Hello,

I am seeking information about the late Orin Benson. I have acquired a vintage Microcar that once belonged to Mr. Benson. Mr. Benson sold the car before he passed away to Mrs. Darlene Beyerl of Mukwonago Wisconsin. I purchased the vehicle from her in 2009. I am interested in the complete history of this vehicle: photos, stories, or possibly names of individuals who may have seen the vehicle during Mr. Bensons ownership.

The vehicle is a 1957 Messerschmitt convertible, I have attached a few photos of it. Please feel free to pass the photos and my contact information to anyone you feel may have information about its history.

I have thought of possibly bringing the vehicle to Eagle thinking that maybe if someone saw it they might remember it from the past.

Thank You,

Jim Garbo
