TODD GILLETTE AS TOWN CHAIRMAN WILL WORK FOR THE CITIZENS OF EAGLE

We need to fix the Fire Dept. issues. We have a fine group of citizens representing the Fire Dept. and they constantly run into political obstacles. The EMTs, fire fighters and others on the department give their time and talent to make our community a better place to live. The Town Board must stop shaking up the Fire dept. and let these people do their job serving the citizens of Eagle.

We need to have the Town and Village sit down together and finalize the well water issues. We need to stop the legal bills and the in-fighting. We need to bring back respect, friendship and trust.

We need to stop putting our tax rate at risk. We need to look at our contracted help to maintain cost-effectiveness.

We need a Town Board that is committed to preserving our neighborhoods, watershed areas and the natural beauty of Eagle. We need to have a vision of where this town will be in one year as well as ten years from now.

We need a Town Board that listens to the community. As Town Chairman I am going to open the door to the Town Hall. And I assure every citizen that what they have to say about our future, their ideas or problems will be sincerely listened to.
