

April 18, 1999

9100410, B.E 156

Dear Irma,

Since you are the President of the Eagle Historical Society, I will send my message of Thanks to you to share with the members.

Last Friday, April 16, Alice Kathleen Chapman visited me and brought the beautiful framed certificate that "The Eagle Historical Society had honored me with full rights of membership in the Society - dated April 1999."

Of course I had nothing to do with being over 90 years of age, but am responsible to the Society to send a Ton of Thanks for each year.

I am highly honored to be recognized by Eagle citizens because wherever I travelled in my retirement on all the continents except South America to get acquainted with my world neighbors and was asked

who and where I was from
I would respond, "I am a Teacher-
farmer from the Town of Eagle in
Wisconsin, U. S. A.

May future generations honor
the history you are preserving, because
you cannot reap the fruit without
the tree!

Loving greetings to all the
Historical Society members.

Harriet Currier.

BE 156

Dear Irma,

Before I fold up my wings and fly off, I want to tell you what a great lady I think you are!

You are always thinking of others and seeing the abilities of others; even magnifying them. Eagle needs your talents and deep spirituality and you supply all the necessary requirements, in my estimation.

I share the monthly news letters with others. I learn a lot about Eagle-ites past and present and have a number of chuckles which hone off my dull edges!

The poetic contributions amuse and enlighten me.

May the success of the Historical Society continue with its exhibits and Monthly News and capable leaders.

This letter to you is for your eyes only.

Loving greetings,

Harriet Cuver (Aunt Hat)
