

MABEL GRAM

Sunday A. M.
April 2, 1948

Dear Harriet: just a word or two to you

early this morning! I was so glad to
know your letter. I felt that I came to
know faraway people that I never had
known before.

I hope things are more like spring
there now. We here in southern California
are still in the rainy season. I can't
begin to remember a time when we
were really out of it!! Ah, well, so
it goes.

I can still hobble away with my
twenty old cane. Mighty thankful to
be able to!!

Short ribs of beef here lately! And
good lemon meringue pie! We don't
always like whatever food we have, but
we seem to thrive on it.

I've had nice letters lately from
Helen and Janice and from Ruby and
Hazel. Ruby sent a good description
of Eagle with all its surroundings -
and a good newspaper clipping
showing some of the buildings in
Eagle. Weyburn thinks the old
belage has changed so much, I
never had a snapshot of what
was our old farm. I don't
even know who owns it now.

Much love to you until I
manage to write again -
Mabel

Just love, from Mary and Muriel
who live in Northridge
