Beauty 11, BE 156

Dear Irma,

I have received Eagle Historical Newsletter - (Volume 6, Issue 2 - Spring 1999) and I am glad to be informed about the Society, its history and activities - all of which I was totally ignorant.

I am sending a contribution, although I have been honored by full rights of membership.

I would like 3 copies of the Spring 1999 edition to send to Cruver family members. My brother Harry in Virginia may have some interesting items to contribute to the newsletter. His grandson - Wesley Cruver is a computer whiz with his own company - now a high schooler managing in McLean, Va. - The company "Kidz on Line".

Also, Harry is mentioned in the book "A Wing and a Prayer" by Harry Crosby - Harry's World War II - service, available in most libraries - even translated into Chinese. I believe that Kathleen has a copy. I have one.

Mrs. Perkins, who lives on the Cruver farm, visited me sometime ago and looked through some of my albums had planned to return and copy some of the album photos - pasted in. She planned to return with a digital camera but didn't.

My health is not too good of late -
so I cannot make plans to copy
pictures.

You are highly prized in your
work to preserve Eagle History. I
thank you on my part.

Also - Kathleen has a Craver
album in her possession at present.
She may let you look through it.

Best wishes always,

Harriet Craver
