

SEASON'S GREETINGS
from
THE FEUCHTS
December 2004

Dear Friends and Family,

As another year draws to a close, our family is so very grateful to have had so many challenges and opportunities come our way. It is such a blessing to be able to be so busy and happy together!

JoAnna is now a junior at the University of Wisconsin - Milwaukee. Her exciting event last spring was to find a house to rent with two other music majors. They are renting the first floor of a house in Shorewood, about six blocks from campus. JoAnna is still a double major in music education and oboe performance. Her Junior Recital will be given Saturday, February 19, 2005. If you are interested, of course, contact us! She is also waitressing at Palms Restaurant a day or two a week in Milwaukee.

Jonathan and Lis have been very busy remodeling their home. A new laminate floor, mudding all of the seams in the paneling so that it can be painted, new windows etc. etc. Home ownership brings never-ending jobs! Lis is now teaching full-day kindergarten in Elkhorn - which is only about 10 miles from their home - nice! Jonathan is still very happy working for

Scherrer Construction Company and is kept quite busy. Thankfully, he has been working close to home!

Jason is looking forward to his wedding June 4, 2005. His work schedule with Kapur and Associates as a civil engineer has been quite hectic. It is a good thing that he enjoys his work as much as he does! His fiancée, Joelle, finished her master's degree in Social Work and interviewed for a variety of positions. She has just accepted a position as a Family Therapist for the Professional Services Group, Inc. in Racine and will start January 4, 2005.

Bob really has some exciting news: he retired November 1, 2004. As of yet, he does not feel retired as the Christmas tree farm has been totally demanding his time. He also cooks and cleans - for which I am extremely grateful! He now though hopes to be able to do more hunting and fishing as well as not having to work on the farm on weekends. He hopes to be able to "play" then - other than during the "push" seasons.

Ann is teaching music to the little ones and enjoying it very much. She is also busy though as president-elect of the Midwest Division of Kodaly Music Educators. This involves organizational time, writing articles, conventions and she is now also giving a workshop in Chicago in February.

We hope that you and your families are also happy, healthy and busy. May your New Year bring you a sense of peace and satisfaction in all of your endeavors!

Love and Prayers,
The Feuchts
