Education and Employment:

Hello Class of 49. I am real sorry I am so late with this - and also that we will be unable to attend the reunion this year. Bob and I were in Palmyra the middle

Activities and Interests:

of June to spend a few days with my mother. Since then we have spent the summer helping bids move. I've got a job with Union Pacific and so we helped him move to Omaha. Connie and Dick moved from South Dakota to Plainville, Ka. Dick has

Family Information:

joined a retirement area in Plainville and hopes to buy into the practice. We have had the grandchildren visiting off and on most of the summer - but school will soon be starting - so everyone will be back to some sort of schedule.

Additional Comments:

I am still working for my dentist - 5 days a week - but can get an extra day away when I want. Bob is not teaching at the University this fall. He plans to do some writing for the Gazette - bids covering the sports events.

The bids have all left home now - so Bob and I settle around in our bid's old

house - but when they all come home -  
there doesn't seem to be enough room.

Do have a gala celebration -

Wish we could be there with you

Love to all.
