.

COAL:

WLB Sustained

When President Roosevelt, acting as commander-in-chief, tersely ordered the 500,000 striking mine workers back to work after a 30-day truce had been ended by another walkout, he had left the next move squarely up to mine union chief John L. Lewis.

In his brief statement the President did not consider the possibility that his order might be ignored. But measures of a stern and effective nature were open to him and the force of public opinion was marshaled overwhelmingly behind him—in the event of continued mine work stoppage.

The President's order had completely supported the War Labor board which Mr. Lewis and his United Mine Workers had defied, setting forth plainly that "Just as soon as the miners return to work, the disposition of the dispute . . . will forthwith proceed under the jurisdiction of the War Labor board."

ARGENTINA:

Neutrality at Stake?

While close censorship had veiled early reports of the "military movement" in Argentina, observers were confident that it concerned the course of the nation's future international policy—whether the government would pursue its trend of benevolent neutrality toward the Axis, or would follow the rest of South America in breaking with the Axis.

The military reaction gained added significance, coming as it did on the eve of the Conservative party's national convention preceding the Presidential elections. For this convention had been scheduled to proclaim Senate President Robustiano Patron Costas as its candidate. Costas had been endorsed by "neutrality-minded" President Ramon Castillo.

CHINA:

Japs Lose 30,000

As Chinese forces had continued to press back the Jap invaders in the middle Yangtze valley, a report from Generalissimo Chiang Kai-shek's headquarters disclosed that the drive in Central China toward Chungking had cost the enemy more than 30,000 casualties in a two-week period.

The Tokyo radio admitted the reverses in a report announcing that the Jap invasion forces had retired to previously prepared positions. Principal theater of Chinese gains was the Yangtze river in southern Hupeh province and northern Hunan. Here General Chiang's forces wiped out encircled enemy units and seized huge stocks of supplies and equipment, a communique said. As a first step in the recapture of strategic Ichang, the Chinese had regained possession of all points around Changyang, strongly held "doorway" to Ichang.

MEDITERRANEAN:

Mussolini at Bay

Mussolini's defenses at sea had been no more impressive than in the air when Allied forces struck at the island approaches to the "soft underbelly" of Italy.

Target of the first assaults was the island of Pantelleria, closest of Italy's Mediterranean outposts to Africa. Here Allied warships made heavy bombardments that were unopposed. The Italian fleet that had been reported on the alert had made no effort to come out and fight for Pantelleria which already had been shaken by Allied bombers. In none of the attacks did the Allied fleet units suffer casualties. The only resistance offered was from the ineffective Italian shore batteries.

Only 45 miles from the tip of Tunisia's Cap Bon peninsula, Pantelleria was an easily reached target for Allied air forces. As wave after wave of bombers swept over the island blowing up port facilities, other Allied planes kept up a damaging series of forays against Sicily and Sardinia.

The extent to which the Mediterranean was becoming an Allied lake was indicated by a report announcing that the Allied destroyers had sunk two merchant vessels and an escorting torpedo boat and driven a burning Italian destroyer ashore.

TRADE PACTS:

Two Years More

Final approval by the senate of President Roosevelt's reciprocal trade agreements program came after administration supporters, aided by some Republicans, defeated five amendments that would have restricted the President's authority. The house had previously voted favorably.

The President had originally asked for a three-year extension. But because this would throw the policy into the next presidential administration for more than a year, both house and senate measures cut it to two years. The senate's action, however, meant that members of the United Nations could be assured that this government's present trade policy would be continued until June 12, 1945, or nearly five months after the next presidential inauguration.

RUSSIA:

Nazis Try Air

The question, "Where is the German air force?" received at least a partial answer when Moscow announced that 500 Nazi planes had raided the important Russian position of Kursk, 120 miles above Khar'kov. The Soviet communique reported that 123 of the raiders had been shot down, as against a loss of 30 Red planes.

Termining the battle as one of the greatest air actions of the war, the Russians disclosed that the effectiveness of their anti-aircraft defenses caused the Germans to jettison their bombs, thus missing military objectives but causing civilian casualties.

Meanwhile, a German report announced further Russian offensives in the Kuban valley of the Caucasus. The Nazis said that five Red tank brigades and several infantry divisions had launched a new drive northeast of Novorossisk, last remaining German stronghold in the Caucasus.

The struggle in the Kuban valley, however, was but one phase of operations from the Caucasus to the Arctic sea that might well determine the war's outcome this summer.

PAY-AS-YOU-GO:

July 1 Deadline

After five months of congressional wrangling the pay-as-you-go income tax bill sped through the senate after passage by the house.

Meanwhile treasury officials had organized the machinery to start the collection-at-the-source system that will take 20 per cent above personal exemptions of each paycheck of 40,000,000 American workers beginning July 1.

Representing a compromise between Democrats and Republicans, the legislation promises an increase in individual income tax revenue to about \$16,000,000,000 in the new fiscal year beginning July 1. Under the bill's provisions, all of 1942 taxes of \$50 are forgiven and a reduction of 75 per cent on the remainder over \$50 is allowed.

AIR POWER:

U. S. Pounds Japs

On widely separated fronts from the Aleutians to Burma, the Japs felt the increasing force of Allied air power.

With the campaign for Attu now a matter of history, American airmen concentrated their attention on Kiska, the main Japanese base in the Aleutians. The navy department reported that planes continued to bomb and strafe the hard-pressed Jap positions.

In New Guinea Flying Fortress and Liberator bombers gave the key Jap air base located at WeWak, a series of heavy raids, dropping incendiaries and explosives on four fields which form part of the WeWak system of airdromes. The Japs retaliated by sending bombers to raid targets in the upper Lake-kamu river, 35 miles southwest of Allied-held Wau.

In Burma, American airmen struck at enemy supply lines between Burma and China, dropping 12,000 pounds of bombs on the important Shweli suspension bridge northeast of Mandalay and attacking railroad installations.

POSTWAR PLENTY:

Food Parley Pledge

Collaboration of 44 United Nations countries in building a post-war world of plenty was pledged by delegates attending the United Nations food conference in Hot Springs, Virginia.

The machinery for achieving this goal of plenty would be an international organization, the delegates indicated at the conference's closing sessions. This organization would take the form of a permanent world agricultural authority.

Agreement of the delegates to promote the creation of this international agency was hailed as the conference's most significant accomplishment. Underscretary of Agriculture Paul H. Appleby, vice chairman of the United States delegation declared the conference had been "highly successful."

BEEF:

Point Values Upped

Dwindling supplies of beef were cited by the Office of Price Administration as the reason for a boost in ration point values.

Beef-eaters found that point values on steak cuts such as porterhouse, sirloin or T-bone were up three points. Roasts were up an average of two points, while the largest single increase was on dried beef, which zoomed four points, or from 12 to 16 points a pound.

Housewives were given consolation in the announcement that decreases in many cuts of veal, lamb and mutton, pork and variety meats would make it possible for them to substitute these items.

WAR BONDS:

Machinery Overhauled

Secretary of the Treasury Henry Morgenthau announced the merger of the victory fund committee and the war savings staff into a single organization to be called "the war finance committee."

The new group will handle all future war financing drives, Mr. Morgenthau said. The war finance committee will be set up on state lines and operate under state chairmen who will report directly to the treasury, he added.

First Farm Tractor Tire Made From Grain Alcohol

The industrial use of farm crops to make tools for the farmer received a big boost recently when, for the first time, grain was used as the base for a synthetic rubber farm tractor tire. Harvey S. Firestone, Jr., whose father put the farm on rubber by developing the first practical pneumatic tractor tire, was present to inspect the first of the new tires as it came from the mold at the Firestone Company's Akron plants.

Although similar synthetics previously have been used by Firestone in tires and in hundreds of other products, this is the first time that a complete operation starting with grain and ending with synthetic rubber was carried through with the exclusion of all other synthetics in the manufacture of tractor tires.

Synthetics made from grain and petroleum bases have been tested by Firestone research men and show no difference in quality. Used in tires, both synthetics wear satisfactorily. —Adv.

TASTY, NO-SUGAR ALL-BRAN MUFFINS ARE EASILY MADE!

Serve your family these delicious muffins soon! Their tempting texture and flavor come from crisp, delicious KELLOGG'S ALL-BRAN. Here's the recipe in a wartime version, using no sugar. Try ALL-BRAN Muffins for breakfast tomorrow!

Kellogg's All-Bran Muffins
2 tablespoons shortening 1/4 cup milk
1/2 cup corn syrup 1 cup flour
1 egg 2 1/2 teaspoons salt
1 cup Kellogg's All-Bran 2 1/2 teaspoons baking powder

Cream shortening and corn syrup thoroughly; add egg and beat well. Stir in All-Bran and milk, let soak until most of moisture is taken up. Sift flour with salt and baking powder; add to first mixture and stir only until flour disappears. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400° F.) about 30 minutes. Yield: 8 large muffins, 3 inches in diameter, or 12 small muffins, 2 1/4 inches in diameter.

SNAPPY FACTS ABOUT RUBBER

"Squeal Gees" (squeezees), rubber devices used to scour the decks of vessels, are referred to in a book written in 1853 on rubber and its uses.

Legislation has been proposed in Nebraska which would offer a reward of \$10,000 for the first company or individual to build a plant in Nebraska and produce 20,000 tons or more of synthetic rubber in any twelve-month period.

Why farmers need passenger car tires: Nine out of every 100 farm passenger automobiles are used for "hauling to market," according to The National Grange.

To Dad

He will act nonchalant and maybe a bit unappreciative when you remind him that next Sunday is His day. He'll probably mention that it is a lot of foolishness and the scheme of somebody to sell something. Let him suffer for in his heart he really likes the idea and the attention he gets. Don't tell us that any Father would not cherish a note from a son or a daughter away from home that reads, "Here is to you, Dad! Thanks for making it possible for me to be a member of this family, to have Mother, to know that you are for me and with me always". Sure he would love it. We joke a lot about Father's Day, not keeping the occasion as solemn and sentimental as Mother's. It isn't disrespect, but because Fathers hate fuss and emotional display, as a rule. But no man is immune to heart-felt compliments and deeply rooted respect from his family and it sounds good to him when they tell him so. The name of Father alone withstands jests and ribs, wisecracks and general kidding. He may be the breadwinner, the fellow who pays the bills, the other half and so on, but over all of this he is distinguished for one reason if no other—he is our Dad. He started being your ideal when he built you boats and sling-shots and kites. He worked at his business to provide for family needs, to save for educations and vacations that he did not have at your age. When you link the name of Dad with the one of Mother, you have a combination that is unbeatable. In our community we all gladly devote one day a year to reminding Dads of our pride in them. We feel this way about them every day of the year.

No Letting Up

Our routing of the enemy in certain battle areas is heartening to every one of us here in Palmyra, as it is the proof that after months of preparation we are progressing in the fight with a definite advance. The indirect part we played in many branches of defense work was a warming up for the important role to come. We are actually participating in the actual business of war on each front, carrying the fury to the door of the enemy. We suffered our reverses which has taught us lessons not too late and which pointed out the danger that COULD happen here. We took our Pearl Harbor and Wake Island defeat, and through these sad experiences, gained in wisdom at the cost of precious lives. It was a sore challenge to strength of character and courage and national morale, but now we are on our way! North Africa paved the way. We do not intend to slow down, we are planning for what is ahead. To taste of victory, remember, is not to participate in a full meal—we have had a taste. This must not make us overly confident and feel that the end is in sight, the war as good as won and victory at hand. Council has warned us otherwise and all of us know that we can't let up for one instant. To relax one minute in the united effort might lead to disaster. The idea is to keep production going with more determination and to press the fight the harder. Yes, we ARE gaining, we ARE moving forward, we ARE on the way.

The Navy wants to buy from any Wisconsin owners all the automatic cameras of a particular type that it can get, according to Lieut. H. A. Burnell, WPB naval advisor in Milwaukee. Needed are Model 2 Robot cameras with either 30 or 32.5 millimeter Zeiss Tessar lenses, F/2.8. Offers will be taken at any WPB district office.

CONSIDER HIM!

In the trend of complaining of food costs, produce limitations, black markets, coupon difficulties, we sort of forget a person who needs consideration in all of this regimentation and who seldom gets anything but a sigh of impatience for all his troubles. He is the fellow 'n the neighborhood grocery store, who stands back of the counter with more worries over coupon, supplies, markets and prices than you have. He will tell you that he is having his troubles and he is probably right when he says there are lots more to come. When we step to the counter and grumble because there is not any of this, wonder about a shortage of that, question price, seek point answers, remember that his headache is worse than yours and he isn't any happier because he can't carry on his business as usual than you are. Most of your local grocers are good, solid Americans, ready to do all in their power to help win the war, they are always ready to take part in any community program that has to do with the betterment of our community and are above all loyal to their home town. They deserve your support and you can depend upon them to support your interests and those of the town.

On the OPA front conquered with saving gasoline and rubber for vital purposes, action was begun by the Green Bay OPA district office this week against 16 gasoline dealers accused of violating rationing regulations. Hearings which may result in revocation of their licenses to do business in rationed goods were scheduled for both Green Bay and Manitowoc. Savings to total 50,000 truck miles per year were arranged by a pooling system of deliveries just put into effect by four Milwaukee wholesale florists in cooperating with the Milwaukee district Office of Defense Transportation. Heretofore they have used eight or nine trucks for their individual deliveries to retailers. Now, in a joint delivery system, they will use only four.

In an effort to overcome the labor shortage faced by food processing and canning industries this season, the Regional War Labor Board in Chicago has authorized wage increases up to 10 cents an hour over rates prevailing at the end of the 1942 season. Wisconsin, which leads in volume of vegetable canning, has 152 canning factories in which some 30,000 persons may be affected. The decision is subject to review by the Office of War Mobilization, permission from which is required before canneries may put the higher rates into effect. The raise is possible under a WLB clause providing for rare and unusual cases.

WHA NEWS

Assemblyman Palmer F. Daugs (D- Jefferson) will talk about Jefferson industry, Thursday, June 17, at 1:15 p.m. on the Legislative forum over WHA, state station on the University campus.

Assemblyman Daugs probably takes advantage of WHA's offer of free uncensored time to talk to his constituents more often than any other Legislator in the Capitol.

From the WHA studio on the balcony level of the Assembly wing of the Capitol he has addressed the state station's audience on "The Uniformity of County Government," "Government Procedure," and was a member of the panel of the University Forum Sunday at 3:30 p.m., when he discussed "Veteran's Rehabilitation."

STAYING HOME THIS YEAR?

Are you one of those who will have no vacation this year? Many folks will not have much time away from their work in defense plants and farms and shops that is tied in with the war effort. But this does not mean there are not certain beauties of nature to be found right here in Palmyra—in the hills of our countryside, moments of pure relaxation are to be had in your own beautiful lakes, simple pleasure that will bring renewed interest in life inside your home. Snatch a few hours in the shade of a tree on the lake, take along your rod and snag a non-rationed meal of fresh fish. Take advantage of leisure hours instead of moaning over the loss of leisure days and weeks that used to be. Remember your boy will have no vacation until the war is won.

THE BRIDE WAS FIGHTING MAD!

HITLER CAUGHT THE BOUQUET — RIGHT IN THE NECK!

The NEW Mrs. Smith is plenty angry at Hitler and his pals; you can't blame her! Here she is getting married and can't get most of the electrical appliances women need to keep house.

Electrical appliance manufacturers have gone into WAR production to make parts for the planes, ships, and tanks needed to wipe out the axis war lords.

Those of us who are fortunate in having electrical appliances should, as our patriotic duty, use them with care and keep them in good repair. Buy WAR BONDS NOW for new and better appliances TOMORROW.
