Dear Miss Allen;

I was pleased to receive your letter with all the details of the interior of the Earle-Allen house and your offer to search the land records of it. While you were preparing a brew for us I hastily wrote out three pages of notes from an index some of which bear searching. There were so many cases of Calvin and Moses Earle and others deeding land back and forth that I finally gave up on them but shall pass on what I have on Alpheus Earle which may shed light on the house in question.

Your letter arrived on the third day including the mailing date which is very good. The next day I received a letter from a friend in Zimbabwe mailed ten days earlier and addressed to Bill Earl (painter) Kingston, Ontario, Canada. My thoughts towards the post office are not always kind ones but I thought that deserved commendation.

Land deals of Alpheus Earle which I found listed in the index with the books and pages of the records.

Apart from these listed there were many more of land deals of Calvin Earle and later Moses Earle with others. I did list deeding of property from Earles to wives or husbands and in the Charter book.
